◆ Elohim Purity ◆

Tucson, Arizona

I hold the Earth in the Purity and Sanctity of its Edenic Blueprint

Blessed Hearts,

I AM the Elohim Purity! In my Vision I hold the Earth in the Purity of its Edenic Blueprint, of its Sanctity in the Allness of God, so that Allness might stream forth and take on the necessary Properties, Elements, and Principles of God Identity that are to be sown within the Fabric of Life!

The Power of Elohim streams forth the Consciousness of God as designed by the Mind of God, conceived within the Heart of God, and brought into manifestation by the Hand of Elohim and all those who have stood before the Great Altar of The One and proclaimed, "I AM in the Fullness of Thyself this day, establishing and manifesting the Fullness of your Desire and your Commandment."

This, blessed ones, is not just the Commandment and Covenant of Elohim with The One, but is likewise that Communion that abides upon the Altar of your Heart, the Flame of God that abides in Purity, in Perfection, streaming forth the Qualities of God at the Command of the Mighty I AM Presence and thus establishing the Honor, the Gratitude, the Love that is the fabric and foundation that allows for each of the Sons and Daughters of God to establish on this Earth the Kingdom of God in the full manifestation of the Perfect Fabric of God Life.

Far too many — in fact, the majority — associate most freely, willingly, mindlessly with the maya and illusion of their own making and gravitate to the lowest common denominator of mortal vibration that attracts their

attention, ultimately requalifying the Flame entrusted to them by their own God Presence with greater misqualification. Many of you have begun to recognize in your own life the areas of your own consciousness that require more of the Refiner's Fire of the Violet Flame, of the White Fire of Purity, and the Emerald Ray to establish a consciousness that is receptive to the Mind of God, to the Light of God, so that you might abide within that Light and establish front and center within your own forcefield and activities the very Presence of God.

We, the Elohim, would be saddened beyond the ability to perform our Divine and Holy Office in Purity in the Fullness of God if we permitted our attention to be drawn into the vast astral substance and maya that is so easily allowed to permeate the consciousness of the many embodied lifestreams. For we understand, as should you, that in order for the Purity of the Edenic Blueprint of the Earth and that of your own lifestream to be held by us, we must abide eternally in the Realm of Perfection. Yes, despite knowing that there are levels of consciousness that do not rise to the level of the Christ Light within the Sons and Daughters of God, our role is to hold fast to Purity in all of the God Qualities so that when our Light streams forth, the patterns that are transferred and played upon by our Power are those that are pure and divinely intended. Our Consciousness will not feed into unreality any more than you should redirect your own God Presence's Light, the very Flame upon the Altar of your Heart, into unreality.

Are you beginning to understand the correlation between our Office and your ability to hold fast to the *Shield of Elohim*™? For the transfer of the Power of Elohim to be truly effective in your life, there must be the streaming Consciousness and Light of your own Mighty I AM Presence tethering your Heart Flame in each of the planes of consciousness of your lower vehicles into the One Flame of the Almighty. That action allows for the Communion Cup to be filled, for the Chalice to pour forth into your consciousness, into your keeping, so that you can put into action all that is required, not just for your lifestream but for the Earth.

Far too many think that they are not ready, that they do not have what it takes, that there are still too many worldly responsibilities in their life for them even to aspire to holding the balance for the Earth and all mankind. And so they elect to allow another to perform that work. Where would the Earth be today if those faithful Servant Sons and Daughters of God, now ascended in the Light and Free, would have done the same? Do you suppose

for one moment that such a spirit of negligence ever impressed one thread of consciousness upon the heart of the embodiments of Divine Service of Saint Germain, of the Maha Chohan, of Mother Mary, of El Morya, of any of the Ascended Masters?

They understood *immediately* when first presented by the Light of their God Presence that the shining forth of that Light meant that their life would no longer be the same. Their ideals of what comprised the 'good life' were now based upon the touchstone of Reality of the Flame and Vibration of the Light that they had come to know as God. They began to sort through all the affairs of their life and realize that there were many activities and associations that were in direct opposition to that Vibration that they so desired to maintain, having experienced it so recently in the Purity of God.

And as to their plans for the future, what were they based upon? Did they not face the same choices that you and all mankind face? Was the Will of God to be first and foremost? Did they recognize that Will? Did they even know how to make that recognition? Was there sufficient sanctity in their life to make room for the Mind of God to impart to them the God Direction, to open the doors to new pathways of the Divine Attributes they were to absorb into their consciousness and their activities? And did they truly know what to do about it? They did. Or did they allow or indulge the depths of their human consciousness to continue to unravel and feed into all manner of the reservoir of emotional riptides, disturbing the entirety of their countenance and shifting it into new spirals of negativity? They did not.

Certainly you as Ascended Master students have come to know that you can call upon the Mighty I AM — invoking the Violet Flame, the Rays of Purity of the White Fire of the Mother Light, and the Emerald Ray to establish the Emerald Matrix within your being so that you are resonating to the vibration that allows for the closeness of your God Presence. For the Flame upon the Altar of your Heart to truly fill your chalice and establish the Communion Cup that you can drink from at any time, there must be a point of God Awareness in your life, consciously active, to establish the Ray of God Consciousness, the rush of the *Fire of God* to deal with all manner of circumstances, not only in your own life but in the Earth, and to be that point of God Awareness to enact the *Shield of Elohim!* This, blessed ones, is the Activity that we, the Elohim, impart to you so that you might establish upon Earth that which we, the Elohim, establish in Creation!

The Divine Outpouring of all that is to be and all that ever will be for the Earth was established long, long ago — millions upon millions of years as you mark them. But to us, the Elohim, that event is as fresh as ever and is still happening at this very moment of your time, in this very era! For we are most aware of how it seems that but a moment ago the Earth did not exist. And then, we were elected to bring it forth. Over the millions of years, as time has progressed through the Earth's genesis and evolution, the Patterns of the Elohim have marched forward. Life has continued to be established. The Breath of God brought forth the elements. And there was the opportunity for the Mighty I AM Presence to send forth the Flame of God to abide within the Elemental Forces of Nature for a time — then return home, having garnered all that the Presence desired.

Here and now you are in that self-same process as is our Eternal Consciousness! It matters not how old the Earth is. It matters not when you first incarnated. What matters, blessed ones, is what will you do here and now with the Presence of God, now that you are aware of it?

Are you committed to stepping forth and putting on the Garment of the Lord, wearing the Vibration entrusted to you by your own God Presence as the Christ Light, putting away childish things and putting on the Divine Manchild of your Identity as the Christ? Are you able to grasp within your consciousness the Glory that is your Mighty I AM Presence? Or is it still so far removed from the vibration that you reside in that you think this Truth to be but fanciful thoughts born out of nothingness, a mere wishful ideal?

Blessed hearts, from the first moment that you were touched by the Flame of God and you had the flow of your Mighty I AM Presence surge through you and activate the spiritual centers of your being, so charging your life with the Hand of God, you knew *instantly* that you had been moved by the Presence of God and that you could not deny God any longer! You could not deny the Presence of Elohim! For Elohim continue to hold the Divine Attributes of all that is required to make up the Fabric of Life that the very Presence of God flows through!

That Presence, blessed ones, so charges and commands life that when the Flame upon the Altar of your Heart speaks and commands that life shall come to be, Life responds! Garnering this Attainment, blessed ones, is the great, climactic Initiation of all your many lifetimes — the time for you to resolve all of the Desires of the Heart of your own Mighty I AM Presence, all of

the yearnings imparted to your own Heart Flame and impressed upon your mind, your emotional body, even your physical body. Once those bodies have been transmuted of their human consciousness, those Desires of God come into full bloom and you begin to bear the Fruit of Life that was conceived by your own God Presence, ever so long, long ago!

Calling forth the Flames of Transmutation is the beginning of the process. But it is not the whole. There must be the training of your vehicles to be attentive to the Vibration of God, attentive to the Flame upon the Altar of the Heart as it unfurls and touches all aspects of your life!

To have that occur most effectively requires that you establish more of the Virtues of the Christ. Holding to those Patterns of the Divine Virtues that you have learned from this Altar keeps you in the Constancy and flow of your Mighty I AM Presence. Fulfilling the Necessities of Life according to the requirements that sow the seeds of God Good and bringing them forth out and into your world you thus fulfill the Divine Nature of your life. This Attainment is accomplished by the 'givingness' of the Sanctity of the Flame of God of your own Heart sown into the Fabric of Life. The Sacrifice of your own Heart's Flame in all of the varied ways in which you may feed the Light of your Mighty I AM Presence into the Fabric of Life is how you fulfill the Responsibilities of each day and how you take command by the Authority of the Flame of God.

You are not intended to live by the human consciousness, by the outer intellect, using forces of manipulation of the outer mind to fulfill the human desires, the human appetites! These you are transmuting, these you are putting into the Flame, so that you might have the Fullness of the Authority of the Mind of God, commanding the Elemental Forces of Nature by the Flame upon the Altar of your Heart to perform in accordance with what allows the Vibration of God to abide within your chalice. Then you have the Holy Communion that you require with the God of Very Gods!

That, blessed ones, is the Work of Ages for many — most especially if they have not had the ability or opportunity at this point in their life to have the Holy Communion with the Ascended Masters, with the Elohim. But we are here. And when we come, the Fullness of Life vibrates in accordance with the Edenic Pressures and Patterns of Life that the Mind of God has established and held for millions of years for this Earth and for the Patterns of your own Edenic Blueprint from the Mighty I AM, in accordance with your own God Presence.

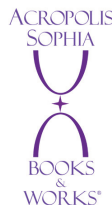

When you come to this Altar to drink of the Communion Cup during the Acropolis, *Elohim Earth*, know that we will be proffering the Light and the Momentum of our Purity on each of the Rays of God Consciousness that stream forth. *We report only the Glory of God!* And when you come, let the Chalice of your Being be ready to receive it! Drink ye all of it! And hold fast to the precious Golden Elixir of your own God Presence and the streaming Consciousness of Elohim! For we, the Twelve Mighty Elohim and the Maha Elohim Ouranos, come, one and all, to abide at this Altar!

Let the Light of God be the Directing Light to show you the way!

I AM the Elohim Purity. My Beloved Astrea will assist in cutting you free from all of the entanglements of life that would oppose your ability to engage in this Glorious Fountain of Life's Opportunity by the Hand of Elohim!

Let the commitment of your Heart and the Holy Vow of your own Mighty I AM Presence for the Victory of your incarnations be ever present in the forefront of your consciousness as you establish the Presence of God upon Earth!

Elohim Purity

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
