The I AM Command is your Authority

Entering into the Bliss of the Presence of God is a most wondrous activity. It is not intended to be a passive expression that comes upon you, but an energetic movement of the Flame upon the Altar of your Heart that surges forth to meet the Consciousness of the Mind of God and to receive in turn the Outpouring of the specific God Quality which your Presence desires to bring to the fore within you.

Many times you think that because there is a need in your outer vehicles for a certain outpouring of God to assist you in certain areas that the mere recognition of that need is all that is required on your part. Merely the knowing, you have considered, is sufficient to the outcome. But I, Lord Maitreya, tell you that for you to have the full thrusting forward of the Qualities of God that you desire, there must be an energetic striving, the full engaging of the Flame upon the Altar of your Heart. To simply abide in silence, not allowing for one erg of energy to pour forth from your being to trouble the atmosphere about you, will not establish a Momentum and a Charge of Light, nor bring about the Mastery you require over these Elemental Forces of Nature. And thus, you will not receive all that is within the desire of your own God Presence.

Many times you have had a need in life and wondered why it was that God did not supply all that you required on the instant. It is because, blessed ones, the I AM Command that is within your Authority must first issue forth the Charge of Light, exciting the very Elemental Essence that is within your purview, to take on that selfsame Quality and Momentum that will, in turn, bring you all that you require. When you establish the ability to abide constantly within the Will of God and when you maintain that flow

of the Will that is the Charge of God Power moving forward, expressing Illumination imparted upon universal life, you will discover, blessed ones, that the Flame upon the Altar of your Heart is so engaged with Life that you cannot imagine a way of life that does not incorporate that Will of God, the Touch of God, the Charge and the Momentum of God everywhere you go.

And yet, there are those times when many among the Sons and Daughters of God lose sight of what it means to be in that Charge, in that Momentum. And thus, they begin to rely solely and completely upon their outer vehicles and the human consciousness, manipulating their bodies by sheer willpower as a brute force they hope will propel them through life. They educate the human intellect hoping to outwit the rest of mankind on the playing field of humanity.

But is that why *you* embodied? Is that why you came into incarnation — to be caught in endless rounds of existence, exercising your own human consciousness, tethered to the wheel of karma, and forever living an exiled life upon the Earth without any vision of the Divine Attributes availed to you by your own God Presence? Your Mighty I AM Presence has vouchsafed for you a Realm of Perfection that you may enter, far removed from the human consciousness. There is the Charge of Light and Momentum of God that allows for the pristine Mind of God to come forth and direct all of your affairs in Divine Order, to teach you how to abide always in that Presence, how to don the Garment of that Light, how to have that Light establish the rolling momentum of Strength and Power that you require that will carry you through your days, exercising all of your affairs under the canopy of the Christ Mind. Then you do take full Responsibility for your own life, for you as the Christ are the Authority. And thus, you draw upon all that is God Good to anchor where you are.

Why is it then that the Sons and Daughters of God are still so tempted to sit back and entertain nothingness, allowing life to wash over them until by and by they take their leave from incarnation, only to come back again and again and again, each time putting on a new persona? But all the while, they are still tethered to the same Presence of God, the same Momentum of Divine Desire held within the Heart of the Presence, with the same lessons still to be learned, encountering over and over again the same Rituals of Life that are to prepare them to instill discipline, structure, the Charge of Light that their Presence desires to infuse into the body temple. All this is so that the many rounds of incarnation can, at the appointed hour, be finished and they can return to their true Home of Light, entering once more into the

Presence of the Mighty I AM, having gained the Mastery and Attainment in these worlds of the Elemental Forces of Nature that they have sojourned in for far longer than was intended.

Out of the thousands of years and so many incarnations, too many to recount at this point, most lifetimes have not produced enough Momentum of Christ Attainment to register within the Causal Body. Those lifetimes, blessed ones, were many times a total waste. I am most aware that I speak now to those of you who have striven mightily to accomplish the Attainment and Mastery that you have garnered to date. You have striven to discipline your outer vehicles so that you could be attentive to the Will of God.

But let us move into a new Momentum of the Charge of Light so that you can step up the acceleration and vibration of your vehicles of consciousness to be able to absorb more of the Presence of God. Let us together, you and I, examine those areas that remain within your life that do not hold to the level of the Vibration of the Christ Consciousness, that do not have bearing upon the acceleration of your lifestream, that do not allow you to continue to pour forth the greater fruit of your God Identity upon life. And then, let us work together to apply the Violet Flame, the Ruby Fire, the White Light of Purity, and the Emerald Ray to refine and purify those last vestiges of mortal consciousness within you that must go into the Flame.

Throughout the ages, you have been given opportunities to see those areas of your life that were not in keeping with the Light of the Christ. Also, by the Grace of God, you are given the opportunity to call forth that Light of God into the areas that you need not look upon, those areas you are not aware of, and consign them to the Violet Flame, allowing for your own Holy Christ Presence to put into the Flame certain areas of your life that you have ignored and others that have been hidden away in secret, even from your own outer consciousness. Those areas, blessed ones, are of no use to you. And yet, at some unguarded moment in the future, they spring forth into your active world and try to insinuate that karma upon the screen of your life when you are in a weakened state, not having called forth sufficient Violet Flame, or when you have ignored your spiritual disciplines for a time.

The realm of the astral plane and the psychism that pours forth from it erupts exactly when and where you are most vulnerable. This is why we come and remind you to keep the Charge of Light and the Momentum of Violet Flame always coursing through your vehicles of consciousness — not in a superstitious manner, but in a most deliberate and, yes, conscious manner that allows you to always be in Christ Command of your world. Just as you

must eat and drink the right foods and liquids to nourish the physical body, you must likewise nourish your outer vehicles of consciousness every day with the Light of your Mighty I AM Presence. It must wash clean all of the environment that you live in. It must establish a Charge and Vibration that rises above the negativity so that you are no longer swimming in a cesspool of unreality, but gliding along in the Christ Consciousness, ready at a moment's notice to respond to any part of life that is in need — for yourself, your loved ones, your community, your country, your world. For that eternal vigilance, blessed ones, is the Office of the Christ — to be ever ready in a state of Purity so that the Light of God can stream forth in all its glory and perform the necessary tasks to bring about the Ideal Consciousness wherever it is needed.

You are to embark upon an ever-accelerating Charge of Light in order to meet the appointed hour of your Ascension in the Light. When you are not accelerating, there is the tendency to decelerate and lose momentum, making yourself vulnerable to lesser states of consciousness. So especially at those times, blessed ones, when it is most challenging, when you are sure that life's challenges require every erg of energy of your being to mount up a Momentum with your Mighty I AM Presence to achieve a particular task, to overcome a limitation, or to have the Power of God where you are — let those times, blessed ones, not find an unprepared or unwilling heart or one who gives up and says, "Oh, maybe tomorrow, or the next day, or another day after that."

No, blessed ones, the pressure of the Light must stay constant. The Momentum of your Mighty I AM Presence does not cease to flow so long as your Heart remains consciously connected and the Will of your own Heart Flame is leaping into Holy Communion with your Presence. Let that connection be ever steadfast so that whatever you meet within your life, whatever challenge, whatever Initiation, you are already there in the Presence of God with the Charge of Light to move through it.

Throughout the coming cycle, we are preparing for a new Momentum of the Light of God to come forth. First and foremost, Purity will be required as the intent of your Heart and the desire to move into this new Momentum. But as I stand this day in the Flaming Ruby Heart, there pours forth the Emerald Ray to start the Action that you will be engaged in, continuing into the next Conclave.

Let this Emerald Ray establish wholeness in your life and bring Harmony into your vehicles of consciousness, so that as you put on more and more of the Presence of God, you will be knitted together as the whole of the vehicle

of Cosmic Consciousness of the Presence of God. Then all of your vehicles will be seated within the One Heart Flame, humming with the Intonation of the Keynote Identity of your God Presence, and streaming forth the Emerald Ray to bring about the specific current that you require and that you desire. This cycle, blessed ones, marks the point of permanent acceleration for all who desire to come into a greater Communion with the Presence of God.

Let your Heart be filled with the knowing that your Mighty I AM Presence so loves you that it intends to give you the opportunity to be in the Presence' Charge of Momentum that is to be released throughout this cycle. Your Presence desires for the Fullness of your vehicles of consciousness to vibrate in the Light of the Christ and hold fast to that Vibration, come what may, to carry you into the Ascension in the Light, to provide you with the Consciousness of the Mind of God always in the forefront of your conscious awareness so that you are no longer confused, confounded, but there is a lightning Charge of the piercing Ray of Illumination's Flame that is the guiding Light that you require, that you have desired for a long time. This is our Ascended Master Initiative for this present time and cycle for your lifestream to draw upon.

The Consciousness of God surrounds you. The Momentum of God propels you into an accelerated Vibration to lift you into the Heart of your Presence. Let this Momentum be with you every moment of every day so that as the acceleration begins to build you will be prepared. This is the Light, this is the Momentum, this is the Consciousness of God that many desire to have. Few are prepared to receive it. *You* are ready and have been prepared!

Let the Light stream forth!

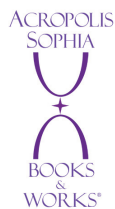

Be sealed in the Ruby Fire to protect the ongoing Initiation and cycle that is upon you. Know that as this Initiation comes forth, I, Lord Maitreya, will be watching and attentive to your Heart Flame.

Let not my Light go unnoticed or pass you by.

Let your attention be continually drawn back to the awareness of this Initiation so that you will not miss all the signs along the way of the acceleration of your lifestream.

I, Lord Maitreya, commend you for your Courage and inner Strength upon the Path to the Ascension in the Light.

Lord Maitreya
