Great Divine Director

Tucson, Arizona

*I Proclaim the Day of Coming!
Behold the Great Beginning!*

Blessed Sons and Daughters of God, as the Manu of the Seventh Root Race, the Great Divine Director, orchestrating the coming forth of a new wave of lifestreams, I proclaim the Day of Coming! First and foremost for your own Christhood as you pave the way for engendering into the consciousness of the mankind of Earth a Purity, a Consciousness that upholds the Truth of Cosmic Law, that forges the Will of God for each lifestream, and that establishes Wisdom beyond all measure so that these lifewaves coming forth will not be met with the negativity that is so prevalent in the land.

When you have the awareness and the understanding of the importance of your role as the Christ, it is hoped by all of the Cosmic Councils that you will adopt a way of life for yourself that will establish the Christ Virtues, the God Qualities, and the inherent Body Consciousness of your own Mighty I AM Presence so that the fabric of life will ring loud and clear as the pealing of the pure Tone announces: *“All is ready. Come, receive the Cup of Life that is offered to you.”*

Surely, there are those of you at the level of your Mighty I AM Presence who could witness your own coming — that natal birth into the physical octaves — when you, too, were to bring forth your Christhood and establish that Consciousness of your own God Presence through the Office of that Christhood, all the while learning, establishing

momentums of creativity to be offered upon the Altar of your God Presence as the glad tidings and gifts worthy of the Presence of God.

It is a story long told that you know well already: How there was the departure of consciousness from that pristine estate. And then the fall from Grace when you were obliged to begin to forge your God Identity in a more difficult manner, balancing your karma as you went along, receiving your daily allotment of that karma that you had lost track of and did not remember — by the Grace of God — which would catch you unaware. What a glorious day it should have been — and was for some — when you discovered that you could transmute that karma by your calls and your devotions to God, by the release of the Violet Flame, and by the correction of your conduct and affairs so that there would be the establishment in your life of what was right in the Face of God.

You are not called to continually put your attention upon the negativity of the Earth. It is enough to know that it is present. And likewise you are not obliged to ignore it; for by ignoring that which is so prevalent in the land, the calls of your own Heart Flame are not going forth sufficiently to enlist the Angels of Heaven, the Ascended Masters, and the Elohim to release their Cosmic Light, their Momentum to put to rest and transmute all of the forces of negativity that abound.

How does this age-old story relate to you? Most especially as you recognize the imperative that you put on the garments of your Christhood, that you attend to the Will of God — not the fantasies of the ego, of the outer mind, of the eruptions of the emotional body, or the desires of the flesh. But you attend to that pure stream of God Consciousness that flows into the Heart Flame and reports to you — in sometimes the most subtle manner — those things which you should be taking to heart, establishing new patterns of identity, correcting the old habits that you have fostered far too long — for some, over the course of many incarnations. And all the while, you are preparing, strand by strand, fold by fold, the garments of Light that will wrap about you through the Threefold Flame of your Heart as it begins to expand and take dominion in your life. When this occurs, you are no longer befuddled, confused, disoriented regarding your Divine Plan or what the future holds for you.

Certainly, it is easy to know where you have been karmically; and for that, you have the Violet Flame and the calls of Purity and Perfection that you can direct into these outer vehicles. *But the future is built upon this very moment and the vibration that you are engendering.* Will your tomorrows be filled with God Consciousness? Will there be Peace and Harmony? Will you have the Christic Fire ready to stream forth as the Emerald Matrix establishing the Divine Creation and Momentum that you were intended long, long ago to fulfill? Will your tomorrows be held in the embrace of God Love? Will that Christic Fire so resonate through your vehicles of consciousness that that Love is so unmistakable to all you contact that they will desire to find out for themselves how to have that Love in their own heart? What is the secret that you have learned? How have you opened the Door of the Heart and embraced them in your Love?

The Office of Christhood is a very real Office. You are intended to move, create, live, and be in that exalted state so that as the Christ is performing the many duties that are required by your own God Presence, as you are balancing your karma, as you are loving God in life, you will understand how the fabric of life upon the Earth must change. For there must be a shift in consciousness so that the timetable and cycles for the Seventh Root Race will not be forestalled. And they will come at the appointed hour, not to rescue the Earth but to breathe in the Pranic Breaths of the Five Secret Rays and know that with every breath, with every engagement, they will experience the rarefied atmosphere that is befitting the Christ.

O Blessed Hearts! What a glorious day that will be! And all who partake in the celebrations of that Day of Coming will look to the history of what each one of you has accomplished, preparing the way and ushering in a new era. Greater Service can no man or woman experience than being the Hands, the Feet, the Mouthpiece, the Heart, and the Vision of God. For then, when each one is fulfilling their part, the fabric of the Golden Age will be established.

Think of your lifestream as an integral part of that fabric. Perhaps you are a Cornerstone, perhaps you are the Heart, perhaps you are the wave of Energy carrying out from the core center that Divine Estate of Purity, perhaps you are charged with the responsibility as

the priest or priestess of the Sacred Fire to hold open the door to the Great Central Sun. All these are Offices that must be fulfilled. They require many lifestreams, not just a few. But we understand that it begins with the few. You are those lifestreams when you elect to take up the Scepter of Authority, where glows the Will of God as an orb, radiating the Diamond Shining Mind of God in all directions, to feed into the consciousness of those who are yet to know of their Mighty I AM Presence.

This Holy Day, blessed hearts, you will come to commemorate as the Moment in Eternity known as the “*Great Beginning.*” Most assuredly, it is the beginning for your lifestream, as you will mark in your consciousness a new establishment of Light that flows through your being. Likewise, you will mark in your consciousness the etching of your Mighty I AM Presence, as a finger of Light, writing upon the screen of life for the Earth: “A new day has arrived. Behold the *Great Beginning.*”

ALL THIS is the Promise and the Vow that your God Presence has extended to you in physical incarnation. This is why your Mighty I AM Presence elected to incarnate, fashioning the Threefold Flame of the Heart to carry the Engram of that Divine Will that you are to fulfill and all of the aspects of God that are required for you to call forth by the Christ Command.

This is your Day that we will celebrate each year — when there is somewhere upon the Earth a lifestream who has reached maturity in their Christhood, where there is no turning back, no shadow in any form cast upon their lifestream, for the Light of their God Presence is there burning brightly upon the altar of their Heart and is evidenced for all to see. This, blessed ones, is the Holy Day that all will celebrate for each other. It will be a Day of Commemoration for those who have reached that level of Attainment and a reminder of the Promise to those who have not. And when there are sufficient numbers, as the voices are raised on high to proclaim the Victory, the Seventh Root Race will stream forth into incarnation as quickly as that shift of consciousness upon the Earth has dawned.

Yes, there are those select few who are protected in certain areas of the world who have already embodied; but they could be numbered on one hand, and this so that the anchor point of the Seventh Root race could begin by their Pure Consciousness to hold open that Manu Yuga of Divine Coming.

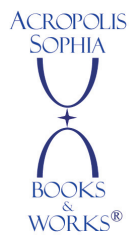

Blessed hearts, you are entering into a time of celebration where one Son of God is revered and honored. Let that be an example of this New Day of celebration that is to be established as its own consecrated Holy Day when each one will honor the birth of their own Christ Presence. Surely that can occur even as you are celebrating the birth of Jesus. However this new Holy Day of which I speak will not be commingled with the birth of Jesus the Christ but be a cycle wholly dedicated to celebrating the coming forth of each one's own Mighty I AM Presence into the Eternal Light and into incarnation.

As you move through these days of celebration, understand that great purification will be required; for, after all, you are following the example of one who proved the validity of the Path of the Ascension. Let your heart be filled with Joy as you welcome your own Christhood and as you proclaim the coming of the New Day for the Earth.

I, the Great Divine Director, as the Manu of the Seventh Root Race, seal you in this Divine Edict from my Heart. Grasp quickly your Christhood! Put away the childishness of your human ego and the meanderings of the many incarnations that you have had, and establish once and for all sufficient Purity in your life to behold the Face of God.

As you welcome this New Day, know that I will hold you and your Victory in my Vision while you walk in procession to that glorious day of awakening in your own life!

Great Divine Director
