Your Own Secret Kingdom in the Presence of God!

Throughout the ages, there have been those who have drawn into manifestation music, prose, poetry, stories of Divine Dreams that are in Reality first held by your own God Presence for you — they speak of Love!

And when you understand that the highest Love is God Love, the Love of your God Presence for your outer vehicles, for God in Life, you begin to realize that many of the trappings of the human consciousness have no power in your world. For the greatest Power of all is the Power of God Love! And when you are firmly anchored in the stream of that Love, all of the loves of your life are transformed into the highest Love, the Supreme Love that your God Presence can engage in with you!

If yours is a selfish love, there is no room for God. If it is a conditional love, there is no eternal flow of the Love of your God Presence. So as you elect to continue on your journey as a Son and Daughter of God, consider, what type of Love do you desire in your life? Will it always be one that is self-serving? Or will it be the pure Love of God, that Divine Nature of the Perfection of your own God Presence, streaming forth all the God Qualities that are the natural estate of your True Being so that you might live, move, and have your Being within that hallowed space?

When my Beloved, Sanat Kumara, and I first began working with the lifestreams upon the Earth, it was most evident that the major missing ingredient that was needed desperately to achieve overcoming Victory was God Love! Love contains within itself the understanding of how the

pure Nature of God knows no obstacle, no limit, rather streams forth only that Purity that is within the Mind of God, the Heart of God, the Body Consciousness of God!

Throughout the ages, there have been those who have referred to me as the Goddess of Love. Is it any wonder, when my Full Mastery and Attainment is in pouring forth out of the pure Heart of God all the varied dimensions of God Love, from the gentlest caress of the Comfort Flame to the most intense of the Ruby Fire? For they all are born out of the Realm of God, where the Divine Nature displaces and consumes all unlike itself!

And thus, when you are firmly enthroned within the flow of the Light of your God Presence, you are in command of all of the areas of your life that you require. You are no longer needy, desiring of another, or others, or possessions, to satisfy the yearning within you. For the closer you engage with your God Presence, the more those yearnings drop away, and you find yourself filled, content, comforted! The necessities of life present themselves to you with little or no effort on your part. For the Mighty I AM Presence has filled you beyond measure! There is no limit to all that the Presence of God can pour forth for your wise and good use. It is only when God's Light is misused that it is withdrawn, so the outer vehicles are compelled to learn the disciplines of Cosmic Law, and to once more abide within that hallowed space of the Consciousness of their own God Presence.

When the Secret Love Star shines forth its Radiance of Cosmic Light, those upon the Earth who are attuned with the pure Love of God know of its presence. And though most know not how to call to that Glorious Star, their hearts do understand that contained in the Fullness of all that they receive — even if it is only for a moment — is a gift, precious beyond measure!

For some, that momentary glimpse is all they need to hold fast for an entire life, rehearsing it over and over again within their mind, their emotional body, focusing on that singular event in their life, reminding them of the Presence of God. But you, blessed hearts, should be at a level of attainment to go beyond a singular event in your life drawing you close to your God Presence. For it is hoped by now that each day you are entering into that Holy Communion. That when you arise, your Heart Flame is filled with the Light of your God Presence! And the Light from the Secret Love Star that streams forth the Light from the Great Central Sun, establishes a fixed

point of awareness in your consciousness that serves as a great foundation upon which you can move through your day, knowing that the Presence of God is all about you!

You need not struggle; for in the struggle, you remove that closeness of your own Presence and thus are required to stand in your own Light, absent the greater support and assistance of the Hierarchy of Light. So when we caution that you should maintain your Harmony, that you should establish your connection at the beginning of each day, first and foremost it is so that all that passes through you from that point forward is in Divine Order according to the Will of God, the Wisdom of God, and most assuredly, the Love of God!

As I, Venus, look upon the Heart Flames of the Many Sons and Many Daughters of God that have embraced a greater Love for God in the Divine Purity that was intended, I hold out my arms to convey to you the Fullness of the Love of God that is the Cosmic Light that my Beloved and I stream forth to assist you in knowing the Perfection of God.

For I know that when our Love is felt, many begin to allow our All-Consuming Love to dissolve away the barriers to their own Heart Flame, expanding the Light of their own Secret Kingdom in the Presence of God. Then they begin to understand in the fullness of time that glorious Oneness of God Love, where the singular Perfection of God surpasses all outer conditions that may have heretofore been so tempting, but are nothingness in comparison.

Understand that Divine Love elevates your vibration, enabling you to move in and around the world of your earthly pilgrimage without engaging in the unreality that is so prevalent. For you see, the Mastery that you have been sent by your God Presence to attain is to utilize this glorious realm of time and space, conceived by the Elemental Forces of Nature at the hand of Elohim, so that you might gain the Wisdom, the God Control, the creativity of Divine Manifestation and the Outpouring of God Love to bring into actuality the Fullness that is held within all that is God Good, all that is within the Realm of the Great I AM.

Understanding this, you will discipline your outer vehicles to adhere to those things in life that allow the closer walk of your God Presence where you are, overshadowing you in the vehicle of the Holy Christ Presence, streaming

forth all that is creative, all that is good, all that is Divine from your Causal Presence, and allowing for the Fullness of the Patterns of the Will and Desire that is your God Presence's Heart to manifest in your life! You put on a new perspective of life. You realize that many of the things that you have desired are not really your highest or best use of the very Pranic Breaths that God has entrusted to you with which to love, to care for, to utilize, and to expand the Presence of God within!

The Cosmic Laws of Life are far more practical than most at first conceive when it comes to time and space. For once you understand how the Mighty I AM Presence can and will move, create, love, and establish its Life where you are, you begin to understand that without that Life, there is void, an absence of Joy and Beauty! Time merely moves to a certain point and then ceases to be. Then the Flame upon the Altar of the Heart must return back into the Higher Octaves, the Secret Kingdom of your Mighty I AM Presence, and prepare to come again, beginning all over, many times with the same initiations, interacting with the same lifestreams, going through the same cycles of training.

Understand that your Presence is hoping that this time you will be God Victorious! You will remember the training that you have received in the Octaves of Light! You will hear the Voice of the Masters ringing through your ears to remind you! And you will have the expansion of the Flame upon the Altar of your Heart, filling your vehicles of consciousness, so that you are sure to pass every Initiation and be God Victorious, moving on with your journey; not getting caught up in the antiquity of your karma; but allowing for the Fullness of the New Day to dawn, the Day of Victory when the Presence presents to you new opportunity, new cycles to engage in, to behold the Presence of God in you fulfilling the work, the Joy, the Love!

Therefore keep in the forefront of your consciousness that throughout the coming cycle, the Secret Love Star will be pouring forth to the Earth a greater abundance of our Cosmic Light and Momentum of God Consciousness to reinforce that Bethlehem DayStar of your own Electronic Body within your consciousness, making it brighter than any outer circumstance of life — brighter than any area of your own untransmuted karma that would draw you back into unreality — and allowing you to gaze into the Face of the Bethlehem Star of your own Mighty I AM Presence, making that your

life, making that your highest Love! Then all loves that come forth from your Heart are instantly swept up in the profusion and perfumed fragrance of the Love of your God Presence! Then the petals of the Rose of your own Heart are opened, fully and completely, to allow for all that is the natural God Reality that is your True Divine Mighty I AM Presence to be revealed in your life, not only for you, but for those about you to drink in the Presence of God that you are!

I, Venus, and my Beloved, Sanat Kumara, are standing side by side, radiating our Love and our Momentum in Illumination's Flame so that you might know all that is there for you during this Holy Estate of the Secret Love Star and your own Mighty I AM Presence!

Let this Love stream forth! Let the Golden Light of the Great Central Sun illumine your pathway to this Altar to drink in the Body Consciousness of the Great I AM!

Remember our Love. For this Love will sweep through all the events, all the joyous occasions as you come together, one and all, to share in the Good Tidings of the Secret Kingdom of your own God Presence and the Bethlehem DayStar shining forth as the self-luminous Electronic Starry Body of your Mighty I AM Presence.

Go forward in the Love of God! And be blessed by the anointing of your Mighty I AM Presence in the pure Love that you are intended to abide within all your days!

Venus

Public addresses to the students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
