Enter into the Hallowed Space of the Great, Great Silence

As your consciousness floats above the mental miasma of Earth, you are caught in a wave of God Consciousness that streams forth from your own Mighty I AM Presence. It allows you to be able to break the bonds of the gravitational pull of the effluvia of the mass consciousness and even your own karma long enough to enter into the Hallowed Space that is the Presence of God.

Rehearsing this activity as a ritual of your Sacred Labor allows you to begin to forge more strongly those bonds that will safeguard you through every test, every trial, connected with the Consciousness of God. For indeed, it is out of the Great Silence and the Fullness of your own God Presence streaming forth that all is provided. All that you require to be at the forefront of your Victory and grasp it is there. As you run to greet the new day with anticipation of what God has in store for you, it is with the assuredness that you are prepared to be in the Fullness of God Right, God Wholeness, God Virtue.

Throughout every day's journey, you must hold fast to the guard consciousness to maintain that Stronghold of Light that Master Morya speaks of so much. He knows that the Will of God is most necessary for you to maintain the protective envelope required so that you have all of the Gifts that your God Presence desires to stream forth to you daily. And when the Stronghold of Light is secured by the Love of your Heart Flame, there is no thing that can penetrate it — save the Love of God, the Light of God, the Desire of your own God Presence. And that is as it should be.

When you invite another to enter into your forcefield of Light, you must understand, you are taking responsibility for what they bring. You will want to call forth sufficient Light from your own God Presence to hallow your space and maintain that hallowedness while you entertain them. It is always preferable that each one stand in their own Light, as well as equally yoked to one another in the Consciousness of God. Knowing this, you will take care to always walk in the Light of God where that Light is called forth by those around you. And should you be required to venture out of that Hallowed Space, you are required to take your own Stronghold of Light with you, firmly fixed in your consciousness and in the fabric of your spiritual garment, so that there is no encroachment upon the Gifts that God has entrusted to you.

These Gifts, blessed ones, are a Responsibility. That which you are given, you must use wisely. You must seed the Consciousness of God into God's Creation where it will bring forth the Divine Fruit of God Good. When the days are past and the fruit comes to the fore, you will know that your labors have been right and just, for there is the manifestation of every erg of energy that you, as the Presence of God, have brought into creation.

Most of mankind are unaware of their creative responsibility for every erg of energy that passes through them — every thought, every activity. But you, blessed ones, know what your God Presence expects of you and how to prepare your forcefield, and yes, your body consciousness, so that when the Light of God streams forth through Dispensation and opportunity, you are not scrambling to catch up, to somehow make yourself ready at the last moment. But you will have trained your vehicles wisely, charged them with the Light of your God Presence, maintained the Stronghold of Light, and sharpened your vision to have the keenness, the sight of God, to discern Right Activity, to engage in those Divinely ordained creative endeavors that you are to bring to the fore and those momentums that you will perfect as your own God Activity.

All life is an activity, blessed ones, afforded you by the Mighty I AM Presence. The Three Kingdoms of God come together in their unified action to support the Desire of your God Presence. And as this outer vehicle of consciousness, the incarnate lifestream that is you, engages daily in accepting the opportunity of life, you begin to learn that you cannot take any of the precious Gifts of God for granted. For when they are, they are oftentimes lost — perhaps only for a short time, whereas for some it will be an entire incarnation before these Gifts are allowed to stream forth once more and afford new opportunity.

Mark well the days of your life as opportunity to engage in the Fullness of God — to have the Hallowed Space of your God Presence scintillating the Light all about you so that you are preparing that place for the Holy Estate of the Hosts of the Lord to come upon you and assist you to clear away the debris that might otherwise silt in over your Hallowed Space and limit the boundaries of the Momentum of Light that your God Presence desires for you to release.

These glorious Angels know well how to maintain the Purity of God, for that is all that is held within their Consciousness. They know not how to misqualify God Life. Therefore, they can be trusted — trusted to protect you, guard you, charge your consciousness with their own particular Momentums of God Quality, to reinforce the Virtues of the Christ that you are to garner, and in every way assist you on the Path to your own Victory in the Light.

This is as it should be. For it is decreed by God Almighty that his Holy Servants, the Angelic Kingdom, shall protect the Christ Light and the Momentum of God wherever it moves in God's Kingdom. You can count on the Angels! We, the Chohans, hold them dear and call upon them each day to assist in the bringing forth of the Teaching, the God Qualities, the Momentum of God Life that holds to the Pattern of God in the Great Central Sun. And as the Rings of Fire ripple out into the atmosphere, away from the Great Central Sun, all are caught up in that Hallowed Space of God Perfection because of the Service of the Angelic Kingdom.

This is why, blessed ones, you are called to drink in the Light of the Archangels, to receive the Momentum of their Purity and God Consciousness, so that you might anchor the Fullness of your Christhood, the fulfillment of your Divine Plan, and in the cycle appointed by your God Presence, return to the Heart of God, Victorious in the Light!

The Momentum is great when all Twelve Archangels come. Just as you have experienced with the Elohim and with the Chohans, they bring a great impact of God Reality — not just for the Earth, but for each lifestream that engages, consciously, with them. When mankind holds fast to every erg of energy, every nuance that is registered upon their outer vehicles, that stirs the very cells of their body, every teaching they can hold on to, it affords them the opportunity to gain Mastery and Attainment that otherwise they would miss, and perhaps be required another incarnation to learn.

All this, blessed ones, in a mere twelve-day cycle for you to embrace. At the culmination, there are additional Dispensations that, if the attendance

of the students upon the Flame of God has been sufficient, if there are those who have arced their Heart Flame with that of the Archangels, then they will have completed a certain cycle. Having given their attention to the Elohim, to the Chohans, and now the Archangels, a magnificent triangulation will occur.

So prepare your consciousness. Set aside the time and yes, blessed ones, your attention to give to the Archangels. These cycles are a Dispensation for all Three Kingdoms to come in this magnitude. It portends great change upon the Earth. And for those Torch Bearers and students who are actively engaged, you would not want to miss one element of the Instruction, one increment of Light, or be late to catch that Momentum of God Consciousness when it is released.

There is much that the Earth is expected to accomplish. This is part of the preparation for the Golden Age. But for you here and now, it is not some time off into the distant future that you should be looking, but to the present! For this is the cycle that prepares the open door for the Golden Age. Without the participation of the Torch Bearers of The Temple® and the many lightbearers of the world, of those not even knowing of this Instruction, there could not be a Golden Age!

Take your Responsibility most earnestly to heart. Allow the Flame of your Mighty I AM Presence to so fill your chalice that you are prepared to do your part in the fulfillment of the Glorious Dispensations of the Three Kingdoms of God!

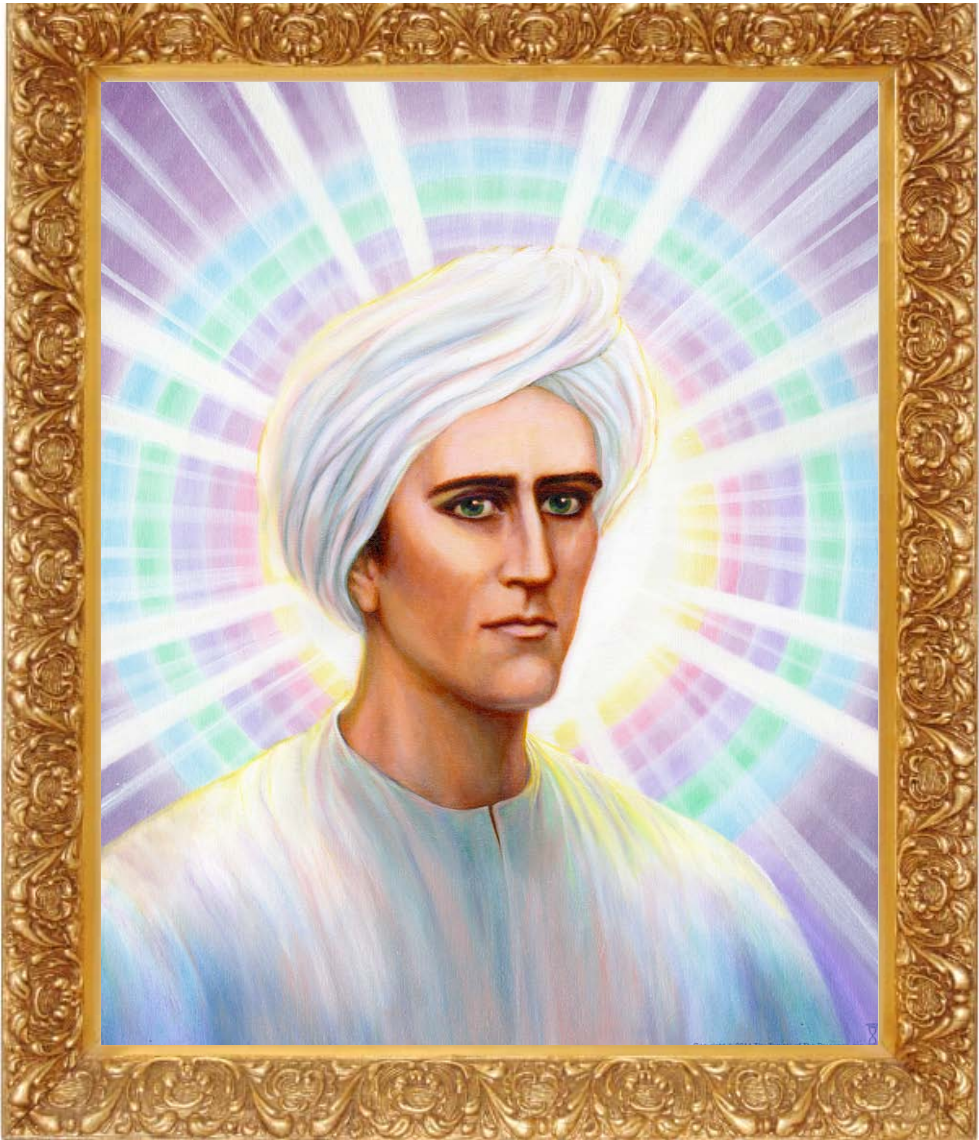

I, the Maha Chohan, seal you this day in my vow and my commitment as the Maha Chohan to hold you in the Comfort Flame of my Heart as you go through the initiations and cycles to prepare your consciousness to be at the appointed place, the appointed hour of the Visitation — the Visitation, blessed ones, of the Archangels and your own Mighty I AM Presence.

Entering into the Great Silence, “Going Home” in the Fullness of the Vibration that is your True Identity, this is indeed the preparation and the Hallowed Space that will reinforce your Chalice of Light.

Let the Victory be assured by your acclamation of the Heart as it leaps in Joy to enter into the Great Silence!

I thank you.

The Maha Chohan
