◆ Goddess of Purity

◆ Tucson, Arizona

Elect to Receive my Light and my Holy Angels!

Blessed Heart Flames, I, the Goddess of Purity, stream forth the Light, piercing the darkness within your own vehicles of consciousness so that you might have the reawakening of your own sensitivities to the Light of God!

For when there is the dulling and the lack of the Charge of the Light scintillating every nuance of your life into an upward sweep, you, blessed hearts, gravitate to the human thought and feeling that so abounds in the mass consciousness, forgetting the Purity of your Natal Birth, forsaking the disciplines that you have been taught, even in this incarnation, and giving way to those areas of mortal life that take you far afield from the Vibration of the Christ Consciousness that you were intended to live within. This Christ Consciousness establishes a chalice and a vehicle with which to receive all that springs forth from the glorious Fountain of Light of the *Entire Spirit of the Brotherhood of Light*, all that one might receive as Divine Direction, Wisdom, Truth, Cosmic Law, and to be able to externalize those Teachings into a way of life that holds true to their inception.

That, blessed ones, is the Desire of your God Presence for your lifestream. You were not intended to wander aimlessly in the outer wilderness, not knowing what to expect of life, not having within your grasp Divine Direction, God Vision, and the Rod of Power of your own God Presence to see your way through all of the turmoils, all of the trials and tribulations, all of the cycles that you will come up against and either discern whether to engage in and accelerate or to shun and let those unrealities go into the Flame of God!

You are faced constantly with decisions to make. Even here and now, you must elect to receive my Light and that of the Holy Angels of Purity that come to minister to the Flame upon the Altar of your Heart. You must elect to put down the barriers of your human consciousness and be willing to receive all of the possibilities that God has in store for you! All the while, you have the governing of Wisdom according to Illumination's Flame that burns brightly upon the Altar of your Heart with which to discern the true source of those voices from within.

Are those promptings indeed the Voice of God, your own Mighty I AM Presence, streaming forth God Consciousness into your outer vehicles to take dominion and to allow for the flourishing of God, the building of a Citadel of Light so that there can be the expansion of God, beginning with the Flame upon the Altar of your Heart and expanding out across the Earth?

Do you have the keen awareness that comes only in the Vibration of the Holy Christ Presence to know what is Truth and what is not, what is good and what is evil, what is to be and what should go into the Flame of God and be no more?

These decisions you make, moment by moment, determine the pattern of life that you live. Will it be one that is filled with Joy, Beauty, the Abundance of God Light? Will it be one where you know without a shadow of turning that the Presence of God is upon you? Or is there still remaining within you a sense of duality, of separation from God, of a lack of connective, cohesive grasping of the Flame of God that is your Divine Self?

When duality exists and you are faced with the circumstances of your returning karma or initiations that you must pass, is it any wonder that there are times of fright, even dread, to engage in life? But, blessed ones, that was not the Divine Intent for the Sons and Daughters of God! For you have always been given the Flame of God with which to command Life, to take hold of Life and make it into the high vibration and pure creation that the Presence of God may abide within!

You have the capability within your own Heart Flame to exercise the Truth of Cosmic Law, to be that Generator to create your very life. For, blessed ones, all your returning karma, all your affairs, all your responsibilities are due to the actions, the thoughts, the very vibrations that you have sown into your many incarnations!

Is it not time to say:

“Thus far and no further! I desire only the Vibration of my God Presence to be where I AM moving forward into life as that pure Vibration of God that will not only chart my consciousness in Purity but deal with my returning karma, with those responsibilities of life that I have embraced, and those areas of my consciousness that still require the leavening of the Light of God to bring them into the full understanding and full Illumination of the Presence of God.”

You, blessed ones, are indeed the commander of your ship of state — a state of being that you are always establishing! If you desire within your very own Heart Flame to change your life and you invoke a greater Momentum of the Presence of the Mighty I AM into your day-to-day life to co-create with you so that your incarnate Heart Flame might unfurl greater opportunity and change that brings about the Divine Path that you were intended to live, then, blessed ones, that constructive change will occur! For there is no thing that the Presence of God cannot right, transmute, change, or alter in any way!

Your present lifetime is only one incarnation of the many incarnations that you have lived. Think upon the many arenas of past lives that your God Presence has thrust your own Heart Flame into in order to teach you, instruct you, to drive home and unfold into your outer consciousness more of the Presence of God, the Mind of God. Then you are prepared to take hold and become more of the Divine Patterns that you magnetize, that you might have the greatest opportunities and limitless possibilities presented to you with which to climb the ladder of Attainment and gain the Mastery that you require so that you might be the Fullness of all that your Presence desires. And though you may not ever know in your outer consciousness all your God Presence desires to achieve through you, it matters not. For each detail, each increment of the desiring of the Heart of your Mighty I AM Presence, sown into the fabric of your Threefold Flame to unfurl into life, is a part of that grand and glorious Divine Plan!

O there are so many practices, many arenas of service, many professions, many associations, many loves, many desires that that Heart Flame will bring into perfect rapport to enrich the fabric of one's core being, thus staying the course of your many incarnations and becoming the ever-expanding Momentum of Purity in God. That Momentum, blessed ones, in time carries you straightway

into the Ascension Flame! For your Heart Flame has continued to yearn for that glorious Perfection in God that is ultimately realized in the Ascension in the Light! Till that day, there will always be a hunger for the Light! There will always be a desiring of the Heart Flame to strive! To come closer and closer to that Mighty I AM Presence! To have association with the attending Angels that come to nourish that Flame and love that Flame that is abiding upon the Altar of your Heart! They desire to align themselves round about that Unfed Flame when you are in Harmony and Peace so that they might come close, and closer still, to the Flame of God!

So you see, blessed ones, when I, the Goddess of Purity, wield my Sword, the Diamond-shining piercing action of this Sword allows for the ultimate creativity to come forth into your life when you hold fast to the Purity that is the Flame of God upon the Altar of your Heart. You begin to realize all of the Emerald Ray complements of Purity that are healing, magnifying God, multiplying the very Essence of the Flame upon the Altar of your Heart. All this made possible because you have held fast to Purity's Ray! You have allowed for the White-Fire Core of the Mother Light within you to blaze brighter and brighter so that you might be in the Fullness of the Glory of God, proclaiming the Holy, the Sacred, and the oh, so Pure streaming Consciousness of the Mighty I AM Presence, that holds you fixed upon your own Divine Plan, as the Ray of God Consciousness knits together each of your vehicles of consciousness into the One Flame upon the Altar of your Heart.

Then you realize, all of life is for you a garden — a Paradise of glorious perfumed atmosphere, of Beauty, of the soft textures in all the dimensions of Life — that allow you to move through your initiations and cycles with the greatest appreciation of all that God has prepared for you!

Oh, there are those times when your present life experience may seem to be more trial and initiation than the engagement of the opportunity of Joy and Beauty! But think for a moment. Is that not part of the perception of your outer mind? Is there not an overlay of your own past experiences, of the human creation that yet revolves the experience and vibration of others, distorting the very pure experience that you should be having during each initiation so that you no longer see them as negative initiations or trials, but as celebrations of opportunity that you run to greet? For every event of your life presents another glorious opportunity to learn, to draw forth the Light of your God Presence, to tap into your own Causal Body Momentum, to allow for the Light of God in its purest White Fire to consume all unreality

that may yet be surrounding that initiation so that your consciousness, your vision, is immediately magnetized to that pure Teaching of the Truth of Cosmic Law that you are to embrace as a result of your engagement.

When you can move through your life in this spirit of overcoming, you appreciate the necessity for the Holy Bands of Purity's Angels. For they come to stand in your aura to hold the balance for the untransmuted human creation that might try to swallow you up and encroach upon your own experience in God, your unfoldment and expansion of the Threefold Flame of the very Presence of God upon the Altar of your Heart, so that you might galvanize all the Light and God Consciousness that you require to meet the need of the hour.

And as you have come to appreciate Necessity's Ray, you know that for the Fullness of the Light of God to establish sufficient Momentum, there cannot be any human element of fear, doubt, or human questioning! You must grasp hold of the Light of your God Presence! You must allow for the transfer of the Power of God into vehicles of consciousness already prepared, ready to receive that transfer of Light so that you are victorious!

There can be no question within your mind of how or if you are to gain your Victory in the Ascension in the Light. For you understand that with the Presence of God all things are possible! With the Fullness of Purity as a Way of Life, you can receive within your chalice all that is required for every teaching, initiation, opportunity that you must go through, not because of your returning karma, for you have learned how to transmute that karma by the Violet Flame. It is because, blessed ones, your God Presence sees a willing participant in the co-creation of the Light of God, that you have prepared your vehicles of consciousness, you have readied yourself for the transfer of the Light of Wisdom, of Power, of God Love so that all that is magnetized to you is opportunity to embrace more of the Presence of God!

That is what I, the Goddess of Purity, desire for you — that you might realize and fully engage in the glorious Presence of your Mighty I AM, allowing for the transfer into your outer vehicles all that you require to meet each new day and be God Victorious.

In preparation for the coming Conclave of Light, where the Radiance of Light that is to stream forth will dissolve away more and more of the untransmuted karma and human creation that still remains, know that this very Altar has been prepared for such Purity and Light to be released that all will be stirred across the Earth into a new Vibration and Presence of God not realized before!

As you prepare to come into this forcefield in consciousness or in your outer physical body, recognize that the momentums of your day-to-day life must go into the Flame so that what remains is shining forth as a glorious Light of Purity so that when, by the Hand of God, the Holy Angels, the Ascended and Cosmic Beings stream forth from the Milky Way Overture the Radiance that you are to receive, their Light will not merely wash over you, cleansing only a surface element, but will penetrate through and through and remain with you all your days!

That sustained action, blessed ones, is the Desire of your God Presence! For the acceleration of the few is to assist the many! And I, the Goddess of Purity, stand with the Goddess of Light to continue this action so that all might realize the Fullness of the Divine Plan of their Mighty I AM Presence and the *Entire Spirit of the Brotherhood of Light* for the Many Sons and Many Daughters of God upon the Earth that are ready to receive the Golden Helicon of God's Light!

Prepare for our coming! Understand each day is intended to be a new opportunity to realize your Mighty I AM Presence where you are so that you shall achieve greater Service in the Light!

The Goddess of Purity

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
