◆ Goddess of Purity

◆ Tucson, Arizona

A New Day in the Sun in the Light of the Mother!

With the descent of the Mother Light of Purity, I, the Goddess of Purity, inaugurate a new cycle that you might be bathed in the fullness of the White Light of Purity to prepare you for the birth of your Christhood. For yes, blessed hearts, though you may have already experienced a modicum of your Christhood, each day you are called to be prepared for the stepping forth of the commanding Christ Consciousness and the ability to draw forth from your own God Presence the wellspring of all that you require and the fulfillment of the desires of your God Presence in this world of form.

The communion in the Holy of Holies, the Secret Chamber of your Heart, is where you are bathed in that Purity, where your vehicles of consciousness will receive on bended knee the anointing of each of the desires of your own God Presence, the Sacred Qualities of that God Presence, and yes, blessed hearts, the empowering to unfurl those Qualities into the world of form so that as you take Dominion as the Christ, all of the Elemental Forces will bow before that Light of the Christ and respond on the instant, fulfilling the very desires that you would utter from your lips or allow to cross the very threshold of your mind.

This is why there must be Purity in your life. For if you are to be vested with that ability, perhaps you can begin to appreciate how it could be misqualified on the instant. Thus, your own God Presence will test you time and time again until there is the trust that your outer vehicles are indeed responsive to the Hand, the Heart, and the Mind of God. When there is yet rebellion within the outer vehicles, when there has not been

enough Purity and refining of the disciplines required for you to hold fast to Purity, then, blessed ones, the floodgates cannot open wide to give you all that would fulfill every necessity of life and prepare you to pass those great Initiations, which each one is required to achieve in order to make their Ascension. Then, hand in hand, you will walk into the Light with your own God Presence overshadowing you as you join the company of saints robed in White — that White Light of Christ Righteousness that enables you to be the protector, the defender, and the advocate of true Wisdom for those who would follow on their own Path to the Ascension.

Blessed ones, just as you look to the recorded history of the saints of old, of those adepts who have left the record of their history that you may now weigh your own attainment against theirs, so, too, as you continue each day to strive to uphold the Flame that burns upon the Altar of your Heart, as you are true to that Flame, as you allow that God Reality to be the benchmark of all that you would strive to accomplish — then you will know you are on the right track. You will be fulfilling the Will of God. For it matters not what might be thrust into your pathway, you know it will be the Will of God that you meet it and emerge God Victorious. Knowing how you must move in, through, and around that obstacle, how you must uphold the Virtues of the Christ and the God Qualities that you have become in your striving on the Path will enable you to be God Victorious at the end of each day!

There are those who think that they can merely waltz through life, not having to meet those day-to-day challenges, not having to mount up an extraordinary amount of striving nor utilizing every erg of energy within their being, anticipating that, even if they did, their all may not be enough. Thus, they are required to call upon their own Mighty I AM Presence, call upon the Ascended and Cosmic Beings, the Angelic Kingdom to assist to make up the shortfall of Light. And thereby, they ultimately have their overcoming!

Blessed hearts, when you recognize that you must draw upon the Flame of God that burns upon the Altar of your Heart with the striving, the yearning, the hunger and the thirst for God, then you recognize the intensity within your world that is required to ultimately enter into realms of Peace and Harmony. There would be those that say intensity and Peace cannot stand side by side. Indeed, blessed ones, for you to have true Peace in your life there must be the tension of Light that is exercised by the striving,

by holding the bow of conscious attunement at the right foot-pounds of pressure so that when the creative endeavors of your life go forth — shot, as it were, as arrows of Light — you will have the victory. You will accomplish every detail that was dreamed within your own mind, that was held fast upon your Heart, feeding the creative vision with the desire and the love that will ultimately catapult it into the creative nature of your own being and draw it forth, manifest full-blown before you.

There are many examples throughout life that would teach you the creative process that must be engaged by every Son and Daughter of God. You are about to graduate into a new cycle of Conclave and Acropolis Sophia, a class of study, blessed hearts, that will teach you how to draw from within the Purity of the Mother Light that is deposited upon the energy centers of your vehicles of consciousness and that can be drawn forth daily to replenish all those Life Forces that have already been utilized.

All this so that you might begin to refine your alchemies, understanding how the Christ Light establishes the Emerald Matrix to bring about all that the Mother Light would feed into in the highest of Purity, the most *Beautiful, Holy, and Sacred Vibration*. Then, when your alchemy is complete, you will know how true your creation has been to the Heart's desiring of your Mighty I AM Presence. For all things of value, of worth, of reality come forth into your life from the Mind of God, from your own Mighty I AM Presence having first held that seed idea and thrust it forth into your keeping, allowing you to grasp it, nurture it, breath upon it the Pranic Breaths, filling in every detail and allowing for the Christic Fire of the Emerald Matrix to come forth and establish all that you nurtured of God Desire.

But can you not begin to appreciate how difficult it would be to bring about the pure Concept held within the Mind of God if there yet remained impurities in your mind, in your emotions, in your attitudes and habits, insinuating themselves into your way of life? Therefore, placing your attention upon the Mighty I AM Presence, making room for that Presence in your life, and establishing the disciplines that will demand of your vehicles that they be responsive to the directive of the Light of God — this will prepare you. And it is a life's work. Surely there are those occasions when you may experience a more than ordinary acceleration in your own vibration as a result of your attunement with the Mighty I AM Presence and the Grace of that Presence in your life. Likewise, when you come before this Altar,

you receive the Blessing of the Light pouring forth from the Ascended and Cosmic Beings and their Teaching and instruction as cups of Light that you ingest into your consciousness — all this begins to leaven and establish a vibration within you that cannot be denied as the Truth that you ratify upon the Altar of your Heart. For the Allness of God is present in what you receive; and thus, you know it to be true. Knowing a thing is true and recognizing its reality is one thing. But then making that reality a tangible manifestation in your life is wholly another. And thus, in this coming cycle, you will be challenged to make the God Reality of your own Mighty I AM Presence as the Christ Light a permanent way of life for you.

And so, I have come this day to initiate the White Light of the Mother Flame as the first in the line of Initiations that will culminate at the close of Acropolis Sophia of the New Year so that during this Christmastide and the ushering in of a New Year and a new cycle, you will have the opportunity to clear away all of the debris of human consciousness, all of the ill-conceived ideas that you have fostered and allowed to remain in your life, and all of those habits that you know must go into the Flame to be no more. And then, hold high your consciousness so that you might receive the Mother Light to fill your chalice and establish that Purity that will be the pressure of your own God Presence constantly flowing through you, constantly refreshing, constantly refining, constantly building as a foundation for all of the alchemies that you will bring forth. It is that Constancy of the Flame of the White Light that will enable you to have the firm resolve of your Christhood, such that your Christhood will come forth according to the Divine Will of your own God Presence.

It is time for you to put away the childish dreams of the human consciousness once and for all and to dream the dreams of your Mighty I AM Presence! Therefore, clear the way for the depositing into your mind those high Ideals that your Presence would have you fulfill, not the conjuring of what would seem to be self-aggrandizement or self-promoting in any way, but what is the Will of your Presence, what allows you to stand in the fullness of Purity to behold the Nature of God and have your God Presence as well as those Ascended and Cosmic Beings, the Angelic Kingdom, the Elohim look back at you and know that they look through the eyes of an initiate who knows the difference between the Reality and the Purity of God and what is not. And that initiate has chosen to be among what heretofore has been known as the Elect. But you understand it is the Many Sons, Many

by holding the bow of conscious attunement at the right foot-pounds of pressure so that when the creative endeavors of your life go forth — shot, as it were, as arrows of Light — you will have the victory. And that initiate has chosen to be among what heretofore has been known as the Elect. But you understand it is the Many Sons, Many

Daughters with the Individualization of God burning upon the Altar of their Heart who have forged the Holy Communion in the Presence of God and drawn it forth as a Radiance that cannot be denied. That is the Path to the Ascension, blessed hearts! It matters not if you have yet to understand the importance of the Ascension, for we hear what some of you have uttered, those grumblings, “Well, I do not wish to make my Ascension. I wish to stay and help.” Or “I am not ready or worthy.” Foolish mortals indeed that have not beheld the Face of God and know not the Reality of the Divine Will of their own God Presence.

I say to you, if that be the prerequisite that you have established for yourself in this life, it is time for you to reconsider. For you cannot make the striving on the Path, the acceleration of the vibration of your vehicles of consciousness, the Purity upheld within all of your activities, your thoughts, your words, your creations when there is the falling back into the status quo of the human consciousness so prevalent in the land.

This Path is not exclusive, but there are those that are lazy of consciousness that would not strive with every erg of their energy to draw forth even one flicker of a match to light their way. I do not speak, however, to the company in my midst this day, for you who are here do know the difference. You have made the sacrifices in your life. You have established new patterns of activity that have allowed you to begin to know that the Presence of God moves within you. And when you have received those Blessings, you have been filled with gratitude and joy and have given thanks to your God Presence.

O blessed hearts far and wide across the Earth, let this Mother Light that I release today — with the help of the Angelic Kingdom as the Purity of the White Ray Angels — go forth, so that no one can say they did not have the opportunity. They cannot profess to have been passed over, for all are given opportunity with this Blessing. And with the coming Christmastide and the focus on the New Year and new opportunity, more of the Sons and Daughters of God are receptive and willing to changing those things in their life that must be put into the cauldron of the Violet Fire to be no more. This is the time. This is the cycle. Do not procrastinate. It will do you a world of good, and in the long run, you will look back at this time and this cycle and determine that you made the wise decision to accelerate the Life within you and to rededicate your life to the Path of the Ascension, to the Ascended and Cosmic Beings that would assist you, to the Golden Age held in the dream of Saint Germain and now the entirety

of the Brotherhood of Light, and this Mission that the Entire Spirit of the Brotherhood of Light has upheld to release the Light at this Altar of The Temple that would pierce the darkness and draw forth to every Son and Daughter of God a new day in the Sun in the Light of the Mother.

I, the Goddess of Purity, trust that you will take up this cycle and mark, each day, the acceleration that you are making in the White Light of the Mother that will carry you into the Blessings to come throughout this Christmastide. As the Secret Love Star pours forth its Radiance, at the center of that Secret Love Star is the Dazzling White Light. Let that be the example of your own Heart Flame burning brightly as an outpost of the Secret Love Star and the Light of your own Mighty I AM Presence.

Be sealed in this Light.

Be protected by this Light.

Be guided by this Light.

Become this Light.

And go forth as the Christ Light, the LIGHT that will light the world!

I thank you.

Goddess of Purity
