◆ Archangel Adonai ◆

Tucson, Arizona

## Let Your Calls Invoke the Holy Angels!

**I** AM the Archangel Adonai!

I come to quicken the consciousness of the Sons and Daughters of God as they seek to realize more about themselves than is apparent in their outer consciousness, their outer momentums, their way of life. For when my Angels come close, they instill the keen Vision of God Consciousness that will determine what is Real and what is not!

When there is the Charge of Light as these Angels draw nigh, there is the elevating of the Flame upon the Altar of each one's Heart as the means by which the outer consciousness might begin to be stirred by the Flame of God. And when that Flame finds a greater receptivity in the outer vehicles, there is the opportunity for that one to begin to put on the Mantle of their Responsibility for Life.

Perhaps you thought that as a Son and Daughter of God you were only responsible for your Life. Nay, for no Son or Daughter of God is ever born in a vacuum, standing alone, stripped of all outer influence, outer support, outer assistance. For all are a part of the Family of God upon the Earth. And thus, we require those Sons and Daughters of God determined to put on the Mantle of their own Christhood to stand fully in the Ray of their Mighty I AM Presence as a Temple of Light, as a Pillar of Fire to ensure that the Light streams forth for all who are in need. For you need not look far to find those lifestreams across the world who require assistance at any given second of any day or year!

And thus, the few are called to be responsible for drawing forth the Light of their own Mighty I AM Presence and the Cosmic Light of Ascended and Cosmic Beings from out the Heart of God in the Great Central Sun so that there can be a shift in consciousness upon the Earth, a clearing away of the debris of human appetites and habits born out of unreality that have been adopted as the norm of existence.

The Flame of God as the true morality is non-existent in the land. For those who have decided not to believe in God and have determined that they are a law unto themselves shall find that in short order there is a stripping away of all they desire, all the multiplication of human thought and feeling they have gravitated to and adopted as their god. Nevertheless understand, blessed hearts, that despite all the perpetuation of unreality spewed out of the astral plane and adopted by so many, all of it put together holds not one erg of energy of opposition to the Light of God when that Light is unfurled! When the Sons and Daughters of God come together in a united Heart Flame Action, there is the Fullness of the Mighty I AM Presence sending forth the Rays of God Consciousness, enabling that Mantle of Christhood that is the Responsibility of each Threefold Flame embodied in the Earth to take its rightful place, donning the Courage, the Will of God, and the Strength to carry out any task that is asked of that Heart Flame.

Oh, blessed hearts, how we wait for the Calls that you make daily, to rush in and answer! How we desire to fly to your side even before the Call is ever uttered, for we know where the need upon the Earth requires more of the Holy Angels to assist. And therefore, we are always in the midst of any turmoil! But when you make your Call, directing the focus of your attention of the Mind of God, the Heart of God, and the Will of God, can you not begin to realize what a powerful magnet that is to Heart Flames round the world who may not know of the Light of God? They may not know of the I AM Presence, but they certainly feel the *surge* and the Charge of Light as it is released from their own Heart Flame and wonder, "What could this mean? Perhaps I did something right today."

Blessed hearts, throughout the ages there have always been those lifestreams who have stood for the Truth of Cosmic Law! They have understood that they must embody that Truth at every turn. And where there is the Charge of Light, there the Presence of God abides. And the land

becomes permeated with the glorious Charge of Light that reverberates round the Earth, not unlike how the ripples in a pool of water in a still lake will reach the furthest edge on the embankment, causing all to feel that Vibration and receive that Charge.

You, blessed hearts, are doing more than you have ever thought possible for one single lifestream! And when you come together offering up your Calls, assisting the Lords of Karma, the Cosmic Councils in furthering the Work of the Brotherhood of Light, you realize the multiplication and amplification of the Work that you accomplish at the Altar. Do not ever underestimate the Power of the Decrees, the Affirmations, the Fiats that you give! For when you are aligned with the Consciousness of your Mighty I AM Presence through the Threefold Flame of your Heart, all is possible!

To vest your lifestream with the Garment of Light that allows you to be ready to fully embrace your Responsibility as the Christ, you must cultivate the detail consciousness that is a necessary part of the preparation of your lifestream so that you might begin intoning your own Causal Body, calling with the Power of the Throat Chakra as the Will of God determines is necessary. And as that Power goes forth, it is guided and directed by the Mind of God and the Compassion of a Heart that would give of itself for the Love of God, the Love of country, the Love of the sisters and brothers of Light! And therefore, as the preparation has made you ready for the cycle that your Presence has determined necessary for you to accomplish, you understand how to draw forth all that is required and all that your Presence desires.

You are never alone! For you have the Holy Angels always in your midst. You have the warmth of the Love of God as the Comfort Flame that your own God Presence bestows upon you if you will but enter into your own Heart Flame. And you have the rhythmic beating of the Heart of the Great I AM that will swaddle your vehicles of consciousness in the lower planes with the Warmth, the Comfort, the Direction, and the Strength to withstand any circumstance that might come upon you.

The Allness of God is Great — greater than all material forces known or unknown. For when you elect to stand in the full Responsibility, not only for your own Life but for the greater Life of God, you begin to see those areas of your life that require your attention. You begin to hear the

discordant vibrations and shun those vibrations; all the while, you are putting on the Vibrations of the Intonation of the Music of the Spheres and of your own Causal Body, reverberating out into the Cosmos *your* Identity, *your* Victories and determining to influence all of the affairs of your life when given that opportunity because of your disciplines and your ability to stand as a Pillar of Light and Fire.

Throughout the world, many struggle to know what is meant by Freedom, for they have never truly experienced the opportunity to stand in the full Freedom of the Light of God! They have not known governments that allowed freedom of expression. They have been locked within the entrenched class consciousness so prevalent in many areas of the world, unable to rise out of that class and attain to what the Mighty I AM Presence would have them outpicture and conduct as a way of life for themselves.

**O blessed hearts, you who truly know Freedom, each day when you awaken, you are given new opportunity!**

O blessed hearts, you who truly know Freedom — the God Freedom that the Karmic Board has fought mightily to bestow upon your life, holding back many times your own personal karma so that you might have the Inbreath of the Light of God, that you might put on the Mind of God, and that your consciousness would hold fast to all the days of your life, not merely on occasion when you feel that you have an extra moment but with the Constancy that is required of anyone who is assisting to hold the balance for the Sons and Daughters of God upon the Earth, for the innocent and the holy, and for the fulfillment of each one's own Mighty I AM Presence in the world of form — each day when you awaken, you are given new opportunity! Life for you should not be drudgery, should not be a burden. For you have the tools with which to navigate all of those areas of your life that still require cleaning up, balancing your debt to Life with the Light of God and setting things right, now that you know what is right for you.

Blessed hearts, many who are in embodiment think there is only a subjective truth that is relegated according to *their* belief, *their* touchstone of reality — even if that touchstone is the astral plane in all of its perversions! But you as the Sons and Daughters of God have adopted a way of life for

yourself, elevating your consciousness, becoming a Torch Bearer of The Temple, establishing the Ritual of Invocation in the rhythmic Decrees, the Affirmations, and then putting all of that glorious Light of God that you are into a constantly growing momentum that stands for the Truth that you have come to know as Cosmic Law.

How glorious it is to observe when one lifestream begins to have the dawning awareness of what is possible for them, when they begin to connect with their Mighty I AM Presence in word, deed, and spiritual unfolding. Consider how joyous it is when many assemble in one place, all of whom have come into that Cosmic Awareness that *all* with God are ONE. And that ONE is invincible, indomitable! And that ONE, the Presence, holds the key to every Good and Perfect Gift and Opportunity for the Sons and Daughters of God!

Embrace each day as another day that you can sacrifice the very Heart of your own Presence in everything that you touch, for you have come to know that you are never depleted. For as quickly as you give of the Sacrifice of your Heart, of your attention, of your assistance in service, you are replenished tenfold, twentyfold, and sometimes more — so much so that you can only equate it to the Infinite Resources of God, always there, always waiting! And you are merely the Hand, the Heart, the Mind, and the Eyes of your God Presence there to assist all of Life — all because you elected to put on the Garment of the Lord and to stand for Cosmic Light and Cosmic Truth! This, blessed hearts, is your Office to uphold.

The Hierarchy throughout the Cosmos understands that you must begin this process somewhere! The glorious beauty of the knowing of the Ascended Masters fortifies you and prepares you to have the *thrust* of the Power of God streaming forth as Fingers of Light from your own God Presence. All the while, your Presence is fully galvanized to the Threefold Flame of its Heart in each plane of consciousness that you wear. And when that Light is released through your countenance, there is such a Pillar of Fire that you can hardly withstand, and you are sure that you will be carried away into the Ascension but discover that once the action has receded, you have another day, another opportunity to stand as a Pillar of Fire. And as those days move into years, you cannot begin to measure the good works that you have brought to bear because of your Constancy.

Throughout the Earth, those who have not known Freedom as you have known it will one day awaken to the Reality of the Light that you have experienced. They, too, will put on the Garments of Light of their own God Presence. They will begin to have seated within the Crown the Mind of God, as the Threefold Flame unfurls to ignite the Mind of God right where they are. And all of the Sons and Daughters of God in the many lands will come together with one voice. The Great I AM will speak. And all will hear and know the Presence of God through their own Individualization of God impressed upon their own Heart Flame.

Throughout this cycle, we, the Archangels of the Pranic Breaths, come to prepare you so that you will be able to enter into the celebrations of the Christmastide with full opportunity to receive the Cosmic Light imparted to mankind and to know that you are ready! Let the Light of God so charge your vehicles of consciousness that you are elevated, *here and now*, in that glorious Consciousness of the Mighty I AM! And the Holy Angels that I leave at your side will continue to prepare you for your Mission as you stand in the Hierarchy of Light as the Christ that you are.

As the Angels of the Second Secret Ray of the Great Pranic Breaths and Elemental Forces of Nature go round about the Earth, awakening the Threefold Flame of the Hearts of the many, clearing away the debris that once released will allow them to contact the Love of their own Heart Flame, to feel the Illumination, and to touch the Will of that Threefold Flame, know, blessed hearts, that they are Mighty in their Force of Light and God Consciousness! And they will not be dissuaded from the Mission I call them to, for these Angels know well the need of the hour and, as such, will perform their Perfect Work for the Sons and Daughters of God!

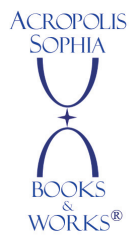

You, as the Torch Bearers of The Temple, must call forth the Archangels so that as you, each one, in your respective Office send forth the Angels throughout this cycle and cycles in the future, you will have prepared the mental, the emotional, and the physical planes of consciousness by *your* Calls, by anchoring the Light of God in your own body temple and allowing for that *Charge of God Consciousness* to reverberate throughout the land in each of those respective planes! And as our Angels come to the fore, there will be receptive Hearts worldwide.

Let your Calls invoke the Holy Angels throughout this cycle! And take Responsibility for your actions, as we, together, command the Holy Angels to come to the Earth!

I thank you for all that you have already done, for it is great indeed! But the greatness of each endeavor is always measured by its continuation and Constancy. One effort an Ascended Master does not make, for the Ascension in the Light comes when many Victories are won! Let your Victories mount up and carry you into the Fullness of the Light of God!

I thank you!

*Archangel Adonal*

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
