Tucson, Arizona

Draw Forth the Abundance of God Light and Love

Blessed Hearts,

I address you in the Love of God, shining forth not only from my Heart, but from the *Entire Spirit of the Brotherhood of Light!* For you are held in the warm embrace of their Hearts' Love and Devotion to God, for it is the Flame of God that burns brightly upon the Altar of your Heart that commands the attention of the Ascended and Cosmic Beings! They stand in the Perfection of God, drawing upon the Truth of Cosmic Law, and as such, all of their endeavors, small or great, are for the Honor and Glory to God!

Their endeavors should be the example that you emulate, drawing to your waking consciousness the High Ideals of the Mighty I AM Presence, patterning your life upon the Perfection of the Presence, and allowing for the Love Flame of your Heart to truly embrace the Flame of God in all that you come in contact with, holding the balance for those who are in need, giving comfort when possible. But in all cases, you are holding the Immaculate Concept of their Divinity for them, even should there be the appearance of lesser states of consciousness.

Try to realize, blessed hearts, that you have a tremendous ability to outpicture vast and glorious feats of achievement that you are yet to accomplish! For in the Fullness of the Light of your own God Presence, the Glory of God can shine forth through you and touch life, imbue life with the Charge of your

God Presence. Therefore instead of feeling disdain, dislike, or revulsion when confronted by the difficulties of life that you are thrust into to overcome — take command and purify them by the Light of God!

You, blessed hearts, should be rallying to the opportunity to draw forth the Abundance of God's Light and the Momentum of Divine Overcoming that is right within your grasp! Far too many approach a daunting situation — such as the opportunities that I have just described — and they give way to their lesser impulses instead of centering their attention upon the Flame of the Heart, drawing upon the Virtues of the Christ, and invoking the Love of God to reach out and touch that part of life that is in need.

Oh, blessed ones, the Light of God abounds throughout the Cosmos in such abundance that you cannot begin to quantify it, much less exhaust it, for that cannot be. The Limitless Light is boundless. It flows for Eternity, for it is the very Body Consciousness of Almighty God. And you, blessed ones, are the Sons and Daughters of that Heart Flame of The One. Thus you partake of the riches, the Glory, the God Substance of the very Heart of God. You should want for nothing! "Lack" should not be a part of your vocabulary! The Abundant Consciousness should always be in the forefront of your mind. Even should your pocket have but a single coin, the Gold within your own Causal Body is actual wealth beyond measure!

When you have what you require as the sustenance of life to keep you in embodiment, to give you greater opportunity to breathe in the Breath of Life, to have the Heartbeat of God coursing through you, releasing the Light and Momentum of your Identity into these outer vehicles of consciousness you wear, then you, blessed ones, have all that you need! Oh, greed may abound in the Earth, but that is a mere perversion of the desire for God. Many find themselves stripped of the abundant life because they have squandered the Wealth of God so often that their returning karma dictates they must learn how to love God with little, save what they need to stay in embodiment.

You, blessed hearts, have been blessed beyond measure. For not only do you have all that you require as the sustenance of life, but you have the very Mighty I AM Presence and the Wisdom to know how to call upon the Presence, how to fill your chalice with the Love of God, the Abundance of the Light and Momentum of God that will carry you aloft above all of the trials and tribulations that so many complain about.

You have the ability to invoke the Light of God! The power of the throat chakra, coupled with the Charge of the Threefold Flame of your Heart

leaping into action, commanding the very Presence of God to come forth and answer your call is a Gift of the Gods beyond all others that so many in embodiment do not know that they have the opportunity to engage in. Oh, there are those who know of prayer, of meditation; some chant in the East. But you, blessed ones, have been given the science and the formula of your Decrees and Fiats with which to invoke the I AM Consciousness into your life. That means that the Love of God never leaves you, save *you* turn your back upon God!

The Healing Current of God's help and Abundance will always be there when you call it forth. Yes, there are those disciplines that you must practice so that you are in alignment with the Charge of God Consciousness that comes forth, so that you may receive the Blessings of God, so that you will then utilize them wisely, so that you are always putting your best foot forward in the Stature of the Christ! For that, blessed ones, is why we have formalized and stressed the five Virtues of the Christ, beginning with the activities of Responsibility, that allow you to refine these vehicles of consciousness that you wear to receive the Charge of the Rays of God Qualities that your Presence desires to activate through you at any given time when the Law requires.

So you see, blessed ones, you have everything you require. What remains is are you prepared to receive it? Have you truly called upon your God Presence, the Ascended and Cosmic Beings, anticipating and expecting the response to come on the instant? Then have you been patient, holding the focus of your attention as the Ray of God Consciousness upon that Necessity of Life until the Mighty I AM Presence deems the cycle fulfilled and not only manifests what you are to receive but also the manner in which it comes?

You do not have all the answers yet. You may think that you have great wisdom in these octaves of the physical, but there are many invisible factors that influence the ultimate outcome of your life. It is not just your own returning karma that can often be an obstacle to what you in a timely fashion require. There are many areas of the overall human equation that must be set in motion by the Light of God to bring to you all that you have asked for. And then there is the question of whether or not it is *wise* for you to have what you have asked for. Have you gained enough Wisdom of the Flame of Illumination to be able to use wisely what you have required of God to give you?

So the Presence says: "Ah, let us wait just a little longer. Let us be patient until you have walked further in the footsteps of this particular momentum

or situation. And then, little by little, let us try to see if you have truly learned the lessons life is trying to teach you. For I do not wish you to gain any greater karma! My focus and attention is upon you gaining permanent Mastery and Attainment, winning your Ascension at the close of your incarnation, should you be readied. But the question is, will you be ready? I have all the Love to give you. I have the Wisdom to impart to you. I have the Will of God to impress upon you. Do you desire these things that I offer above all else?"

That, blessed ones, is the constant Decree of your Mighty I AM Presence. For in the Constancy and steadfastness of the Eternal Now, your Presence is always there. You are never removed from the sight of God! Although the very Presence of even your own Holy Christ Presence must from time to time elevate its Consciousness out of the proximity of the human thought and feeling of your outer self when it is not in harmony, when it is agitated, when it is angry.

But when, blessed ones, you maintain a loving, caring Heart, imbuing life with the Comfort Flame of your own God Presence, just as the Maha Chohan does for you, when you establish a River of Light that is constantly uplifting you and bringing you Joy, then, blessed ones, your Holy Christ Presence has found its home and its permanency to abide forever right where you are! And the twain will never be separated again. For thereafter you can walk the Earth through all your endeavors in the Light of your Christhood, and all that you touch will carry the Charge of your own God Presence.

Oh, the Love of God — is it not worth every striving, every seeming inconvenience to make yourself available to the Mighty I AM Presence? For the Blessings are far greater than anything that the physical world, the emotional world, the mental world has to impart to you. They are for you to use wisely to impart the Charge of God Consciousness upon them, to carry you through your many incarnations until you have gained the Mastery that you require in the Light of God, so that you might stand forever in the Fullness of the Presence — never again to lower your gaze into anything that is less than the state of Purity and the Divine Expression.

So you see, blessed ones, this tutorial, if you will, on what it means to invoke the Light of God, to become that Light, and to live in that Light for Eternity is what the Teachings of the Ascended Masters are all about. The Presence of God is always with you. It is only the outer vehicles that refuse that Presence, that ignore it, that rebuke and rebuff what the Presence gives so freely.

When you learn to give of your own Heart as God has given to you, you will become that Heart of God. When you learn how to impress upon life the very currents of Life that are entrusted to you by the Elemental Forces of Nature, that Divine Estate that is your rightful heritage, then, blessed ones, you are making great strides, winning Victories upon Victories for your Mighty I AM Presence. And that is what your Presence looks to — to see whether you have mastered certain of the talents that you still require in order to move into new areas of life, new arenas, new plateaus of the awareness of God. And even when you are ascended, there will always be much for you to learn. Though the Mind of God will always be within you, still you may look forward to mastering and executing all of the Principles of Cosmic Law in your future life as an Ascended One. And this is the Wonder of it all, the glorious unending Opportunity to engage in ever-expanding co-creation with God!

Do you think that I, Saint Germain, gained all of my Mastery while in incarnation? Oh, blessed ones, I would not be the Hierarch of this cycle of two thousand years were that the case. So much more has been learned and attained while working in the Octaves of Light with Ascended and Cosmic Beings, sitting in the Councils. And what do you suppose is on the forefront of the consciousness of so many in these Councils? It is the Sons and Daughters of God embodied upon Earth! “What may we do for them now? How can we give them more? Are they ready to have a new Charge, a new Momentum released in the Earth to accelerate their consciousness, to be able to believe their Mighty I AM Presence is right there?” That, blessed ones, is what the Cosmic Councils discuss.

You are most important to the Presence of God — yes, first and foremost, to your Mighty I AM Presence. But the collective whole of the *Entire Spirit of the Brotherhood of Light* sends the pressure of their Heart Flame, their Momentum, and their overcoming Victory for you to call your own. What remains is the free will election that you make to embrace God, to receive the Love of God — and to give that Love in return. And not just to God, your own Mighty I AM Presence, but to God in all of Life, in the Sons and Daughters of God, in the Children of the Light, in the Elemental Beings, in the Earth herself. The practice of loving must be conscious. And one must take care that the vibration they are in fact emitting is true to the intent. For many want to love, they desire to love, but their actions or words, the very energy of their being, does not telegraph love. So then, how do you love?

First and foremost, you love God with every erg of energy of your being. It is unconditional, without any expectation of return, even though you know that the Presence of God will always love you back, tenfold if not greater. Once you have learned to love God, you begin to practice with those in your family, your community — even those who you know not personally, even though they are a group of lifestreams or a culture far removed from yours. Just because you do not know them does not mean the Flame of God is not present and that you should not be practicing the unconditional Love that the *Entire Spirit of the Brotherhood of Light* extends to you.

This is how you practice becoming an Ascended Master. This is how you begin to put on the garments of your Christhood. For the Christ is a loving Presence. The Flame of Illumination is burning brightly there. And with great care and consciousness, the details of day-to-day life are marked in accordance with this assessment: “How is the Flame upon the Altar of my Heart engaging? What may be done to assist? Am I sure that I have not committed any offense? Is there sufficient kindness to telegraph the very Love that I feel in my Heart?” All of this, blessed ones, seems to be most elementary. But by the time many have grown to adulthood with their returning karma unbalanced, the callousness of the mass consciousness settles in, and before they know it, they have lost touch with the true vibration of their Heart.

So you must strip away every erg of mortal vibration with the Violet Flame. You must allow the pure Love of God to wash you inside and out, through and through, so that you can stand in the Holy of Holies and profess your Love for God and receive that Love back. Then, take note of the vibration. Establish a written record that you can mark in your consciousness to return to over and over again, to build upon, so that at the appointed hour when you are called to engage with another and should their vibration not be one that you care to be in the presence of, nonetheless, you have your Momentum of God Love that you can return to and allow for the touch, the words, the energy that you emit and give to carry forth that Love to them, regardless of any lesser vibration.

So you see, blessed hearts, you cannot become so caught up in your life that you forget the small details that are ever so necessary for you to make your Ascension in this life. Oh, yes, it is great to do all the grand overtures and to carry them through. But the many small details of life will mount up greater than all of those grand and glorious achievements, and they are the ones that your Presence is most concerned with. For they establish your Path, the direction that you will follow, what you will accomplish, magnetizing

those whom you desire to associate with, those whom you can assist with your Light and your Calls.

I, Saint Germain, have taken the time this night to detail all of this. Oh, you could have put on or read many of my Shakespearian plays wherein much was written in great detail to show you what was right and what was wrong — some in comedy, others of tragedy. But, blessed hearts, the time has come now where we can move beyond the plays and discuss Cosmic Law, for no longer does Cosmic Law need be hidden. You may appropriate all that you require; for it is all laid out plainly before you. What remains is what will you do with it?

The Cosmic Councils have worked long to come to this point where mankind could receive this much of Cosmic Law open to the world. Much is expected of you who have taken it to heart, who are internalizing it and making it your own. And so we wait patiently with bated breath! For we see on the horizon the Golden Age! What will it take for the mankind of Earth to likewise see that which you as the devotees and disciples of the Ascended Masters have seen? What will it take to ignite the Flame upon the Altar of the Heart of mankind in a fiery, swirling action to *leap* into their consciousness and carry them aloft into the Fullness of their own Mighty I AM Presence so that they, too, may Light the world, just as you are called to do?

So you see, blessed ones, on a day when so many are focused with their attention upon love, let *the Love of God be forever the focus of your attention!* And it matters not if it is translated to a Universal Love, a personal love, or a Love for God. For the Quality of God Love, when it is true, carries you all the way to The One. When God shines forth in all the Glory that The One holds in Consciousness for every Presence, you can be sure that it is with great Love!

That I, Saint Germain, have adopted as my Desire — *to be in God Love!* That is why I have chosen to become Masterful with the Violet Flame! For in disseminating the Violet Flame, it is returning purified Life back to the Heart of God! And I can think of nothing greater to bring me Joy!

So, blessed hearts, receive my Love, my Violet Flame this day! Reach out and touch the Heart of God, of your own Mighty I AM Presence, of every Ascended and Cosmic Being — and especially my Heart! For you have my Love and my Devotion.

I thank you!

Saint Germain

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
