Hear the Voice of God!

Blessed Sons and Daughters of God the world round,

I Maitreya, have come to impart the Consciousness of the new order that is to be established within the vehicles of Consciousness of the I AM Presence incarnate — to have coursing through these vehicles the Direction imparted by the Mind of God and carried out by each of the realms of the forces of nature that are woven into the body of the Temple of the Most High. For the resonance of the Light of the I AM is to be within each of these vehicles.

For this to occur requires that Cosmic proportions of the pressure of the Light stream forth from inner realms, allowing the full etching of the Perfection of the Mind of God, the Edenic Blueprint, and the archetypal pattern of the Manus of the races of man, so that a greater number of the Sons and Daughters of God are able to produce and hold to the very slightest detail of Perfection, are able to understand that Wisdom is required to carry each detail into these planes of matter, and are able to exercise the wise use necessary to maintain the resonance and the Vibration of each increment, as it imparted to those who know not how it is to be used.

The Light Brings Disturbance to Unyielding Substance

With this pressure of Light imposed upon the Sons and Daughters of God, there is the natural disturbance of those areas of consciousness that have not yielded to that Light in past embodiments, that have not established momentums that have held to the Course and Direction of their own God Presence but have wandered in the wilderness — mindless, discordant and separate from the Will of God.

This day I, Maitreya, speak to all such recalcitrance, rebellion and ignorance of the Law: You will come into alignment with the Will of the Mighty I AM! You will understand what is the greatest good for your lifestream, and you will hear the Voice of God!

Those who have the understanding of the Law of Transmutation, imparted by the invocation of the Violet Flame, would be wise to spend a time and half a time greater invoking that Light, so that Fires of Transmutation will prepare their vehicles of consciousness to receive the increment of the Mind of God intended for each individual; so that, when they come together, the great consensus of the Universal Mind of God, in accordance with the One, will ratify that which is in Divine Order.

Your Vehicles Must Be Prepared to Receive the Light

Know well, Blessed Ones, that to dally and tarry too long in the veils of maya and illusion, fostered by a human ego parading its stuff before the world, will not allow you entrée into the Heart of your own God Presence. This state of consciousness is known well by your Presence as a masquerade. To enter into the Cosmic Flow of Light that streams forth from your own God Individualized, there must be the preparation of your vehicles of consciousness. For that single thought that is sent with the lightning Ray of God Consciousness into your Heart Flame, to guide you in a moment of peril, will be missed if there is not receptivity to a Vibration greater than what you have allowed within your existence due to your tolerance and familiarity with lesser vibrations.

Know well, Blessed Ones, that we entrust our Light and Consciousness to those individuals who have their vehicles prepared, who have the understanding of the Will of God, and who have moved beyond understanding to become that Will, internalizing Wisdom's Flame to carry out our Mission and our Calling.

Throughout the land, there are those who fashion themselves religious in nature — but our Activity of Light goes beyond religion. It is a way of life. Too often there are those who relegate religion to periodic study, accorded time that is set aside from their busy schedule and the pursuit of their profession. Students of the Ascended Masters under the canopy of The Temple of the Most High know well that when they enter into The Temple to engage in the study of the I AM, it encompasses all of life — what they place their attention upon, what they digest and ingest into their vehicles of expression, what they allow to move through their vehicles as energy-in-motion.

We Stand With You Always

This, Blessed Ones, is a great benefit to the Earth. We will always stand with you to hold fast to the Truth of the Law, to send our Vibration and Consciousness tangibly into these planes of the elemental forces of nature that comprise the bodies you wear, so that you may adopt, absorb and become the resonance of our Consciousness. And in the becoming of that higher Vibration, you prepare the Temple for your own God Presence. This is necessary, for in order for there to be the fulfillment of the momentum of your first stepping

forth and proclaiming I AM as the incarnate Son or Daughter of God, you must don that immortal garment of Light and of Christ Consciousness.

My message to the world is: Awaken to this Consciousness, so that it pervades the matter planes, the emotional body, and the mental body, and so that the Sons and Daughters of God will be more receptive to and embrace this new order of Consciousness.

As the standing Buddha held within the Cosmic Christ Consciousness of the Entire Spirit of the Brotherhood of Light, I will continue to stand with you throughout the ages for the establishing of the Golden Age.

I, Maitreya, seal you in Wisdom's Ray and in the Cosmic Christ Consciousness. Be this day the fullness of receptivity to the Light.

Lord Maitreya
