Receive Illumination's Flame and be God Victorious!

As I, Sophia, stand in your midst, radiating the Light and the Consciousness of Wisdom's Ray, I behold the starry field of your own God Victory, established as a Golden Pathway of Light that you might follow lifetime after lifetime unto the Victory of your Ascension.

Many of the Sons and Daughters of God embodied upon the Earth have fully embraced a worldly way of life for themselves, not expecting any change, any shift, any betterment, but a sameness day in and day out. All the while anticipating, yes, that somehow there is still a better way of life that can be lived, one that breaks the bonds of those areas of consciousness that are limited, bound by outworn doctrine and dogma, prejudice, old habits, lack of Light.

What a sad state of affairs it would be if there were not the opportunity for those lifestreams to embrace all of the Divine Possibilities for themselves that are inherent within the Light of their God Presence, to be wrapped in the garment of the Christ Light, to receive increment by increment the Streaming Consciousness of the Mind of God daily. Tragically, such opportunities are often ignored, passed over, even with the utmost striving of the Heart Flame. When the initiations and the cycles of life are not fully embraced in Victory, that Light passes them by, is not absorbed into their consciousness, is not held firmly as the Seed Ideal of God Identity to foster a way of Life that can bring about their own Victory in the Ascension.

Many lifestreams have tasted that Light, have felt that Light, have experienced the internalization of Wisdom's Ray in one episode or another of their own life's journey, and have understood there is more to life than the majority of mankind have been led to believe. What more is it, then, that fosters the

Faith in the Perfection of God, the Divine Destiny of the lifestream? What missing ingredient will bring about the courage and the strength to carry on? *It is the Awakening of the Heart Flame:* to embrace life, to reorganize the very course and direction of one's life, to enter into the Vibration of the Holy Christ Presence and the Divine Outpouring that is always available, always ready to anoint the lifestream with all that is required to overcome any sense of limitation, any struggle that may seem to be going on in one's life, and to anoint the Crown with the Golden Elixir of Illumination's Flame!

Throughout the course of one's life, there are many opportunities to make certain decisions that will mark an important turning point in the direction of that lifetime. Some small decisions are in fact rehearsals that prepare you for that ultimate Divine Opportunity when you must elect to stand in the Holy of Holies and receive the Light of God, to be the hands and feet of the Light of God, to speak with the voice of your own Holy Christ Presence, and to be that Perfection of the Vibration of God that does not prattle through life, wasting away the days, the hours, the moments, but embraces how very precious all of the avenues of Life are that are presented to you.

Oh, surely there are those times when each one going through their life's initiations will cry out to the Mighty I AM Presence: "Why this, O Lord? Why must I receive this initiation? It is too hard! It is too confounding! What must I do? Why, O Lord?" But as you are well-schooled to know, there have been many saints of old, many now Ascended Masters who in their own embodiments have uttered just those same pleas to the Mighty I AM Presence. So what is it, then, that enabled them to overcome, to embrace the circumstance, to summon the inner strength to stand, to face, and to conquer?

It is, blessed hearts, the acceptance of the Light of God pouring forth in all of the Divine Attributes of God Quality, of Virtue, of Divine Elemental Force prepared and ready for the Christ Command to enlist the assistance and the aid of the Great Pranic Breaths so that as you breathe in the God Qualities inherent within your own God Presence, you are able to exhale the Divine Creativity and etch upon the screen of life all of the qualities that your Presence has desired for you to achieve. You are then able to draw upon the record of that experience in the future, building on your Victories — one upon another — until that final Opportunity when you are called upon to step into the Ascension Current and you behold the Akashic record of all of your Victories simultaneously activated. And you recognize that all along your God Presence has been the Initiator and the Doer. In the final raising of these outer vehicles, built up lifetime after lifetime by the Hand of God, you have

the Opportunity to weave together your many Victories and to achieve the Mastery of the Elemental Forces of Nature that otherwise would not have been possible, marking the Attainment that your God Presence desired. This would facilitate the exercising to the fullest the creative powers of God in the Ascended Octaves under the canopy of Elohim so there could be the ability to expand God in the pure nature of the Body of God throughout the Cosmos.

Blessed hearts, your God Presence desires the Fullness of the Light to pour into your vehicles of consciousness so that you might be prepared for all that is your Destiny. When you consider how many Sons and Daughters of God there are upon the Earth and the fraction of those who have embraced even the notion of God's Reality, you can begin to appreciate how far the expansion of the I AM Reality of God must be spread. For it is not enough to know God exists. Your life's work is only fulfilled when your lifestream recognizes the I AM and thereby internalizes the Power of God, the Love of God, the Wisdom of God, and all of the God Qualities that stream forth as a result of the Threefold Flame that is anchored within each of the planes of consciousness.

Do you suppose for one moment that your God Presence is so lofty, so high in vibration and attunement upon the Great I AM that somehow the Threefold Flame of your Heart must go begging for its attention? I think not! For though the I AM Presence is firmly fixed in Consciousness upon the Great I AM, the Threefold Flame of your Heart is always in communion with the Allness of your God Presence. This means that at any moment, regardless of which plane of consciousness you are focused upon, you may have immediate entrée into the Allness of God and the Great I AM.

So whenever you are tempted to feel diminished, less than, or lacking in the attainment or ability to achieve that which has been placed upon the Altar of your Heart as your Divine Mission, consider how close is the Hand of God that you might receive and how within the vehicle of Consciousness of your Holy Christ Presence you are capable of breathing out all of the Christ Commands to achieve every nuance of your Victory. This, blessed hearts, will bring about a Golden Age for the Earth, when the Many Sons and Many Daughters of God are vested in the Christ Light, beholding the Presence of God and initiating cycles of the Fire Breath of the Mighty I AM Presence of each one for Holy Purpose.

As you prepare your consciousness for the coming cycles, blessed ones, won't you attend to the Threefold Flame of your Heart and chart your course to experience the opening of all that is required for you to receive the Wisdom Ray,

to be the God Victory that is the intent of your God Presence? I, Sophia, will attend to your Flame during this, the coming cycle of the New Year, charging Jophiel and Christine, Archangel and Archeia of Illumination, and their legions to be in attendance to your Flame, to be alert to the circumstances which you encounter, to assist with Illumination's Flame, and with greater Clarity and Purity in your waking consciousness. So as you embark upon a new Way of Life, you will not look back but look forward into the Sun, the Great Central Sun, and mark in your consciousness the Divine Outpouring that you experience from the Heart of your God Presence.

There is much to be conveyed to your lifestream during the coming Conclave and Acropolis Sophia. My Presence shall overshadow these events and will draw forth the Golden River of the Helicon closer than heretofore so that you might drink in my Consciousness that prepares you, each one, for your specific and Divine Calling under the canopy of God's Presence.

Let the Light so shine upon you that you become the Radiance of that Presence of God that you truly are.

I seal you in this Divine Matrix, in Purity, in Illumination, and in God Love.

I AM your Mother of Wisdom,

Sophia

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
