Tucson, Arizona

Ready Yourself for the Great Work Ahead

The time has come when you are once more invited into the hallowed Circle of the Chohans to come together under our watchful eye, deliberating, discussing, and drawing forth your own genius in answer to Our Call. For indeed, We call one and all to come and expand Illumination's Flame, drawing forth the Patterns of Golden Ages fostered in the Mind of God. We, Initiates of old now Ascended into the Ranks of the Brotherhood, assembled in our Cosmic Councils, afford you the benefit of Our Wisdom and Our Momentum so that you are not required to draw forth these Patterns from a blank page of an unwritten story. For there is a true story that has long been etched upon the screen of life, and it shall take hold as each Son and Daughter of God fulfill their Divine Destiny, understanding and living the life of that story – the story of the Godhead Charioteer, of Heroes of ages past, and the story, yet untold, that you are called to embody.

The Elohim send forth Their Call through the Hierarchs and elemental forces of Nature. These serve each Elohim on their respective Rays and Dimensions of God Consciousness, sewing that Consciousness of Divine Direction, of Alpha and Omega, into the fabric of Life. The Archangels trumpet the Clarion Call of the God Qualities, clearing the way for each Son and Daughter of God to hear, feel, and know, firsthand, the Presence of God in their life. They stand as the constant reminder of the God Qualities that each one is to embody to fulfill their Divine Destiny. Finally, blessed ones, the Chohans of the Seven Rays and the Chohans of the Five Pranic Breaths bring forth Their own Momentums of Wisdom, Attainment, and the archetypal God Quality each one has come to embody so that you

might not only see and know by their example, but strive to develop the selfsame God Qualities already inherent within the Purity and Reality of the Light within you.

I, the Maha Chohan, know well that each one of you have come to these Teachings of the Ascended Masters for a variety of different reasons. But first and foremost, the priority of your Path must be to know the Mighty I AM Presence, to know that you are Home within that Presence, and that every good thing intended for your lifestream comes forth from that Mighty Presence. The more you realize the Individualized Presence of God as your True Identity, the greater awareness you will have of the Consciousness of God at work, both by a hand unseen in far-off worlds and ever close at hand. This God Consciousness may remain somewhat imperceptible in your own life until you awaken your Heart Flame to expand, accelerate, and grasp the True Nature of that God Reality, Divine Genius, and True Wisdom that abides within you even now.

Why are We so certain that you can accomplish this? We do know the record of your many incarnations. We do know that for some, the events of this lifetime seem to blight your ability to draw forth any measure of God Reality. But should such a spirit of inadequacy and resignation well up inside you, on the instant, flood the Violet Flame into that thought, that energy, that vibration. For it has no Power! You do have the capability to overcome every limitation presented to you by your outer mind, your outer emotions, or past habits. For yes, blessed hearts, the Power of God within you is great and mighty. The clarity of the Mind of God knows exactly what you must do at every turn of your life — which door to open, what path to take, what word to speak, what vision to behold. For yes, blessed hearts, you must be able to hold the Vision of your overcoming, your Victory, your fulfillment of the Qualities of your own God Presence here in this world of form where you reside.

How easy it is for you to forget that you have great assistance from Us, awaiting the opportunity to join you, shoulder-to-shoulder, keeping stride with your pace. For yes, blessed hearts, you are the one who must set the pace of your own overcoming. Never forget that within the blink of an eye, your world can change forever when you signal you are truly ready for that change!

And what enables you to be ready? Allowing the Purity of your Heart to flood forth, filling your life with purpose, with understanding of what

is right, not according to the ways of the world and the lowest common denominator of mortal consciousness so prevalent throughout the land, but of the God Consciousness and Vibration of the Christ!

Some of you came to these Teachings, first and foremost, to learn of your Mighty I AM Presence. You understood that when you were seated in the Authority of your Christhood, you could then accomplish certain tasks, the nature of which your human consciousness and your latent untransmuted karma skewed and distorted. But now that you have invoked the Violet Flame, the Ruby Ray, the Emerald Matrix, now that you have established a Momentum of Light within you, suddenly, your original motives have rightly become suspect in your own eyes.

It is not that you have lost your way or your sense of Divine Purpose. It is that you have begun to clear away the human conditioning of many lifetimes, and thus, you are becoming a clear chalice through which your Mighty I AM Presence might pour forth its God Direction, God Wisdom, God Love into that chalice at any time. Now every erg of energy has Divine Purpose, and your life is suddenly filled with a God Reality that you have not known heretofore, save that it is Divine and glorious to behold. Now you stand before your altar, clear of any desiring, save to stand forever in the Living Presence. No matter what you might have thought your reasons for coming to the Teachings of the Ascended Masters, this has become the greatest purpose of all. Once you are filled with the Light, you realize that your Mighty I AM Presence does indeed have its own Divine Direction for you. This is what We, the Ascended Masters, the Cosmic Councils, look forward to accomplishing with you — to have the Divine Estate of this awareness dawn in your world — for you to arrive at the conscious realization that at long last you are ready to begin to pursue your Divine Plan in earnest.

Oh, many preparations have already been afoot, and you have accomplished much in your early trials and initiations leading up to this point; otherwise you would not have the clarity to perceive the difference or the co-measurement. But when We, the Cosmic Councils, impart to you, the collective body of Torch Bearers, certain of Our Objectives designed to foster more Sons and Daughters of God to become aware of their Mighty I AM Presence, and ultimately, to stand in their own Christ Light, fulfilling their own Divine Nature and Mission, can you not begin to see how much more important and magnificent such a direction shall be for the greater good of all?

You have been taught the Five Great Pranic Breaths and of how, as you think, as you speak, as you feel, as you act, all of these reverberations of your own life's energy ripple out into the greater plane of these Breaths, establishing, yes, your momentum upon life all across the world. What a great responsibility that is! For once you have come to know that what you feed your life into, via your attention, will manifest in the physical world at some point in time — that realization in itself should give you pause to consider how fervently you invoke the Violet Flame daily, how diligently you will stay the course of your Path of Christhood, how conscientiously you will strive to be responsive to the promptings of your own God Presence, and how you will never give up, regardless of the peepings and mutterings of some element of returning karma pressing down upon your world and arguing against the Direction of your own God Presence and the fulfillment of your Divine Mission.

I have spoken to you of this because it should bring to each one a greater realization of the significance and importance of coming together for each of the Quarterly Conferences that are indeed hosted and drawn together with Cosmic Light and Divine Purpose by the Hand of the Ascended and Cosmic Beings. When, in addition, you are invited to sit with one or more of the Chohans during the celebration of the Wesak World Congress, can you not begin to see the value of the faith that We extend to you? Oh, We are most aware that some have not fulfilled the requirements of their own Christhood to date. Theirs is definitely a work in progress. But it is an earnest work and a sincere striving that has engaged the Torch Bearers of The Temple. Having recognized this sincerity, We desire to come together with you, compensating, with Our Light, for the lack of attainment otherwise needed before one is afforded the opportunity of these Councils.

We do indeed have a Plan. We do know precisely what the Sons and Daughters of God require in this hour. We do understand the journey between the present moment and the time when the Golden Age will prevail across the Earth. But for the Torch Bearers, the time has already arrived! For your Heart has ratified the Golden Age! Your consciousness already strives to adhere, with every thought, with every emotion, to uphold Harmony and Peace, and the Charge of Light built into an emotional body already responsive to the Mighty I AM Presence!

Perhaps you have not considered how important it is to your Mighty I AM Presence that you begin to think with the Mind of God, to love with

the Heart of God, to act with the full Power of God so you might contain the strength within your own vehicles to withstand the transfer of the Light that your Presence desires to release through your lifestream. You cannot forget for one moment that your Presence requires you in embodiment to work the works that it desires so that you might gain the attainment, the mastery, and the discipline over your lower vehicles that We speak of so often. Full mastery over the mind, the emotions, and the physical body requires the utmost effort on your part! You cannot forget for one moment that the Christ Light must imbue each of these vehicles so that you are in a constant state of readiness to fulfill the Will of your Presence.

Now perhaps you think in your outer mind that you already know what the Will of God is for you and for everyone else. Forebear. For I, the Maha Chohan, would be the first to say: "Go straight to your altar and do not leave that altar until you have called forth sufficient Ruby Ray to burn out any residual human creation that may be within your mind." I AM most aware that I AM speaking to our most devout and earnest students of the Light, but the day that you stop calling forth the Violet Flame or the Ruby Ray is the day when remnants of times past, untransmuted, begin to insinuate themselves into your outer consciousness, masquerading as the Will of God. This is why you are encouraged to strive daily before your altar, to uphold the Divine Vision of your Mighty I AM Presence sending forth the Light Rays from the Electronic Body to move into all of the areas of your life, purifying them, cleansing them, and preparing you for that pristine clarity of the Will of your Presence.

Likewise, you will wish to prepare for the constant, ever-changing transcendence of your life, for your Presence will not be bound to the status quo of what you outwardly think your ideal life ought to be. For as quickly as you become too comfortable, your Presence is no longer able to reach through those veils that you are tempted to draw around you to protect your mortal condition, your human creation that still remains. Therefore, you must constantly, with the Flame of Illumination upon the Altar of your Heart, search out those things in your life that you desire to purify, to cleanse, to refine, and to imbue with more of the Light of God. Until you are ascended, this must become the constant vigilance of your life. And this is how you will develop the co-measurement of knowing what is right according to the Vibration of God, and what is wrong, aligning itself with the human creation of the outer self.

When you come together for the Wesak World Congress, you are charged with the responsibility to spend the first day engaged in the Ritual We have called White Linen Day, donning your clean, white garment, joining with the Ecclesia of Torch Bearers in the sanctuary, and entering into meditation under Our Umbrella of Light throughout the entirety of the day. So that you might purify your consciousness, establish a state of Listening Grace, and prepare to enter into the communion with other Torch Bearers and the Chohans. So that you might draw forth, more effectively, clearly, and yes, effortlessly, how to carry out Our Goals and Objectives for this Activity that the Cosmic Councils have deemed important for this era and this cycle.

There is no room in this process for selfishness or ego. There should be no desire within any lifestream to show how great you might be before your brothers and sisters. For all within the Mighty I AM Presence are great in Our Sight, and each one has the ability to draw forth that Divine Illumination according to their state of listening grace.

I desired to give you this Instruction today so that those who are coming might have sufficient time to purify their consciousness and set their life in order. So that the vibration with which you come is one of Harmony, one of God Desire for the greater good of all, and most importantly, one of Wisdom. For that Divine Wisdom, which comes forth from your own God Presence through your vehicles, is what We call forth as the necessary foundation of the Wesak World Congress.

Do not look in the mirror and proclaim your own doubt or lack of Wisdom, for you would do a great disservice to your Mighty I AM Presence. You are called upon to reach into the very core of your being and draw forth the Ray of Illumination's Flame, or the Ray of Love's overcoming, or the Ray of the Will of God, or any of the Rays of God Consciousness where you have already developed a trusted momentum. Begin where you are. And let that beginning develop a greater momentum so that when you come together under the canopy of the Chohans, you will be receptive to a greater impetus of that very God Quality, enabling your Presence to make its Voice known to you.

No greater training could there be than for you to have the co-measurement of discovering how well you can work in Harmony and communion with your brothers and sisters who are the Torch Bearers of the Temple. Come. Hear the Clarion Call of the Archangels and Archeia. Receive the impetus

of Elohim. Gain the delineation of the Consciousness of the Chohans. And let your voice be heard as the pure strains of the Christ Mind are unleashed, no longer in bondage to your human creation.

Yes, the World Congress is an experiment, one which has already proven great merit. We trust that each time We hold these Councils with the Sons and Daughters of God who are not only Our Devotees but also avowed Torch Bearers of Saint Germain, We will be building upon Momentums of Christ Attainment and anchoring, in each of the planes of consciousness, more of the attainments required for a Golden Age. These charged Momentums of Ascended Master Light will continue to ripple out across the face of the Earth, touching Heart Flames, touching the minds, emotions, and physical bodies of those lightbearers who are perhaps outwardly unaware, but who have enough of the presence of their own Threefold Flame active in their life that they feel the shift in their consciousness, produced by Our Light. And this Action does change the world for the better.

Come Home. Come Home to Our Heart, where the Cosmic Councils can give you benefit of Their Direction. Listen to how you may fulfill the Divine Nature, of how you may bring about Their Agenda, Their Momentum, Their God Reality, as well as your own God Reality, thereby bringing the Earth into a Golden Age. Prepare your vehicles of consciousness. Do not wait for White Linen Day to begin, for We have much to accomplish and there is little time.

Be sealed by the Sign of each of the Chohans as They issue Their Seal upon your forehead for this cycle. Be sealed as the Seven Mighty Elohim of the God Qualities of Light and the Five Mighty Elohim of the Great Pranic Breaths imbue Their Fire upon your brow. Know that the Hand of God is at work in your life during this preparatory cycle. Do not be concerned if it takes your bodies a few days to adjust to this new foundation and equilibrium. Flow with the Light of these Great Beings so that you might prepare for all that your Presence has in store for you.

The Maha Chohan

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
