## Do Not Come to the Table Without the Wedding Garment!

**I**Krishna, have come to consume by Resurrection's Flame the impurities within the consciousness of the Sons and Daughters of God! For these impurities have gained such a momentum as to spew darkness throughout the world, through what would otherwise be a pure atmosphere, receptive to the Christ Consciousness and ready for the Presence of God to take full command of all mankind's affairs that are required for the initiations, the attainment, and the fulfillment of cycles of each one.

You have observed the Power of your unified Decree action, bringing together your Heart Flames, calling forth the Light of God, not only into your own life but, as has been evidenced, within the entire Earth. How much more could be accomplished if — even within your own lifestream — there was no longer a vestige of impurity, allowing for the Divine Thoughts to be the only thoughts of your mind, initiating through your vehicles of consciousness cycles of Divine Intent, God Good, the beautification of all about you, and the fulfillment of the Will of your own God Presence!

What a land it would be! Walking through the rarefied atmosphere, allowing for the Christ Consciousness to maintain its Presence *actively* within the lifestream of each Son and Daughter of God — many of you have thought that it would be an *impossibility*. You think to yourself, "Look at how the Earth and all that live upon the Earth are saturated

by human conditions of unreality, by those miscreations formed outside God's Pure Intent, which the Earth was established to be maintained in."

Do you suppose that the **Great I AM** will forever turn away and ignore what is occurring? Is there not a level of imbalance that must be corrected? Surely you have seen this in the form of cataclysms — rending the winds, the waters, the earth body.

And what of the Sons and Daughters of God? Have they begun to recognize what goes on within their own lifestream? Is it not time for them to awaken to that Flame of Purity that cries out to be released into the affairs of their life? Is it not time for them to awaken the Flame of the Will of God to initiate the cycles that each lifestream is intended to go through? Is there not the need for every Son and Daughter of God to enter into enough of Illumination's Flame, blazing that Flame within their mind to initiate them in the right course, the right action, the right use of the Light and of the Presence of God entrusted to this outer vehicle that they wear?

There are many who think merely having been born in the Earth gives them the right to abuse not only their own lifestream but even those about them — living only for the day and forsaking all that might follow!

I AM most aware that many whom I address this day have already dealt with these mortal conditions in their own life. They have recognized the importance of putting on the Garment of the Lord, of having the White Fire of Christ Righteousness and the Flame of Purity flowing through them so that the Fires of the Heart might have the foundation upon which to build the edifice of a life that is worthy, a life that is filled with opportunity and victories abounding!

As in every past cycle of initiation into which the Earth has ever been drawn, there are those few who will catch the gleam of the Light of God and *hold fast* so that they might anchor that Light for the many and be the beacon for all others who are struggling to find their way through the darkness.

I do not say there will always be these impurities in the land, requiring each Son and Daughter of God to hold them in abeyance. For it is the Divine Edict of the **Great I AM** that there be a Golden Age for the

Earth! That there be established upon the Earth the Christ Light, the Flame of Purity, and the Will of God sufficient to carry every Son and Daughter of God, in due time, into their Ascension!

Understanding the tendencies of the human mind, the frailties of the physical bodies, and the turmoil of the emotional body — is it any wonder that when those vehicles have been allowed to rule, the consequence is an absence of the Flame of God announcing itself to those lifestreams? Therefore I say, “Awake! Grasp the Flame of God! Enter into the Stream of God Consciousness! Elevate the vibration of your vehicles so that they spin faster and faster, throwing off unreality and putting on the Divine Truth and God Consciousness that reigns throughout the Allness of God!”

Throughout past ages, you have observed many civilizations coming into certain elevations of Enlightenment, exercising an ability to break the bonds of mortal limitations that had gone on before, imprisoning the citizenry. It is now time for just such an acceleration for the Sons and Daughters of God upon the Earth!

You look about and you see this and that country having difficulties maintaining what they thought would be the mark of ease and well-being a long time into their future. But the citizens of those countries have become complacent, riotous, turning away from the Presence of God, no longer tending to the Flame upon the Altar of the Heart, not looking to the God Good that they are responsible for anchoring in the Earth but abdicating their responsibility — giving it away to others equally and sometimes more irresponsible — until it is too late.

You have been witness to some of these occasions. You have seen how there will be cycles of adversity that certain lifestreams are required to go through, all the while they are striving to right their own consciousness and resurrect the Flame of God, which alone can bring them back to where they once were — perceiving Purity, making room for God in their life, having an understanding that where the Presence of God reigns within each individual lifestream there is the opportunity for the Fullness of God to be present in the land in greater magnitude than would otherwise be experienced, even by the novice or by the one new to their own cycles of incarnation.

Think what you, each one, are creating through thought, word, and deed in your own life! Consider that what you are creating with your service and your Decrees is leaving a vibrant record of achievement in the body consciousness of the Earth as a vehicle of ascent for the next generation and the generations to follow!

Are you a good steward of the Light of God? Have you tended to the Fires of your own Heart Flame and allowed that Flame to carry you into the Heart of the Presence, establishing that Vibration, that Tone of the clear bell that rings out from your own Causal Body, establishing all about you that Intonation that sets the Earth spinning a little faster, throwing off the impurities a little more until such time as there are more Sons and Daughters of God calling for the Light of God, establishing the Will of God, and elevating the Earth into the fullness of Regulus' Golden Earth?

How wonderful an occasion this will be! And it will come! But only when there is the pressure of the Light constantly moving, constantly spinning, constantly in action, elevating the vibration of every vestige of the body — having the Earth sing with Beauty, with rhythm and flow that naturally beckons the Heart Flame of each Son and Daughter of God to drink it in and join in the great Divine Symphony that has been prepared by Elohim, by the Hierarchs of the Elements so that there is raised up the glorious Temple of the Presence of each Son and Daughter of God!

O blessed hearts, if this Victory had not occurred on other systems of worlds, we might say it would be too difficult for mankind, for surely there is much that must be shifted and changed; but such is not the case. For even now there are Golden Ages throughout the Body of God, even now there are Golden Civilizations moving in that scintillating Fire of the Presence of God!

And as you, blessed ones, take up your Calls, your Affirmations to God — intoned by the Flame upon the Altar of your Heart — your Decrees invoked by your words, your visualizations, and the matrix of the Divine Will of your Presence, you will see the Signs rippling out as the establishing of the Golden Age of One and the fulfillment of the Great Command, even in your own life!

Let the Resurrection Flame burn brightly in your own life, accelerating your own lifestream — just as it is accelerating throughout the entirety of the Earth! I have come to prepare the way for this ensuing cycle so that you might be magnetized to the fullness of your God Identity, even here and now!

This coming cycle, blessed ones, is one of Purity that must be established so that the Emerald Ray might perform its Perfect Work, for indeed these two Rays work hand in hand to bring about the fullness of the fulfillment of Necessity's Ray. And surely you can appreciate how the necessities of the Earth have presented themselves!

Who better than Pallas Athena to lead the charge, to break through all of mankind's latent, recalcitrant energies by the sheer Power of her Emerald Ray of Truth and her commitment to Purity?

There are those of the Hierarchy that will be in attendance to support this endeavor and to establish from this Altar the streaming Consciousness of Purity and of the Emerald Ray that will go forth and make their presence known in the Earth in a greater magnitude than has heretofore occurred! For the need is great! And the Call has gone forth for the Greatness of the I AM to be released in the Earth!

Blessed hearts, prepare your consciousness! Do not come to the table without the Wedding Garment! Let the Christ Light of your own Holy Christ Presence be resonating in full array, preparing you for the fulfillment of this cycle and your Responsibility — that which you have vowed to fulfill — so that in accordance with the cycle, you can be counted among those who answered the Call and fulfilled their Fiery Destiny!

I, Krishna, seal this Address in the fullness of the White Light of the Flame of Purity! And I call forth Purity's Angels to sweep in, through, and around the Sons and Daughters of God across the Earth throughout this cycle, preparing them as much as the Law will allow externally so that there can be the lighting of the Fire of each one's own Heart to search out the Flame of God!
