### ***The Law of the Being of Your Mighty I AM Presence: Part III***

**Discourse, Q & A — January 2, 2015**

Your Presence never needs to become anything, because it is already all things — Beauty, Harmony, Happiness. All Qualities of Perfection are a part of its primal Being. That is the Law of its own Being. When we make a call for something that can be good for our lives, our own Mighty I AM Presence already is the supra-fullness of that. It is life, health, Perfection, freedom, comfort. The Perfection of God is an eternal River of Life that is always flowing. Remember to make the call to your Presence. Your calls are taken up by the Christ Presence to the Electronic Body, and the call compels the answer. Embrace the Law of Perfection, the Law of the Being of your own Mighty I AM Presence.

### ***Seek God's Kingdom Before All Else***

#### **Discourse — January 3, 2015**

When you seek first of all God's Kingdom and God's Righteousness and put God first, you can be sure that all else will be added unto you in the fullness of time. Wherever God is present, that place is Hallowed and Sacred. The Kingdom of God is both Sacred and Secret, and God is the beginning, the middle, and the end of all of that which is to come forth. We are all here for the Love of God. As you educate your spiritual palate and choose those Patterns of Perfection and Harmony over and over again, you will come to treasure this Realm of the Presence of God and find joy and reinforcement therein. The Masters are ever so grateful because we are keeping the God Consciousness anchored in the Earth.

## ***Receive My Charge of Violet Flame from the Secret Love Star***

**Victoria — January 3, 2015**

The Elohim Victoria comes with the Fire of the Violet Flame from the Secret Love Star in preparation for the Golden Age of Beloved Saint Germain. She serves on the Secret Love Star so that she might remind mankind of how glorious is the Victory of Freedom — the Freedom to be, to express God, to love, to move within the Will of God, to express God Wisdom, and to create more of God! The Charge of her Flame and Office assists you to consume layers of records that have been waiting to be transmuted. It is up to you to let those memories, records, and the energy associated with them go into the Flame. The Golden Helicon moves in, through, and around the Earth to assist and benefit all as does the Light and Momentum from the Secret Love Star so you might enter into that Kingdom, that God Quality and Perfection. The Lords of Karma and the Cosmic Councils have given the Dispensation of revealing these Offices within the Secret Love Star so that your attention will be more focused upon the shining Star that streams forth great Momentum for the Earth!

## ***The Original Meaning of Harmony***

**Discourse — January 3, 2015**

Harmony is the Power to bring things together and convey the highest of all attributes. The Highest Power of all is that which is contained within God The One and is the Power to make things One. This is the Power wielded by the Individualizations of the

God Presence. Learn this power of unity and harmonization so you might create within these Realms and establish your world as an outpost of your own Mighty I AM Presence. Flowing along that Golden River is the Power to make of diversity One, to create all of the weavings of the complexities of Golden Tapestry of Creation. Where there is Harmony within one's own self, and in giving and receiving with others, you have the Ecclesia. The greatest of all such institutions in this world is the Brotherhood of Light.

### ***The Harmonization of All of God Life***

#### **God Harmony — January 3, 2015**

God Harmony holds a Mantle in the Secret Love Star, pouring forth his Momentum in Harmony as God Love, God Purity, but most of all God Wisdom. He offers his Momentum and Service to assist in bringing forth the harmonization of all of God Life, drawing the Heart Flames of the Sons and Daughters of God closer to their Presence. Harmony is only realized when the Presence of God is at work, knitting together the God Qualities, establishing the cohesiveness of the Creation of God. The Secret Love Star has many facets, many points of Light, Rays of God Consciousness and Momentums streaming forth for the benefit of all who are incarnate. Throughout the Secret Love Star there is only God Harmony. Throughout your life should only be God Harmony so you might be in rapport, not only with your Mighty I AM Presence, but with the great Momentums streaming forth from the Secret Kingdom on high.

## ***The Sacredness of God's Kingdom***

**Discourse — January 4, 2015**

Wherever the Presence of God is, that place ought to be Pure and Sacred, consecrated to the purposes which God intends. A temple is a structure that has been consecrated and made Holy, such that the living, breathing Presence of God agrees to come to abide there, transforming it from a mere building into a home of God. Likewise, the body temples fashioned by the Individualized Presence of God are made Holy and Sacred by the indwelling Flame. You are always burning life, either with a clean flame that burns without soot, creating harmoniously, or you are burning life as discord. The Threefold Activity of the Pure White Light of the Electronic Circle will assist you to achieve Purity in the four lower bodies and separation from human discord so that you might use God's Life and Energy to glorify God, and the Kingdom of God shall be once again on Earth.

## ***Hold Conscious Awareness of the Presence that You Are***

**Maitreya — January 4, 2015**

Enter into the prayer of a Christ and bear witness to the hallowedness of the Mighty I AM Presence. As you invoke the very Presence that is the Essence of God upon the Altar of your Heart, then in the silence, in the quiet of the hallowedness of God, you become aware of all that you have ever been in the Fullness of God Perfection and all that you are intended to continue to be. Lord Maitreya comes to speak to you of the Presence of God that you are! He reminds you to have Patience, Harmony, and Peace, for these God Qualities allow for the instilling of the Presence of God into your life. During this holy cycle, the Blessings of

the Ascended and Cosmic Beings, of your own Mighty I AM Presence, account for a great momentum you can establish from here to the close of this incarnation and beyond. For it allows you to enter into the stream of God Consciousness that flows forth from the Secret Love Star, that bathes your vehicles of consciousness in the glory of the Momentum of the Essence of God in the pure estate that shines forth as a Light that cannot be denied. Each one of you has a Divine Purpose that will be achieved by your Flame. Maitreya calls you into the Service of the Secret Love Star!

***Illumination as My Dispensation from the Secret Love Star***  
**Lumina — January 4, 2015**

As the Flame of Illumination enters into your consciousness, it absorbs on contact all unreality, all thought and awareness of anything unlike the Purity of God! For it knows only the Perfection of God! The Elohim Lumina streams the God Consciousness of Illumination's Flame from the Secret Love Star to assist you in putting on the Consciousness of your Mighty I AM Presence and clearing away the debris within your outer vehicles. As the Flame of Illumination flows forth from the Secret Love Star, it is intended to bring a Momentum and a Charge of Illumination that will begin the leavening process upon the Altar of the Heart of the Sons and Daughters of God who are ready, who are prepared to elevate that Flame into their outer consciousness to begin to experience a closer communion with the Mind of God and realize the importance of what they are to bring forth for the Golden Age.

***Step Aside So Your Presence Can Act***  
**Discourse — January 5, 2015**

The Sacred, Secret Kingdom of God is produced by the Mighty I AM Presence wherever that Presence has free reign and has been invited. If your mind or emotions are agitated, or the physical body cannot relax, your Mighty I AM Presence cannot work through you. Your own Mighty I AM Presence is constantly trying to get your attention, speaking to you through the Heart Chakra, through the Threefold Flame, pouring forth its Love. Your calls, the invitations of your free will are the openings that permit the Light of your Presence to come forth. Having set up the necessary protections around your forcefield through spiritual work and decrees, you will know that the Angels are standing guard, and your Presence is holding the balance. You can then turn your outer sense of selfhood over to your Mighty I AM Presence and know that all is well.

***Work to Establish God Government on Earth***  
**Chananda — January 5, 2015**

Chananda pours forth the Light of his Momentum as Chief of the Indian Council to stream forth from the Secret Love Star to allow the Sons and Daughters of God to recognize the Divine Estate of government they are to ratify and adopt as a way of life. The purest of constitutions was established long ago for free people to come under the canopy of a representative government, all the while maintaining Godliness, morality in the land, and Freedom for all. It is imperative there be enough Light

streaming forth into the Heart Flames of the Sons and Daughters of God to hold the balance for their respective country. When you are holding in your vision the Divine Outpouring of the perfect chalice for any government in the land, recognize that the Fullness of the Momentum from the Secret Love Star of the Cosmic Councils will assist you in drawing forth the engrams and the fohat that will establish more of the required Momentum. Let the Momentum of the Secret Love Star draw you into greater service for the Earth!

***Call Forth the Maxin Light in Love and Forgiveness***  
**Discourse — January 6, 2015**

As you practice harmlessness and unconditional Love and embrace the Law of your Presence, the principle of God Love which abides in your Presence will abide in your world as well. The All-Consuming Love of God focuses as the single Flame of the Mighty Maxin Light which is the most intense and powerful level of transmutation. That Light is the Law of the Being of your Presence. That is the way things are in the Great Central Sun and the way you want things to be done in this world, expanding the borders of God's Kingdom with you in the center, producing Perfection in all of the situations of your life. It is impossible for the Presence of God to wish harm to any part of life. You are calling for your own I AM Presence to produce Perfection in your world, forgiving everyone, and sending out that Unconditional Love.

***My Momentum to Assist You in Registering God's Will***  
**El Morya — January 6, 2015**

The Heart, as the Flame of God Love, desires to be in the Will of God! For there you can express the Truth of your being. You must do all you can to prepare your conscious to be a chalice of the Most High. When you go to the altar and invoke the Light of God, your entire world changes. Choosing the Will of God means you desire the Mind of God orchestrating all your affairs. The Flame of God upon the Altar of your Heart is the All-in-All of your being, the open door to the cosmos of every God Consciousness that would stream forth to assist you and all of mankind! You have the stature to stand in the Fullness of your Presence and proclaim: "I AM my Mighty I AM Presence in action! I AM the Truth of my God Identity! I AM the Will of God! I AM the Love of God!" When you can proclaim this with every conviction of your being, you are ready for the Will of God, for you have recognized life begins when the Will of God is at work in your life.

***Our Shared Commission to Expand***  
**Torch Bearer Meeting — January 7, 2015**

The Anointed Representatives share with the Torch Bearers their recollections of the very first years of The Temple of The Presence, the expansion through leaps of faith, from the first gatherings in a small apartment to the current beehive of activity at Morya House. There is a joyous retelling of their early experiences as a family, overcoming adversity "on a wing and a

prayer.” A plan is set forth for purchasing and erecting a structure suitable for larger gatherings and expanded Acropolis Sophia sessions, to serve in the interim until Aurora Pavilion and the Beehive are built. This plan is both feasible and reasonable in the context of The Temple’s sound financial situation. Torch Bearers are invited to give their decree support and their “widow’s mite” of sacrificial giving to bring this alchemy to fruition in a timely manner.

### ***You Are Up to the Task***

**Maha Chohan — January 7, 2015**

When the Light of God comes upon you, do you recognize it? Do you allow your consciousness to follow the *Thread of Contact* into the Heart of God? Throughout this cycle, you have been shown the Responsibility offered to you as opportunity to gain in your own Attainment and Mastery. As the outpost of the Divine Outpouring of your own Mighty I AM Presence, you would wish to hear the Voice of God, to have God Consciousness streaming forth and so filling your vehicles that there is no desiring save that the Presence of God draw nigh! The Heart *always* knows and responds to the Vibration of God! When your whole Identity is brought into rapport with the Hierarchy of the Pranic Breaths, you begin to recognize the Mastery your Mighty I AM Presence has come into incarnation to realize. This is the preparation for the Ascension in the Light! You have been given all you require for the journey ahead. Draw it forth! Make it your own!

## ***The Practice of Cosmic Law***

**Discourse — January 8, 2015**

The Cosmic Laws you are learning here proceed from that magnificent Flame of Divine Truth, and this can be verified through your inner contact with the Heart of your own Mighty I AM Presence. That which God would do *for* you, God, your Presence, is obliged to do *through* you! There are absolute principles of Cosmic Law that are universal and impersonal, and God Almighty cannot contravene those Laws. For the Presence to act through you, the Heart Flame must unfurl through each of the four lower bodies so they might rise in vibration and act in the overshadowing of the Presence. Nothing good that you ever do for the Light is ever lost! Your Causal Body holds a treasury of Momentum that will see you through whatever initiations you might face. Through the action of the Secret Love Star, more and more of the Momentums of your Causal Body are now available to bring their Power to bear on your Path to Victory.

## ***This Day Marks a New Beginning***

**Sanat Kumara — January 8, 2015**

At present, you have more of Cosmic Law available to your outer consciousness than has been realized for hundreds of thousands of years! Your Mighty I AM Presence has written upon the Altar of your Heart an inscription, translated by the Threefold Flame of your Heart, the patterns of life divinely intended for you to exhibit in this lifetime. The Sacred, Secret Kingdom of the Glorious Love Star lends you a greater Momentum to assist

you and to establish a foundation upon which you may count on. You have understood your Responsibility in Hierarchy. It is important to recognize that cycles have Dispensations — and this is one that is great indeed! Let this go down in the Annals of the History of the Earth as a time and a cycle that began a great Momentum toward a shifting into the Flame of the Presence of God. Let this day mark a new beginning for your lifestream — where you grasp and hold fast to the Light of God and never let go so the Sacred, Secret Kingdom of your own Mighty I AM Presence becomes a reality in your life!

### ***Bring Forth Christ Consciousness***

**Elijah — January 11, 2015**

In the Fiery Furnace of the Heart, Elijah comes to ordain a new Shepherd Templar. He commends each one to the task of raising the Fires of their Heart into the Allness of God to knit together their vehicles of consciousness and to be the Christ! All are called to set the example of Christhood even as a Shepherd Templar is called, to embody the precepts of the Law as outlined by Beloved Saint Germain, and to adhere to a high standard. For a Shepherd Templar, God is the all-in-all of their being, held first and foremost in all their affairs. All of their life is weighed against the touchstone of God Reality, and all of their worldly affairs, worldly personalities, worldly substance is surrendered as they put on the garment of the Light of the Christ. The Fires of the Heart of a Shepherd Templar are ablaze even as the Fiery Furnace of the Heart of Beloved Elijah.

***Call Forth the Glory of God Here and Now***  
**Saint Germain — January 11, 2015**

Saint Germain gives honor to each and every Son and Daughter of God who has made the effort to step forth in the Light of their Christhood and to fulfill their Fiery Destiny. Throughout out this cycle, the glorious Beings from the Secret Love Star have come with their great Momentums to assist in the bringing forth of the Golden Age. Saint Germain offers his unending gratitude to those who have stepped forth to assist in this great endeavor, most especially the support and assistance of the Goddess of Liberty. Saint Germain commends you to the realization of the dream upon the Altar of your Heart, placed there by your Mighty I AM Presence, to be the Christ. Each day is a Victory when you are standing in the Light of God, when you are a Pillar of Fire. You are called to stand in the Fullness of your Light daily, to have courage, and to learn what the Fire of God upon the Altar of your Heart can truly accomplish.

2. Copy the folder containing the audio files from the DVD and paste into the *My Music* folder on your PC. This will automatically add the album to the music library for **Windows Media Player**.

### Other Music Applications

If you prefer to use a different music player application, then you will need to perform an additional step to import the files into the application's library. The appropriate action should appear on each application's *File* menu. For example, for **iTunes** select *Add Folder to Library*, for **WinAmp** select *Add media to Library*, for **MusicBee** select *Rescan /Add Files*, and for **MediaMonkey** select *Add/Rescan files to the Library*. In all cases, make sure the album folder in the *My Music* folder is included in the selected folders.

## MAC INSTRUCTIONS:

## iOS (iPhone, iPad, and iPod Touch) INSTRUCTIONS:

### Third Party Utility Program

We recommend using a third party utility that allows you to selectively transfer files from a PC or Mac to an iOS device.

There are a number of such utilities. For the PC, we have found that **CopyTrans Manager** works well. It is a free Windows application available at: <http://www.copytrans.net/copytransmanager.php>.

Once the application is installed, these are the steps to transfer the album:

1. Place DVD into the CD/DVD drive on computer.
2. Connect the iOS device to your PC with the USB cable.
3. In the PC Start Menu, click on *CopyTrans Control Center > CopyTrans Manager > Start > +Add*. The *Add tracks to library* window should appear.
4. Select the album folder and click on *Add*.
5. After it has finished adding the files, click on the *Update* button. This will transfer the files to the device.

### iTunes

An alternative approach is to import the album into iTunes on your PC or Mac, and then sync the iOS device with iTunes on the computer. Be aware, however, that this will erase all media files on the device that are not found in the iTunes library on the computer.
