

The Commanding Heart of Love

For those whose Hearts are intended to hear my instruction, I say to you: Put away the childishness of your preconceived ideas of life. Allow for your Heart to be treated by the Radiance of the Ascended Master Light that pours forth at my command so that your Mighty I AM Presence may reveal to you the Truth of your Identity in God.

I, Nada, know well what it means to follow Cosmic Law, that Law that is founded upon the very essence of the Heart Flame of the I AM Presence. For it is that Flame that is the great magnet that knits together all who are to be drawn to the fore, both ascended and unascended, to create and expand the very Presence of God. When there is an absence of Love streaming forth from your Heart, there is not the ability to truly cognize the Flame of Illumination. For what is Illumination and all of the Knowledge of the Mind of God if it does not hold within it the tempered Love of the Presence intended to be sown into the whole of the fabric of life? And what of the Will of God? How can one truly desire to be in the Will of God if there is an absence of God Love? For the Divine Will is inseparable from Divine Love. All creation is drawn forth out of the Purity of the Divine Will. And you in turn desire to be one with that Will because you love God.

When there is an absence of God Love, how can you begin to love any part of life? Oh, there are many who wish to draw to themselves from others, some element, some quality that they are lacking and therefore they will pretend to love. They will project upon others some form of glamor, some enticement of words and deeds to enrich themselves.

But when the Love of your Heart Flame flows forth effortlessly, that Love, blessed ones, surpasses all other experiences of this life. Love draws to itself the purest elements of life in all its forms. It allows for the individual that engages in the flow of God Love to see the most beautiful nature of God in all things, all people.

It is this God Love, blessed ones, that is the center of your life, the center that is the Threefold Flame of the Heart. The Stream of Life enables your Presence to enter into the communion with your outer vehicles as it flows through your world under the direction of the Will of God, by the Illumination of the Mind of God, and by the Love of God drawing all things Pure and Holy into your keeping.

The coming Conclave is oh, so important for every Son and Daughter of God who truly desires to come into the Christ Consciousness. For the presiding Ascended Masters will impress upon each Heart Flame the Glory that abides there. The Ascended and Cosmic Beings who come to address you will draw forth the Flame and the Current of Light and Momentum from the Great Central Sun to assist each one in truly knowing their own Heart Flame and thus knowing their Mighty I AM Presence. There are many of you that I am most aware have given your time, your energy, the attention of your mind into the Teachings of the Ascended Masters. You have gleaned much, and yet for some there is still the burden of subconscious doubt or unworthiness that remains. I am here to tell you that is not real. For the very Flame upon the Altar of your Heart gives you the license to believe the very best of yourself. Oh, there are still those habits and records going on in the outer vehicles that must be disciplined, refined, transmuted. But for you to truly come into the close communion with the Heart Flame of your own abiding Presence, you must begin to banish every thought of unworthiness or disbelief.

Find one thing that has occurred in your life that you cannot explain outwardly save that it was the Light of the Mighty I AM Presence, or the Light of an Ascended Master, or the Light of your own Heart Flame that answered the call, that snatched you from impending harm, illumined you and sent a flood of Light over your vehicles announcing the Presence of God. It only takes one such experience in the Light to draw to your outer consciousness the awareness that the Presence of God is, in Truth, who you are. How else could you explain it? Would you forever attribute all that is good

to the Angelic Kingdom, to the Ascended and Cosmic Beings acting from the Ascended Octaves, ignoring your own Mighty I AM Presence, ignoring the possibility of the intercession of your own Christhood here and now?

To truly draw the Holy Christ Presence forth requires the understanding of the Threefold Flame of your Heart. When you love God enough, you will be drawn to that Flame. It will begin to sift through and filter out the unreality, all of the discord, anxieties, all of the harshness of human consciousness that is so seated in the mind and emotions of the masses. And you will find many times your life will be as though you are in a bubble of Light, sealed off from those things that you might remember affected your life at one time. That bubble, blessed ones, is the Light pouring forth from your own Mighty I AM Presence, establishing its forcefield and allowing for the Flame upon the Altar of your Heart to take command of your life, to have the Peace and Patience, the forbearance with lesser states of consciousness in others, the Compassion, the Holiness, the Harmony — of all those calls that you have made for so long to be here and now God actualized within your being. That, blessed ones, is the Ideal Life of one who has embraced their Mighty I AM Presence, who has heard the Voice of the Ascended Masters, has felt the Charge of Light and the Currents from the Great Central Sun streaming forth to keep you in the Holy Communion you desire.

One need not worry that they will become bored or less than fulfilled with this new Way of Life. Oh, blessed hearts, I, Nada, can tell you that there is so much Joy and experience in the Realms of God Reality that you cannot begin to engage in all of it while still in incarnation. Even as the incarnate Christ you will be looking toward the time when there is that Opportunity for the Ascension in the Light, for you understand even more now that you have experienced the Holy Christ Presence, the flow of your Mighty I AM, the very real possibility that you may become an Ascended lifestream.

O blessed one, how glorious it is to drink in the Light of God, preparing you to fulfill every Divine Outpouring your Mighty I AM Presence desires for you to achieve — to touch life with the Charge of God Quality and to allow the Rays of your own Mighty I AM Presence to stream forth, to facilitate your efforts, your momentum, your Godliness while you are gaining your Mastery in the earth, water, fire, air, Akasha — all knitted together in the flow of the Flame upon the Altar of your Heart and the command of the Holy Christ Presence.

Blessed one, I call you to the banquet of the Harvest, to enter into all that the Ascended and Cosmic Beings desire to share with you so that you can appropriate into your own body temple the Charge of Light, the conscious Momentum of Illumination, and the Fullness of your own Mighty I AM Presence. For that, blessed ones, will be a glorious event for you to carry with you all your days while still incarnated in the Earth — and to carry with you as an Ascended One.

For yes, blessed hearts, all of the glorious experiences in God, the Creativity of Purity, of Light and Momentum of the Consciousness of God, the loves of your life, all the Love freely given in Purity, unconditionally, compassionately — all of that, you carry with you. You will not forget the kindnesses that are shared with you from time to time, or the good you give that others might share in your life. All of this, blessed one, establishes a rich heritage of your own lifestream, held fast in the Causal Body, waiting for you to read the record of Akasha of all the good and all the joys.

There are many who consider that this life is a burden. For the weight of their own returning karma, their sadnesses, and the absence of God in their life has kept them locked away from all that I have described to you that is waiting just beyond the veil of unreality that has continued to be rehearsed in their life. Beyond the veil lies the Truth of the Identity of their own Heart Flame and their own Beloved Mighty I AM Presence! Therefore share with them the Love that you have experienced, the Joy, the communion that you have witnessed, and let the Truth of Cosmic Law® begin to take hold in the fabric of life for all the Sons and Daughters of God, for its time has come. The long journey of the past and the cycles of unreality must be broken. And you, blessed hearts, are ready to lead the charge into the new awareness of God Reality. Oh yes, you know that Love is as old as the hills. For since the creation of the Earth at the Hand of the Almighty, all has come forth by the loving Heart and Hand of Elohim, by the Great Secret Love Star. Rejoice, blessed hearts, that you have come to a point of clarity in your Attainment to know the Truth of God and your ability to enter into the embrace of your own Mighty I AM Presence!

I, Nada, will be in attendance for the entirety of the Conclave so that the Ruby Fire of my Heart can pierce through those most resistant records — if you desire. The Fire will be present upon this Altar in a more expanded

awareness to those in need. As the Oriflamme Chalice® pours out the streaming Consciousness of God, be bathed in that Consciousness. Let it carry you into the opening of the Threefold Flame of your Heart to truly know life as the Christ.

Come! One and all, regardless of your background. For all are welcome who have a sincere desire for God as God is revealed in this our Activity.

Nada

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
