## Cosmic Law is the Foundation of God Government!

**A**s Chief of the Indian Council, I, Chananda, address you on Cosmic Law, that Law written by the Hand of God that all must follow. Know that when any body that is to conduct the affairs of God is out of alignment with Cosmic Law there necessarily follows all manner of illness, negativity, and disturbance. That body may be your own physical body, as well as the body of your government. Both must be in alignment with the Will of God for Peace to reign, for there to be the wholeness that allows for the full Abundant Life to be lived.

Throughout the ages, history has shown that when there have been tyrants ruling, there has been the downfall and desolation not only of one country, but of civilizations, that then required the re-embodiment of those initiates who had gained in mastery and the ability to lead the charge and set an example for those who still retained the desire of their Heart to follow those capable of leading them to Cosmic Law.

Many of you have just that desire. You have tasted of the Light of your Mighty I AM Presence. You have felt the waters of the Consciousness of your Mighty I AM Presence wash over you. But contrary to that fervent desire is the lukewarm state of affairs which the many still entertain because of their untransmuted records that go unchallenged by the Light of their own Heart Flame or Mighty I AM Presence. That lack of challenge is oftentimes fostered by those karmic records that are present just below the level of conscious awareness. But it is your mission in life to gain the Attainment to recognize when such records are coming to the fore, catch that energy, that momentum,

and that record, put it into the Flame and exercise the Christ Command that will allow for you to continue on in Peace, Harmony and well-being.

This is the way countries too are to operate, by governments that are to see to the well-being of the citizenry of the land. So that all functions in Divine Order. So that Peace can reign. So that one to another all may live harmoniously. You need not look far to realize there are troubled governments throughout the land that have many in their state houses who are corrupt, that are as far from Cosmic Law as any negativity that abounds throughout the Earth when it comes to conducting the affairs of their country.

Why is this important to bring to your attention when it is so very obvious? It is because, blessed ones, first and foremost, you must establish within your own vehicles of consciousness enough Attainment and Mastery on Cosmic Law that you are conducting *your life* according to the Mighty I AM Presence. And then as the many begin to saturate the mental, emotional, physical, and memory planes with God Consciousness, there can be a reverberation throughout the land of a greater portion of Cosmic Law, of the Intonation established by the Heart of God, to catch those lifestreams in an upward sweep and current that will allow them to begin to change their own life, their affairs, to be more in alignment with their own Christ Presence and Mighty I AM Presence.

It requires the calls and the Decrees that you are capable of giving daily to clear the way of the debris of astral substance that still saturates the outer consciousness and the emotional body of the multitudes because of their lack of attainment and continuing to put their attention upon those lesser states of consciousness, polluting their own vehicles and ultimately, their country, their governments, and the world.

When I, Chananda, offered my assistance to Saint Germain for and on behalf of the Flame of Freedom, it was to establish God Momentums that would carry all of the lightbearers upon the Earth into a Golden Age! We have worked mightily behind the scenes to establish areas of accelerated consciousness regarding Cosmic Law so there could be more Sons and Daughters of God adopting a better way of life that could be lived by the many and put it into action into the affairs of the many countries, not just the United States of America.

And you can begin to see the leavening of the consciousness of some. But what is at work presently in the land is the mass accumulations of human creation and the riptides of thought and feeling that permeate all else. Many are lesser states of vibration than you would care to contemplate, much less live within. That mortal condition requires a greater burden of Light invoked by the Sons and Daughters of God who have become the initiates on the Path to their

Ascension, who have embraced the Mighty I AM Presence, have recognized how to give the call to the Mighty I AM Presence, to the Ascended Masters, to the Angels, to bring Light and a pathway of redemption to the Earth so there could be new Dispensations and opportunity afforded even in the face of such negativity.

This requires a great Sacrifice on your part — of the very lifeblood and Love of your own Heart Flame — for it takes that kind of concentration upon the Love of God to stream forth what is needed for the Earth. You have seen throughout the ages periods of recorded history when a more than ordinary shift in consciousness and Momentum of Attainment has occurred for the Sons and Daughters of God. Do you suppose it came about by some accident? It did not. It took great concerted effort on the part of Ascended and Cosmic Beings to draw forth Dispensations so that there could be a new burst of Light upon the screen of life, so that those who were even slightly interested in God, interested in Love, interested in Harmony and Peace, would gravitate to this new initiative on our part and new Dispensations granted.

For the Earth to enter into a Golden Age once more, full-blown round about the globe, requires great Dispensations of Light. And for those Dispensations to come forth there must be embodied disciples as Pillars of Light standing in the Earth, galvanizing the Fullness of their Attainment and Mastery according to the Divine Plan of their Mighty I AM Presence and applying Cosmic Law at every turn as they have learned that Law from this Altar, revering the Truth of Cosmic Law as the Rock that they resolve to stand upon, come what may. And thereby the disciples would establish life as an Ascended Master Way of Life for all to see the example, and move forward with the Blessings of God flowing into the Earth, saturating the consciousness of the willing and lifting them up into a greater Communion with their own God Presence — thus opening the door for them to know how to follow Cosmic Law in their life and allow for the Fullness of that Law to begin to establish throughout their family, their home, their temple, their community, their country. So there can then be an igniting of the Fires of the Heart of Freedom's Flame for a Golden Age to come to be!

Throughout the ages, many civilizations have reached the pinnacle of technological attainment, cultural creativity, lifestyles of ease. You could say that you are in one such era even now, compared to two hundred, three hundred, two thousand years ago. But what is being done with the advantages afforded by the abundant life that is lived and the attainment that has been garnered in the intellect, in the freedoms of creativity, in easier and faster communication?

In some areas, there is much good that is occurring, enough to fuel the Fire of the Consciousness of God to carry on.

But what of those multitudes who insist on misusing every opportunity that is given to them? This is where you must hold the balance, blessed ones, with your calls — calls to the Archangels to send the Legions of Angels to the Earth to stand in the midst of areas in the world where you would not dare go nor should you consider. Certainly the Holy Angels are fearless. Some banish the darkness on the instant they appear, no matter how dark it may be. So you see, blessed ones, your calls are the answer.

Oh, there are many psychisms going on in the world where this person or this group or this momentum fostered by some personage thinks they have the answer, and they begin to spew out the astral substance into the Earth that begins to permeate the consciousness of the many. They are cloaked with a patina of psychic glamor that masks their true vibration. But when you are a student of the Ascended Masters, when you have intoned the very Vibration of your Mighty I AM Presence, when you have been in the midst of the releases of the Ascended and Cosmic Beings, felt that Vibration through and through your vehicles of consciousness, you recognize the astral substance for what it is. And for some it will sicken the very stomach, it will cause the skin to crawl, and perhaps the third eye or the crown will begin to Fire to repel that very darkened substance from the astral plane.

This flashing forth of the Sacred Fire, blessed ones, you must recognize, and that is why you enter into the Silence, into the Secret Chamber of the Heart where Peace and Harmony reign, where the Love of God abounds so that you might have the Fullness of the Presence of God overshadowing you, even if it is only for a few moments each day. That is Hallowed Space, and it gives you the immediate recognition of what it is like to be in the Presence of God so that, from that point forward, you always recognize lesser states of vibration on the instant.

But you cannot have only one such Communion with God to have it fixed in your outer consciousness. For part of the Path of the Initiations to your own Ascension in the Light is the Constancy of renewing the Charge of the Mighty I AM Presence into your outer vehicles daily. It is that renewal that resurrects any latent energies that may have tried to attach to your vehicles of consciousness or that you in a weakened state have drawn into your consciousness, so that you maintain a citadel of Light and a Vibration that intones Cosmic Law.

Then when you utter the command: "I AM," there is Fohat in that command! The Angels respond on the instant! The Ascended Masters rush to your side to reinforce what you are drawing forth from within out. That, blessed hearts, is the way you gain Mastery. That is how you prepare for the Ascension in the Light. And that is how a Golden Age will come to the Earth.

Oh, there are millions of lifestreams who do not believe what you believe. Their consciousness is far removed from an Ascended Master Consciousness or Vibration. But by the work that you accomplish, by the Sacrifice of your Heart Flame, the very lifeblood of your vehicles that you ignite as a Fire of Freedom, you will change not just your life, not just your family or your community, but your country and your world. And that, blessed ones, is what is needed in this hour. That is the Momentum that the Sons and Daughters of God are to draw to the fore.

The Cosmic Councils all stand ready to respond with Dispensations when the appointed hour is nigh. But the work of establishing the Pillar of Fire comprised of your own vehicles of consciousness must come first. For the few always hold the balance for the many. Thus it has always been and most likely always will be. But the many can be leavened into a higher Vibration. They can be drawn up into the Light of God. And when that occurs, your Mighty I AM Presence will be the one responsible and deserving of the glory.

For each Mighty I AM Presence that has incarnated in the Earth presently has prepared its Heart Flame within that lifestream to be able to expand sufficiently to hold the Momentum of Fire required. That is why the Dispensation of The Temple of The Presence has come forth. That is why the ongoing work of The Temple will carry into the Golden Age, for it is based on Cosmic Law. Just as Saint Germain fostered the coming to the fore of the Constitution of the United States of America, so too I assisted El Morya with bringing to the fore the Bylaws of this Temple, a document with the Fohat of Cosmic Law written within it that would stand the test of time, allowing for the laws of the land to be satisfied, fulfilling the Cosmic Law of God, and affording the ability to move forward into the Golden Age! Oh, there will be adjustments from time to time in that document, but it will always be with the Blessing of El Morya and my Flame and by our direction, for we know well every word, every Momentum that must be contained therein for the greater good of all.

So you see, blessed ones, much has gone into the preparation to bring to the fore Cosmic Law from this Altar so that you might have the purest,

highest Teaching to stand upon as the Rock of your Attainment that you can count on.

I have long desired to deliver this address to you, but it has only been now that you were ready to hear it. Let my words and my Momentum of Light for Freedom upon the Earth carry you through whatever trials and initiations your own life may hold and give you the Strength and the God Determination to maintain your Constancy in the Flame of God as you stand as a Pillar of The Temple to fulfill your Fiery Destiny and the destiny of all upon the Earth that depend upon this, The Temple of The Presence, and the Dispensations that will come forth because of your work and your Momentum in the Light.

I, Chananda, bless you and send you the gratitude of my Heart for all that you have already done and all that you will accomplish in the future, for the record stands in Akasha that your Victory *will* come to pass!

I thank you!

*Chananda*

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
