## Hierarchy is the Key to Your Freedom

**K**nown as the Great Initiator, I, Lord Maitreya, address you on a topic of great importance. For it will make the difference as to whether you are God Victorious in this embodiment or merely float along upon the currents of human creation that comprise the outer circumstances of the mass consciousness, the riptides of human thought and feeling that carry along most of mankind in ceaseless rounds of unreality.

What is this key to your freedom, this lifeline that distinguishes you from the masses that you must be made aware of? Why it is how to embrace the Hierarchy of Light. Oh, that prospect does seem to be most challenging for most of mankind who chafe at the very thought of there being a greater consciousness anywhere in the Cosmos that knows more of the Truth and the Reality of God and exhibits more of that Truth in all ways at all times. Hence the majority of mankind persists in living in a state of illusion and maya. Oh yes, there is that opportunity and the Mercy of God that arises on occasion if one is fortunate, when the Hand of God moves the affairs of one's life according to Divine Direction, affording a respite for a time from the sense of struggle and separation from God.

But what is the key that would enable the Sons and Daughters of God to rise above such rebellion and embrace instead the Fullness of their own God Presence, to hear and absorb the Consciousness of the Hierarchy of Light, of the Ascended and Cosmic Beings, to embrace the Angels, the Archangels and Archeiai, the Elohim, the Hierarchs of the Elements? What else other than Hierarchy enables you to have a greater sense of trust and yes, Faith, in the abiding Presence of God than we ourselves who bring that Presence whenever we are in your midst?

The Ascended Masters come to remind you of the Truth of your own God Identity, that you are not born of an outer soul consciousness of human creation, but of the Divine Soul of the Spirit of God! The very Presence of God is your Divine Birthright. You have inherent within you upon the Altar of your Heart the Perfection of God. There resides the opportunity for you to take command over the outer affairs of your life, establishing a Momentum of God Good that will carry you aloft, beyond the reach of all of the human creation that may abound.

There are among mankind those who have vowed to destroy all that is God Good for the mere sake of its destruction — and no other reason! Oh, there are many that try to apply some rationale to the unreality of the human condition. But that cannot be, for it was never born of the Truth of Cosmic Law. Nonetheless, the motives and seeds of destruction coexist at present side by side with the very Presence of God abiding upon the Altar of the Heart of the Sons and Daughters of God. How, then, does one establish a momentum of God Good that will silence the angry voices, stay the destruction, and consume the unreality, when it seems to be that those who carry the Light, those that call forth the Light, are so outnumbered? Hierarchy!

Again, the Flame upon the Altar of the Heart is the key. For that, blessed ones, is the key that unlocks the open door to Hierarchy, to your closeness with the expansion of Light that you require, so that you might call forth the Light of God at any time, for any purpose that is God Good, establish the God Government that is required upon the Earth, and reestablish the holy communities, the Mystic Rose of the Ecclesia, saturated with the pure Love of God. The outpouring of Wisdom's Ray in the Truth of Cosmic Law teaches the outer vehicles to be responsive to all that is to be sown into life as the Light of God, how to accomplish it, how to bring that Light to bear in a world that is seemingly so impure.

The Flame upon the Altar of your Heart is not impure. It knows its Identity in God. It has a Holy Purpose and Divine Intent. And when that Flame galvanizes the Allness of God, the Hierarchy of Light is able to assist in the Outpouring of greater magnitudes of Light, greater Momentums of God Power, that can and do assist even those Heart Flames meekest of voice but with the strongest of commitment to God.

That, blessed ones, is how we, together, bring forth a Golden Age! That is how you embody the Light, absorbing into that Light by the Power of Transmutation of the Heart of God all that would assault you, all that would speak ill against you, all that would destroy you if it could!

This protective action may seem harsh for a teacher of God Love to speak of. But it is the Activity of the Flame of the Ruby Fire of the Heart that is your greatest defender! For in the Allness of the Consuming Flame of God, any outer circumstances of unreality can be changed in the flash of a moment! And as that Light descends from on high, you are once more assured that the Presence of God is nigh at all times. You needn't fear any unseen opposition that may be pitted against the very Flame of God that you stand for. For it is the All-Consuming Love of God that allows you to love unconditionally, pouring forth that Love into all of life.

You need not be concerned with the voices that decry your very existence. For they are not heard, not in the Heart of God. And when any activity, any erg of misqualified energy, fails to register on the Heart of God, it can be washed away as quickly as the Presence of God as Hierarchy steps into its proximity. Conversely, whenever God desires to bring forth a Quality, a Form from his Heart, there is a Light and a Fire that streams forth from that very Presence that knows only that Perfection in God, whatever the Quality may be! And only that God Quality may abide!

When you desire to commune with the Ascended and Cosmic Beings, as you do when you attend to the addresses from this Altar, you will want your Heart to be open, the intent of your Heart to be pure, the vibration of your countenance, of your every thought and feelings, of your physical body to be harmonious, to be charged with enough Light so that when our Light descends and pours forth, you have something with which to register that Light.

So much of mankind, who have not been trained to even know that the Presence of God abides upon the Earth, never feel his Presence nor hear his Voice. There is so much density in their world that they have lost sight of what the pure Vibration of God truly exhibits as it is registered by their Heart Flame, because so many times that Heart Flame has been so diminished due to the misuse of the Light that it is barely a Spark sufficient to draw forth and sustain the Life Force of their own God Presence to live out their incarnation. Those are the extreme cases, blessed ones.

There are many pure hearts that just do not know who they are. They have forgotten all about their own Presence because of the many rounds of incarnation of sowing the seeds of unreality into the fabric of their identity and losing their spiritual sight, dulling their senses to the Presence, and ultimately, cutting off their opportunity for the Holy Communion with the greatest servants to the Sons and Daughters of God, the Holy Angels.

So you ask, how can you make a difference? It is through the open door of your Heart. It is when you step forth and put that Threefold Flame Action of God Love, God Wisdom as Illumination, God Power as God Will into the fabric of your life and put away childish things. You are no longer children, no matter your age, for even some of the youngest among you can be very wise beyond their years when Illumination's Flame begins to burn brightly.

Do not discount all that you can accomplish when the Hierarchy of Light is the wind in your sails, empowering you to propel your life forward, accelerating you onward on your Path with their Light. And whatever attainment one, two, three, a hundred, a thousand, ten thousand lifestreams accomplish registers upon the Earth! It is quieting the very Earth herself. For how do you control the Elemental Forces of Nature when they have gone awry because of the burden of negative forces heaped upon them? It is with the Light of the Mighty I AM Presence. It is with the assistance of the Hierarchs of Light, the Elohim.

You have spent a great deal of your time and attention absorbing into your consciousness the *Shield of Elohim*. You must know every aspect of that *Shield* by heart until it is so much a part of the fabric of your identity that you stand invincible, indomitable in the Light of your Mighty I AM Presence with the assistance of the Twelve Mighty Elohim. You have the Wisdom of Sophia and the Wisdom of all the Hierarchs that serve on the Christic Line — most especially Lord Krishna, Beloved Jesus, my assistance as your Maitreya, Kuthumi, and all of the Brothers of the Golden Robe.

There are so many Ascended Ones who stand waiting for you to awaken to who you are in your Presence, so you might call forth their assistance and register through your own Heart Flame sufficient Love for God that the Momentum of the Hierarchy of Light can release the magnitude of their assistance through your lifestream to fulfill whatever may be the need of the hour at any time. Then, you will see the quieting of those voices born out of the astral plane. You will see instead the upliftment of many more pure

hearts ready to embrace the selfsame Presence of God and the true Freedom that many of you have come to know because of the efficacy of your decrees, your disciplines in the Light of God. They, too, the new, new, new ones, will know what it means to be free.

Always remember — no matter the outer seeming bondage in life — there are no limitations when you are in the Presence of God! And if you desire to master life, to gain the Attainment that is required for you to make your Ascension, then you must stand, face, and conquer with a Heart Flame that is ablaze! And as there is the pouring forth from every dimension of God Consciousness the Fullness of God Purity, there will be transmuted and displaced from the very screen of your atmosphere all those things that are not in keeping with the Divine Plan of your lifestream or the Will of God for a Golden Age.

There are many opportunities for mankind upon the Earth to endure their individual karmas in life. For through their many incarnations, absent Illumination's Flame, countless choices have been made, many born out of selfish motives, skewed ideas about how life is to be lived, energy so filled with distortions, and physical bodies wracked with excruciating pain that did not allow the very mind to think rationally.

Those lifestreams, blessed ones, require the Light of God. You may call forth the Holy Angels to minister to those in need — to assist them, to hold their hand, to bring them along into a way of life that begins to embrace more of what their own God Presence has desired for them. And for you, calling forth the assistance and the help of the Hierarchy of Light for those in need far and wide will likewise benefit your own lifestream. For you will learn by the Grace of God and Wisdom's Ray the alchemies necessary for your own life and how to call forth that Ray of Light, that God Consciousness of the Mighty I AM Presence and the assistance of the Hierarchy to deal with the circumstances that you may face in overcoming your own sense of limitation, your own returning karma.

It is our fond hope that as we, the teachers of Cosmic Law, give you as much detail about that Law as you are able to absorb into your consciousness, you will have all that you require to move forward in this life. Some will gain their Ascension, but not all. For it takes some a long time to truly *believe*. Without belief, there cannot be that assured connection of the flow with the Mighty I AM Presence. You can continue to forge and strive toward that

connection, but it is only when the full Faith and commitment of your life is surrendered to the Mighty I AM Presence that you truly receive all that you require to win your Ascension in the Light. This is why oftentimes the Path requires many incarnations schooled in the Teachings of Cosmic Law for there to be enough absorption into the outer vehicles of the Consciousness of God to gain the full Victory of the Ascension.

Still, as you know, there is no limitation when it comes to the Mighty I AM Presence! And so if you are committed, fully and completely, to your God Presence and when you are accomplishing all that you physically, mentally, emotionally are able to give, then, blessed ones, watch how the knitting together of the fabric of your life with Hierarchy takes on a new and oh, so glorious acceleration toward the Presence of God.

Then every day becomes a new opportunity to drink in the Glory of God and to see how that Glory can be sown into life! A smile, a kind word, a helpful deed, a constructive, creative endeavor, a forging of an attainment that you require to further your profession so that you may care for your own family — all of these things, blessed ones, are opportunities for you to apply the Light of God in your day-to-day life.

This is why life in incarnation is so valuable to the Mighty I AM Presence! For it is the Presence establishing its Mastery over the Life Currents! And as you gain that Mastery, blessed ones, you know with certainty who you are. There is no longer any question. You no longer doubt the very Presence of God within you. You no longer have any resistance to the Light of God. You do not consider yourself unworthy, for you know that the Flame upon the Altar of your Heart is truly the Flame of God and is worthy of all of the outpouring of every Ascended and Cosmic Being that may assist you at any time — so you no longer hesitate to call forth that help and that assistance or doubt its power.

This is why, blessed ones, now that you know of the Mighty I AM Presence, of the Hierarchy of Light, **YOU MUST STAND AS A PILLAR OF FIRE!** You must allow the Flame upon the Altar of your Heart to burn brightly so that the Holy Angels may come and assist you in carrying out the Divine Plan and the Divine Will of your own God Presence through these outer vehicles that you wear! And as your Heart Flame pours forth the Love of God — unconditionally to all of life — it consumes all unreality, all impersonal opposition to your lifestream and to the Light of God, and there is more of the fulfillment of the Fruit of God that all may benefit.

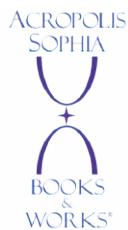

And yes, angry voices may still deride the very existence of God. Some may even shake their fist at God. Some may try to do bodily harm to those who uphold the Light of God within. But rest assured, blessed ones, all this can be erased, transmuted, consumed by the Light of God and the Ruby Fire when there is enough Love streaming forth from the Heart of those who know how to call forth the Light of their Mighty I AM Presence and the assistance of the Hierarchy of Light to move forward and consume the astral substance, the unreality, and the human creation that needs to go into the Flame so that the pure Heart Flames of God may truly have their day of Freedom and the fulfillment of the Will of their God Presence.

I, Lord Maitreya, have called forth the Angels of Chamuel and Charity this day to assist with the release of the Ruby Fire Action upon the Earth at my Decree so that there shall be a greater Momentum of the Fires of the Heart of God rolling across the Earth, consuming all hatred of the Light, consuming all unreality so that there can be greater Freedom in the Light of God!

I commend you to the unconditional Love of your Mighty I AM Presence! For as God has so loved you, you must so love God!

Go forth and proclaim the Age of Freedom! For the Light of God never fails! And the Mighty I AM Presence is that Light!

I AM  
*Your Maitreya*

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
