## Soar with the White Light of the Mother Flame

**N**ow that you have entered into Akasha, let your heart soar on the White Light of the Mother Flame to carry you into the Fullness of God! For there awaits the Great I AM for you to embrace, to surround you, to fill you, and to charge you with the God Consciousness that Akasha brings to you.

For you have prepared your vehicles to receive the Most High. You have bent your knee before the Altar, surrendered all your own human creation, intoned the Qualities of your own God Presence through the vehicle of your Holy Christ Presence, and thus established this stronghold of Light. You are now ready to raise your Torch on high, knowing that at any moment the Fullness of God may stream forth and impart to you the Will of God, the Wisdom of God, the Fullness of God Love that you may put into every endeavor as you pursue your Destiny in this, the Fullness of God.

Too many look at life with the narrow view of their immediate, self-centered concerns, knowing only their habits, the human mind, their returning karma. They think that their present lot in life is all they will be allowed as a way of life, the sameness day in and day out — oh, perhaps with a little variation of their own returning karma. Nonetheless, not much can change until they engage with the Flame upon the Altar of their Heart.

Such an engagement, as most of mankind has come to realize, is easier said than done. For in the abstract, without the firsthand experience and

understanding of the Nature of God, the Fullness of God in all of the Attributes, all of the Qualities, all of the Virtues that are the natural estate of the Mighty I AM Presence — and yes, blessed ones, that of the Great I AM — mankind can neither reach a full understanding of God nor embrace the Truth of their own Identity. So it remains to be seen how many of the sparks of God Identity, treasured upon the Altar of the Heart, will actually be released into their outer mind as God Direction. How much of the Love that is there, banked upon the Altar of the Heart, that is infinite in its Divine Abundance, will be truly realized, experienced, and then offered up to God in life through the day-to-day interaction with all of the aspects of God, whether it be the Sons and Daughters of God, one's family, one's profession, one's Earth. For all require Love.

It is indeed a challenge to awaken the Flame upon the Altar of the Heart to take its rightful place in the outer vehicles, so that through those vehicles there can be the recognition of the Truth of the I AM. And not just to know of it, but so they can begin to draw it forth and to live that life charged with the Light of God, feeling the coursing of the Mother Light through the spinal altar, knitting together each of the spiritual centers so that the whole fabric of the Being of the I AM Presence is alive in each plane of consciousness, ready to behold the Treasures that are locked within the Heart of the Mighty I AM that the Presence desires to share with God in life, to expand as God Awareness, God Momentum, God Divinity.

For yes, blessed ones, your lifestream is intended to release that Charge of Light that is the Intonation of God from out the Central Sun. But when most of mankind do not realize that there is anything save the human creation that abounds within them, then there is loss for that incarnation. Karmic momentums of negativity are perpetuated, and there is a mounting reinforcement of those patterns and habits of long, long ago still holding on.

Fortunately for you, as students of your own Mighty I AM Presence, you have embraced the reality that God is within you. God has taken up residence upon the Altar of your Heart and has drawn these vehicles of consciousness that you know as Earth, Water, Fire, Air, Akasha into being! And by the God Awareness of the Great I AM, all the Fabric of Life is knitted together in the Allness of God! You are not separate and apart from the Family of God! You have always been and always will be the “apple-of-the-eye” of the Great I AM — loved beyond measure, cherished, caressed when you need Comfort, warmed when you are chilled, nourished when you are hungry.

Whenever you desire to put on a new Quality of God Consciousness and flourish within that as a gift to God in life, it is the Allness of God that comes in answer to your request and says, "I AM here. We will go together to complete this journey, this creativity, this blessing." And the Individualization of your own God Presence will hold you responsible for that which you are to accomplish! So take heed that you hold the vibration high, so that there is no encroachment upon your gift to God in life of a lesser vibration than the Holy Christ Presence could abide.

This is most important, blessed ones, for you to realize. For you are not an island in the midst of some wasteland that is without benefit of the fullness of all that you require. Oh, there are some who have turned their face away from God, who in their rebellion have rejected the very Hand that would have fed them, the Heart that would have loved them, the Will that would have given them Power to overcome their limitations! But still, the Presence of God is nigh.

You need not go far to enter within the embrace of the Allness of God. Those who seem to be drowning in the depths of their own emotional turmoil or wracked with all manner of confusion of their own human mind know not what it means to abide in the Peace that is right there for them. Merely turning the dial of vibration to connect within the spiritual centers of one's being would allow for the Fullness of that Peace to abide. You need not have pursued a path of righteousness, holiness, sacredness for a long time to have benefit of all of the gifts that the Presence of God is waiting to bestow upon you. It can happen within the blink of an eye, no matter who you are.

For, blessed ones, to open your heart to allow the Fullness of God to resonate within your vehicles of consciousness is merely a matter of the freewill election entrusted to you. Oh, many excuse their behavior, their lot in life, thinking they have either been wronged by another over whom they have no control, or overcome by their own habits and momentums which have such a hold they cannot free themselves or be cleared of those momentums. So they stop trying. And they resign themselves to that vibration, that mindset. But is that the high ideal that is born in the Heart of your own God Presence for you? Is that the Charge of Momentum that your God Presence would put behind an Ascended Master Way of Life that you are to live?

Certainly, if there is not a righting of the course of one's endeavors, a calling upon the Law of Forgiveness, a Transmutation of the Flames of God Consciousness, consuming by the Love of God all that is outside the vibration

that would enable God to be ever close at hand, if that does not occur, blessed ones, there will be a continual round of incarnations, living over and over the same karmic patterns — perhaps with different names, even a different family, although sometimes those families do reincarnate together again and again because they have such a karmic bond.

Your Presence has all of the answers that you require. Certainly the Great I AM never intended for you to be without the resources that you require to overcome, to have the fullness of life that you desire, one that is true and right according to your own God Presence, that is the Truth of your Identity, that is the right course, the Divine Plan, when it comes forth from your own God Presence and you have ratified it! You have established a Oneness with your own Heart Flame in whichever plane of consciousness you are presently engaged, so that that Presence is exercising the Will of God through you, and Illumination comes forth and enables you to put into wise use all that has been entrusted to you.

How few there are that know the ‘genesis’ of their life. Most of mankind have not received in their outer consciousness enough clarity of the Mind of God, and therefore all that remains is the human consciousness making them believe that is all there really is. And they revolve and teach that carnal mind in all of the schoolrooms of Earth, regurgitating more and more of the human consciousness. But that will not enlighten them if there is not the Flame upon the Altar of the Heart ignited to parse the Truth from the untruth, discerning the Vibration of God within the texts.

To have the co-measurement of the Christ Discrimination that you must bring to the fore, there must first be an activity of the Flame upon the Altar of your Heart fully engaged in life! You cannot excuse your shortcomings, blaming them on some ancient karma you did not know about. For you now have the tools of the Flame of God with which to address those karmic patterns, even before they hit the physical and become a pattern of your life in this incarnation.

Why do you suppose you have been given the Sword Excalibur to wield as the Emerald Truth and the Diamond Mind of God to clarify all of those gray areas of life that you must parse? And some are, oh, so challenging. For it is but a slight nuance between what is right and what is wrong — resulting in such a vastly different outcome!

But if you do not have Illumination's Flame burning brightly, the White Fire of the Mother Light shining forth, the Will of God as your highest purpose in life to fulfill, then, blessed ones, you will miss the mark from time to time and be required to repeat those initiations, those tests, again and again till your God Presence is sure that you have mastered the required attributes of God Qualities and Virtues that are the natural estate of the Truth of your Identity and allowed them to resonate through your vehicles of Consciousness, to permeate the atmosphere about you, to so charge the Earth.

Then rippling forth from your own God Presence anchored upon the Altar of your Heart in each plane of consciousness resounds that Intonation of the Presence of the Great I AM — transmuting unreality, misqualification, establishing Patterns of God Reality, Forms of the Identity of your Presence in its purest and oh, so magnificent Quality to be impressed upon life! Then you will have overflowing in your vehicles of consciousness the Gifts that are treasured for you in the Great Central Sun, Gifts that the Ascended and Cosmic Beings strive mightily to awaken your consciousness to so that you can benefit from them, draw upon them, put them into the patterns of life that you generate, that you embrace, and ultimately, you expand as the very Presence of the Great I AM!

That work awaits you! There remains the conscious decision that you must make to engage with your God Presence. It doesn't come upon you as a flash of Light in the abstract! There must be part of your own Heart Flame already awakened for the Presence of God to anchor within your outer vehicles greater Momentums of that God Reality. Keeping a conscious awareness of the Great I AM, streaming forth in all of the Qualities that have been bestowed upon God in Life, allows you, blessed ones, as the Mighty I AM Presence in action, here in this incarnation, to anchor a sufficient Charge to assist in bringing forth the Golden Age.

As you ponder who you are, as you assess your vibration, and evaluate what you will accomplish with this very awesome Presence of God, won't you consider how great is your Responsibility? For you now know the Presence of God is upon you, is within you, and can and will act through you, if you will abide in the vibration that allows the closeness of God.

The Glory of God is not far removed from where you are. You need only open your heart to receive the Light of the Great Central Sun and the

Momentum of the Mother Light that I, Amerissis, bring this day, to charge your vehicles of consciousness in the Mother Flame and to assist you in the preparation for the coming cycle. For the Golden Age will come forth upon the Earth, as you, the Sons and Daughters of God, put on the Christed Robes of Light and fulfill the Divine Momentum of God Reality where you are! For it has been decreed and you have vowed at inner levels to fulfill your Responsibility as the part that you are to play for the Dawning Golden Age.

Be sealed in the Mother Light, the White Light of Purity! Be sealed in the Golden Elixir of Illumination, the Blue Flame of the Will of God, and the Pink Flame of the Love of God residing upon the Altar of your Heart! Let that Garment of Light fall roundabout your shoulders. Allow the Crown of Illumination to be placed upon your brow! And let your Heart be always open to God!

## *The Goddess of Light*

Public addresses to the students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
