Royal Presence, Royal Mind II

Harvest Conclave 2016

In the Presence of Royalty

Discourse — October 5, 2016

The Ascended Masters proffer to you an education on the Royalty of your own Mighty I AM Presence — the nature of God as *Royal Presence, Royal Mind*. Understand your Individual Presence in that Consciousness of Divine Royalty. Your Presence has always carried itself with decorum and dignity. Vested with a Mantle of Sovereignty and categorical Authority as a Royal Presence, your Mighty I AM Presence wields great Divine Power, a kingly two-edged sword of the Conscious, Cosmic Christ Command. Your own Presence is an undivided Oneness, the focus of the Consciousness of the Great I AM, one with the Presence of the Godhead. That is from whence all Royalty flows — from the Great I AM. Your Individual Presence wears this same regal Mantle upon its own shoulders — Royal Robes, Royal Scepter and all of the Regalia that is the Panoply of that One Presence of the Great I AM.

Welcome to Your Royal Presence, Mind, and Power!

Saint Germain — October 5, 2016

With all his Heart, Saint Germain welcomes you to your Royal Presence, your Royal Mind, your Royal Power. For you are welcomed into the August Body Consciousness of your own Mighty I AM Presence! Understanding this, internalizing it, and becoming the Fullness of all that you perceive the Presence to be in its High and Holy Estate allows you to walk in this incarnation as a Christ, vested with the Royal Robes of Purity, Love, and God Will. If you desire to soar with the Angels, you must free yourself of your karma. The Violet Flame is an easy way to transmute your karma. Keep in mind that the Violet Flame is the key to the Victory

of all your Presence desires to manifest through you. Hold fast to the Royal Estate of your own God Presence for therein you will find the Power of God that you require to win your Ascension in the Light!

Invite Your Mighty I AM Presence Into Your Life

Discourse — October 6, 2016

You have the capacity to invite your own God Presence into every known or unknown element of your life, especially your personal life — because that is where your free-will election reigns supreme. Your Presence is that Royal Monarch who, when invited and invoked, is able to produce Perfection in your life. The only means of producing that Perfection in your own world and in the world at large is to hold with an undivided polarization the knowledge and understanding of God in action. Behind this appearance world, God has always been everywhere in action. So regardless of outer circumstances, you are free to reject anything less than Perfection and to put the Mighty I AM Presence in action everywhere. Anything less than Perfection is totally and completely unreal. You have the Authority in the name of the Presence of God to decree that Perfection shall be present wherever lesser appearances would seek to intrude upon you or anyone else.

Drink in Akasha, for Your Presence Awaits Your Coronation!

Archangel Roiiel — October 6, 2016

As his Angels convey Akasha into your midst, Archangel Roiiel from the God Star Sirius asks, “Are you ready to receive the Blessings of the Realm of Akasha?” Roiiel instructs that you can become all that is within the Realm of Perfection of Akasha by your Heart Flame. Are your outer vehicles going to rule? Or is your Presence going to rule? When you enter into the Oneness with your Presence, you understand what it means to be a Royal Son or Daughter of God. You are a Prince or a Princess of the Kingdom

of God! Much is expected of you! Engaging in the Royal Presence of God requires you to hold fast to the disciplines that allow each of your vehicles to be bathed by the Flame of God. This is all-important to the fulfillment of your Victory, your Coronation, and, ultimately, your Ascension. Archangel Roiiel commends you to a victorious Coronation in the Light!

The Natural Estate

Discourse — October 6, 2016

May your heart be opened and uplifted into the glorious Sun of your Electronic Body. As you enter into a greater practice of the Presence in your life, a certain amount of unlearning must be done, undoing any deeply held erroneous beliefs as to the nature of God and Reality that might be present in your consciousness. One of the greatest untruths insinuated throughout many religions is the sense that the work of God is a miracle, supernatural, that transcends the natural order of things. But in truth, Cosmic Law produces unerring results, naturally and in order. Remind yourself often that this Path you are on is truly natural. Discover that the natural world begins with God in the Heart of the Great Central Sun. As you meditate upon this you will know that it is right and good to work the works of your Mighty I AM Presence. You will not find yourself holding your Presence at arm's length, for you will find it easier than you thought to invite your Mighty I AM Presence into your life.

Fearlessness is Necessary for Your Victory

Leto — October 6, 2016

Lady Master Leto instructs that attaining Mastery on the Fourth Secret Ray of Necessity requires a sufficient Charge of the Emerald Ray propelling you through the eye of the needle. You

are required to be steadfast, constant, Courageous, and Fearless. Call to the Ascended Masters of the Emerald Ray if you desire to fulfill your Mastery — if you desire to have your consciousness so charged in the Emerald Ray that your cells return to their Edenic Blueprint of Perfection, your mind so charged in that singular activity that allows the transfer of Illumination from the Mind of God, and your vision cleared of impurities so that you are seeing with the Vision of the Presence of God. It is your Responsibility to allow your Heart Flame to strive, expand, and glorify God in all your affairs! Do not forget, your vehicles belong to the Presence, so when you call to the Presence, the Presence will always answer.

Celebrating the Dimensions of the Presence
Discourse — October 7, 2016

We devote ourselves to resounding the glorious keynote of the nature of the Beloved Mighty I AM Presence and unfolding new dimensions of that glorious Presence. We celebrate chiefly the intimate Oneness of the Individualizations of the Presence with that Lord of Lords and King of Kings — The One, The Good, the Great I AM. Even after your Ascension you will continue to plumb the depths of the mysteries and the mystical nature of the Presence of God. It will be forever a source of marvel and wonder. You will rejoice in its profound and utter unity — the all-pervading sense of Oneness that is truly universal, found in those ideals of being everywhere present, everywhere All-Powerful, everywhere all-knowing. You will discover this One Presence as the instigator of all Good, the originator and the source of the great providential Love and foreknowing of Divine Providence. Learn how to leave behind your mortality and enter, here and now, into that Realm of the Consciousness of God The One, its Unity and Oneness.

You Are the Hope of the Golden Age!

Pallas Athena — October 7, 2016

You who have put your Faith in the Ascended Masters and your Presence are a Beacon of Light for the world! You will accomplish what no other civilization has before — the opportunity for a lasting Golden Age! That is what your training is all about. This is your collective Responsibility. You are the Hope of the Golden Age! When you make your Calls to the Ascended Masters, to the Archangels, in the name of the *Shekhinah Pillar*™, you are establishing a Momentum of the Golden Age that streams forth from the Great Central Sun. The Golden Age depends upon you. Beloved Pallas Athena cannot impress upon you more strongly the importance of your role. Call upon the Lord! Call upon the Ascended Masters, the Archangels, the *Shekhinah Pillar*! Let the Light of your Presence go forth and proclaim the Victory! Your Calls are being answered!

The Light of Your Presence Cannot Commingle with Imperfection

Discourse — October 7, 2016

Teaching is revealed on how to invite the unmitigated immediacy of your own Beloved Mighty I AM Presence in the Fullness of its Charge of Ascended Master Light into your world, exercising at-one-ment with the Presence. This level of Attainment you can look forward to as you engage certain principles of Cosmic Law, purifying and disciplining the four lower bodies for the rigors of the Ascension Flame. What the Presence would do for you, the Presence must do through you. With uncompromising and categorical necessity, certain principles of Cosmic Law must be fulfilled for the Presence to work through the outer vehicles. Learn to move aside the outer self so that the Inner Adept might come forth in its full, unmitigated Power. Remind yourself often that it is the real part of yourself, the Mighty I AM Presence, that produces

the Light Rays and in all cases is the doer. As the source of its own Light, it is always and ever the Office of the Presence to produce the Flames of the Sacred Fire. At the level of the I AM Presence only Ascended Master Perfection exists — know, experience, and become this nonnegotiable principle of Cosmic Law.

You Must Have Mastery of the Emerald Ray!

Elohim Virginia — October 7, 2016

The Elohim Virginia shows how the Emerald Ray can change your life. It can perform alchemies of Healing and Wholeness. It can multiply the loaves and fishes as it did for Jesus. It can establish a momentum of proficiency and clarity within every thought and action that you engender by the Needle Ray Consciousness of the All-Seeing Eye. You are the instrument by which God can perform the Perfect Work. Clear away your human creation, don your Royal Robes of the Presence of God, and know who you are! All of your life is a training process to come to that Single-Eyed Vision and Perfection of God, holding to those Patterns of Perfection in all that you do! The alchemies that are lasting and establish the Mastery and Attainment that you desire and your Presence requires must be engaged in consciously, by knowing the planes of consciousness and recognizing the flow of God Light and Momentum.

Hold to God Perfection and Invoke the Shekhinah Pillar

Discourse — October 8, 2016

Your own I AM Presence is One with the Great I AM — and when you are One with that Presence, you are the majority that can leverage the Power of the Presence into this world of form. You can share in the Consciousness of your own God Presence, which itself shares in the Consciousness of the Great I AM. God is always in action everywhere across the Earth, and that God in action is Perfection. As you accept this, it opens the door for the

overshadowing of your Holy Christ Presence. The Power of your Presence is the ultimate Power over everything within yourself and the world. The discipline of an initiate of the Brotherhood is to remember that appearances have no power, to stand in the mantle of the Christ Presence with all of the Hierarchy of Light, all of the components of the *Shekhinah Pillar* round about you, and send that Light into all outer conditions. The Ruby Ray whirlwind action of the *Shekhinah Pillar* will go forth, stripping off misqualification and offering it up into the Light of Golden Helicon.

Call Forth the Emerald Ray and Heal the Earth!

Lord Maitreya — October 8, 2016

Lord Maitreya gives in-depth teaching on how the Emerald Ray can heal the Earth and how the Ruby Fire can draw forth that Emerald Ray. When you condense the Love of God into the Ruby Fire to treat resistant energies, tapping into the God Consciousness of your Presence, all is consumed and you have the Freedom to be about the business of God. And that is a key statement for you to remember. You cannot limit your study of the Emerald Ray to its specific action, for there are many corresponding Qualities of God and Virtues of the Christ that allow the Emerald Ray to manifest in God's Fullness. Maitreya shows you that all opportunities come from your Presence, and he warns against procrastination and ignoring the gifts you have been given. Utilize these gifts and the opportunities extended to you. Be a Priest or Priestess of the Sacred Fire! Let your voice be heard, your Heart Flame felt, and the All-Powerful Light of God be multiplied on Earth!

Aspects of Your Royal Presence

Discourse — October 9, 2016

It is our Great Commission to remind the Heart Flames of the children of God of their Divine Inheritance in the Royal Presence and invite the many across the face of the Earth to

commune with that Regal and Divine Mind. The Transcendent Realities and Divine Ideals of the Royal Presence are there for each one to discover and enter into. Let all hear and acknowledge the proclamation of the true nature of the Godhead, leaving behind all prejudices and misconceptions. In this Kingdom of God, supreme deference is given to each Heart Flame, for there is no class structure, but a profound Oneness throughout. All are honored as Firstborn Sons and Daughters of the Most High. The many glorious facets of the Regalia of the Electronic Body are celebrated so that you can don its Royal Robes, here and now, even while yet in embodiment. Even as we celebrate the many Glories of the Electronic Body, so too we rejoice in the Majesty and Beauty of the Great Central Sun as the Electronic Body of the Great I AM.

Run to Meet Your Destiny and the Opportunity that Awaits You
Cyclopea — October 9, 2016

As you don the Royal Robes of Light desired by your Presence for you to wear, the Elohim Cyclopea reminds you of the Emerald Ray, the Emerald Matrix, and the White Light of Purity. For in this Ray of God Consciousness you can galvanize all that you require, all that you desire and stand in fulfillment of all of the God Qualities and Virtues of the Christ. Enter into the flow of the multiplication and magnification of the Goodness of God and know how the Edenic Blueprint held within the Mind of God is established as life ongoing. The Emerald Matrix flows forth as a Divine Substance of God that you can see, feel, touch, and saturate your entire consciousness, being, and world within. Learn the Mastery of the Emerald Ray, hold the Vision of the Perfection of God, maintain your Peace, Harmony, and Love for God, train your outer vehicles in discipline, and allow the Fire of the Emerald Ray to perform its Perfect Work.

Royal Cyclopean Power

Know the Mighty I AM Presence Is Always In Action

Discourse — October 10, 2016

Learn to acknowledge, accept, and affirm that the Mighty I AM Presence is always in action in every aspect of your life and in every outer condition. This is the key to accessing the Power of God. The emotional body and the outer mind must accept that Truth before the Power of the Godhead Charioteer can be safely transferred to the outer consciousness and directed into constructive matrices in this world. The Realms of Perfection can never be subject to the impurities of the outer self. This is a Path of conscious self-mastery; there can be no doubt, fear or self-deprecation. If you consciously or subconsciously feel unworthy of your Mighty I AM Presence, that feeling alone will keep your Presence at arm's length. You are here to learn how to be the messenger of your own Electronic Body. Your Presence wants to pour greater Power through you, but only when it can be safely done.

Will You Be Ready When Your Presence Steps Forth?

Maha Chohan — October 10, 2016

The Maha Chohan emphasizes the importance of training the outer vehicles. By calling forth the Violet Flame and purifying your surroundings, you are preparing to receive the Presence of God. The disciplines are to help you hold to the God Qualities and the current of the Emerald Ray that is required to maintain Purity and God Consciousness. You are

blessed to be in a cycle of Dispensation and opportunity when the Ascended and Cosmic Beings are able to give you many of the keys of creation. It is no longer a time when the higher Teachings are hidden from the masses. You must be patient, all the while striving mightily to gain in awareness, Mastery and acceleration in the Light. The Maha Chohan assures you that all is right in your world, and you are on a journey that will lead to the Ascension in the Light.

Prerequisites to Receiving the Power of the Presence

Discourse — October 11, 2016

The Ascended Masters intend to raise up the entire Earth into a Golden Age, not just for the few, but for the many. For this to occur, certain principles of the Law must be established in plain language for all to grasp. You are the open door through which the Power of the Ascended Masters must be invoked to flow forth and be anchored in the Earth. For the Power of the Presence to be transferred and stepped down, there are certain mechanisms and processes in your consciousness that must be mastered. This action of the Law is non-negotiable and it is an all-or-nothing process. You must be able to maintain perfect calm in your feeling world as well as Harmony and Purity of thought, and resist all temptations to misuse that Power. This greater Power can act when you accept and acknowledge that your Presence is always in action everywhere.

Maintaining Harmony Is a Key to Releasing God Power

God Harmony — October 11, 2016

God Harmony teaches that there must be a level of Harmony within your outer mind to receive the Charge of Illumination's Flame so your emotional body will hold fast to

the Divine Patterns and your body temple will be responsive to that which the Mind of God desires to create. You should learn once and for all that Harmony must be maintained. When Harmony is present, the Heart Flame is pouring forth the Light of God in such magnitude that no matter what goes on around you as human thought and feeling, it cannot touch the core of your being. Your Harmony may be tested when you least expect it. Be aware of what triggered that inharmony and put that record into the Flame so it will not come back to taunt you. The ultimate Victory of the Ascension is contingent upon the Harmony you embody and your ability to hold your Peace in that Harmony.

Lawfully Expanding the Powers of the Presence

Discourse — October 11, 2016

You are learning how to electrify your four lower bodies so they truly become the Holy Grail, purified and accelerated out of the socket of mortality, re-radiating the Sacred Fire of your Threefold Flame as a chalice through which your own Mighty I AM Presence can act in this world of form in a more than ordinary way. From the level of your Holy Christ Presence, that Directing Intelligence is able to work through the memory body. The Golden Plume comes from within and ensouls every atom, cell, electron of the mind and memory in an unbroken flow. Your Mighty I AM Presence is poised at long last to play the role that only the Presence can play, pouring forth the Power and direction to work the works it desires in this world. Truly, you are in this business of your life together with your Mighty I AM Presence.

Instruction on Being the Servant of God

Lady Master Nada — October 11, 2016

Beloved Nada assures you that the Hand of God can and does work miracles in your life, but you also have the Mind of God availed to you. You are charged with the Responsibility to call forth the Light to assist where needed. You are charged to hold the Light, to be poised and ready to act in service to God in life. The servant of God stands as a Pillar of Fire and knows no stranger, for all are a part of the Family of God. The Ruby Fire assists you to stand in the Fullness of your Light and know the Truth from the unreal on the instant. Your Presence does not count the moments or the hours, but knows only of the Charge of Light that flows forth and the return current of the Flame upon the Altar of your Heart. That Heart Flame of your Presence is streaming forth constantly in the eternal NOW.

Requirements for Being the Conscious Conduit of God Power

Discourse — October 12, 2016

We look forward to entering into the stream of the Mind of God as it focuses the Cyclopean Power of the Presence, the Great I AM — the One Life, Mind, and Heart. If you desire to be ready to be the conscious conduit of God Power there must be the daily transmutation of your karma. In addition, there must be God control over the momentums of the past that need to be held in strict abeyance so they do not pollute the pure stream of God Power that is to flow forth. You must ultimately be the one to invoke and hold that God control. The immediate reward is the ideal state of the Christ Consciousness overshadowing you and the sustaining of that Oneness each day. Make your own Mighty I AM Presence the goal of your life. By doing so, you open the door for a more direct communion with the Ascended Masters.

Maintain the Current of the Golden Elixir of Light throughout Your Day

Kuthumi — October 12, 2016

Beloved Kuthumi teaches that the Flame upon the Altar of your Heart can be activated to charge and vivify your outer vehicles, allowing the Keynote Identity of the Mighty I AM Presence to course through you. You will then be able to move through your day with greater efficiency, holding fast to the Charge of the Light of your Mighty I AM Presence. When you maintain your Harmony and attunement, the Power of God that you require will be there for you to complete your day with the full Charge of the Mighty I AM Presence. Once you have become accustomed to your Holy Christ Presence operating by the commanding Light of Illumination's Flame, you realize it is easy to allow for the full Charge of the Mind of God to be present every day. Whether you are moving or at rest, you are aware of the teeming Activity of the Presence of God and it is very good.

Wear the Light of God as a Sword of Truth

Hilarion — October 12, 2016

Hilarion cautions that it is important for you to have the understanding of the disciplines that protect you from venturing into the astral plane. The world is full of all kinds of astral substance being offered up as the Truth of the Ascended Masters. As you train your vehicles of consciousness in the Fire of Ascended Master Light, you will perceive the vast difference in what streams forth from this Altar and what you observe in that astral substance. You must be forewarned so that as you are elevating your consciousness you do not entertain any state less than the Mighty I AM Presence. There is a great work afoot by the Ascended and Cosmic Beings here and now to establish a

Momentum that will carry on into the Fullness of a Golden Age, that will prepare the Sons and Daughters of God to stay in that inviolate state of the Consciousness of Purity.

Complete Communion with Your Presence

Discourse — October 13, 2016

The Green Ray Masters who have spoken thus far have left a trail of communion wafers that can unfold for you a greater appreciation of how to work with your God Presence. Communion means coming into union and is an ideal state where there is an at-one-ment by the invitation of the Mighty I AM Presence. You can share in the all-pervasive sense of Oneness not only with your own Mighty I AM Presence, but with every other part of life. This is the key to the understanding of Royal Power. Wherever your attention is drawn, you will know and affirm that only God is in action in that place. You will know that *I AM here and I AM there*. When there is only the one Identity, that of the God Self, at that point your Presence is free to use your vehicles as an expression of itself.

Commune with Patterns of God Qualities

Lord Himalaya — October 13, 2016

Himalaya holds the Patterns of the Blue Flame from Alpha, the White Fire of Purity, and Illumination's Flame that will deposit in your midst a Momentum to assist you in gaining Holy Communion with those same Patterns of the God Qualities that are found within your own Mighty I AM Presence. These Patterns are what you require to hold the discipline, the concentration, the Light of Illumination, and the Purity to bring forth the idyllic Blueprints from the Heart of God to be deposited in the Earth. There must be great Power for even a single thought of the Mind of God to impress upon your

consciousness and for you to be able to hold to the Truth and the High Ideal of its inception from the Heart of God. Himalaya will move mountains of adversity to assist you when you are truly in earnest in your Path to the Ascension.

Understanding the Mechanisms of the Green Ray

Discourse — October 14, 2016

As you enter into the God Consciousness of the Royal Mind of the Presence, you can discover how that Mind as Royal Cyclopean Power flows forth into the Realms of Creation, manifesting the outer world in which we live. Discard the old, worn-out artifacts of thought that have been proliferated throughout many of the major religions of the world, misconstruing how God creates. Unlearn the superstitious idea that creation comes forth out of nothing. Be inspired instead by the true creative process of the Presence of God — how the Patterns of Perfection already existing in the Heart of God are lowered into the Realms of Creation. Learn how to create with the use of the Emerald Ray, how to work with the Universal Sea of Light and Life, and discover how you can co-create with your Mighty I AM Presence to produce change and Perfection in your life. All you require can be produced with mathematical accuracy and Necessity by the operation of Cosmic Law.

Garner the Wisdom of Cosmic Law

Mother Mary — October 14, 2016

Saturate your vehicles of consciousness with the Mother Light so that you might bring forth all of the Blessings that the Presence of God desires to bestow upon you. Without the striving, the yearning for the substance of God Consciousness to be where you are, there is not the transfer of the Power of God sufficient to move any negative substance lodged within the folds

of your garments and place it in the Flames of Transmutation so the Divine Alchemies can come forth. You should be garnering the Wisdom of Cosmic Law, understanding how the Patterns of Light and Momentum of the Mighty I AM Presence can work through you to accomplish your life in Purity. Mother Mary teaches that it is always wise not to put off to another day or prolong your journey longer than necessary, for you know not when opportunity will cease to be.

Reap the Harvest of the Golden Light of the Mind of God

El Morya — October 14, 2016

El Morya commands you to further study on the Emerald Ray. There is much yet to be gleaned from all that has been released during this cycle. It is an alchemy that takes great training and mastery. Time, patience, and striving will bring about the desired fulfillment when there is at the core of one's being enough Love for God. If you take what you have come to know from this Altar and plant the seeds of the High Ideals of your own God Presence, you will have the divine fruit of all that you desire spring forth. For it is Cosmic Law. You have been invited by the Ascended Masters to drink in an abundance of Momentum and Teaching on Cosmic Law. Should you miss a step along the way, El Morya will be there to catch you. Many have taken him at his word and are now ascended because of it.

Your Life Seen from the Perspective of Your Mighty I AM Presence

Discourse — October 15, 2016

From the point of view of your Mighty I AM Presence, the Threefold Flame of the Heart is limitless in its capacity and radiates at a vast range of frequencies throughout the planes of consciousness. The Mighty I AM Presence is the doer and

acts through the Threefold Flame, flowing out and filling the four lower bodies simultaneously in a rhythmic release. You are preparing this body to endure the rigors of the Transfiguration, the Resurrection, and the Ascension. Occasionally students have complained of the weight of Light, of being unable to sleep, and other conditions. But this is the Steep Path to Christhood. There are those sacred pains, those rigors of the Path that each one in his own way goes through. Be assured, the Presence never gives you more than you can handle.

We Are All Servants of the Most High

Goddess of Music — October 15, 2016

Throughout the Kingdom of God, there is an intonation and rhythmic outpouring of every Mighty I AM Presence, each one proclaiming its unique expression of God. The Goddess of Music describes how the Ascended Masters use the Patterns of the Mind of God to bring forth their individual creations. You have the Heart Flame of the Mighty I AM Presence that can elevate your consciousness into the Vibration of your own God Presence. You have the ability to modulate the cells of your physical body and charge the emotional body with the Light and Power of your own God Presence, then to elevate your consciousness with Illumination's Flame, expanding the Flame upon the Altar of your Heart to fill your chalice. The pursuit of your Divine Alchemy requires you to be disciplined in each of your vehicles of consciousness so you are one integrated Heart of God performing the Perfect Work of God.

Releasing Royal Cyclopean Power

Discourse — October 16, 2016

Your Heart Flame is a focus of the Limitless Light of the Consciousness of the Great I AM. Therefore, in making your calls, your Heart is actually calling to the more free expression of its own Selfhood. It is one part of the reality of God calling to another part. Begin with a clear vision of the Electronic Body in its magnificence. Practice the Presence in your whole life by meditating on the Crystal Cord that flows forth from the Threefold Flame to all of the vehicles. A mature Son of God accepts responsibility for his own self, but also recognizes the need for World Service and offers himself fully for whatever Service he might render. If you want to wield the Cyclopean Power of your Mighty I AM Presence in greater magnitude, you must admit, acknowledge, insist, and know that the Mighty I AM Presence is always in action everywhere.

Establish the Patterns of Your Divinity as the Christ

Vesta — October 16, 2016

Vesta comes bearing a Dispensation for the Light of Cosmic Truth to be ignited in the Earth so there will no longer be the hidden agendas of those who would lead the Sons and Daughters of God down a pathway of impurity. You must hold the visualization for every Son and Daughter of God to have the Freedom to be the Presence of God. It is time for the Truth of Cosmic Law to reign supreme, for there to be the understanding of the Mighty I AM Presence, and the full thrust of the Threefold Flame of the Heart to reveal the opportunity to build an Ascended Master Way of Life. The *Entire Spirit of the Brotherhood of Light* arcs in Consciousness in the Allness of God to hold the balance for the Earth. Go forth now and establish the Patterns of your Divinity as the Christ.
