◆ Archangel Gabriel ◆

Tucson, Arizona

Receive the Annunciation of the Christ Light!

Blessed Sons and Daughters of God,
I AM the Archangel Gabriel! And I have come to pose these questions to you:

If I were to address you in the stillness of the night, but nonetheless truly galvanize your attention to my Flame, to an awakened state that would allow you to know that the Presence of God's Purity, God's Truth and God's Holiness had addressed you, would you be able to ratify and confirm with every erg of being the Truth of that experience? Would you know for certain that you had been addressed by an Archangel? Would you be able to receive my instruction, no matter how seemingly awesome, yet wonderful, to entertain in your outer consciousness as entirely possible for you? Would there be enough of the surge of your own Heart Flame, leaping in Joy to receive the Annunciation from my Flame?

Certainly you know the story of Mary, the mother of Jesus, and my role in announcing to her as well as to Joseph the forthcoming events in their life, events that would have great import not only to them individually but to the whole of humanity. For the weight and the pressure of Light of Almighty God streamed forth with that Command, with that Consciousness, with that Momentum.

What would you do? Would you be able to embrace the Truth of my Identity as an Archangel, recognizing that Truth by the Flame of your own God Identity as the Mighty I AM Presence and the Flame upon the Altar of your Heart? Would you hear my Call and answer?

These are questions everyone is faced with — not just once, twice, or three times, but many times throughout their many incarnations! And to put on the garment of Holiness, of Purity, of Light requires that you be able to engage in the knowing that the Presence of God is in your midst and that you have ratified that Presence. You have vouchsafed your wholehearted commitment to that Presence with every erg of energy of your being. You have established momentums of godliness in all of your affairs to safeguard every erg of energy entrusted to you.

You have not hidden your Light, for you have let it shine! You have not suppressed who you are for fear the Light would offend your neighbor. For you have been able to stand in the Fullness of the Light of the Christ and proclaim your Identity as a Son and Daughter of God, vested with the Light of the Mighty I AM Presence.

Throughout your many sojourns during your incarnations you have encountered many varied interpretations of God. You have conversed on topics of godliness. But in no other lifetime have you ever gained a greater understanding of the Truth of Cosmic Law than is present in your consciousness even now. Those who study wisely all that is released from this Altar, taking it to heart and putting it into action in their lives, are establishing an Ascended Master Way of Life where they are! They are understanding, daily, the enormity of the Fullness of God that they are privileged to know and to become! And indeed it is a privilege, for the Presence of God has tried in every one of your many incarnations to awaken the Flame upon the Altar of your Heart, that you might have the awareness of how close is the Presence of God and how to allow that Presence to move within your life.

There was a time when many thought that only the Angelic Kingdom came close to God and that surely they alone could in turn come close to mankind to assist in guarding and protecting each of the children of Light. But you have come to understand that the very Presence of the Archangels and their Legions has a far greater role than just to stand in your midst and occasionally protect you or direct you. Rather, theirs is to charge your vehicles of consciousness constantly with the Light and Momentum of the Body Consciousness of God — that Charge of your Presence that electrifies! It is a Charge that can, if you will acknowledge it and become it, establish Patterns of Light and Momentum, of Vibration that elevate your consciousness into a greater awareness of the Presence of God in your midst in the form of your own Holy Christ Presence that yearns to commune with these outer vehicles intended to be the home of the Threefold Flame.

For many days, many weeks, many years, lifetimes even, the Unfed Flame has cried out to be recognized. For knowing itself to be the Presence of God, that Flame understands the workings of God. And it is the open door to all that the Individualization of God desires to impart to your outer vehicles. But if you have grown dense and no longer hear, no longer sense the very Vibration of God, the still small Voice, then, blessed ones, it is time to awaken! It is time to accelerate the Flame upon the Altar of your Heart by putting your attention upon building up those greater Momentums that you can establish in your life — Momentums of Purity, of Holiness, placing your attention upon that which is divinely intended by your own God Presence, namely Momentums of God Good that are sure to bear good fruit, brought to the fore in all your endeavors.

For some, such accomplishments will be a great feat. For it has been a long time since you have recognized the Flame of God burning so brightly in your life — if at all — in this incarnation or the previous. So it will seem as though your life has been turned upside down by the Flame upon the Altar of your Heart, by the closeness of the Archangels and their Legions. And you will wonder, where is it leading? What will I achieve by all of this change in this new momentum?

Well, I, Gabriel, can tell you that it will certainly lead to a closer communion with your own Mighty I AM Presence. It will lead to a greater attunement guiding all your affairs, having the co-measurement of what is right and what is not, what is true and what is not, what is the Vibration of God and what is not. And that co-measurement will carry you through all your days, guiding you according to the direction of the Will of God.

And if you have not recognized by now, the Will of God is always the highest and best consideration for your lifestream, no matter what the appearance of outer conditions may report! For the Presence of God knows exactly what you require at any given time. And God's Will begins with Purity. It begins with the White Fire of the Mother Light streaming forth to electrify the kundalini fires so that you might have sufficient Light and the Charge that you require to restart the spiritual centers of your being, to knit them together in the Fullness of all that the Presence of God desires for you.

This does not mean that suddenly you will become the wisest among men. It does not mean that you will suddenly become adept at all areas of spiritual proficiency that you have looked on and tried to accomplish with little success. For sometimes you have headed in wrong directions which were not the Will of God for you, nor were you intended to submerge your life in the minutiae of certain areas of human experience.

But when your Heart Flame awakens, shining its Light into your consciousness, into the Momentums that you are to establish as the Patterns of Identity of your own God Presence in your life, you begin to realize that your tastes become refined, the vibrations that you desire to be surrounded with are no longer clanging, assaulting the senses, but allow you to move through, floating in the Light that anchors Peace and Harmony and brings to the fore the creativity that you require. You no longer have to shut down all of your senses because of the clanging of the riptides of human thought and feeling, but you are able to stand in the midst of all manner of movement of the outer world, still knowing that you are held in the Presence of God. You can surround yourself with the Angels and know that they will buffer your vehicles of consciousness from all worldly arenas where you might have to — for reasons that you will know best — move about and engage in.

You see, blessed ones, you do have all that you require to be in the Presence of God. You not only have the Holy Angels to assist you at the direction of the Archangels, but you have the Fullness of the Teachings of the Ascended Masters to give you the understanding of Cosmic Law, to report to your outer consciousness those things that are contrary to the way in which the Presence of God operates, where there is a vibration that is negative, tearing down all about you instead of building, accelerating, refining.

The Teachings of the Ascended Masters show you what is possible for you to achieve in this very lifetime, putting on the Light of the Christ, establishing Momentums that will carry you into the fulfillment of all that your own God Presence desires for you. And not any two will have the same goals! Though you may come together to assist one another, yours is an individual path of Attainment and Mastery that you are acquiring.

And thus, the Flame upon the Altar of your Heart that you must cultivate in its communion with your outer consciousness, your emotions, your physical body — that Flame must be allowed to engage in your life, for that is how it takes command! That is how the Flame, as the Presence of God, imparts to you all of the Attributes that your Mighty I AM Presence desires to transfer into its body temple. For you are the Temple of the Presence!

With this greater acceleration in your life, you become aware that life is joyous! For God Life is full of wonder and ever new discovery that will carry you aloft above the mundane and into the extraordinary awareness of all that is the Presence of God! The Flame will lift your spirit into all the possibilities that are right before you! It will enable you to know with conviction that if you will but open your heart, your mind, still your emotions, charge them

with the Light of God, and guard well the Sacred Fire, then, blessed ones, all achievement is within the grasp of your Mighty I AM Presence pouring forth through these vehicles of consciousness.

The Light of God is oh, so magnificent! It sparkles! It shines! It penetrates! Heals! It exposes the Truth and the lie! It facilitates God Direction to shine forth so that it will illumine your every step. It shows you the open door through which you may enter. It allows you the presence of mind to realize the transfer of the Mind of God into your vehicles of consciousness so that you can act in accord with that Mind of God, brimming over with High Ideals, so that you can always be secure in knowing that the Presence of God is ever close at hand!

The Glory of God that the Angels proclaimed with the coming of the birth of Jesus is proclaimed, even now, with the coming of the Christmastide — announcing to you and all who will hear that the Christ Light is shining forth! The Holy Angels are streaming forth from the Presence of God to carry the Light and the Momentum of each of the Rays of God Consciousness, each Momentum of God Identity, to the Sons and Daughters of God and the children of the Light — to announce to them with the assistance of their own Mighty I AM Presence that the Christ is born! The Christ is here! You are the Christ!

Come! Enter into Holy Communion with the Most High and drink of the Light of God!

I, Gabriel, commend my Angels to the safekeeping of your journey and preparation to come to this Altar during the Christmastide, to usher in the New Year, and to bring forth the Light of the Christ, ever greater than before!

Archangel Gabriel

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
