# *Purity's Dazzling Light & White Fire Substance*

**New Year's Conclave 2023**

## ***Celebrate the Ascended Master Light Discourse — December 28, 2022***

Within the watchful Presence of the Goddess of Purity and the Snow King and Snow Queen, it is the high resolve of the Ascended Masters that you be filled with the God Desire to attain a new sense of the nearness of your own I AM Presence so you will experience an intimate Communion and spirit of Oneness flowing within. Come into the realization of the capacity of your Presence to be truly active and in command of the full equation of your life experience, releasing a steady pressure of Light, sweeping out of your world all that is less than the inherent Perfection of your Presence. Your Presence is a Self-Conscious, Omnipotent Being that has been exercising free will for all eternity. Ascended Master Light, wherever it is present, is impervious to human misqualification. Your Presence is a literal Dazzling Sun of Spiritual Light that is the open door into The One and The Good. It is an exhaustless source of Divinity, of God Good, Dazzling Light, Perfection, and Purity and is pouring forth without end into your world. You cannot limit what you are able to draw forth from your Presence!

## ***Come into the Fullness of the Light!***

### **Archangel Zadkiel — December 28, 2022**

Archangel Zadkiel and his Beloved Amethyst bring their Angels to assist you in the conscious development of your Christhood right where you are. They enter into this active service so they might clear away the debris of human consciousness. Each of your vehicles has a Divine Momentum of Virtue that is to activate all the spiritual opportunities that your Presence desires to come forth. By the Grace of God, you have been given the Violet Flame. Just as quickly as returning karma comes into your outer life, you have the ability to balance that karma by calling upon your Presence and the Violet Flame Angels. You, blessed hearts, must have done something worthy in your previous lifetimes to have gained the Attainment to hear the Voice of the Ascended Masters to remind you of your Divine Heritage. Foster the greater understanding of what is the real Truth — that your Being is filled with God Purpose, God Direction, and God Awareness of the I AM Presence. For you have a standard that you will be the Christ in Action and you will fulfill your Fiery Destiny! Each night make a call to enter into communion with the Violet Flame and Purity's Angels so you can come into the Fullness of the Light to bless all on Earth!

## ***Access the Purity of Your Electronic Body***

### **Discourse — December 29, 2022**

The Ascended Masters desire to see the self-sustained Purity and Perfection of your higher vehicles, your Electronic Body, your Causal Presence, and your Christ Presence overflow and be the Law of the Being of your four lower bodies. To facilitate this activity, you will want to saturate your world daily with the Violet Flame, pouring forth loving feelings, and filling the mind with patterns that are Perfect and Beautiful. In addition, you will want to cultivate a divinely ordained desire for Purity of

Consciousness. Most of the mankind of Earth who are steeped in outer worldly affairs will be quick to deride the ideas of Purity and Perfection. The Ascended Masters point you to your true Home of Light in the Eternal, known as the Eternal Now. It is a calm and changeless state in the Great Central Sun, containing limitless qualities and capacities of the Allness of God. Live more and more in the Eternal and see yourself as the Mighty I AM Presence in action. When all is in order and God Control has been established through your purified lower vehicles, the currents of omnipresent Cosmic Substance can be stepped down and transformed into the correct exercise of speech, action, love, and freewill. The primal Light of Nirvana is yours to appropriate as long as you hold closely to the I AM Presence within.

***Each Pure Thought is a Victory!***  
**Elohim Purity — December 29, 2022**

The Elohim Purity comes to clarify in your consciousness the Divine Purity of God and how you can manifest this Purity in your life. Thoughts and habits practiced over and over may seem innocent, but do they rise to the level of the Holy Christ Presence? Emotions can be stumbling blocks. The emotional body needs to be under the Command of the Christ Consciousness and should impart the Will of God. It will then manifest Divine Ideas full of Harmony and Peace flowing from the Mind of God. When there has been sufficient transmutation and purification of the outer vehicles to allow the Flame of God in Divine and Holy Purpose to come forth, pure thoughts and emotions will reflect what is the Desire of the Heart. Each pure thought is a Victory! Every aspect of your life is an opportunity to exercise the Virtues of the Christ and the fulfillment of the Divine Desire of your Presence for this incarnation. When the Patterns of Purity in your consciousness begin to take shape, you begin to realize you are setting an example that others will follow, and you will charge the atmosphere on the Earth with this glorious Momentum of God Consciousness.

## ***Your Presence Holds the Reins of the Life Stream of the Universe***

**Discourse — December 29, 2022**

The Mighty I AM Presence is sustained by Eternal Fires that are ongoing. This is true of the Crystal Cord as well — all is Self-Luminous and Self Sustained, and the flow of Life is in constant activity. The Great Divine Director gave the final exhortation to the multitudes of the last Golden Age Civilization of Saint Germain on the flow and activity of Life and reincarnation. He expounded on the principle that all creative efforts, whether they be aligned or misaligned with the Presence, return to the point of origin and that successive embodiments compel the lifestream to experience the unfortunate fruit of those misaligned creations. Instead of this, you can take the path of knowing that you are the Divine Flame that animates your four lower bodies, the outpost of your Presence in this world of form, taking dominion and mastery over those vehicles. The Life that you receive comes to you in the form of concentrated Liquid Light. It is the crystal clear, quintessential nature of Life charged with the Consciousness of your Heart Flame in the Electronic Body. This Life is Sacred, containing all Attributes of the God Presence.

## ***Draw Upon the Currents of Light Consciously***

**Okeanos — December 29, 2022**

Elohim Okeanos gives the Sons and Daughters of God a Dispensation sanctioned by the Lords of Karma that He will hold you individually in the forefront of his Consciousness so that you might have a greater acceleration into the Fullness of your Christhood. Streaming forth from the Great Central Sun are Currents of Momentum of God Consciousness that you appropriate daily, issued to you from the Divine Essence of God because you a part of the Allness of God. Within that great Current you have the ability to draw upon not only the Consciousness of Okeanos, but

you can receive Momentums of Cosmic Light streaming forth from the Golden Helicon and from many Ascended Masters and Cosmic Beings. The more quickly you are able to put on the Light that your Presence has drawn forth, the more quickly you can be about the greater work of your lifestream — the engaging of Love in every avenue of life, changing all circumstances into Divine events. However, the true Mastery is gaining the Attainment to draw upon the Current of Light by your own free will, consciously, moment by moment. You have the key! You have been given the Momentum of God Reality to allow your own God Presence to enter into the active participation in your life as you maintain your closeness with God.

***Focus on Ascended Master Light and Perfection – Not Imperfection!***

**Discourse — December 30, 2022**

Divine Perfection is native to the God Consciousness of the Ascended Masters and to your own I AM Presence. The Momentums of Perfection from your Presence can permeate your outer world continuously. For your Presence to produce that Ascended Master Perfection throughout your four lower bodies, your life's circumstances, and the world at large, you cannot accept lesser states of consciousness than that of your own Presence. You must unlearn certain habits and the tendency to unknowingly cling to thoughts and feelings of imperfection based upon present circumstances and outer appearances. Either you are entering into God Consciousness, which is God and God alone, or you are still in the human consciousness. There is no middle ground, for the Ascended Master Consciousness does not mix with unreality. Focus on Light and on Perfection. Do not fuse your sense of selfhood and reality with that of mankind's. Instead, stay tethered to the higher Reality and Selfhood of your Presence. Keep the Flame of the Ascended Master God Consciousness and the Sapphire Dream

alive by keeping the Will of God and the Will of your Presence anchored in your outer world through your freewill day-to-day choices. Elect and cultivate the sense of God Perfection!

***Realize the Truth of Your Identity and Expand God!***

**Mother Mary — December 30, 2022**

Sealing you in the Emerald Ray, Mother Mary draws you close to the Emerald Matrix of your own Identity in God. She teaches you about the importance of holding fast to the Truth of your Divine Identity in order to make a difference. You can begin to refine all of the areas of your life and the atmosphere around you so that God and God's Light are expanded upon the Earth. Your life is an altar wherever you are and an opportunity to practice elevating your own vibration. You are learning how to engage with your Mighty I AM Presence and the desires of its Heart. As your Heart Flame imparts to you your Presence's desires, as well as its Attributes and its Purity, your outer vehicles *can* and *will* take on the Vibration of those higher Momentums of your Presence. Then you step out of the world's sense of struggle and duality and put on the Divine Momentum of the Christ Light that draws you closer to The One. It is your Divine and Holy Purpose in life to give your allegiance first to your own I AM Presence. Then all within your life flows in Divine Order!

***I Will Always Be There***

**Saint Germain — December 30, 2022**

Saint Germain encourages you to continue putting into the Flame all resistance to the Truth of your Identity as the Mighty I AM Presence in Action. For your Heart Flame is the Heart Flame of your own Presence. And you are to put on the Garment of the Christ and forge the Identity of that Presence! When you invoke the Violet Flame, there is a release of Power because that Love of God's Heart desires God Good to flourish. So do not think that

you are not worthy or that God will not forgive your past deeds. God's forgiveness is far greater than you can begin to fathom! Life is actually quite simple when you learn how to maintain the Communion between your Heart Flame and your I AM Presence. Continue to strive mightily and accelerate God's Will! Saint Germain gives you his commitment to assist you to your Ascension. He will always be there to answer your every call. He will support you with every possible opportunity to flourish and bring you closer to your Presence. This is Saint Germain's role for these next two thousand years. This is the cycle for a Golden Age to flourish upon Earth!

***Your Causal Body is the Allness of God-In-Action***  
**Discourse — December 31, 2022**

Your Causal Body Presence is the vehicle that your I AM Presence has built up and utilizes in the Nirvanic Plane, the first of the Realms of Creation. You can visualize your Causal Body with its concentric spheres of Light as *The Rainbow Bridge and Tunnel of Light to and from the Central Sun* (the Harvest 2021 Conclave title). Previously, the Causal Body was regarded as simply a repository where your good karma was stored for your use after your Ascension. However, now we know that the Momentums within your Causal Body may be released and accessed while you are embodied. Just as with your Christ Presence, you may attain the overshadowing of your Causal Body and operate in conjunction with it. Everything within your Causal Body is in Harmony and its Service is performed by Light Rays. Your Causal Body is sending out Rays and waves, inundations of Love, Blessing, and Glory. Think of your Presence like an organist and your Causal Body like a Wurlitzer organ. Using your Causal Body, your Presence engages in simultaneous activities, playing upon all the talents, all the Momentums, and all the good you have created throughout your many embodiments, none of which has ever been lost.

***Be That Light of the Presence of God!***  
**Goddess of Light — December 31, 2022**

The Goddess of Light instructs you on *becoming* God's Light. Consider yourself as the Christ, shining in all the Virtues that you are putting into action and those Virtues drawing upon the God Qualities and weaving the life that your Presence desires for you. Your accomplishments and victories belong to your Presence, but you participate by establishing the Christ Command through elevating your Threefold Flame to its rightful dominion in your life. Be constant all your days in your striving and devotion to your Presence so that the Light continues to flow. The more you discipline your vehicles in the Light of your Presence, the more you will be at home in that Light. Do not let one day pass by that you do not drink in your Presence's Light! Let it be the Prime Mover that directs your every intention, energy, thought, and especially, the Love you give. For Love is the key for the Light to perform its Perfect Work. The magnificent Bliss of knowing God, of having that Communion and intimacy with your own Identity, your Individual God Presence, cannot be overstated! Let that be the standard you uphold! Be that Light of the Presence of God!

***You Are Never Far Removed from the Heart of God***  
**Lord Gautama — December 31, 2022**

Lord Gautama's great Joy is to commune with your Heart Flame. He reminds you that you are never far removed from God's Heart, Divine Vision, and Love. Your Presence loves you so much that in each plane of consciousness that you wear, you have God's Heart Flame! And your Heart can enter into the Allness of God! Gautama reveals the Thoughtform for 2023: The One decrees that Heart Flames worldwide awaken and fulfill their Fiery Destiny! For The One has called forth Angels to whisper to you over and over during sleep and even to your subconscious during the day

that *The Light of God Never Fails!* You are that Light within your own Heart Flame! The Angels will hold the balance for you until you embrace the Divine Torch of your own Heart Flame raised high to accelerate your consciousness into the Light of your God Presence! Around this Thoughtform shines the Secret Love Star. The Consciousness of the Seven Holy Kumaras, the Nameless One, and Lord Gautama unite to bring forth a burst of White Light that cannot be denied as the Hand of God at work as they seal this Action and Decree from The One.

### ***Understanding the Purpose of Life***

#### **Discourse — January 1, 2023**

To fully achieve the Divine Plan your Presence has for you, there must be an understanding of the purpose of incarnation from the perspective of your Presence, which is to win your Ascension through mastery over all of creation, including balancing any negative karma. Or, in other words, to make manifest on this earthly plane momentums which your Presence already has already established in the Great Central Sun. The primary motivating factor of this pursuit must be Love — Love for your Presence, for humanity and for all of life. For only Divine Love, which within the Allness of God encompasses the Will, the Power, and the Illumination of God, can instill permanency in your endeavors. All the while there is the realization that it is your Presence which, in answer to your calls, opens the way for you to be the chalice through which it is accomplishing its goal.

### ***There Is No Limit to What You Can Achieve***

#### **The Snow King — January 1, 2023**

As you accelerate into a greater consciousness of the Heart of God, you realize there is no limit to what you can achieve and you begin to consider Initiations that might be within the realms of possibility for you as you enter more and more into the Allness

of The One. In time, your Presence will want you to draw upon Momentums within your Causal Body Presence to bring forth certain precipitations and manifestations. You will be filled with Gratitude to find available to you within that Allness of God everything you need to accomplish every task, for the Heart of God knows no bounds when it is for Divine Purpose. Drawing upon Patterns of God Reality as you move through these earth planes glorifies God and is the foundation of your Mastery.

***Hold the Vision of the Electronic Body to Dispense  
Divine Providence to the Earth***  
**Discourse — January 8, 2023**

For students of the Ascended Masters, the Great Sabbath Jubilee signifies that you can never be disenfranchised from your Divine Inheritance. Regardless of how far afield you may have journeyed in the world during your embodiments, at the time of your Ascension everything your Mighty I AM Presence is becomes restored to you. To assist you in attaining your Ascension, you have not only the Ascension Daystar holy day, but the Nameless One has deposited the Ascension Flame upon the Altar of the Holy Kumaras, the Secret Love Star, and upon this Altar at The Temple. The Ascension Flame is the totality of the Limitless Consciousness of each one's own Mighty I AM Presence. It is this Mighty I AM Presence that draws up into Itself all of the lower bodies it fashioned for the incarnation to come forth.

***Build a Foundation Anchored in the Light of God***  
**Elohim Apollo — January 8, 2023**

The Radiance of Light within your crown must be so filled with Divine Direction that you absolutely know what you are to bring forth. This includes living an Ascended Master Way of Life, attaining your Christhood, and establishing all that is registered upon the Threefold Flame of your Heart. As you embrace your

own individual Divine Providence, any sense of limitation or struggle will vanish, for it does not exist within the Mind of God. As your consciousness is lifted into your own Divine Reality of God, everything you are to bring forth will possess the required Charge of Light and Momentum to be placed upon the Altar of the Most High. Then you know you are fulfilling your Fiery Destiny as the Christ. But you must be on guard and hold fast to what you have established, including your experiences, for the Flame upon your Heart will always resonate the Truth of your Identity in your Mighty I AM Presence.

***Dispensation of Momentum of the Light of God from  
the Archangels and Archeiai***

**Maha Archangel Purusha — January 8, 2023**

The Maha Archangel Purusha has called forth the Archangels and Archeiai and their Legions to seal the Earth and all thereon in the Fullness of God Light until the Victory of the Golden Age. Thus, attending Angels will be assisting lifestreams in the initiations and cycles they are to fulfill. As each new Momentum of a God Quality or Virtue of the Christ is established, a new band of Angels will come forth to assist in the building of a greater Momentum of God Consciousness. In this manner, each Ray of God Consciousness will be established upon the Earth. Therefore, keep this Dispensation in the forefront of your consciousness. As needed, Purusha or one of the Archangels will come forth to discuss the work they are establishing on a particular Momentum. This is how you and the Archangels may work together to bring a higher Vibration and Momentum to the Earth.
