## Embrace the Gift of God Love

In the Love of God, I address you this night.

For it is that Love, blessed ones, that brings us together, one and all, across the face of the Earth. For elevating the Heart Flame to the Most High establishes a current of Fire that entreats the Love of the Almighty so that all might receive the Blessings of all that is required for the fulfillment of their life upon the Earth.

Throughout your journey, you are tested mightily. Those tests, blessed ones, are to prove your mettle. Have you kindled the Light that establishes that current of Fire within the core of your being which sustains you on your journey far and wide, a current never diminishing, never allowing within you any doubt, fear, any questioning from the human consciousness? For all negativity is fostered by the lack of Light when one has allowed the very precious connection and Holy Communion with the Mighty I AM Presence to diminish.

There are consequences to all things in life. The good that you sow, you receive back. But likewise, when you ignore The Good of God Consciousness, you do not have all that you require to meet the challenges of day-to-day life, let alone scale the mountain of your Attainment that would take you into the Fullness of the Garments of Light of your Mighty I AM Presence. All that I speak of may seem to be overwhelming to one who perhaps is not aware of the many victories they have already won!

Certainly, blessed hearts, you must take stock of your life, looking at all of those blessings of health, friendship, love from every part of life that truly loves you for the sake of your own Heart Flame and not for the outer advantages you have or what you may do for them. I am speaking of unconditional, unselfish God Love that knows the core of your being! All of God in every part of Life is engaged in that Love of your Heart Flame!

This is why you, as the Threefold Flame of the Heart, could be trusted to embody and incarnate in this world of the Earth, the Water, the Fire, the Air — so that you could drink them all in! But once you have partaken of the elements that fashion your form and your outer vehicles, it has always been intended that you would elevate the Flame upon the Altar of your Heart and lift your consciousness out of these realms and return directly to the Higher Realm of your own Mighty I AM Presence, putting on the Mind of God, the Christ Vehicle, and attaining the God Direction sufficient to live out your life according to the Will of God.

All else is a meandering in the outer vehicles, wasting and whiling away the days. Some of those days may be filled with excitement because they are exciting the base elements of your physical, emotional, and mental vehicles. But, blessed ones, what of the Holy Christ Presence? Have you begun to realize the glorious bliss that comes in the overshadowing of the Fullness of the Christ that is within you, ready to take up its residence and impart through your outer vehicles the God Direction, the creativity, the fashioning and forming of all that is to be charged with the Light and the Keynote Identity of your own God Presence? That, blessed ones, is True Love!

When you can move beyond these outer realms and drink in the Light of your Mighty I AM Presence, that, blessed ones, will give you a greater understanding of the boundless Patience that the Ascended and Cosmic Beings have for your lifestream, of the abiding Love that they shed upon you, showering you daily with their considerations, concerns, direction, teaching.

And what of the Comfort that comes in knowing the Ascended Masters, realizing that they, too, walked the Earth as you do? They overcame the pain and the sense of struggle, the sense of separation, those periods of seeming lack, when they, too, were gripped with outer darkness. Yet suddenly they were able to turn their face toward the Mighty I AM Presence, the God of Very Gods. They may not have known the name you have come to know

as the I AM Presence, but they knew the Vibration. They knew the Love. And that Love grasped their hand and enabled them to walk through the remainder of their days to the Victory of the Light and their Ascension.

Was it easy? In most cases, no. But any great Victory worth the effort takes striving, Constancy, determination of the Will of God to break through every sense of limitation imposed upon the mind, the emotions, or the physical body. So when riptides of emotion sweep through your life and the people around you, will you hold on to the White Fire Core of the Flame upon the Altar of your Heart? Will you address the Mighty I AM Presence and call forth the Will and the God Determination to stay the course, to be filled with God's Love so that no human vibration can tear you away?

And will you be filled? I, Saint Germain, say yea, you will. For in the communion with your God Presence you are filled beyond measure. There is no other love that you would desire, save the Love of God. And in receiving that Love, acknowledging and communing in that Love, you discover that all other loves that you have ever hoped would come to you, of brother, sister, husband, wife, father, mother, friend — they are all still there waiting to embrace you, for you now have the Love that they desire. And in that Holy Communion that you have experienced, you have a Love that is worthy to give.

The world itself, for most of mankind, is missing this very key ingredient to what would enable the elevating of the consciousness, breaking out of those "morass" states of living, or rather mere existence would be a better term. The Love of God allows you to be the serving heart, the extended hand of Comfort. It allows you to be patient and listen, to be tolerant, but not at the loss of your own Identity in God. It allows you to have Wisdom, not mere intellect learned by the recitation of facts and figures, of dos and don'ts, of a morality based on human existence, but the Wisdom that is founded in Illumination's Flame and the touchstone of God Identity that has forged the mettle that you require to be God Victorious and win your own Victory, just as those saints of old, just as the Masters now Ascended and Free in the Light.

You, blessed hearts, have much to be grateful for. Drink it in! Allow for the Fullness of all that has been garnered by way of Dispensation for you to be received. Hold high the Torch of your own Flame burning upon the Altar of your Heart, ignited by your own Mighty I AM Presence! Let that Flame so light your path, your life, and all about you, that when you come together

with another with their upraised Torch held high, one who is also pursuing their Divine Destiny of the Ascension in the Light, the communion of those Flames will light an even greater Fire! And when there are more than two, you can begin to send out from your collective Presences more and more powerful Rays of Light that sweep the Earth!

The Commanding Presence knows exactly where that Light must go, what it must accomplish. And when you have developed a rolling momentum of overcoming the outer conditions of human consciousness, of constantly elevating your consciousness into the Divine, you will have prepared a Chalice that will receive the Charge and Light of your Mighty I AM Presence into each of the planes of consciousness in which you reside. And the Light will stream forth!

The intonation of Akasha carries the Keynote of your own Mighty I AM Presence to impress upon all of life that is to be touched by the Ray of your Mighty I AM Presence: "I AM THAT I AM! I AM the Lord! And I will have Perfection and Purity established in my world!" That, blessed ones, is a Christ Command that your Presence radiates, intones, and establishes with every Ray that pours forth.

When you allow your outer vehicles to be bathed in that Radiance, you begin to take on new flesh, new emotion, new thought, new direction. And as your chalice is tempered by the Fire of your Mighty I AM Presence, you are strengthened and prepared for all that you are to accomplish! No longer are you responsive to the riptides of human thought and feeling! You are responsive to the Mighty I AM Presence. No longer do you create negative karma by your actions, your thoughts, your energy, your emotions. For you have sealed your vehicles in the Love of God, transmuting every vestige of your own returning karma daily, allowing the Presence to take up residence and move through you by the governing action of the Holy Christ Presence.

This, blessed hearts, is the gift of God Love. For when you are bathed in that Love, there is no thing that can remain in any of your vehicles of consciousness. From the soles of your feet to the crown of your head, you have the charge of the Holy Christ Presence firmly fixed, undeniable. For you have made the election that that Will of your Presence is more important to you than all of the pettiness that many are so consumed with, that derails their very life's work, that puts them at the edge of the abyss, requiring them to

come back for many more incarnations to accomplish what could have been done this very time and in this very cycle!

For so much has been given. So much has been learned. So much has been accomplished. Do not find yourself throwing your opportunity away for the sake of some pettiness. Oh, that pettiness may be creating a great boulder in your life, but it need not be. For the Mighty I AM Presence can on the instant dissolve and consume it with the Violet Flame, and it will be no more. But you must be willing to give it up, to surrender it to your Mighty I AM Presence.

The Ascended Masters, Cosmic Beings, one and all, stand ready to assist you at every turn when there is such a task at hand so that you can return to your Source in the Bliss, Harmony, and Peace of God that allows the flow of God Love to naturally take up its work in your life.

That I, Saint Germain, wish for everyone! That they embrace the Love of God! That they recognize that Love for all of its glorious assistance in life! And when you are surrounded by that Love, you will want for nothing but that Love. Riches will fade away. The seeming outer comforts that you have desired will be as of nothing to you. Pain in the physical body will melt away, for your consciousness will have elevated you out of that pain into the higher vehicles; and you will no longer have that gnawing reminder of things that try to ground you to the physical.

Those emotional turmoils that seem to be so uncontrollable will suddenly be filled with so much Light from the Love of your God Presence and the Ascended Masters that you will be at peace and wonder:

*“What was it all about? Why could I have ever gone to those lengths, uttered such words, thought such thoughts, acted in such manner? Surely that was not my Presence. I desire to be in the Fullness of my Presence, for that is where I AM intended to live! That is when the Fullness of Life streams into my awareness! The outer senses and the higher senses shall become fused in the Love of God and the Beauty of God. No longer will I permit any gnawing circumstances of life to tear me away from the glorious Realm of the Mighty I AM Presence.” You will then be able to say: “I AM moving toward my Ascension in the Will of God, in the Love of God! And by the Commanding Presence, I will ascend at the close of this life!”*

That is all you need to feel, to believe, and to realize as the Vibration and beaming countenance of your vehicles that you experience in the Presence of God. Then, when the Ascended and Cosmic Beings, the Archangels, come to address you from this Altar, you will feel their Presence. They will stir every part of your being! And you will want for nothing, save to be as close as possible to that Vibration forever! So you will arrange the circumstances of your life, the atmosphere in which you attend to their Dictations, so that you are prepared. There is no thing more important to you than the Love of God. When they come, they are coming for that Love of your Heart to impart to you Wisdom, Teaching, God Consciousness, Momentum, the Truth of Cosmic Law® so that you might hold on to all that is important to your life and to those around you.

At the close of your days, when that final trumpet is sounded, your Presence will say: "It is time to come up! Take my hand! The Fire of my Heart is ready for you." Will you reply, "No, not yet. I'm having too much fun"? Or will you have enough of the Presence within you to realize that is your Golden Hour? That moment is what you have been striving for all these incarnations. That is the Victory. And no thing is more important than taking that last step with the Mighty I AM Presence.

Blessed ones, there will be those who will incarnate again. It will not be the time for them to take their Ascension in the Light. That timing is not up to them, nor to anyone, save the Mighty I AM Presence of that lifestream. And you do your Presence a disservice — as well as the Ascended and Cosmic Beings who have striven mightily to assist you — if you proclaim that you are not ready, that surely you will be required to re-embody. You know not. You may have had such magnificently wonderful incarnations, but this one was the toughest! This one required you to roll up your sleeves and really work to accomplish holding on to the Light and Love of God so that you could once and for all proclaim the Presence of God within you as the highest priority of your life.

Do not fall sway to the human lie that you cannot believe the very highest and best of yourself, but strive mightily toward the Ascension. You have the Violet Flame. You have the Teachings. You have the Light of your Mighty I AM Presence. Let that Light sweep you up and carry you across the abyss into the waiting arms of your Mighty I AM Presence!

There is no human condition that cannot be transmuted and the debt satisfied, preparing you for the final transformation into the highest God Identity that you are. That Truth, blessed ones, you need to remember through thick and thin, through all of the seeming struggles, all of the outer pain. They are only as real or powerful as you allow them to be. When you elevate your consciousness into the Holy Christ Self where the Presence of your own Mighty I AM is ever involved in all that you are engaged in — the struggles, the pain, the human questioning dissipate and the clarity, the Vision, the Peace and Harmony, the Comfort return to your awareness. You are able to see the next step, the next word, the next thought, the next circumstance that you desire to invoke and create for your life.

All about you are brothers and sisters of Light, some caught in all manner of struggle, some wanting to assist you. Let them hold the balance for you when those times come. Let them call to the Mighty I AM Presence with you so that you might regain your composure in the Light, the Poise that you speak of as the God Quality. Let that Poise in the Presence of God hold you in the very Vibration that you require to move through challenging initiations and cycles.

I, Saint Germain, promise you, you will know God Love if you open your Heart and allow the Presence of God to enter and stay!

The Light of God is so compacted in this very hour that to see clearly through the Light with your higher Vision, you would have to part it as though you were swimming.

Let this Charge and this God Substance of the Violet Flame and the Love of God in the pink glow stay with you all your days, and you will truly know what it means to be blessed. It is the Blessing of God, it is the Love of God that will carry you into the Ascension. Hold fast — for there is no greater journey! And you are embarking upon the final steps of preparation.

Let the Love of my Heart be the magnet that draws you into the greater awareness of your own Mighty I AM Presence and the fulfillment of all that your Presence desires for you.

I commend you to the Love of God!

As the Ascended and Cosmic Beings come together, one and all, in the glorious intonation of God's Love — hear their Call! Hear their Heart! And know *the Light of God that never fails!*

*Saint Germain*

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
