

Charity is a most misunderstood quality. There are those who perceive Charity as something to be given to the poor. Was it true charity when Jesus said, “Blessed are the poor in spirit?” Is it charity when one does not have to give, and yet gives? And what of receiving? Is it charity when one refuses the proffered gift?

I bring to your attention the Archangel and Archeia, Chamuel and Charity. The Archeia, Charity, embodies all of the God Qualities associated with Love. Love has many aspects, many shades of color, many actions. The true heart of the Archeia, Charity, is the fullness of all that is giving of the Love of God given unconditionally in every aspect of Life.

There are many times when you experience cycles of aloneness, of separateness or feeling cut off from all of your associations, from all of life. This occurs when the Heart no longer is able to receive the true Charity, the Love, that is extended to the heart from every source of God in Action. Oh yes, the heart receives the daily allotment of love from your own God Presence and this is wonderful to behold. And for those who have clarity of attunement and an open heart, this is sufficient for the nourishment of their lifestream.

But, what of that one on the Path who is just beginning to discover their Heart, who does not yet have the attunement to register the Fullness of God Love and is still dependent on God Love through other avenues of reality? God Love can come from many sources, many walks of life, many creative endeavors, many expressions of beauty. All of these can nourish the heart when the heart is receptive to the Pure Light of God. If you find it difficult to open the door to the heart, to receive the Charity of God in any of these areas, you will find that you will feel that you are alone.

So, let us work on becoming more a part of the Love of God in all of life. How shall we begin? Perhaps, it requires that you find a place of comfort,

a place where you can be undisturbed, removed from any aspect of the bombardment of negative energy, and able to sit in the oneness of who you are. For some, this will be difficult at first, for you are not accustomed to observing the reality of your own being. For the very mechanism that you have established to keep yourself from truly knowing the condition of your own heart is to stay very busy, very engaged.

The mere action of separating oneself from worldly activities to experience for even a short time the oneness of your own being, will truly be a test. All manner of excuses will arise to dissuade you from that action, but you must silence them, for you are about the sacred experiment of the heart. And for your experiment to be victorious, you must master all outer conditions that are not allowing you to hear your heart.

For your heart has a most special message for you and you alone. The message will not be loud. You must listen carefully, for the softness of the message is most delicate and quiet. You will find as you train yourself to listen for the sound of your heart, you will discover a certain peacefulness and serenity. As that is established more and more in all of your vehicles, not only in the physical, but also in the emotions and mind, you will be able to recognize how far away you were living and trying to exist away from the heart.

Is it any wonder then that you were not able to feel the true Charity of God in the midst all the chaos and confusion? Is it any wonder, the beauty and the serenity of the sunset or the ocean waves were not able to bring you a level of Love from God in nature? Most assuredly, those personal relationships with the ones closest to you were not able to be fully realized or expressed within the fullness of God Love. For there was never the time or the attention given to the heart. Hence, the absence of true charity expressed by that one who would otherwise love you.

Opening the heart is the first step to understanding Charity. For you can neither receive nor give without an open heart chakra. The open heart is not concerned with how one will love or what one will receive, for it is so expansive that the fullness of the pure Love from the Heart of God rushes forward and expels all that is unlike itself, not unlike the fire that is released from the heart of the Archeia Charity. The angels of Chamuel and Charity's band come forth into the earth to administer to the heart, to separate all of the chaos away from the heart, allowing for the return to the Silence.

There are many scriptures of past eras. There are many poems of loving hearts. There are beautiful songs, born from the Love of God on Wisdom's Ray. But none are so poignant as the true expression of the message that

your heart has for you. That oneness in the heart cannot be expressed in any song, poem or worldly beauty. It can never be truly described, for in describing it, one would lose all the essence of the precious protectiveness of that very moment.

So hold fast to your open heart -- secure it well and return often. By returning to the heart, you discover that it remains fortified and strengthened, safe and unafraid. The heart can withstand any chaos and confusion when it is allowed to be free to love. The heart is able to express in all walks of life. You have now trained the heart to be able to stand in the fullness of the expression of Charity in the earth. For, you now have a heart that can be opened safely, knowing that it is protected by the Love of God. Meditate on this until it becomes a reality in your world and you will truly be God's Charity in Action.

Lovingly I AM

The Maha Chohan

Oh, My beloved blessed children, can you feel, with Me the Joy in the hearts of those of Us when We can part that curtain that has so long separated you from Our sight and Our hearing and say, with sufficient clarity to pierce through the doors of your senses, We love you with all the love of a Cosmic Mother; with all the love embodied in the radiation of the Holy Spirit whom it is My honor; My privilege, My obligation and My responsibility to represent to the life evolving upon this small Earth today.

You can, perhaps, understand the gratitude that wells up within My own Heart Flame to find you at the doorway of Eternal Freedom, for I have watched your footsteps; I have watched your coming and your going. It is My honor to be the Guardian Presence on the Path when once the Light has expanded to a point where the figure of the Golden Man is drawn out of that small spark which has represented, up to that point, your individuality through form.

Now may I take you on a journey away from the world of form? You are no longer among those who desire to be comforted. All of life inherently has within the heartbeat that desire, but your names are written on the Scroll of Life as those who desire to be a Comforting Presence. Therefore, each one of you, individually, becomes My Disciple; becomes, according to your capacity, your perception, and your application, Myself in action -- in your own home, in your own service, and then in your greater development -- cosmically.

In order to be such a Comforting Presence, I want you to take that journey into the secret place within your own heart. Just for a moment, stand there and listen to the music of the electronic Light as it is released from the Presence, enters the heart, is inverted, and becomes that beautiful Threefold Flame of Eternal Truth.

Listen to the harmony within your own Light, and then you will feel that Light as it begins to flow through your bodies as Life, no longer seized by the appetites of the feelings, of the mind, of the etheric memories or of the flesh, but moving outward in that same musical radiation until it just blankets all the energy around you -- at first for just two or three feet in every direction and later expanding, with practice, to an unlimited degree.

The Flame is the conductor through which I and every other Son and Daughter of Heaven may direct the quality, the virtue, the momentum and the gifts of Our own Lifestreams for the Blessings of man. As your attention is on that Flame, you can have the same experience that the disciples had who gathered together in the Upper Chamber -- the feeling of My Comfort to Life riding forth on your own energy into the world of men. You will never know the fullness of Comfort in your own feeling until you can, at will, direct that Flame consciously to be the Master Control of the energy within and around you, according to the requirement of the hour.

For Comfort is manifold, My children, and each experience of your daily life will require of you a different activity in order to be a Comfort to those you contact. In some, the requirement may be for peace of mind; in others, the Comfort may be for the manifestation of supply; in others, it may be in the melting of a creation of hate or confusion. All are manifestations of Comfort, and when you have learned to let your own Heart Flame, like an open lotus flower, just conduct My substance of Comfort, when whatever the requirement of the hour may be, I will give you My momentum and, through you, will render the service.

I give to you today the full momentum of My own Magnetic Fire. Seize upon it in your feelings and accept it for it is only as real to you as your ability to accept it. Now, as I speak, I am recording into the substance and energy of your etheric bodies, into the vibratory action of your feeling worlds, as well as into the pliable substance of your thought bodies, the Truth that I am as close to you as your call to Me for Comfort either for yourselves or, through you, to others.

*Today I invite you into a closer association. We so long to be friends with the people of Earth, for there is a mystic bond in Friendship that can render such a mighty service, not only to the bound lifestream, but to the free. So I accept your Friendship, and I trust that you will accept Mine.**
