## I Send Forth the Ruby Ray Angels

**B**lessed Sons and Daughters of God,  
I, Lord Maitreya, address you in accordance with my Office of the Cosmic Christ so that you might have my direct Edict and Directive to bring forth a greater momentum, not only in your own life, but in the collective lives of all those who profess themselves to be Torch Bearers of The Temple and disciples of the Ascended Masters.

Throughout the course of history, there have been many occasions when the Brotherhood of Light has stepped forth through its Representatives and by the Hand of God has streamed forth the Consciousness of a new Dispensation and opportunity, so that the greater whole of mankind might receive the leavening of its consciousness, rise into a greater portion of their own Christhood, and begin to put on the Light of God in their day-to-day life.

You need not look far across the Earth to see the state of affairs that is present in the land. Why then would you expect that you, as one lifestream, could make a difference? It is because, blessed ones, you are on the side of the Lord! You have the Fire of God within you! You know the Mighty I AM Presence and the Power of God that resides there! And by your calls, you initiate the Power through your throat chakra, utilizing the great science of the spoken Word that existed before your first incarnation upon the Earth, empowering you to call forth the Light of God, establish a Momentum in that Light, and make the change that is necessary to transmute and bring into manifestation more of the Consciousness of God.

We have afforded a most detailed examination for you of the *Shekhinah Pillar*, so that you will know each of the elements that go into the making of

such a powerful Momentum that you may now rely upon. But there is more. When you take up the work of the Ruby Fire, there is no longer any question in your consciousness as to whether or not the Will of God will prevail. For when you are connected in the Fire of God, calling forth the Will of God, and establishing the Momentum that you have engaged in time and again through your Calls and with the focus of your attention upon the Presence of God, then that which you call forth must indeed be brought forth. For the purification of the Ruby Fire will not be stayed by any force whatsoever.

This means, blessed ones, that you must be attentive to where your vibration is seated. Is it in the Harmony and Peace of the Buddha? Is it in God Good for Divine Intent? Is it to establish the Presence of God in abundance throughout the land? Is it to hold the balance for those who know not how to hold it for themselves, so that they, too, may be lifted up into their own Christ Presence and begin to breathe in the breath of Freedom and Liberty?

As one who has established his own commitment to the Mighty I AM Presence, you have vowed to stand in the Flame of God. With that vow comes a Responsibility for all of life. You may not feel that you are up to the task, but your Mighty I AM Presence most assuredly is. And for there to be a Golden Age, there must be those who know the Mighty I AM Presence, those who have the *burning desire* upon the Altar of their Heart who will hold on high the brazier of that Fire and *be* the guiding Light of the Eternal Now. That, blessed ones, is your commitment and Responsibility to achieve.

The Authority to do so is given you by the Mighty I AM Presence! And because you have answered the call, have joined shoulder to shoulder with Saint Germain, you have likewise been given the Authority by the Lords of Karma through the many Dispensations that have streamed forth to allow you to excel beyond your wildest imagination!

Think back to when you were a youth. Did you for one moment think that you could be the Presence of God? Perhaps you could have, if you had grown up in a family that knew of the Mighty I AM Presence, that knew of the Flame upon the Altar of the Heart and allowed that Flame within you to expand and to take up its rightful place. But for the many who did not have that opportunity, did not have the guiding principles of the Virtues of the Christ, or the Qualities of God put before them to follow, it is indeed by the Grace of their Mighty I AM Presence that they have come, that you have come, to this moment in time to realize the Presence of God within you and thus what is possible for you to achieve.

When you look about at the few, you think: "Surely, I cannot be the one to step forward and serve. Perhaps it is my neighbor, or the friend down the street, or someone that is on the other side of the world that will carry the Torch. Certainly I will support them, from afar." But, blessed ones, that attitude is not what is called for. You are called to engage fully and completely, to roll up your sleeves, and allow for the Fire of your own Heart Flame to surge! Let there be a galvanizing spirit of God Freedom within you that throws over the traces of limitation, fear, doubt, and human questioning, and allows you to embrace fully and completely your Divine Self, the Truth of you that knows only Victory must be present!

In the fullness of time, the Many Sons and Many Daughters of God across the Earth will have an opportunity to come into their own. But I speak to those of you who already have had the Fire ignited upon the Altar of your Heart! What will you do with it? Will it be enough for you to merely know, to have an awareness of God?

How magnificent your human ego seems to itself, imposing upon you its intellectual idea of who it thinks you are. But do you suppose for one moment that your Presence ignited the Flame upon the Altar of your Heart and announced to you: "I AM the Mighty I AM Presence!" and did not expect that you would bear that Hallmark of Divine Identity that you truly are?

There are many across the face of the Earth who desire to be witnessed to by the Ascended Masters, to have even *one erg of God Energy* that the select of you have already received. Yet they do not know where to go find it. Many times they stumble upon it and that is very good. But there are no accidents, no coincidences. In the right cycle and right time, they will be drawn to one of you or to this Activity.

What will you tell them? What will you witness to? Will you merely be deaf and dumb as it relates to the Presence of God upon the Altar of your Heart, and the recognition they, too, have the Fire of God right within them? Will you enable them to obtain a greater awareness of the Presence of God that will assist them in overcoming their trials and tribulations, their lacks, their poverty?

"Call upon God and invoke the Violet Flame," you may say. But then you must describe to them what is the Violet Flame, what is its purpose, and answer when they ask, "Why can I not see it?" So, blessed ones, you need to become masterful with the very Teachings that you have come to know and embrace. You need to *study* the Teaching so that you can witness to them.

During this coming Conclave, there will be many heretofore unknown actions of Cosmic Law that we will make you aware of that can be invoked and called upon to establish more of the Presence of God upon the Earth. In order to fully appreciate, engage, and be effective with all that will be given to you, your consciousness must be prepared and made ready to receive it.

That means your own doubts and fears must be put into the Flame! Your own sense of limitations must be banished. Your own seeming lack of ability that you think is there must be disregarded. And you must put your foot forward in establishing new patterns of life. It matters not your age! It matters not your income! What matters is the Fire upon the Altar of your Heart!

For that is what it will take. That Sacred Fire of your own Heart Flame is what you must bring to bear as you engage in the work of bringing forth a Golden Age. You may not see the full outpicturing of that Golden Age in your lifetime. Chances are you will not, depending on the years of your lifetime that have already accumulated. But the patterns that you initiate, the seeds that you sow, the foundation that you lay *will* make the difference!

These will live on and build and build! And like every momentum, as they gain in greater momentum, they will take on a gravity, an importance to the many Sons and Daughters of God who have merely flirted with words such as “karma,” “reincarnation,” “light”, and they will begin to delve deeper and deeper. And they will find The Temple of The Presence. They will begin to study what you have been privy to now for some time, most carefully and delicately given to you to study, to learn, to absorb into your consciousness, into the patterns and way of life that you live, so that you stand before the world as an example of Cosmic Law. This Path is not an intellectual pursuit, but a divine and glorious Ascended Master life that you live!

And that, blessed ones, is how you will be most effective when it comes to invoking the Ruby Fire — when you establish the Patterns of God Identity that are your Authority, that are the Truth of your Identity, with that Current of the Mighty I AM Presence firmly fixed in its rightful place, seated in the place of Authority in your life! Then as you call forth the Ruby Fire to go out far and wide, it shall not cease until the accomplishment is complete!

With the new Dispensations that are to come and the Calls that are to be given, the Foundations of the Golden Age will be secure. But this work of the Great Commission does require those who have a lively heart and a passion for God! Those who have embraced their Christhood, and have said: “Yea, Lord, I AM here. I will do the work. I will perform that Divine calling that you represent. As the Mighty I AM Presence, I invoke the I AM THAT I AM!”

There are many today in the Etheric Retreats, abiding just a degree of vibration above your sight. They know I speak to them. For they are chomping at the bit to barrel into another incarnation! They so desire to be where you are, ready to run and meet the New Day with the Dispensations acquired with the coming of The Temple of The Presence. For they remember what it was like in eras past when there were severe limitations to mankind's understanding of the Law, when there was not a clear and present knowledge of how to meet the Necessity of the Law and to draw forth the Light of God.

So you see, blessed ones, if you do not take up the Torch, here and now, if you do not with every erg of energy of your being, give your life to the Mighty I AM Presence, when you find yourself on the other side — not having made your Ascension, preparing for another incarnation — you will wonder why you did not heed Lord Maitreya, El Morya, Saint Germain, Archangel Michael, the *Entire Spirit of the Brotherhood of Light*, who one after another have come to remind you of your calling and who you are. Then, blessed ones, you, too, will be chomping at the bit to take off into incarnation and finish your Divine Plan ever so quickly!

But many times, the preparation is long between embodiments before being allowed to come back. And who is to say what the spiritual conditions will be like at that time, if those now in embodiment, those Torch Bearers presently gifted with the Grace of God, the Dispensations of the Helicon, and the glorious *Shekhinah Pillar*, do not perform their work?

I do not speak of such an ominous prospect to instill fear. Quite on the contrary. It should be encouraging to you to know what *Power* you have within you! What Authority is right here for you to grasp! What you can accomplish! And it matters not if your voice is meek, if your body is feeble. The Fire upon the Altar of your Heart is intense! And your Mighty I AM Presence awaits your Call, your commitment to the high ideals of the Virtues of the Christ and the Qualities of God that stream forth from your own Mighty I AM Presence, so that you might live the life that you are intended to live.

The Glory of God cannot be manufactured. There is no equivalence between the human ego and the Divine Ego of the Mind of God. There is no carnal momentum that can counterfeit the very Presence of God. When you know the difference, when you have *felt* the charge of the Light and the Momentum of God, when it has lifted you out of your physical body into the rarefied atmosphere of your own Holy Christ Presence or Mighty I AM Presence, and you have been in that overshadowing of the most magnificent Love of God, then, blessed ones, how could you ever again be tempted to settle for less?

Throughout the coming cycle in preparation for the Easter Conclave, the Resurrection Fire will be burning brightly, preparing your vehicles so that when you are called to ignite the Ruby Fire in the new Dispensation that is to come, you will have a vehicle already charged in Light, and a rolling Momentum in God Consciousness. Then as the fingers of Light go forth, you will know that the Presence of God is who you are and you are in your rightful place.

I, Lord Maitreya, commend you to the work of preparation for this cycle. As with all Dispensations, they are contingent upon the worthiness of our disciples who have shown themselves capable, steadfast, reliable, ready and able to accept the Responsibility!

The Karmic Board has seen the record of the Torch Bearers of The Temple and of those who are disciples of the Ascended Masters, far and wide. They call upon you all to come and receive the igniting of the Ruby Fire, so that you might have the Fullness of the Dispensation and ignite that Light in your own life that will establish the Momentum of the Ruby Fire upon the Earth.

Come one and all! Drink in the Light, the Momentum of God, and be the Flame of God from this day forth!

I, Lord Maitreya, send forth the Ruby Ray Angels to assist you in making your preparations and the fulfillment of the Will of your Mighty I AM Presence to engage in the Light of God that never fails!

I thank you.

*Your Lord Maitreya*

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
