Take up the Vigil and be God Victorious!

Many of the Ascended Masters, particularly the Chohans, desire for you to anchor particular patterns of God Vision, and even more importantly, Cosmic Law as you have come to know it so well from this Altar, so there can be that crystallization of the Divine Patterns, not only of the economies of the world, but of the governments of the world. For all of those areas have great bearing upon the Sons and Daughters of God. All leaders require greater attunement with the Cosmic Councils in order to have the transfer of our Consciousness and Activity when and where it is needed on any given moment of any given day.

Ofttimes, there are those broad aspects of a Momentum that must be lowered into the Earth to bring about a particular acceleration in the consciousness of the Sons and Daughters of God. But in that process, during your Vigils there are also those specific Rays which must come forth as the Needle-Ray Consciousness of the Mind of God that are intended to pierce into particular governments, economic movements, great captains of industry who must have a lightning charge of self-correction in their worlds in order to change the course of history and afford the greater whole of mankind to have renewed opportunity.

Over a given twenty-four hour period there may be several different Cosmic Councils — the Darjeeling Council, the Indian Council, and other Councils meeting here directly over this Altar in the Etheric City under the canopy of Resurrection's Flame. All these, blessed hearts, and many others will weigh in during your Vigils. Thus you may not know ahead of time what day or cycle of the Vigil you will be in at the Altar when a precise Charge of Light is necessary to come forth. Today it may be a pure tone of the Mind of God as a particular

aspect of that Mind. Tomorrow it may be the Emerald Ray in a particular tone that demands Perfection on a specific avenue of trading in the markets.

So you see, blessed hearts, you are about to embark upon a grand and glorious adventure. When you go to your Altar to engage in the Vigil, give the following invocation,

"My Beloved God Presence, Beloved Ascended and Cosmic Beings: Use me. Let my vehicles be a conduit of Light to carry the Charge of your desiring for God to be anchored in the Earth! Let all my Calls be taken up so that the Rays of God Consciousness shall stream forth throughout the Cosmos in the God Power and dimension required to bring about the healing of nations, the calming of warring, and the returning of the Abundant Life to those who have put their house in order. For those who need Order, let the Divine Will of God be instilled in their consciousness as Sons and Daughters of God so that all the Earth might return to the Golden Age."

So you see, blessed hearts, there is much to look forward to with this Vigil. We will have more to say. For now, realize the importance of galvanizing every erg of the energy of your being when you are present for your Vigil. Do not allow your mind to wander or your energies to be so low that you cannot begin and maintain the flow of Light. Take up the Responsibility! We are sure you are up to the task! Complete the Victory! Fulfill the Necessity that is upon us!

In the Ascended Octaves, we and all who the serve the Earth and the Sons and Daughters of God look on, waiting to see the outcome. How will the students of the Light, the Torch Bearers of The Temple, the lightbearers of the world utilize the Light that is to stream forth? That is always the question — the freewill election *to be or not to be* within the Flame of God. This is the purview of each lifestream to decide.
