Establish Cosmic Law with the Sword of Truth

Under the canopy of Cosmic Law, you will initiate the Sword of Truth. As you have come to know, blessed ones, that Sword has its foundation in the Heart of God. For it streams forth the Perfection of the Almighty. It cleaves asunder the real from the unreal and allows you to be able to have the Christ Discernment to know firsthand the Truth of your Identity, your Ascended Master Way of Life, and all that you are to touch in the world of form, bringing forth the fruit of that Truth.

I, Pallas Athena, have long stood with the Sons and Daughters of God to establish the Divine Way of Life that you could adopt in this outer world of form in which you reside as your temporary home, so that you might embody the Light of God, engage in those areas of life that the very Presence, your Mighty I AM, desires for you to engage in, so that you might look about the land and see where there are those areas that you can bring forth a Godly Way of Life, a Divine Culture, infused by the Charge of God Consciousness.

It is not enough for the incarnation of the very Presence of God to meander lifetime after lifetime with disregard of their brothers and sisters of Light, of their home upon the Earth and what it requires, of the Peace that must be established to bring about a way of life that all can flourish within and move forward with the confidence, Fearlessness, and Courage that is infused in the Christ Light Consciousness that is to overshadow each of the Sons and Daughters of God.

The process of becoming the Fullness of the Christ is no small matter. Many past civilizations upon the Earth, as they have developed the ability to embrace the very Presence of God, have understood that it was worth standing their ground — not compromising, not allowing for the seeds

of doubt, human questioning and worst of all, *records of death*, to be sown into the very fabric of life that they lived. There was not the intent of these lifestreams to continue reveling in that mortal mass consciousness, and thus many broke away from the mass consciousness and began to adopt for themselves a higher way of life. And these, blessed ones, are the shining records that you read about throughout history, of those who have led the charge, who have heard and heeded the Voice of God, who have followed Cosmic Law and established more of the Momentum of Perfection of God in their life than would otherwise have come to the fore.

In this era, far too many look about and wait upon someone else to lead the charge, to make the calls to the Presence of God, to bend the knee before the altar, to create and bring forth the fruit of co-creation with God, establishing the necessary conditions that will enable the mankind of Earth to begin the leavening, the awakening of their consciousness into the Path of Christhood, and ultimately, as the Godhead Charioteer, leading the charge into their own Ascension in the Light.

You cannot wait on another. The Individualization of your own Mighty I AM Presence should be your standard of Perfection encouraging you in your own Individuality to draw upon the talents that your Presence has revealed through you, establishing those talents by the disciplines and the practices that you are learning through the Virtues of the Christ, so that you are honing and fashioning your life in accordance with all that the very Presence of God has called forth for the incoming Golden Age.

Throughout the ages, there have been those opportunities when the Sons and Daughters of God could have exerted great striving, making headway into truly anchoring in the Earth an Ascended Master Way of Life that would lead more rapidly into the Golden Age than you have witnessed so far. The leavening of consciousness may seem slow. Indeed, many times it could be equated to a slow moving glacier. This is because the Hand of God, not wishing to leave one lifestream behind, desires to catch up all in the arms of the Consciousness of God, leavening the whole of Earth's lifewaves.

Still you have come to know how tedious a process that can be when you look about and see how most lifestreams have no hunger for God. Theirs is a selfish path at present, concerned only with their own comforts, or those areas of life where they may sow seeds of discord. But you, blessed ones, have been shown Cosmic Law. You have a greater understanding than most embodied upon the Earth of what is expected by the very Presence of God. You have the still small Voice of your own God Presence speaking to you daily, in audible and inaudible ways, which are none the less tangible to your

lifestream, showing you the signs that you are truly on the Path that your Presence has desired for you.

Many across the land who do not practice the disciplines of the Charge of Light, calling it forth into their body temple, transmuting their own karma, establishing Patterns of Perfection and Purity, find themselves wanting in that Divine Direction that you have come to honor, respect, and love as the very Presence of God in your life. That prompting of your Presence, blessed ones, is the Hallmark of a Golden Age. And when there is also such a Love for God, such respect for all that God has brought forth, then you are establishing a Momentum of the Charge of God Light that will protect, purify, and keep holy all that the Presence of God has established in the Earth on behalf of the Firstborn offspring of the Mighty I AM Presence.

O blessed hearts, as this coming cycle begins to dawn, you have already been apprised that the Emerald Ray will be front and center. *I have called forth an entire day of invocation to the Emerald Matrix!* So on the occasion of the Crystal Chalice Jubilee, when you come together before the Easter Conclave, you are called to engage in a day-long vigil, invoking the Emerald Ray, the Cosmic Sword of Truth, that will facilitate anchoring within your own lifestream the Charge that will carry you into a greater receptivity of all that the Ascended Masters desire to release throughout this cycle. The Emerald Ray brings forth both Purity and Perfection so that God Perfection can be anchored in your consciousness! Not seeds of doubt, residue of prejudices — but the Purity of the Truth of your own God Identity will be firmly fixed within your vehicles so that you might build upon who you are at the core of your being as the Presence of God.

To bring forth a Golden Age, Cosmic Law must be anchored in the body consciousness of the Earth so that that Truth will ripple out across the land in each of the planes of consciousness and leaven the very consciousness of the Sons and Daughters of God to begin to be receptive to all that their own God Presence has for them, as well as the Ascended and Cosmic Beings.

Truly, blessed ones, you can mark this day and all such Holy Days when you come together under the canopy of the Ascended and Cosmic Beings as truly hallowed days of Divine Outpouring from the Almighty that bless you and will continue to protect you through all your endeavors, to see you through all of the challenges and initiations, the cycles that you must go through personally and collectively. For yes, blessed ones, all the while you are passing your personal initiations and gaining your Mastery and Attainment, you are likewise actively working on levels of world consciousness, telegraphing far and wide across the Earth the Patterns of God Perfection; broadcasting

Cosmic Law, the Truth of the Identity of each lifestream, the Flame upon the Altar of the Heart; proclaiming the Vision that God has for every Son and Daughter; maintaining the established Momentum that the Angels are bringing from the Almighty as that Body Consciousness of God.

What is the future for each one individually and collectively as the whole upon the Earth? We do not prophesy, but we most certainly can see when there is a particular record that continues building momentum over time. Unless or until it is arrested, that record will have an outcome and an effect upon life itself. It does not matter if it is good or ill. This is why you have been given the disciplines of Cosmic Law so that you can establish here and now godly momentums that will carry you into the Fullness of all that your Presence in the Christ Consciousness desires for you to complete!

And it is not enough to merely know a thing. Cosmic Law has always been, and perhaps you have always heard certain strains of platitudes that you thought were just that, platitudes, not knowing they were in fact Truths with a foundation in Cosmic Law, with a history, a source, an identity of that Cosmic Law that could not be overturned. You see, blessed ones, that is what is meant by Cosmic Law. No matter any law of the land, Cosmic Law cannot be overturned. And thus you, as the aborning Christ coming into the Fullness of your own, must know that firm foundation upon which you stand. Is it upon the rock of the Truth of God Identity or is it on the shifting sands of humanity?

Of course, here and now in my Presence it is easy to make that determination; and if posed again tomorrow or the next day or the next, you would always choose the rock of Cosmic Law. But what will be your response during those weakened states where the initiations begin to come in quickly, demanding that you handle this and that and the other challenge all simultaneously, showing the mettle that you are made of, the Charge of Light that you can draw forth from your Presence? What will you do then? Will you compromise? Will you manipulate the human patterns of life in order to muddle your way through? Or will you stand in the Fullness of the integrity of the Truth of your Identity as the Christ, holding fast to the Virtues that you have been shown, allowing you to draw upon Cosmic Law as the Qualities of God streaming forth from your own God Presence as Rays of Light and Momentum of Consciousness that will never fail you, will not let you down, that will enable you to have the Fullness of the Identity of the Christ Consciousness in your life and will carry you into the Ascension in the Light?

During this coming Easter Cycle, blessed ones, we, the Brotherhood, shall endeavor to refresh you, resurrect you, and establish more of the momentum

of your own first blush in the awareness of God as the Individualization of the Mighty I AM Presence — to remind you of your own source identity in God, that you are not a human being, you did not evolve out of the ooze of the Earth, but you have come into embodiment with the Flame upon the Altar of your Heart fully formed with the full-blown Consciousness of God, the Will of God, the Love of God. The very Heart of a newborn is the first to come forth and that Heart carries the Fire of the Heart of the Mighty I AM Presence.

Just so, that same altar that you have come to revere within your own being as the Secret Chamber of the Heart will hold steadfast with you throughout all of your incarnations, for that Flame never changes. It is ever constant. It is the Flame of the Mighty I AM Presence. It is the Flame that has always been with you and will always be with you. When you step into the Ascension Current, it will still be there and take on the expansion of your own God Presence.

So you see, blessed ones, you are never far removed from the Presence of God. Thus, your life — all that you do and accomplish within that life, all that you know, the land upon which you reside, the customs and culture that you bring to the fore and allow to flourish to expand the awareness of the beauty that has been shown to you by the very Presence of God — all this, blessed ones, is the Hand of God at work upon the Earth. No matter the country, no matter the culture — where the Presence of God resides, the very Vibration of God will come to the fore.

Oh yes, there are those regions of the Earth where you are sure no Light still remains. And you wonder how any lifestream could ever live, much less thrive, within that area of the world. But there are Heart Flames there, blessed ones, and you must call to the very Presence of God and the Angelic Kingdom to cull out those Flames that do require the assistance of the Almighty. For at some point they will break the bonds of their karma that has incarnated them into those regions, that downtrodden way of life. And then they will be free to reembody in a land of Freedom, once more expressing the Identity of God within them.

So you cannot discount those multitudes who are caught in the web of the few that are godless. Yes, there is a war afoot, blessed ones, but this war is fought by the Sword of the Truth of Cosmic Law, by the Flame of God Light and Momentum, and by those few who know the Power of Cosmic Law, drawing forth the very Identity of the Christ to stand in the Earth as the Pillar of Light and a Momentum of Fire known to you now as the *Shekhinah*

Pillar™. You, the few, will call forth the Rays of Light and Momentum of your Mighty I AM Presence and all of the *Entire Spirit of the Brotherhood of Light!*

As you do so there will be a marked difference in the Earth, for one after another after another after another, collectively and individually, you will make that difference. For your Heart Flames are united and you stand together as Torch Bearers of The Temple, invoking the Flame of Illumination of Apollo, invoking the Fire of Mighty Victory, establishing a Momentum of the Goddess of Liberty, and making the pathway sure, constant, steadfast in a veritable River of the Emerald Ray Light of Pallas Athena, that will bring forth, in alliance with you, the Golden Age. For I stand with you always. My commitment is never wavering, I AM always front and center and will lead the charge for you, if you will but follow.

Let this coming cycle of the Emerald Ray of the Sword of Truth and Cosmic Law establish upon the Earth the renewed acceleration and resurrection of the previous cycle initiated by the Goddess of Liberty as I, Pallas Athena, take up the Torch and the Sword of Truth.

Let the Light stream forth! Let the Momentum accelerate the Heart Flames far and wide in attention to this Flame, this Momentum, and this Teaching upon Cosmic Law. For the time has come.

I AM Your
Pallas Athena

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
