## The Open Door to the Presence of God

**B**lessed Sons and Daughters of God,  
I, Aurora, stand in the midst of the Holy Angels that minister to your Heart Flame so that you can and will receive the Presence of your own Mighty I AM and the Fullness of all that the Presence of God has in store for you.

From the beginning, you were given a directive by your own God Presence. Your heart was filled with a passion and love for life! And you were sure that you would make the right decisions, you would follow the Fullness of the Mind of God imparted to you, your Heart would always maintain the Fullness of God Love, and you would have at your command all of the Rays of God Consciousness of your Mighty I AM Presence that you had witnessed only a short time before.

But throughout your many incarnations, you followed the downward spiral of those multitudes who turned away from that pristine Perfection of the Light of God, who let go of the streaming Consciousness of the Mind of God, and who closed their hearts to the Fullness of God Love that was proffered to them so freely, so effortlessly in the beginning.

The Love is still there, waiting for you to embrace, to call upon, to give with your own Heart Flame. The Mind of God, likewise, is ever present within the Holy Christ Presence that you can abide within lawfully as the Christ Light shines forth through your vehicles of consciousness. So what has changed?

When the Presence of God is all about you, when the Hand of God stretches forth and says, “I AM Here,” and when the Holy Angels abide in your midst to surround you with the Charge of Light that is the Substance of God’s own Body Consciousness, then why is it still so challenging? Why is there such a sense of struggle for mankind to throw off the human creation, the unreality and maya, and return to the Purity of their own Heart Flame and embrace the Love of God?

There are many answers — so many that it is oftentimes confounding to the outer consciousness of the Sons and Daughters of God to consider what exactly it is that stands in their way. But first and foremost one must consider these questions for oneself: How much do you love God? Is there a passion that yet burns upon the Altar of your Heart that commands the Presence of God in the Fullness of the Allness of God, even to the Great I AM, to The Good, to The One, to shine forth and bless your lifestream with the Mercy and the Rays of God Love that you so need and so desire?

Oh, there are any number of circumstances that mankind have set in motion by their misuse of the Light and the Momentum of God Consciousness availed to them. For each day, you, blessed ones, are given an opportunity to use wisely the Light that is vested upon you in these outer vehicles — by the thoughts that you allow to penetrate your outer mind, with the energy of desire you allow to direct your emotional body. Is there Peace abounding? Or have you allowed a turmoil and a torrent, like the crashing of the waves upon the beach, to erode away the good works that you would accomplish? Has the physical body become so burdened that it no longer serves you well to be the core of Strength and the Rod of Power that you require to bring forth the Fullness of the Will of God?

All of this, blessed ones, can be approached from the standpoint of the spiritual Teaching and Instruction that you have received from the Ascended Masters, and rightfully should. Some applications of the Instruction are very practical. And even a little child could sort through many of the areas of their life that block the flow of the Light of God: the things that one puts their attention upon that siphon off the very energy of the Purity of God; the activities one engages in; the receptivity to the riptides of human thought and feeling that are allowed to penetrate into one’s own forcefield. All of these areas, blessed ones, set in motion lifetime after lifetime a separation

from the Love of God, the Mind of God, and the opportunity that is so available to each of the Sons and Daughters of God.

The Threefold Flame that burns upon the Altar of your Heart is your Open Door to the Fullness of all that the Presence of God desires for you. And, likewise, that Allness of God can be appropriated — and should be — for all of the good works that you are to accomplish, for the creative endeavors that you are charged to achieve by your own God Presence, for the extension of the Flame of your Mighty I AM Presence that is to penetrate the land! This Flame is to share with your brothers and sisters of Light, to hold as a Pillar of Light the balance for those who are less fortunate or are still plagued by ignorance of their own Identity in God! All of this, blessed ones, is an opportunity for you to accelerate and to be so charged with the Light of God that in the very midst of the Angels, your consciousness soars with the Holy Angels to minister to those even in other lands or across the world who are in need.

You cannot limit what your God Presence has in store for you. When you consider the *Lords of Praetorian Hosts™*, the Archangels and the Archeiai that stand in the fullness of their readiness to assist you, there is no excuse. You cannot look to your outer circumstances and say, “Well, I do not have the education. I do not have the ability. I do not have the freedom of the finances I require.” For all of those, blessed ones, are considered things of the world, manufactured by the human creation to present themselves as a limitation to your consciousness! Do you think for one moment that your Holy Christ Presence in the Fullness of the Mind of God and the Perfection of the Light streaming forth would ever consider such limitations to stand in the way of the Victory that your Presence desires to be accomplished?

The Fullness of Opportunity is right within your grasp. One need not have a sense of limitation ever! For even in the seemingly darkest moments of your life, when you are depleted of all outer resources that you feel you need to function, the Flame upon the Altar of the Heart is the Open Door to the Allness of God pouring forth to solve every circumstance! It fills you with all of the resources you require! But more importantly, it knits together your Flame of God Love with the Allness of God Love that has always been and always will be there for you, individually, as the Individualization of your own Mighty I AM Presence and in the Allness of the Presence of God that shines forth and blesses all.

When I, the Archeia, enter into active participation with the students of the Light, it has been witnessed from time to time that there occurs an acceleration of the heat within the physical body, all the while there is a Peace within the emotional body and a clarity within the mind. This, blessed ones, is because the Radiance of the Momentum of my Service to the Flame of God upon the Altar of your Heart is so one-pointed. It is intended to bring about the expansion of the Light upon the Altar of your Heart and the full connection with your own God Presence so that you are once more consciously aware of it. You have the signs. You have the stirring within your members of the Charge of Light that comes forth from your Mighty I AM Presence to awaken you saying, "I AM Here. Drink of my Light. Feast upon my Body Consciousness. Let this Light so fill you that you have all that you require and more that you can give in Service to God in Life."

In the gaining of Mastery and Attainment, in the long journey of your incarnations, it is intended that you not only gain that Mastery and Attainment for the acceleration of *your* Momentum in God to be able to exit the screen of the physical octaves and ascend into the Light of your Mighty I AM Presence, but it is likewise intended, blessed ones, that there be the opportunity to engage in setting an example, witnessing to the Good Works of the Presence of God, establishing a Momentum of your consciousness in the Light of God that holds the balance for your brothers and sisters of Light. And there are many.

Never think for one moment that you are an island or that there are only a few lightbearers somehow lost in a Sea of Light, isolated from the masses who are caught in the grip of their own karma, of their own human creation. There are many, blessed ones, who have hearts of fire, a passion for God, but they know not who God is! They have a passion for God Love, but they know not how to call upon it, save to bend their knee and pray. And that is a worthy effort.

My Angels go forth nightly and minister to those on bended knee, to serve their Flame and to help hold the balance for them until such time as they have the awakening, as you have awakened to the Mighty I AM Presence, to the proffered Love that God pours forth not only for you, but for all mankind.

The work that you are called to do is, first and foremost, to know the Presence of God within, to become that Presence of God in all your affairs, and to let that Light shine as you minister to all those who are in need —

whether it be at your altar, calling forth the Light of God, or physically rolling up your sleeves and engaging on all the levels that are presented to you as an open door by your God Presence to gain your Mastery. For there is much Mastery yet to gain; and while you are gaining it, it is most necessary that your work be guided and directed by the Mind of God.

Oh, you can do many things on the Earth. There are many opportunities afforded to you to engage in professions, relationships, societies, countries. But there is always the God Direction of the Will of God for your lifestream. Ask yourself, “What is that Will for me? Where does my Heart soar in God Love and God Passion for the Work that has been handed to me? Where do I have a sense of fulfillment, so that I can gain in Attainment or Mastery — no matter how small?”

Many times there are small increments of Mastery that when they are brought together in the whole of the fabric of your life, all of the pieces begin to fit together and you see how the many hats you have worn, the many garments, the many personas of your incarnations, all amount to a Causal Body Momentum that shines forth in all of the Glory of your God Presence! For you have mastered life! You have come as the Flame of God, exhibiting God Love in unconditional Love! You have put on the Garment of Light of the Holy Christ Presence and stood as the Christ Light in the Earth! You have established a Momentum of God Good in all of your affairs! And you have offered a listening ear to the still small Voice of your Heart, always ready to be responsive, always attentive to the Mighty I AM Presence, always ready to respond on the instant the Command comes forth.

It does not mean that you always understand. But as long as there is no harm to any other part of life, as long as you are maintaining the Fullness of the Ray of your own forcefield in the Light of the Mighty I AM Presence, invoking the Violet Flame to consume any unreality or residue of misconception that may have hindered what your direction is, then, blessed ones, you should move forward with all the God Power that is entrusted to you to fulfill your Divine Destiny.

Calling upon our Bands of Angels, we as the *Lords of Praetorian Hosts* stand round about, committed to you by the Dispensation of the *Shekkinah Pillar™*. The Elohim and their Shield of Defense for you and most assuredly, blessed ones, the continued Teaching and Instruction from the *Pharos of Hierarchy™* of the Chohans — all of this is available to you to assist you over

every hurdle, to banish every sense of struggle so that the Light streams forth in all its Glory and you have the Fullness of the Ray of your own God Presence directing your accomplishments and Victories!

It is not enough to be satisfied with being a good person, albeit that is important. It is not enough for you to *think* of things that you would like to do that are in alignment with God Good. It is not enough for you to weave together a beautiful garment or establish a momentum with your hands that is pleasing to others to receive. All of those things, of course, are benign. They have been fueled by a certain element within your own lifestream of a desire for something good. But if they are absent the Love of God, of your own Heart Flame infusing those good works, establishing momentums of holiness that fuel the Divine Nature of each of these accomplishments that brings to fruition the manifestation of God in Life, then, blessed ones, you have only just begun a most elementary work for and on behalf of your own God Presence!

There are many people in the land, far and wide, who are in that circumstance. There has not been a surge upon the Altar of their Heart — given the karmic circumstances of their life — that would afford them the opportunity to break free of the human conditions in which they abound and pierce through to the higher Consciousness of their own Holy Christ Presence, to have the *Thread-of-Contact* so emblazoned upon the forefront of their consciousness that they know the God Direction for their lifestream.

Many times, that Direction is established and does occur because of the work that the Angels provide for them. And it is a great Service indeed. For without the Service of the Angels, there would be many lost for eons of time before they would have the opportunity to rise into a vibration to embrace more of the Presence of their own Mighty I AM.

So when you consider your life, consider the Blessings that you have received and the awakening of your own Heart Flame for the passion of God! And as that Love burns brightly, let it bring to you the fullness of all that you are to fulfill in this incarnation, whether there should be any further incarnations, or there is to be acceleration into the Ascension in the Light.

Your Presence knows the day of your Ascension, knows the Opportunity that you are given. Will you be ready for that day? Will you have accomplished all of the good works that your Presence has desired of you? Will you

have invoked sufficient Violet Flame to consume the karma, the residue of misperceptions and prejudices that still remain within the folds of your garment? Or will you lag behind and wait and wait and wait?

These are the freewill choices that stand before the Sons and Daughters of God and most especially those who stand in the Fullness of knowing their Mighty I AM Presence, knowing that they are more than just a human being, but they are a Firstborn Son or Daughter of God! They have the Full Mantle and Authority to call upon the Lord, to invoke the Name of God, I AM, and to take command of their life! In doing so, they enter into the Bliss of God Love. That God Love becomes the fuel that allows for the Fullness of the God Flame and the Twin Flames to be drawn together. It allows for the Fullness of one's Divine Plan to be initiated and won victoriously! It allows for the final steps of one's cycle of earthly incarnations to be on point with the Will of God to carry them into the Ascension in the Light!

My Beloved and I and our Angels stand ready to assist you in all phases of the fulfillment of your life — to nurture you, teach you, guide and direct you. But most importantly, we see you in the Fullness of our God Vision of who you truly are — the Presence of God incarnate as the Light shines forth in all its Glory from the Altar of your Heart, knitting together the Fabric of Life that your Presence has so desired.

Let that Light, blessed ones, shine forth and bring the dawning new day that you require and that all desire! Let the Fullness of the Sun-Behind-the-Sun shine forth in all its Glory as the dawning of the Golden Age takes hold within your Heart and you begin to wear that Mantle of your Christhood as your rightful heritage — putting away the childish things, putting away those areas of your consciousness that have limited you far too long, and embracing the expansion of the opportunity that is afforded you, here and now!

*“Let the Glory of God shine forth! I, Aurora, command our Angels to go forth and to touch the hearts of all those who have raised their chalice on high this day, knowingly or unknowingly. Let the crowning Glory of the Charge of their God Presence strike a chord within their vehicles of consciousness, intoning the resonant Truth that God is in their life and will always remain!*

*Go forth! And stream the Consciousness of God, ministering to all those who desire to know God and to be in the Glory of God! Let God Love flourish in the land, and let the Fullness of that Love be realized within the core of each one's Heart!*

*Prepare the consciousness of the Sons and Daughters of God who are the Torch Bearers of The Temple to move into a new cycle of awareness of God Love as will be presented throughout this coming Conclave! And let the Hand of God move them to be attentive to every word, to every erg of energy, every Ray of God Consciousness and Momentum of the Ascended Masters that comes forth! I, Aurora, proclaim it this day! And I command the Light of God to be established as God Love for the coming cycle!"*
