March 31 - April 4, 2021**

The I AM Starry Body of Your Mighty I AM Presence

Easter Conclave 2021

Let This Be the Vibration You Desire to Live Within
Lord Krishna — March 20, 2021

After a full day of the Torch Bearers invoking the Emerald Matrix during the Crystal Chalice Jubilee Holy Day, Lord Krishna said that to stand in the Fullness of the Crystal Chalice of your being, there must be a Resurrection of every cell, atom, and electron, of every returning karma, every momentum of thought. He tells us to stand in the Light! Receive the Light! Move in the Light! And ultimately command the Light! This is not just for the Faithful, but for the many who wait for the dawning realization that God is present in the land. That God does exist! And that the Hand of God has not forsaken them. Lord Krishna explains that the springtime upon the Earth is an example of how Resurrection's Flame operates within the Elemental Forces of Nature. He says to let Resurrection's Flame carry you through this coming cycle, so you are prepared for the glorious Radiance of your own Mighty I AM Presence to come forth and fill your Chalice to overflowing with the scintillating Fire of God that desires only God.

Principles of God Reality
Discourse — March 31, 2021

An overview of the themes that will be highlighted during this Conference begins with the fact that less than a century ago the Ascended Masters released a great Nova of new transcendent Light, spearheaded by Beloved Saint Germain. We know this as the Ascended Master God Consciousness. The hope is that with the re-entry of these Truths of Cosmic Law into the world arena, once again the hungry hearts of the Sons and Daughters of God will receive these Truths. To most, these Truths seem out of reach due to their own karmic overlays of low self-esteem and lack of Purity, which create a sense of guilt and separation from God. Students may feel the bar is set too high. This is only because they have yet to appreciate the nature of their own I AM Starry Body, the Electronic Body. We are encouraged to relearn with our minds, hearts, feelings, and will that there is such a thing as God Mastery and Dominion. We are creators! Understanding this redefines the whole human race. We are part of the Divine Family of the One Father-Mother God. But how do we deal with our misqualified substance? The Flame of Transmutation solves this age-old problem.

There Are No Mysteries in the Presence of the I AM
Lord Maitreya — March 31, 2021

Lord Maitreya tells us that what has been a mystery should be no more to the disciples of the Mighty I AM Presence. He says the mystery is why it takes so much effort for a lifestream to let go of the unreality that has clung to the identity of its outer vehicles, woven into the mind, emotions, and habits. Those who enter into devotion to God and listen to the *still, small Voice* begin to read that Vibration upon their own Heart Flame. For the Divine Being that you are desires to be close. The overshadowing of the

Holy Christ Presence allows the lawful operation of the Pranvic Breaths, while the Mighty I AM Presence remains in the Realms of Perfection ready to assist the Christ Momentum. Many become lax in their disciplines and their vibration slows down. The Heart Flame begins to recede. Lord Maitreya encourages us to never allow that to happen because we have the greatest of possibility to take our Ascension at the close of this lifetime. Keep your gaze upon your Presence and let your Light shine forth brilliantly to illumine you and those around you that others may follow.

Know Your Real, Tangible, and Relatable

Mighty I AM Presence

Discourse — April 1, 2021

This Conference and Acropolis, above all else, are intended by the Ascended Masters to expand your horizons and understanding of your own Individual Mighty I AM Presence and to give you firsthand experience and encounters with your Presence and with the Ascended Masters' testimony and Charge of Light, so that it is burned so indelibly in your world that you do not forget and do not lose heart, but spring into action immediately with all the spiritual tools you have been given over the years. The known precedents for this knowledge are few, but can be seen in the experiences of Jesus, Jacob of the Old Testament, and Godfre, Rex, Nada, Bob, and Pearl. Realize that your Presence is ever urging you to make your attunement, to commune and receive the abundant Blessings it has to give you. The ability of your Presence to step down its Light through your world is so much more easily achieved when your emotions, outer mind, and heart say "of course, this is the case." The Ascended Masters teach us the Principles of Cosmic Law and Coming-To-Be that explain what to other religions are still thought of as mysteries or miracles.

Welcome My Light Into Your Temple!

Goddess of Light — April 1, 2021

The Goddess of Light tells us that many times she has proffered to us the Sword Excalibur, reminding us of its Momentum so that we can draw it forth to utilize. She asks where are you in consciousness, word, and deed when you receive the Charge of Light of the Sword Excalibur and of your own God Presence daily? Are you prepared to hold fast to that Vibration come what may? For it is in the trials and initiations that every knight and lady of the Round Table is tested. As the Godhead Charioteer® you would be holding the reins on the wild horses of the outer vehicles. The Mind of God would be at the helm. The sooner you can master drawing forth the Light of your Mighty I AM Presence and expanding that Light through the Threefold Flame of the Heart as the Christ, the more quickly will you transmute and wash clean in Purity's Ray all of the areas of consciousness that may still remain attached to your lifestream. As one day builds upon the next, you will soon be like Jesus experiencing the Transfiguration, Resurrection, and Ascension in the Light.

Enter into the Nature of Your Starry Body

Discourse — April 1, 2021

Your Presence is forever overflowing! The Electronic Body is a Solar Body, a Starry Body, like a star in the heavens. Your Presence is overflowing with that Oneness of The One and the Goodness of The Good. Furthermore, your Presence is all of the Qualities of God, fully actualized and unfolded in the Great Central Sun. Therefore, you are not to give power, acceptance, or feed your attention into any appearance that is less than Perfection, for the Ascended Master Consciousness cannot comingle with mortal consciousness. You can command and demand that your own feeling and thought world no longer tie into those mortal

momentums. Let your Mighty I AM Presence be what it is with its Keynote of Joy operating in this glorious Starry Body. Look up into the face of your Presence and let your Presence flush out and purify all of the records that need to go into the Flame. Then your Presence will fill that appearance with Ascended Master Light and Love so much that it will swallow it up.

Be in the Flow of God Love

Lady Master Venus — April 1, 2021

Beloved Lady Master Venus encourages you to know that as you begin to understand God Love, you understand what it means to open all the doors to the vastness of God Love, to pour forth into your keeping that which is divinely intended, to intone the right vibration to receive it. Then the Beloved Mighty I AM Presence is ever close at hand. The sweetness of the Communion far surpasses all other desires, and you are filled to overflowing, knowing that from the Source of God, all will come forth in Divine Order. Love, when it is constantly given, primes the pump for your God Presence to release even more. All things in your day require God Love to flow forth. Then you are sailing along with the wind of God Love in your sails, carrying you aloft so no lesser vibration can disturb you. This is a Way of Life that is capable of bringing in a Golden Age. Make sure your surroundings have a fitting vibration for your Holy Christ Presence to be able to be present there. Love is oh so powerful! Let that Love be the hallmark of your God Presence that streams forth effortlessly to all of life.

Surrender All to Your Presence and Live in Eternity as One!

Discourse — April 2, 2021

Strive to rise in attunement and share the Consciousness of your Mighty I AM Presence that is living, even now, in the Eternal in the Great Central Sun. You are engaged in the delicate

refinement and purification of your forcefield so that all of the elements of the Buddhic Web can be rewoven through your four lower bodies. There must be the Tube of Light, the Electronic Circle, the Circle and Sword of Astrea, the Shield of Elohim, and the Shekhinah Pillar operating around your four lower bodies. You must bring your vehicles into Obedience with the Truths of Cosmic Law[®], so that these bodies are under the God Dominion of your Heart Flame. Everything good, bad, or indifferent that has manifested should be surrendered to your Presence. This is the total givingness of the outer self to one's True Self, including the "not self" that has blinded the outer awareness. Surrendering means that your Holy Christ Presence and its True Selfhood can now step into the Grail, the upraised chalice of your four lower bodies, and hallow them so that you no longer live in the past, present, or future, but live in the Eternal — One with your Mighty I AM Presence!

The Lords of Karma Magnify My Charge of Violet Flame!
Archangel Zadkiel — April 2, 2021

Archangel Zadkiel instructs you on the Violet Flame and presents a momentous Dispensation stating that during this Dictation, the property of The Temple of The Presence underneath the Etheric City is a Beacon of Violet Flame, like a great cauldron. And this cauldron continues to burn by Dispensation of the Lords of Karma and by the assistance of the Violet Flame Angels throughout this Easter Conclave and Acropolis Sophia[®] so that every Son and Daughter of God, whose consciousness arcs to this Altar now or in the future while attending to Archangel Zadkiel's Flame and to this Address, will have the opportunity for the Akashic Record to revivify the Momentum and Charge of

this Violet Flame in their consciousness! And each time they go to their altar giving the Violet Flame and invoking the Light of God, there will be this magnification of the Violet Flame accompanying their calls! This will assist many across the Earth to awaken to the Violet Flame. Those who receive this Dispensation will know of the Etheric City in their higher vehicles and be drawn to it. In time, they will realize the Great Work that the *Entire Spirit of the Brotherhood of Light* is doing through The Temple of The Presence!

Visualizing the Actions of Your Presence as the Doer
Discourse — April 2, 2021

The I AM Starry Body is a magnificent, complete condensation of the Divine Individuality of your Mighty I AM Presence. Expand your appreciation for this blazing Sun of your Electronic Body, for the more you see your Electronic Body as tangible and accessible and your Presence as your Real Identity, the more you can draw upon it. Remember to accept and acknowledge that your Presence is focused in, through, and around you at all times. Your use of the Cosmic Light Rays is based upon your Presence within you doing the work. Your Mighty I AM Presence is the Individualization of The Good, and The Good is the Source of all. Your Presence has the Consciousness that “I literally AM the Source of Light!” and when your Presence gives the Affirmation “I AM Light!” it is a statement of Truth for your Presence. Through the cooperation of your visualization and acceptance of that which is going on eternally in your Electronic Body, that Consciousness of your Presence can go into the physical world. Your Presence sends forth that Power, and it goes forth as Ribbons of Light and Power affecting life in the physical world.

Work the True Miracles of God

Cyclopea — April 2, 2021

Cyclopea stands as the Guardian of the All-Seeing Eye of God, establishing a Momentum that allows you to begin to work the true miracles of God! He holds the Pattern of your Perfection and the Pattern of your acceleration according to the Divine Destiny that your Presence desires. For you are the Firstborn of your I AM Presence! You are given the opportunity to establish God's Kingdom upon the Earth and to live a higher way of life than most of mankind are even aware of. You can climb that glorious ladder into heaven! Cyclopea explains the Power of Vision and its manifestation. You can have the Vibration that your Presence prepares for you daily, holding the Vision not only for your own lifestream, but for the Earth and all thereon, reinforcing the Purity held within the *Entire Spirit of the Brotherhood of Light*. The Mission is to expand the Presence of God upon Earth! For God desires to expand! Invoke the Emerald Ray and maintain Purity so that you are manifesting God Reality in all things. And then place it upon the Altar of the Most High, thanking The One for the Opportunity to know your Presence and the Flame of God!

The Light Rays, Constancy, Givingness, and Individuality of Your Presence

Discourse — April 3, 2021

As you contact the Starry Body of your Mighty I AM Presence, you will be inspired to contemplate the Limitless Power of your Presence to address all the conditions of your own life, the world, and all mankind. The Light and Radiation from your Presence is eternally and constantly pouring forth. These Light Rays are alive as the extension of your Presence, instantaneously going forth from your Electronic Body. They exhibit the Christ Virtue of

the Fifth Secret Ray of Divine Constancy as well as Fruitfulness. There is Undiminished Giving from your Presence's Heart via these Light Rays, which go forth impersonally and universally. Some of the principles of your Presence are Individuality, Perfection, Self-Luminosity, Self-Awareness, and the Supra Fullness of Love, Goodness, and Undiminished Giving to every part of life. Because what your Presence can do for you, it can do for all. Remember to multiply and expand your Calls to include all mankind and to address all of the world, including the astral and psychic planes. Rivet your attention on the Perfection of the Great Central Sun, using your Christ Discrimination to shift your vision from outer appearances to the White Fire Core that is always present, so that only your I AM Presence is in Action.

Keep the Vision of Your Ascended Self
Saint Germain — April 3, 2021

Saint Germain exhorts the Sons and Daughters of God to know the True Reality of their Identity and the Truth of Life, to live within Cosmic Law, and return Home Victorious in the Ascension. When you have discarded human consciousness and face each day with excited anticipation, you will experience the creative Power of your own God Presence. You are the lead actor in the drama that is your life. When you focus upon the All Seeing Eye to reveal to you the patterns of life essential to your Path, the Mind of God will proclaim your Presence's Desires. Beyond the Presence is the Allness of God and entrée into the Heart of every Ascended and Cosmic Being. All the Blessings of the Great Central Sun are there waiting for you to call them forth. Will you allow that Flame to unfurl and live within the Vibration of God?

Q&A with Monroe Shearer

April 3, 2021

Beloved Anointed Representative Monroe Julius Shearer gives testimony to Carolyn's ability to observe the Starry Body of the students during Dictations and then answers questions related to the Conference. Topics include: balancing the need to be aware of worldly events in order to make calls on them but not being drawn into them; the Great Divine Director's definition of a Body of Immortal Endurance and how it differs from the Transfiguration; how long to continue making a call on a particular desired alchemy; how to be more effective in visualizing; how to discern if direction is coming from the Mighty I AM Presence; and the subplanes as taught in the Theosophical Era.

Kindle the Zeal for the Ascension

Discourse — April 4, 2021

May the Fire within your Presence kindle within you that Fire that can never be forgotten or forsaken! David Lloyd's lifelong pursuit of the man with the Crystal Cup is recounted, as well as vivid descriptions of his Resurrection and Ascension. Both the Resurrection and the Ascension are performed by your own Beloved Mighty I AM Presence because it is to be your own Victory achieved by your Presence. But the Ascension is not the end, for there is always more expansion and Glory to look forward to. Nada Rayborn explains the instantaneous process of leaving her physical body and gaining the full Consciousness of her Holy Christ Presence, and then being instructed on how to call down the Light Rays that raised her into the Ascension.

Engage in Resurrection's Flame Today

Zarathustra — April 4, 2021

Engaging daily with Resurrection's Flame prepares you for all your Presence desires for you to accomplish in that day. One day's preparation will teach and prepare you for the next, until you have mounted up great Wisdom in the operation of the Law, allowing for the Currents and the Light, the Momentum of God Consciousness of your own God Presence to come forth and to display, manifest, and accelerate all that is upon the Heart of your Mighty I AM Presence. You are to be constantly expanding and accelerating the Light within you. The movement and Momentum of the Fire within will consume all that is to go into the Flame and allow you to make your Attunement with your Mighty I AM Presence. No other part of life will love you as deeply or more consistently than your Mighty I AM Presence.

Walk the Earth in the Light of the Christ

Jesus — April 4, 2021

Within this Charge of Light you have the ability to accelerate your vehicles far beyond what you have experienced in the past. This means putting into the Flame greater momentums of unreality. The Flame upon the Altar of your Heart is so magnificent. It carries the Fullness of all your Presence desires for you to accelerate in as the Christ. This is how you learn to work within the God Qualities, the Mind of God, the Heart of Love that your Presence is and which you are to become. It matters not what others think of your spiritual pursuits. What matters is what is going on between your outer self and your Presence. So you must allow the Fullness of your Presence to expand into all areas of your life. You must guard your consciousness by being discerning regarding the vibration you carry. It must be the vibration your Mighty I AM Presence can commune with in an instant.

The Causeless Cause upon Your Heart
Discourse — April 11, 2021

The Teaching from The Temple of The Presence is a reflection of how the Ascended Masters behold Reality from their station within the Great Central Sun. They see with perfect Vision all that is sustained for all Eternity in the Great Central Sun. And there they behold the face of your own Mighty I AM Presence in all of its Perfection. They know the Truth of your Being and re-enforce that Truth for you as the Mighty I AM Presence in Action! Open your Heart to their testimony and permit your Heart Flame to flood your consciousness and your world with that same Reality. Your life need not be a series of karmic causes because the Cause of All in the Great Central Sun is there within the nexus of the Heart of your Presence in *your* Heart. This is your opportunity to give Power to the Heart of your Mighty I AM Presence.

Preparation to Receive the Diamond Heart of Your Presence
Goddess of Liberty — April 11, 2021

The Diamond Heart of your own Mighty I AM Presence is constantly refracting the Consciousness and Momentum of the Purity of all the Rays of God that are to come forth. For you to rightly qualify that which your Presence sends forth into your keeping and maintain the Purity you desire, you must establish a resonant tone within your outer vehicles that allows your own Threefold Flame, intoned by the Diamond Heart of your own God Presence, to unfurl into your world. That is when you begin to truly appreciate the magnificence of the Divine State of God entrusted to you. Holding fast to that Purity, you can absorb into your outer consciousness all that the Mind of God is presenting to you. For most, this is facilitated by the overshadowing of your Holy Christ Presence. The Constancy of your Devotions to the Mighty I AM Presence will naturally raise the vibration of the outer vehicles and allow the Holy Christ Presence to overshadow you, giving you entrée into the Mind of God.
