Bathe in the Newness of Life!

Blessed ones of my Heart, I hold open for you the doorway to new horizons, new vistas to behold, new awareness of God. For when the doorway of Love is opened wide and you step through that door, you cannot but experience the awesome, wonderful, and oh, so magnificent Presence of God that is waiting for you to behold every moment of every day.

The Love of God streams forth as the Mercy of God, by the Desire of God for you to be in that Fullness of the Divine Estate that produces the beauty of the flowers, the freshness of the air, the clarity of the stream, the vastness of the oceans, cresting and displaying the effervescence of Joy in their movement, the sound of the wind in the trees playing a song, reverberating the sound of the Cosmos. For yes, blessed ones, the elemental forces of nature learn from the example set by the Presence of God, executing the turning of worlds, the new horizons prepared for you which I speak of in this hour.

The elementals absorb into their consciousness the Intonation of God and, in like manner, as you put on your own vehicles of consciousness, you too are to put on the Intonation of God. This is why the Threefold Flame of your Heart resonates in each plane of consciousness, ever so close that you are always able to touch the Heart of God, to hear the Direction of God, to impart the Action of God through those vehicles, recognizing the Glory that is God — prepared for you by your God Presence, to live within, to drink in, to exhale and create with, all from within the Heart of God.

Could you begin to imagine any other place that you would care to be save in this Heart of God? Surely, you could be upon a warm beach, a high mountain top, surrounded by a giant grove of pines, places where all of the senses would drink in the sounds, the touch, the aromas, but none could compare to when you are seated in consciousness within the Heart of God, regardless of your physical location. For your Heart Flame has carried you into the vastness of the Presence of God that can impart to you the fragrance of flowers never known to the Earth, colors never seen by the physical eye, music never written or played on Earth — all of them rediscovered within your inner senses.

All of this, blessed hearts, because the Presence of God within you has announced, "I AM, and I AM here!" — taking dominion and expressing Freedom in every sensation, every creative endeavor, every thought, so that as I AM that Presence of God, I AM in the Heart of God, nevermore to return to that human state of being that is stripped of all vitality and of the God Consciousness that is ever present. So you see, blessed hearts, I, Saint Germain, bring you a Valentine this day that is the Gift of the Heart of God so that you might reactivate this record of your experience in my Presence any time you should feel a sense of unworthiness, of separation from God, of the lack in your life of the necessities you require. All things, blessed ones, can be made known to you right within the Heart of God.

There is no time and space in the Higher Octaves of Light. And as you travel in consciousness into the Vibration of your own Holy Christ Presence, of your own Mighty I AM Presence, into the Heart of an Ascended Master, an Archangel, an Elohim, you can magnetize to your vehicles — even into the most dense vehicle you wear — portions of the Vitality of the God Consciousness streaming forth from each of these Great Ones, to charge and accelerate all that you are, to put on more of the Qualities of God, to establish more of the Momentum of the Will of God, accelerating all areas of your life so that you might have a greater awareness of your own God Identity that you then impart into your day-to-day life.

This new horizon, which I invite you to behold, will bathe you in the newness of life. Just as the spring brings forth the new flowers, the buds upon the trees, the birds that sing, flying about with abandoned

freedom, so too your heart can envelop all that activity and carry you aloft into the experience of the Resurrection and the newness of Eternal Life forever being reborn. Throughout the Earth, different places experience the springtime at different times according to the position of the sun, but I must tell you a little secret. I lived many of my lifetimes forever in the springtime of life. Whether it be winter, fall, summer or the spring, it mattered not. I was always in the springtime of life, drawing forth the Presence of God, resurrecting latent energies that required the Flame of Transmutation, and ultimately releasing them back into the Perfection of God to once more come forth to carry out a task, a mission, a Virtue of the Christ.

As you embrace each day, it is my fondest hope that you will approach that day as though it was the springtime of life for you, a new opportunity to invoke the Light of God to transmute any remaining records of karma that must go into the Flame, putting on the Garment of your Holy Christ Presence, and allowing the Charge of Light to carry you through that open door of opportunity into the Heart of God Love throughout the remainder of your day, never missing one opportunity to share that Love, to create with that Love, to be in the Presence of God Love.

I trust, blessed hearts, that my Valentine for you and the Gift of the Heart of the Presence of God that I share will keep you tethered to your Mighty I AM Presence all the days of your life. You will drink in the springtime of life and all the Joy that God desires to bestow upon you as you learn how to be in that constant state of God Love.

Blessed hearts, I commend you to the newness of opportunity in life that is right within your grasp. You need not look to the right or the left, but right within, for there is your answer to every question, the source of every desiring, and of all the Hope for your future as the Christ.

Be blessed in the Love of God. And as you take your leave, preparing for your nightly sleep, think back on the deeds of the day, letting them go into the Love of God and vowing in your consciousness that on the new day which will soon arrive: "I will do better, for the Presence of God is upon me." Should you adopt this for yourself, blessed ones, you will discover that as quickly as the new day arrives, you are no longer carrying the old baggage into the new opportunity. Rather the Love of God that

you invoke in the Violet Flame rights all circumstances so that you might carry on in the Fullness of God Love and Joy.

The Angels of Chamuel and Charity have entered the atmosphere this night. They come to so charge the Sons and Daughters of God upon Earth with their Blessing, their Momentum of God Love, that you will feel your chalice overflowing and not be able to do anything less than love all you come in contact with. Let that Love pour forth. Step through this my doorway to new horizons and receive the Presence of God as Love.

I AM as I Remain Always,

Your Saint Germain
