Affirm the Light of God Never Fails for Your Victory!

Blessed Torch Bearers of The Temple,

I, El Morya, welcome you to this Anniversary Celebration. And, indeed, it is a celebration! For there have been many milestones accomplished here at this Altar for and on behalf of the Brotherhood of Light. For the onward acceleration of the Light of God that you have helped deposit into the Earth, reverberating round about the Earth and establishing Momentums of the Golden Age for the Sons and Daughters of God to appropriate and call their own, is no small matter!

When you consider the Wealth of Instruction and Abundance of Light that has been released during the Dispensation of The Temple of The Presence, resurrecting and consolidating all the God Wisdom that has been mined previously, released over thousands of years, and crystallized within your consciousness as Cosmic Law, especially with the greater understanding of the Truth of your own God Identity, all this allows you, blessed hearts, and those who will follow to move into the Golden Age and to grasp your Victory. You cannot for one moment look with any disappointment on your own individual accomplishments and think that somehow you have failed. Many times, the very failure that you tend to put so much attention upon is but a stepping stone of learning, and you accomplish greater Wisdom in the next initiation and cycle of that same test because of the experience gained by that so-called failure.

So, blessed ones, do not let yourselves be caught in negative spirals that do not allow you to forgive and forget by putting into the Flame all that has gone before, allowing the Violet Flame and Ruby Fire to consume all of

the transgressions, the debts, the misgivings, the incorrect perceptions of life. All that is unlike the Perfection of the Light of God and the streaming Consciousness of your own Mighty I AM Presence must go into the Flame and be transmuted. And when that occurs, blessed ones, you are the victor! For you stand fully charged with the Light of God. You have round about you the vehicle of Consciousness of your own Mighty I AM Presence as streaming Glory and Rays of Light ready to leap into all of the affairs of your life, all of those remaining responsibilities that you have taken unto yourself rightly or wrongly.

For yes, blessed ones, many times there has been foolishness and the lack of Wisdom when you have proclaimed that you would engage in certain activities, certain momentums, certain associations. And still for all of that you have, first and foremost, made your commitment to the Mighty I AM Presence. You have established a desire for God that is beyond the sum total of all the accumulated transgressions of your karma. For that momentum of desiring God is the all-powerful tether that you require to consume all impurities, unrealities, misgivings and to allow you to stand fully and completely in the Light of God and know that “The Light of God Never Fails!”

This is the indomitable spirit of overcoming, blessed ones, that you have learned to draw into your life as an Ascended Master Way of Life, that you uphold and share with others! And that momentum of overcoming, blessed ones, is why the vehicle of The Temple of The Presence is so vital and important. For the Record of the Teachings of the Ascended Masters as released from this Altar is to stay the course throughout at least the next 2,000-year cycle and be the foundation for the future beyond! For the ongoing establishment of the Earth as a schoolroom for the Sons and Daughters of God to work through their destiny as the Godhead Charioteer and claim their Victory in the Ascension in the Light is still the most important Initiation. And yes, this is the place prepared, where the Brotherhood of Light continues to anchor its many Victories that are to be established for the Intonation of Akasha to take its rightful place as the streaming Tone, Vibration, and Momentum that allows for the Will of God to be reestablished upon the Earth in the Fullness of the Golden Age!

I, El Morya, know well what it takes to accomplish such a task. Do not forget that I was embodied during most difficult times, when one did not have the conveniences that you enjoy in this life. Most of you have the

wherewithal and liberty to speak your mind, to worship God in the manner you choose, to have the Fullness of the Freedom to come and go as you will. But most importantly, you have the ability to utilize your energy to the Glory of God, the Mighty I AM Presence, and to refine your life in the manner of the Christ Light that is deposited upon the Altar of your Heart, unfurled as a Banner of your Identity in God. All this allows you to be able to move forward in the Fullness of the Glory of God as an example for those who are yet too timid or recalcitrant to test the water for themselves.

Oh, that pervasive recalcitrance has been present since the fall of mankind. There have been many occasions when the Ascended Masters have come forth, have charged the consciousness of certain lifestreams with the Light of God, and they have refused it. For after all, there was fear, human questioning, records of death that were more prominent in their life than the Freedom that was the Natural Estate of one's own Heart Flame. And so, the Heart Flame remained closed off. The Heart Flame was not allowed to enter into the mind, not allowed to reverberate through the feeling body, not allowed to saturate the very vibration of the physical body in the Light of God. And inevitably, there followed the sorry end of that incarnation and the next, and the next, all in like manner, all reverberating the same karma, the same mortal conditions until finally one day they woke up.

Perhaps this has happened to you — your Heart was able to speak to your outer consciousness and say, “Look at this. Look at this possibility for you — achieving the Fullness of your own Mighty I AM Presence! Can you begin to grasp it with your feeling body? Can you allow your own human consciousness and prejudices to be saturated by the Light of God? Will the Presence of God be able to take you by the hand and lead you into a life that is illumined by the Presence of the Mind of God, where you experience the Love of God? And even more so, will you welcome the Will of God that guides, guards, and directs you into the Fullness of all that you are to accomplish, all that you are to be in the abiding Presence of God?”

You woke up. And look at you now. You invoke the Light of God daily. You put the priority of your Decrees and Devotions to God at the top of the list. For you that must be accomplished daily so that there is always the constant Charge of the Light of God flowing through you, and you are sealed in an Ovoid of Light before you ever begin to move into the outer affairs that require your attention. And can you always consider that they are merely outer affairs? What if those affairs are the affairs that your God Presence has desired you to engage in, to take command by the Light of

God, to flow the Light that you embody into and around them? All these are real possibilities for you, blessed ones, because you answered the Call of the Flame upon the Altar of your Heart. You heard that silent Call. And you followed.

Following that Light and entering into the study and, ultimately, the internalization of the Teachings of the Ascended Masters has given you a new lease on life. It has shown you the difference between unreality and Reality, between human foolishness and grounded Wisdom that your Heart truly desires. And do not be mistaken in thinking that the Joy of Life is something that is for others but not for you, or that solemnity must always mark your countenance if you are to be in the Presence of God. The Joy Flame of God is far more uplifting and exuberant than you have begun to express thus far. The more you have transmuted the records of your human conditioning and allowed yourself in the Freedom of the Flame upon the Altar of your Heart to live, move, and have your being in the Light of God, the more you begin to realize that the very Presence of God is Joy personified and is where you belong and have belonged all along.

Why did it take you so long to recognize it? Well, it is most evident that the compound stresses of many incarnations have etched deeply into your consciousness prejudices, misconceptions, false identities, negative habit patterns, and misuses of the Light that have all mounted up. And these are a great barrier for most of mankind, which keep them from truly drinking in the Light of their God Presence. But the more you surrender to the Will of God, the more you put away childish things that are fed by the misuse of the Light of God and put on the childlike Purity of the Flame of God that is your True Identity, the more you begin to realize a realm of Purity that you truly can live and have your being within forever.

But even then, blessed ones, there is no room for fanaticism. You are not to entertain fanaticism in any form whatsoever. And why is this? It should be most evident that if you are fanatical about anything, it sets in motion a rigid critical state of mind that does not allow the Fullness of the Light of your God Presence to be received. You will always be second guessing the Presence. You will be denying the very Source of your own God Identity, closed off by your own outer mind's fixations, its doubts, its incessant questions. The full Freedom of the Light of God flowing continually through you as a reservoir of Light only comes about as you take full advantage of the opportunity to surrender all that you are into the keeping of your Mighty I AM Presence!

Oh, surely there yet remain many things that you would desire to shun that are not in keeping with practices that enable you to maintain a pure consciousness. But, blessed ones, all lesser states can be handled by the Flame of God! This is why you have been called to bless your food. Bless your food with the Violet Flame so that any impurities or any substances that are not in keeping with your own dietary needs or the health of your physical body will be consumed just by passing your hand over them and saturating them with the Charge of the Violet Flame. You know not what you ingest or encounter. And yet you are called to live your life, to take command — not to escape it, not to run away from it — but move in life and be victorious.

Each of the Planes of God Consciousness is yours for you to master and for you to gain attainment. Running from them is not attainment. Taking your stand and fully engaging in the Light of God allows for you to prove to yourself, if to no other, that the Light of God is ever present in your life. And all of this or that are obstacles to be consumed by the Light of God. They are altered and changed by the Light of God. They are cleared away by the Light of God — for *the Light of God Never Fails!* That Affirmation, blessed ones, is the supreme tenet of the Teachings of the Ascended Masters. When the Mighty I AM Presence is close at hand, when you have allowed for the Fullness of your Presence to enter into your life — and that means all of your life — then truly the Light of God never fails. And then, blessed ones, you are required to allow for the Fullness of the Mind of God, the Will of God, and the Glory of God to lift you into the Freedom of the Light so that you can live the Ascended Master Way of Life that your Presence has desired.

You have tried many other patterns of life fashioned after the human creation longer than you would care to know, according to the number of your embodiments. But now is the time when you have been given the Teaching. You have been given the Substance of God. You have the Momentum of the Ascended Masters and the Cosmic Beings standing at your back to support you, lending their Momentum to encourage you and be that Firm Foundation upon which you can rely.

What have you to lose but your limitations? You have tried everything else under the sun. Is it not time for you to give the full fervor of your commitment to your Mighty I AM Presence? It will never fail you any more than I, Morya, will ever fail you. For I *can* make the difference, if you will allow me. When you are willing to engage in the Light of your Mighty I AM Presence, you call upon my Flame to assist you, just as the Anointed Representatives relied

upon me when I said to them, “Now is the time. The Dispensation has come forth for The Temple of The Presence to raise its banner on high and for you to proclaim the Identity of your Office and move among the Lightbearers of the Earth, gathering round about you those who are indeed desirous of the Ascended Master Light and committed to that Light. Then we will move forward.” And, of course, you know of the Brotherhood’s Proclamation that this Dispensation for The Temple of The Presence is unending. This means that the next generation, and the generation to follow, and to follow that will have a vibrant, living Foundation upon which to stand when you pass the Torch to them — that Torch intact and fully ablaze with the Light of God.

So you see, blessed ones, the solemn Responsibility, the joyous Responsibility, and the Will of God that is the Responsibility for you is to hold fast to the Charge of Light and the Momentum that the Ascended and Cosmic Beings are lowering into these Planes of Consciousness. Internalize it. Utilize it wisely. For your role does have bearing upon the Golden Age and will impact countless generations to follow!

The Light may be most tangible to you at present. But consider, how would you explain that tangibility of the Light and the Teaching that is so important to you to one who knows not of the Mighty I AM Presence, one who does not even know of the Teachings of Jesus, for they have never graced a church with their presence, never entered into a synagogue? What of that one who has thought that they were an atheist and didn’t believe in anything, save their own breath, their own outer mind? How would you approach them and testify to the glory of what you have come to receive and realize?

Know, of course, there is the time and cycle for all to come under their own vine and fig tree. But who is to say that their association with you would not provide that appointed time and that cycle for them? Who is to say that what you accomplish by your Decrees, by your support and foundation of Light for The Temple of The Presence here and now will not make the difference for the next generation to have the beehive of activity and strong foundation here which will launch many of you to move out across the Earth?

That Vision and Destiny for The Temple, blessed ones, you must consider. The glorious celebrations when the Light of God streams forth during the Quarterly Conferences, the new Ascended Master Holy Days that mark occasions of Cosmic Light coming forth to the Earth — all of this, blessed ones, is not just for the few, but for the many upon the Earth. You

have a Responsibility to the Will of God of your own Mighty I AM Presence to fulfill the Fiery Destiny of your life. To do that we, the Ascended Masters, have drawn together many of the faithful and true, whose Hearts resonate with the Light of God, who will stand in the midst of all unfathomable tumult and keep standing, holding the Pillar of Light, the Shekhinah Pillar™, for the Ascended Masters.

This is my Call, my Summoning! And you have answered. And for that, I, Morya, am most grateful. But I stand not alone. For the many Ascended and Cosmic Beings all stand with me in their support, in our united ongoing Service to Life on behalf of the Sons and Daughters of God and the Earth itself. Let this day never pass that you do not celebrate the Victory that is already won and the many Victories that are to come!

I, El Morya, commend you to the fulfillment of the Will of God, to the stronghold of Morya House here at Coeur de Lión, and to the Fullness of the Light encircling roundabout and the canopy of the Etheric City overhead that continually charges and recharges the Momentums of the Sons and Daughters of God in their Service to God in Life, so that wherever you are upon the Earth, you may arc in consciousness with this Momentum and this Light of God that Never Fails.

Go forth into the new year knowing that many Victories are coming. Yes, there will be alterations, changes. But they are exciting and timely transformations to the greater Good. And you, blessed ones, will be able to hold the balance for them so that, when completed, the Fullness of all that you have desired to pour forth as the Light of God from your own commitment and your own Service to God in Life will have borne out the Victory of the Core Strength of your Identity in God.

Let the Light of God stream forth in all its Glory! And let the Laurel Wreath of Victory be upon your brow as you recommit to the Ascended Masters and to the Light of God of your Mighty I AM Presence.

I thank you.

El Morya
