# HAPPINESS IS YOUR VERY OWN INDIVIDUAL GODHEAD CHARIOTEER!

**Harvest Conclave 2022**

## ***Consign Your Burdens to the Violet Flame Cauldron*** **Discourse — October 5, 2022**

To initiate the Keynote of this Festival of Rejoicing and Happiness, glorying in the Magnificence of our own God Consciousness, Beloved Saint Germain has requested that we take a collection of a different sort. The Angels of Archangel Zadkiel and Holy Amethyst will offer you the Violet Flame Cauldron for your donation. This is your opportunity to consign to the Violet Flame all the residual worries, burdens, and other onerous things that weigh you down and to give them as an act of sacrificial giving, so you may enter into the true spirit of rejoicing and receive the new Dispensation of the Ascended Master God Consciousness being proffered to you at this time. With this Dispensation, you can open your Heart to the Universal Outflowing from Elohim Okeanos. This magnificent Cosmic Being has offered not only the Cup of his own Ascended Master Consciousness but has offered to focus that Consciousness for you. For those of you who have ever lamented that you have not had the full baptism of Fire of the Consciousness of your God Presence, you will rejoice in this Dispensation! Now you can experience an expanded Ascended Master Awareness of Consciousness — the Light that is Victorious at the final Initiation of your Ascension in the Light!

***Express the Joy of Winning Your Ascension***  
**Goddess of Liberty — October 5, 2022**

The Goddess of Liberty holds you fast within the Charge of her Fountain of Light to complete every detail required for you to gain your Victory in the Ascension at the close of this lifetime. The Ascended Masters have brought forth Dispensations for every cycle to clear all debris from previous incarnations, so that you might have the Fullness of Love that allows you to express the Joy of Freedom in every aspect of your life. When your Threefold Flame is allowed to unfurl and saturate your vehicles with Purity and Perfection, you shall realize how the Truth of your Identity will fulfill the purpose of your embodiment by expressing the passion of your Heart to expand the Flame of God. With every thought and activity that signals your desire to have the overshadowing of the Charge of Purity of your Holy Christ Presence, you are establishing a Current of God Consciousness within your lifestream. You will then be telegraphing Peace, Joy, Happiness, and all the Goodness of Life. With the expanding Fountain of Fire of your Threefold Flame, you realize that you are changing. You have discovered a new Love – a Love for Freedom. And you may discover within yourself an acceleration of that Threefold Flame that carries you into a higher ability to know your Mighty I AM Presence. And entertaining Angels in your midst, you are truly a blessing to God in Life!

***Return to the Eternal State of God Consciousness***  
**Discourse — October 6, 2022**

God Consciousness, in all its Glory, was present in the Garden of Eden Golden Age Civilization which existed before the fall of mankind. At that time there was the unbroken Oneness of the lifestreams consciously tethered to the I AM Presence. Sadly, this conscious Oneness with the Mighty I AM Presence seems to be lost

for many. The good news for all is that this Sacred Consciousness is native to the I AM Presence within everyone and can never truly be lost. Through the Crystal Cord, your Presence sends the Liquid Light of God Consciousness into your world moment by moment. As you give the undivided attention of your four lower bodies to your Presence, the God Awareness of the White Fire Core of the Crystal Cord energies is deposited into your lower vehicles, restoring all to God Perfection. If you safeguard your attention, you will avoid the wholesale waste of this precious energy which can lead to an untethering of the outer consciousness to the Presence. This Teaching is directly tied to the Vision of the Brotherhood of Light for all the Sons and Daughters of God as the pressure of Ascended Master Light presses upon the slumbering Heart Flames of millions, expanding their capacity to hold the Light.

### ***Win Your Ascension with the Violet Flame!***

#### **Beloved Portia — October 6, 2022**

Beloved Portia bears witness to the Violet Flame, the Divine Love of God, a gift to you from her Twin Flame Saint Germain. The Holy Alchemy of the Violet Flame will give you the Freedom to enter into closer communion with your own God Presence. This blessing can be yours when you invoke the Violet Flame and receive the Dispensations from the Lords of Karma to set aside levels of your karma. This occurs because you have the desire to balance past mistakes. As you review the activities of your Life, your Holy Christ Presence will bring to your mind the areas that need to be put into the Flame, freeing you and giving you Peace and Harmony. You begin to recognize how vital it is for you to transmute your karmic records daily, so you can be about the work that your Presence desires, allowing you to embrace all that is God Good! As you prepare for the fulfillment of this incarnation, be sure you are applying the gifts of your Three-Fold Flame that

will help facilitate the Purity needed for the Ascension Current to flow. You are to be an example for the awakening of the Sons and Daughters of God! As you expand your calls and visualize the Shekhinah Pillar over areas of need, you begin to realize that your own Mighty I AM Presence has given you the opportunity to make a difference in the world and to win your Ascension!

### ***Truths of the Ten Commandments***

#### **Discourse — October 6, 2022**

In the name I AM THAT I AM the Ten Commandments were entrusted to the Children of Israel through Moses by the Nameless One. These simple tenets have a Truth and a transcendence, but they must be applied with Illumination to be understood correctly. Leaving behind the misinterpretations, with the publication of *The Magic Presence* came the concept that physical embodiment is for the purpose of perfecting and illuminating an outer body whose vibration can be raised to blend with the body of the I AM Presence. Your Presence is like a gardener planting its own spark in all the elements and sending that spark forth to take dominion in these outer worlds. The purpose from the beginning was to draw that mastery back to the body of the Mighty I AM Presence, and that is why the Divine Incarnation takes place. The Ten Commandments, when illuminated, provide aspects of Cosmic Law that assist us in gaining our mastery.

### ***Rejoice! The New Day has Dawned for Your Lifestream!***

#### **Lord Maitreya — October 6, 2022**

Sealing you in Ruby Fire and anchoring the Emerald Matrix in your life, Lord Maitreya proclaims, “Rejoice! The New Day has dawned for your lifestream!” It is time for you to excel beyond where you think possible. You are required to receive the Light and to allow the Light to work through you. That is how you gain your mastery and attainment. Anchor the Light of God of your Mighty I AM Presence where you are and be that

Presence in all areas! The more quickly you transmute old records, purify your consciousness, and make room for God, the greater the Communion you experience daily with your Presence. It is with the Authority of your own Presence that the Initiations from Maitreya's Momentum ensue. You are encouraged to write down your Initiations, but not to speak about them. For each time you share that experience, you dissipate the Charge that your Presence desired to establish within you. Connecting with your Presence, the Masters, and the Archangels is the key! Should you find yourself sliding back into old habits and patterns not in the Christ Vibration, call to Lord Maitreya. But be ready for him to come and be sure that you are ready to change!

***The Ascended Master God Consciousness and  
Electronic Body of Your Presence***  
**Discourse — October 7, 2022**

You and your Mighty I AM Presence are in this life together! As you expand your awareness of the Consciousness of your own I AM Presence, you can better step down that Consciousness into your world. Practice the "Undivided Presence," but do not elevate your mortal self in its present state to be equal to your Presence. The highest level of Individual Self-awareness is that of the Great God Flame of the Twin Rays. All that is there in that Great God Flame is out pictured as the unique Pattern captured in your Electronic Body, fashioned, formed, and sustained by The Great I AM and The One. The Pattern of your Electronic Body and the Consciousness of your I AM Presence is perfect, accomplished, fully actualized, and already complete. And within your Electronic Body's perfect Pattern is the Pattern of the Ascended Master. And the Consciousness of your I AM Presence is that of the Ascended Master. So, when you comply with the Law of Octaves, your Presence has the capability to exert the same mastery exhibited by the Masters. Be empowered by identifying yourself with your Ascended Master Presence and its Ascended Master God Consciousness.

## ***Invoke the Golden Helicon Shield to Accelerate and Refine Your Vibration!***

**Lady Master Leto — October 7, 2022**

Leto stresses the importance of invoking the Golden Helicon Shield. This Shield affords you the immense opportunity to have your Presence draw into this Golden Disk all impurities, consuming them and annihilating their records. Invoking the Golden Helicon Shield is one of the most expedient ways to deal with circumstances that try to disrupt you from fulfilling God's Will. And by invoking this Shield, you establish a step-up and refinement of Vibration required for your Presence to pour more Light into your vehicles to carry out its desires. This is the stepping-up necessary for your Ascension! Giving the Violet Flame and the Emerald Matrix, and establishing the Helicon Shield allows you to reach the state of God Awareness that you require. Take the time to know and love your Presence, to allow for Healing to flow from your Presence into your world, and for Truth to be anchored so you no longer have misconceptions. Each day is an opportunity for unfolding more attainment and communion with your Presence. Exercise daily all the Blessings that have been shared with you so that you fulfill the Law of The One, the Law of your Presence, and establish the Christ Light where you are!

## ***The Flame of God Consciousness***

**Discourse — October 7, 2022**

The poster for this Harvest Conclave depicts a self-luminous chalice and Unfed Flame. That Flame represents the Ascended Master God Consciousness shared by your own I AM Presence. God is bringing that Flame and that Consciousness to you and anchoring it in the etheric double portion of the earth element. As you guard, nurture, and love that Flame, it will build. And that Flame will exude God Consciousness, which will radiate through your four lower bodies. This Flame is identified with the

Ascension Current. One of the aspects of the God Consciousness of your Presence is Light, and your Presence's Consciousness is its own eternal Source of Light. When you affirm, "I AM Light!" it is a statement of fact for your Presence. And that Consciousness is the Light that never fails. There is the focalization of that Consciousness at the Electronic Body and the simultaneous embracing of all that is there in the Great Central Sun. Have Faith in the Power of your Presence, in its Omnipotence, its Omnipresence, and its Undivided Oneness with all of God Creation.

### ***How to Generate the Upward Momentum Toward Your Ascension***

#### **Goddess of Light — October 7, 2022**

Welcoming you into Akasha, the Goddess of Light presents Instruction on how to live an Ascended Master Way of Life that will assist your upward Momentum toward your Ascension. She also teaches you how to draw upon the Mind of God and be the Christ Command, plus how to *move* in the Light and *become* the Light! The Goddess of Light desires you to grasp that the true Power and God Direction to achieve any manifestation worthy of your Heart Flame comes from your Presence through Akasha, given for your wise use for a cycle. So always consider: What is the cycle? What is the Wisdom? She stresses that your Presence is as close to you as your Heart Flame. Let your Presence work through you and build upon that Momentum! You are learning how to draw upon the Divine Records and Momentums of your previous victories and upon the vastness of your Presence. Do not limit your Presence for what is possible for you to achieve! The Goddess of Light desires you to enter into a closer Communion with your Presence consciously — so periodically each day, let your consciousness soar to your Presence and allow your crown to bathe in its Light.

## ***Let Your Heart's Love Define Your Service***

**Discourse — October 8, 2022**

To join the Brotherhood in the Great Work of the Ages requires having a love for God in all of life and following the direction and Vision of the Ascended Masters. Although your natural proclivities might tend toward a certain direction, that may not be the avenue your Presence and the Masters need you to pursue right now. Your Heart Flame knows the Path you are to follow and that is where your Faith should reside. The Ascended Masters will never lead you astray, for they are one with your Mighty I AM Presence. The Path laid out for the Torch Bearers of The Temple in the Great Commission might seem audacious in the short term, but the Vision the Ascended Masters are asking you to engage in extends far into the future. They have never wavered in their determination that the Golden Age will come to pass. That is the starting point of offering yourself up to the Great Work of the Ages.

## ***Victory Is the Light of Your Mighty I AM Presence***

**El Morya — October 8, 2022**

Forging your Destiny under the canopy of your Mighty I AM Presence at The Temple of The Presence is facilitating a foundation and establishing a Momentum that bears Truth, resonates with your own Heart Flame, and allows for the Fullness of your own Mighty I AM Presence to come to the fore! You have determined to fulfill the Will of God and that is the whole Victory of the incarnation. Being within the Will of God allows you to unfold the Divine Love of God, the Divine Illumination of the Mind of God, and the Purity to bring forth the Desire of your God Presence. Dipping into the Threefold Flame of the Heart will elevate your consciousness. Then it is up to you to maintain that Vibration and allow it to think, to speak, and to act. For true free will is the freedom to express your own Mighty I AM Presence through your vehicles of consciousness.

## ***Ascension Daystar Dispensation and Holy Day***

### **Discourse — October 9, 2022**

The depth of God Consciousness of The One defies definition and needs to be experienced firsthand to be known. By sharing their Consciousness and Radiation when they come, the Ascended Masters offer entrée into that exalted Realm when you engage in a figure-eight flow of consciousness with them. Once you have touched that God Consciousness, you have initiated the Ascension Current within your being, for that Consciousness and Current are one. This is important to know because the Dispensation Saint Germain announced in 1938 means that the Ascension can be made from inner levels without the dense physical body. Then at the Will of your God Presence, you can enter the Ascension Temple to complete the remaining work required to ascend. This Dispensation we will henceforth commemorate as the Holy Day of *Ascension Daystar*<sup>®</sup> each November.

## ***Make Your Procession into the Ascension Light***

### **Serapis Bey — October 9, 2022**

Each day your Presence is calling you to enter into the Divine Plan for your lifestream that will culminate in the Ascension. The more you are able to transmute past records, purify your consciousness, and elevate your vibration while in incarnation, the greater will be your preparation for entering into the Ascension Temple. Taking God Control of your outer vehicles is preparation for receiving the acceleration of the Light on your Ascension Day. You are being given great assistance and are encouraged to invoke the Light of God, the Love of God, and Purity's Ray to elevate your vibration into your Holy Christ Presence, which is the open door to the Heart of your Mighty I AM Presence. Entering into the Consciousness of the Ascension Flame will unfurl all the possibilities your Presence has for you. Every day is an opportunity for Victory.

## ***The Good News of Your Ascension***

### **The Nameless One — October 9, 2022**

The Nameless One has seen the day your Mighty I AM Presence has set for your Ascension. Although there is still much to be accomplished and there is the free will election of the outer vehicles, the timetable is foreshadowed because you have a history that telegraphs how you typically respond to the Light and situations presented to you. And you have already telegraphed to your Presence that you are on the Path to your Ascension. The Secret Love Star comes forth each Christmastide as the great Magnet of The One to draw you back into the Consciousness of God as needed. You must always be cognizant of the consequences of the activities you are engaged in and whether they are for the greater good of all. When there is uncertainty, call upon the Momentum of the Secret Love Star to assist you, and hold the Ascension in the forefront of your consciousness, recognizing that the Current is building.

## ***Let the Cosmic Light Fill You and Lift You into a New Day***

### **Sophia — October 16, 2022**

We celebrate the New Day, that day when the Flame of God stands in the Fullness of its desire to enter into life, free to engage with your outer vehicles and create limitless possibilities. Consciousness can only be fruitful and multiply when the Charge of Illumination's Flame is burning brightly. When you are in the Consciousness of your Holy Christ Presence, all that is to unfold will automatically come forth. Everything emanates from the Light, all the way from The One to the Threefold Flame of your Heart. But you must allow the acceleration to take place. Wisdom is forged by putting the Light to good use

and building upon it. That allows you to embrace the Allness of God as it announces to your consciousness: “I AM here, and I AM there. I have always been, and I AM always present.” This Consciousness initiates the awareness of the many gifts of the Brotherhood that are available to you.
