Bear the Shield of Elohim

As I, the Maha Chohan, part the veil between worlds so that you might begin to see into the Realms of Perfection and draw them closer, won't you meet those Realms with the desire of your Heart? For indeed that is necessary for there to be Communion. As long as any lifestream that is incarnate is content to live in the sameness of life, revolving over and over all that has gone on before throughout their many incarnations, they will remain mere mortals. Perhaps in one incarnation they will put on a particular attitude or habit, letting it rest for another incarnation, and drawing it back out again as though it were a new garment to satisfy the human creation and the outer appetites of the human emotions and desires. On and on, blessed ones, that karmic wheel will continue to spin round and round, and the lifestream will stay bound for hundreds, if not thousands, of incarnations, assuming the Lords of Karma and the Mighty I AM Presence agree that another incarnation would be fruitful and would bring a closer attainment to the return Home in the Heart of the Mighty I AM Presence.

That is the stark contrast, the inescapable choice that the incarnate Sons and Daughters of God are faced with daily. "What is my will, my desiring for life? Am I content with all that is familiar, or do I desire to draw forth the Flame upon the Altar of my Heart and have it expand into my mind with Illumination's Flame to draw me into the Mind of God? Do I desire to have the Will of God in the Blue Flame transferring Power to stay the fullness of my striving and Constancy in the Flame of God? And do I love God sufficiently to want God more than any other part of life, putting God before all other appetites of the flesh, the emotions, the intellect?"

Those are questions you must answer before forging on. For indeed, if you are to commune with the Mighty I AM Presence, there are requirements in your outer life. You will not be able to continue to pour the pure Light of the Mighty I AM Presence into unreality and impurity. For if you do, by the governing action of the Holy Christ Presence, that overshadowing Presence will recede back into the Fullness of the Mighty I AM Presence and leave you to your own devices to let the world teach you the highs and the lows of day-to-day life lived by the intellect, the human creation, the emotional body, and the actions that you have already learned.

There is an alternative. You have heard it here from this Altar. We, the Ascended Masters, have spoken it most clearly. But I rehearse this now for those who may be new to considering what are the options for their lifestream. What is it that you must do in order to bring about a return to Purity, to the Perfection of God, to wearing the Mantle of your Holy Christ Presence as exemplified by Jesus and so many others who have now ascended into the Light and who are entirely and forever free of that burden of human creation?

What is it that you want? What is your desire? Certainly, I, in my incarnations left the record of many stories that would exemplify those momentous decisions that had to be made in order for the Victory to come to the fore, and how when such decisions were not made by the Wisdom of God, there was calamity, even loss of life. And how, when there was the pure heart looking into the Heart Flame of one Ascended and staying the course with that Flame, ultimately there was Victory. Even when life and limb were lost, the ongoing records of Victory of that lifestream and many others continue to stand, to bear witness that there is more to life than what can be perceived by the intellect, by the human creation that is abounding in the mass consciousness, that there is more to be felt than registers in the outer emotional body. For the vastness of the seas of the Power of God can be transferred into your keeping when there is Attainment to harness that Power, govern it, and use it wisely. In all cases of true religion around the world, there are many avenues of attainment offered as the means of putting on these Garments of Attainment, or Enlightenment, as it might be referred to. But you have come to know it as your Christhood.

At the upcoming Conference, when all will come together under the canopy of the Twelve Mighty Elohim, they will release the Charge and the Momentum of their Rays to establish a Shield for you to borrow, if you will, until your own Mighty I AM Presence has fashioned your own Shield out of

the Attainment and Mastery of your own lifestream. And you will be able to bear it proudly, knowing that these Twelve Mighty Elohim have given you a priceless gift, a Momentum that you may garner and use wisely.

But therein is the key: Wisdom's Ray. Will you have enough of Illumination's Flame burning within your vehicles of consciousness so that Wisdom directs and executes all avenues of this Momentum that is lent you by the Twelve Mighty Elohim? You will need to learn the subtleties of their respective Momentums. What is the intrinsic value of the Quality inherent within each Ray and pure Momentum at the core of each, and how does that relate to you? How are you to draw it forth and apply it in your day-to-day life? It is not enough to merely know that it exists, to receive the gift and say thank you and store it away upon the Altar and then go about your worldly affairs in the ordinary course of action that you have already been about nigh too long.

The requirement for the wise use is that you study each Ray, the Momentum, the Quality of God and bring it to the fore in your own life, in great and small ways in your day-to-day experience, considering first and foremost before your every action, every word, every thought: Is this how Apollo in the Fullness of Illumination would address this circumstance? Is this how Hercules would address this incredible adversity of life that I am now faced with? Is this the Love that Heros and Amora would bring to the fore? And on and on, through all of the Twelve Mighty Elohim.

When you get to the Pranic Breaths, formerly known as the Five Secret Rays, you will begin to discover how absolutely necessary it is to make room in your life for the Momentum of the Secret Ray Elohim to actually touch your outer vehicles with their Charge of Light and Momentum. Yes, blessed ones, it is most physical. You will feel within your physical body, your emotional body, your mental body, and your memory body as well the flow and Charge of the Liquid Light, realigning every vestige of your being so that you stand in the Fullness of the Christic Fire, ready to transfer from the Realm of Akasha the Momentum of Purity that you truly are at the core of your being, transmuting, resurrecting all that is within you that is still not reflecting that Purity, not establishing that Sacred Momentum of Light.

And once you have tasted, you have felt, you have become an activity of any one of these Momentums and discovered for yourself the outer sign of the experience that has occurred, you will truly believe, and then be about the work of the Presence as quickly as the Law will allow, striving mightily to avail yourself of every gift that has been given by the Elohim, by the Chohans, by the Archangels. And you will not want to miss one Word, one

Momentum of Light, one Dispensation, for you have truly seen and believed. You will have felt and experienced the Light of God. And you will not forget. You will rehearse over and over in your mind that experience and others that will follow so that you will hold onto those Patterns of Purity and Divine Presence of God that are the natural estate of who you are.

So from that point forward there is no looking back, no rehearsing of the unreality that you once lived in. It is gone from the screen of life, for you have transmuted it all; and in its place the Resurrection Flame has burned brightly and sufficiently so that you can stand in the full Panoply of the Christos and know the Flame of God and take your rightful scepter of Divine Authority to be the Mighty I AM Presence in action.

That, blessed ones, is what the coming Conclave and Acropolis Sophia is all about. That is why it is important for you to be in attendance. Oh, yes, there are ongoing Conferences and Acropolises. We come regularly to this Altar to teach and instruct. But Dispensations do not always come along. Are you going to be present for this Dispensation where we will part the veil of the maya and illusion that you have lived under far too long so that you might embrace the Holy Communion within the Heart of your Mighty I AM and ultimately within the Allness of God?

For wonder of wonders, when you are in the Heart of your Mighty I AM Presence, you are in the Heart of the Allness of God Life, God Consciousness, and God Momentum! And therefore you are on your way Home. But only if you are able to maintain it. Not like so many who are untutored, untaught, uneducated, undisciplined in Cosmic Law, who will have experiences and as quickly as they leave this Altar return into their outer consciousness and embrace their outer activities. They begin to lose the Charge of Light and the memory of all that was so very wonderful in the experiences with God, their Mighty I AM Presence, Ascended Masters, Archangels, and Elohim.

So you see, blessed ones, the recognition, the experience, and ultimately the internalization is only the beginning. What then is required is to forge on, to fully embrace the Truth of all that you have realized is the Reality of your Divine Estate in God and how your heart relates to other hearts. How is this incarnation to bring about Attainment and Mastery so that you might graduate into the Octaves of Light in the Ascension and stand shoulder to shoulder with certain Ascended and Cosmic Beings, performing the work that is the desire of the Heart of your God Presence?

Ultimately, blessed ones, your own Heart Flame is the very Heart Flame of your Presence anchored within the Secret Chamber of your physical heart. So in your many incarnations, if you are in tune with the Flame upon the Altar of your Heart, you are marching toward your Destiny, the Destiny of God; and thus you are at bliss when you touch that Destiny. Even in your day-to-day life the increments of Light begin to unveil that glorious opportunity.

This is why you have a certain love for areas of life that you have been introduced to — apart and aside from the human appetites, which is another matter entirely. And that Attunement, that Christ Discernment can only be registered when the Flame upon the Altar of the Heart is engaged. If you are working strictly from the intellect, the emotional body, the habits of the appetites of the flesh, then you will not have the full recognition of the Light at work. It will be as though you have been blindfolded, you are deaf, immobile, locked in a box of your own making.

That is how limiting the outer vehicles would be, if not for the Flame upon the Altar of the Heart. That is why it is important to recognize that Flame, nourish that Flame, love that Flame; and then pattern your life after the God Desires that are establishing the Vibration of the Christ Light, the Presence of God, the beauties and joys of life that are naturally inherent within the Realms of Perfection.

The colors that you wear reflect the Light that you, as the Mighty I AM Presence, desire to shine forth, representing that Mighty I AM Presence. The establishing of your forcefield, the cleanliness, the order, the focuses — all are establishing a Sacred Vibration that hallows your forcefield. And when the Heart Flame is engaged in establishing that forcefield and others walk into it, they too will feel the Presence of God. They perceive your closeness to God by your very surroundings. And your surroundings do not have to be costly or expensive, nor contain all the finery of the world. They have to carry the Vibration of God. A simple stone, if beautiful and polished, can be a focus of the earth element and all of its steadfast Constancy afforded to you.

And you can apply this to every part of life. This is why the coming of the Twelve Mighty Elohim is so important. It is why what the Chohans have to teach you in the practical day-to-day life of becoming the Christ is so necessary to your attaining the Mastery that you require so that you can return Home in the full Freedom of the Light. And Freedom is indeed what we are talking about.

There is the necessity for the Sons and Daughters of God who are incarnate to have certain freedoms restricted until there is sufficient God Control and Wisdom to master the Light, the Power, and the Momentum that come with the Attainments of the Light of the Christ and the Mighty I AM Presence. But when that Attainment has been forged and won, there is no limit to the Freedom that can be vested upon the lifestream! This is a Freedom unknown by the outer vehicles. It is only known by the Flame upon the Altar of the Heart when it is allowed to expand to the fullest capacity of the Allness of God. And that unfoldment, blessed ones, will mark the day when you recognize that the Earth is only a way station to your final destiny.

Until that day comes, forge that Attainment you must! It will not be conferred upon you. It must be won by you alone. And to win that Freedom requires that you begin to put on the Light of God, the Mighty I AM Presence, in all its Glory. The Rays of God Consciousness that each of the Mighty Elohim will speak of and convey and that all of the Ascended and Cosmic Beings rehearse from this Altar for your benefit, will allow you to begin to draw forth from your Mighty I AM Presence all that you require to stand in the Fullness of the Panoply of the Christos.

Know that in choosing to participate in *The Shield of Elohim* and *Forging the Panoply of the Christos*, you, blessed hearts, will have taken an inner vow and commitment to the Lords of Karma to stand in the Fullness of your own Holy Christ Presence and be responsible for all of our Light that you will receive, putting it into wise use, increment by increment, as you are led by your own Mighty I AM Presence through your pathway to Attainment.

The Victory of the Golden Age begins with you. You have heard this time and again. Become the Golden Age of The One so that the Fullness of the Golden Age for the Earth and all thereon may be realized. Not one of you can accept any limitation in your own life and still remain true to what your God Presence desires for you. Not one! For each of you has been chosen by the Lords of Karma, by your Mighty I AM Presence, by the Holy Angels that tend to your Flame upon the Altar of the Heart to be the Fullness of all that you can be, here and now. Not next lifetime, not next year, not tomorrow, but now!

This is why the Cosmic Councils and the Lords of Karma have drawn forth this Dispensation of *The Shield of the Twelve Mighty Elohim* so that you might have a visualization that is tangible, woven for you to feed your

energy into, to remind you, and to keep you steadfast in your striving as you forge your own Christhood to the Ascension in the Light and ultimately, the Golden Age for the Earth.

This Freedom, blessed ones, is a Freedom that all will ultimately experience when the Flame upon the Altar of their Heart is ignited into the Ascension Current and the Oneness with God is experienced. That Freedom I hold in my Vision and my Heart for you.

Let the Flame of God burn brightly where you are as a Pillar in The Temple. Let the Light of God pierce through the darkness and cleanse the latent energies that would keep each one from having the Fullness of Communion with the Twelve Mighty Elohim. Let your vehicles of consciousness be prepared. And let the Fullness of the Light of God come to the fore to mark this in your consciousness, in your experience world, and in the internalization of the Light of God that you accomplish as the mark of turning the tide that you have long waited to experience and to move within.

Let the Golden Helicon carry you as a River of Light and Momentum into the Heart of God!

Prepare ye for the coming Conclave and all that is for you in the Victory in the Light!

I AM,

*Your Loving Father
and
Great Chohan*

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
