## Embrace the Angels of God and Behold the Sun!

I AM Archangel Shaddiel!

I have come to lower into the Earth a Pathway of Light, sustained by my Angels, so that you might move in this Light consciously throughout this Christmastide, preparing yourself to receive the oncoming Light from the Great Central Sun! Knowing that you are prepared, knowing that your consciousness is charged — as much as your attainment and your ability to hold fast to the Light allows — will prepare you to accept the Responsibility of your mantle as a Son and Daughter of God intended to be vested with that Christ Light while incarnate upon the Earth.

Many of the Sons and Daughters of God move through entire lifetimes never knowing what is expected of them; and therefore, they do not rise to the level of conscious awareness of the God within that they are. Instead, they engage in all manner of human vanity, throwing aside precious opportunity when it comes their way! For they do not recognize it! They do not have sufficient Illumination to even know Truth when it is presented to them. Thus, time and again, they adopt ways that are born out of the human intellect, human greed, human folly!

It is my Desire, and that of the Cosmic Councils who have sent me, that you be prepared, that you be elevated into an awakened, enlightened consciousness sufficient to receive the Cosmic Light! To hold the Cosmic Light! And to create with that Cosmic Light! For indeed, it requires the internalization of the Presence of God in your life to have the Christ

Discernment to fulfill the necessities of the Law, to give of your own Heart Flame, of the Life Blood of your own Mighty I AM Presence! And then, when the fullness of the Light comes upon you, will you recognize it for what it is, or will you dash it against the rocks of the human consciousness that so abounds upon the Earth and forget why you have come, where you are heading, and what Victory you are striving to achieve?

Throughout the Earth, there are many precious Heart Flames whom we serve. As the Archangels that come closest in vibration to your own body temple, we, of the Pranic Breaths, can move in, through, and around your outer vehicles at the invitation of your Mighty I AM Presence to so charge each of the levels of consciousness that make up the temple of your four lower bodies that they do indeed respond to the Threefold Flame of the Heart of your own Mighty I AM Presence! THIS, OUR COMING, IS A GREAT OPPORTUNITY! For when you have the awareness of this Christ Light that can overshadow you at any time and when there is the compliance with the Octaves of Light — as you maintain your Harmony, your Peace, God Good, and the instilling of the Will of God within your life — then, blessed ones, all of the Earth responds to the glory of your own Mighty I AM Presence.

And as you continue to entertain my Angels in your midst, they are likewise multiplied so that you never stand alone. Rather, you have all of heaven responding to your every need, your every Heart's Desire! For you fulfill the Law of God Good in your life. And it is not a goodness according to the dubious moralities of the land or the human propensity! No, blessed hearts, it is the God Good that comes forth from the Heart of the Great I AM. It is that God Good that we, the Holy Angels, come bearing in Purity and Sanctity to so charge each plane of consciousness upon which we serve with that immediacy of the Presence of God such that none go begging for the Light! For we are there at the first blush of the request of the Flame upon the Altar of the Heart that leaps in the Call, that streams forth as God Desire.

And when we see those who stand 'neath the canopy of the Light of their own God Presence striving to make a difference not only in their own life but in that of all of the brothers and sisters of Light who are journeying on their pathway back to the Heart of God, then we can and do approach closer and closer still as the time for the Ascension draws nigh! For then,

we — like the Mighty I AM Presence of those lifestreams — are lawfully permitted to revel in the glorious, dazzling Light of God that streams forth to lift the incarnate Consciousness of the Heart of God back into the fullness of its Divine Abode, where all remains Perfect and Whole for Eternity.

So many have thought, "Surely this is too remote a possibility — for me to think that my Ascension could occur!" But have you forgotten that there is a glorious Abode that already awaits you? The record has already been proven, etched, and actualized. For yes, blessed hearts, the heavenly Electronic Body of your own God Presence awaits you! And the Realm through which you may move, create, have your being already exists in the Great Central Sun! And the movement of God in all its varied rhythms, dynamics, harmonies — the sweet sound of the Cosmos as it is moving in concert in, through, and around the Heart of The One — all is there as that glorious Music of the Spheres written by the Hand of God as the Poetry that signals your God Identity at every turn!

And as you embrace this Vision of God Reality and begin to accept it, you begin to realize it in the small utterances of your Heart Flame as you speak on behalf of the Flame of the Christ within you! As you think with the Mind of God within you! As you exercise Christ Discrimination to enter into the Will of God because of the Flame of God that is within you. All of this by way of preparing your consciousness for that cycle when you will think, speak, act, and have your being within the Fullness of the Light of God! That Light which pours forth as the great and glorious Finger of God that is forever writing upon the Cosmos the Poetry of the Central Sun, allowing you to gravitate to every nuance, to draw into your Way of Life all that you truly are, all that you have always been, and all that you will ever be or create!

This exalted state of Christ Consciousness is a glorious achievement intended not only for the few, but the many! For it only requires a few prerequisites. Know then that the Heart Flame of the incarnate Son or Daughter of the Most High can stand vested in the Light of God, performing even the smallest task as directed by the Mighty I AM Presence via its very own Heart Flame acting through each of the planes of consciousness.

At the coming New Year's Conclave, you will be regaled with stories of cosmic dimension to impart to you a taste, a touch, an understanding of the Eternal Realms of God Reality, momentums that you can draw, even now,

into your Way of Life. You can chart new courses and direction in your life! You need not be content with the status quo! For just as quickly as you may find yourself engaged in those things that are born out of unreality, you can throw them into the Flame and instead make new inroads in your life, new pathways of identity of your own Christ Attainment! For you have not always made incorrect decisions, you have not always been grounded in the flesh; rather, you have had those times when your consciousness has been elevated. You have seen the Beauty of God! You have beheld the Music of the Spheres! You have been charged and galvanized into that Rod of Power that comes only from your Mighty I AM Presence. The quantities of each of these realizations are always determined by your attainment. For after all, your Presence does not wish to impart to you greater God Power, greater Momentum than you have learned to hold fast and convey safely through your world in the Purity of God Desire.

So as our Angels come closer to you in the coming days, recognize what is being established in your vehicles of consciousness. It is not merely intellectual thought. It is the Mind of God! It is not only those disciplines of your actions, albeit they are important. It is the impetus of the Will of God propelling you forward with your sails filled with the Charge of God Consciousness that will carry you into new opportunity as you build a new life for yourself and for others about you.

Many come to this time of year wanting the Holy Angels to enter into their midst. For Angels are the only thing they know that carries the touch and the Hand of God at work so physically, so energetically affecting their emotions! And therefore, they welcome all of the Angels of God. You, blessed hearts, have the added benefit of knowing that this cycle presents an opportunity for you to maximize and multiply your personal opportunities to enter into the All-Knowing Mind of God that lights up the Great Central Sun, to enter into the Eternal Joy of the Ascended and Cosmic Beings, of the Eternal Activity of the Hand of God at work in the Cosmic Councils, the Karmic Board, and most assuredly at work on the Earth through the great Chohans, the Elohim, and we, the Archangels!

Blessed Hearts! Do not let one moment of this opportunity to engage with the Holy Angels throughout this cycle slip away. We are here to prepare you for the Outpouring of Cosmic Light! Do not think that suddenly, at the last moment, you will scurry about and that will be sufficient! Nay, you will have squandered away a very precious opportunity.

Let your voices be raised on high in glad gratitude and adoration to the Mighty I AM Presence! Let your life be filled with purpose that is drawn into the fore of your life by God Good! Let the Sacrifice of your Heart be the extension of the Comfort Flame to all! And let your pathway be straight and narrow to this Altar this New Year's that you may be ready for what the Cosmic Councils have desired to release in this new and glorious initiated Cycle of God, first and foremost, by the Archangels! Taught by the Chohans! Anchored by the Elohim! And filled by the One Heart of The One God in the Great Central Sun as we together march forward to this Celebration of the Glorious Christ Mass that bows before the Heart of God in the Great Central Sun, giving into the care of the Great I AM a life for Holy Purpose!

I commend you to your preparations that you will lose not one erg of energy entrusted to you to prepare you — ONE AND ALL — for the coming of the Cosmic Light from the Central Sun!

Embrace the Angels of God and behold the Sun as it shines forth upon your countenance!

I AM *Shaddiel, Archangel!*
