

The Greatest of all Loves

Blessed Hearts,

The story of Love is as old as the beginning of time and even before in the Allness of God. But you first became aware of the magnitude of Love while in embodiment searching for your Twin Flame. The yearning of your Heart desired the completeness and wholeness that so recently you had known at inner levels. But is that the real story — the full and complete story of such yearning? It is not. For in truth, your romantic yearning is really the desire to achieve Divine Wholeness. And this requires the filling of your vehicles of consciousness with the Love of God.

Thus Communion with your own Mighty I AM Presence begins the initiations that culminate in the full understanding of the meaning of God Love! When unconditional Love pours forth, you are saturated in the Substance of God Love and you become most aware that your surroundings are filled with the effervescence of the Light and the Radiance of God. It matters not how dull the appearance might have been before; your vision is able to look past the muted colors, the drab surroundings, and see the glorious fabric of Life that God has painted for you to live within. Certainly, nature takes on a whole new visage for you to engage with.

And when the Sons and Daughters of God stand in your midst filled with Joy and laughter, kindness, Peace, and all that is God Good, you most certainly desire to join in the Fullness of the Communion of their Heart Flames! Conversely, when you are in the midst of those who are filled with

struggle, steeped in the foreboding of their own untransmuted substance of the human creation, those who have bought into the "liar and the lie" and have painted their life with all that is unreal, then it is most challenging for you to maintain the Pure Love of God, of your communion, and to constantly pour that forth. But when their Heart Flame touches the Love that you have experienced, they feel a sense of Comfort, if only for a moment.

And the more that you share the Love of God, sending Love forth in all of the varied expressions of the Virtues of the Christ, you begin to have a greater understanding of all the Blessings that your own God Presence has shared with you. For indeed, the Presence of God and that Abundance of God Love is the Limitless Source of your life, enabling you to stream forth and engage victoriously in all your affairs, in those responsibilities that you have elected to engage in, in the sacrifices, the necessities of life that you are faced with to master and to resolve.

All of these areas of your life, blessed ones, were initiated by your own God Presence, sending forth the Ray of God Love as the Magnet of its Heart to draw you into a closer Communion with your true Identity in God, to put on the Intonation of the Rays of God Consciousness, your own Causal Body Momentum, and to unfold the Wisdom of Illumination's Flame, using wisely all that is entrusted to you to take dominion over.

That Commanding Presence that is upon the Altar of your Heart, ready to *leap* into action on your behalf, has abided until the time when you, as this fourfold outer vehicle, as your mind, your emotions, your physical body, have said: "Enough of striving and struggling in maya and illusion! Now I choose to have the Will of God fixed within my consciousness, directing my affairs, to have the Power of God that enables me to be filled with the Love of God so that I can move and have my being within the Identity of the Christ Consciousness!"

Many of you have come to that point of your awareness on the Path. You have decided that 'enough is enough,' and it is time to finally embrace and to be about the work that so very long ago you first came to this Earth to achieve. There are many avenues by which this can occur.

For the Attainment and Mastery to be garnered there must be a conscious awareness in your outer vehicles that is truly engaging with the Light of God and the Momentum of God. To achieve this mastery requires far more than merely a *suggestion* to your outer vehicles that they ought to be disciplined.

It must be the Christ Command, not in reaction to outer circumstances, but because *your own Mighty I AM Presence* as the Flame upon the Altar of your Heart commands it so! And you obey.

Such obedience is not foreign to you any more than the Pure Love that you have experienced within the Presence. It is not difficult to make room for such Love, because when you truly embrace the Flame upon the Altar of your Heart, you realize God Love is as intimate, as natural, as familiar to you as that old pair of shoes in your closet that you have almost worn out! But this Flame is *ever new, ever flowing* in the effervescence of God. It has always been there. Only now you recognize it to be so, for it is the very core of your own true Identity!

The outer personae that you have adopted in your many incarnations so that you could engage in certain experiences of this earthly life are long past. It is time now to put on the True Identity of who you are. To do that, there must be enough God Love to magnetize to your lifestream all that you require and all that your Presence desires.

The loves of your life that you engage in, here and now, are wonderful when there is a pure Love that is engaged, unconditionally. But when there are demands that are beyond the scope of an unconditional Love, beware, blessed ones. Now is your time to have the Fullness of the Flame of the Will of God engaged in your life so that as you give that Divine Love you have the Protective Shield of the Will of God directing all your affairs into the right course and right direction.

The same is true of professions, of places upon the Earth where you may desire to go and abide, take up residence. All of these things, blessed ones, have a most profound interaction with the Divine Plan of what you are here to accomplish! Is it the God Direction of your own Mighty I AM Presence that you pick up and move to another location or that you take up another profession? Is there attainment that you are to garner, or is it merely the curiosity of the appetites of your human consciousness that is forever whiling away the precious moments of each day of this incarnation?

So you can see, blessed ones, I have covered a vast array of Initiations for you to choose from. But first and foremost there must be the desire for the Will of God, the Love of God, and the Illumination of God burning brightly upon the Altar of your Heart so that you can always check your outer vehicles with the touchstone of the Reality of your Identity in God and know that you are fulfilling the Divine Outpouring from your own God Presence.

Now I have touched upon several loves. But when you consider that the greatest Love of all is the Love for God, then each one must be prepared to receive that Love and not just the love of the closeness of another lifestream whom you commune with, not just the Love of your own Mighty I AM Presence, but the Love of the Great God Flame, the Love of the Great I AM, the Love of The One. And all through the Cosmos there is the Allness of God Love expressing in every Ascended and Cosmic Being! So you see, blessed ones, there is a limitless magnitude of God Love that many have not been ready, willing, or able to begin to receive and to give forth freely to all!

The coming Conclave is designed to prepare you to be able to receive all the varied forms of God Love. Not just the personal love, which is important, of those whom you are in embodiment with. Not just the Love of your own God Presence, albeit, that may be the greatest of loves that you will ever experience while incarnated. But there is also the Love that the Ascended Masters give to your own God Presence and to the Flame upon the Altar of your Heart. We your Ascended Brothers and Sisters strive mightily to assist you in knowing who you are and enabling you to put on the Garment of Light that is your True Identity. And to do so in all instances requires that you know firsthand the Flame of God Love!

To find True Love, to know the Eternality of that Love requires that there be a Purity within your consciousness that says, "I will wait for as long as it takes. I will strive mightily to pass the Initiations and the cycles of life that will strip away all of the debris of human consciousness, all of the misperceptions, all of the prejudices, so that I might embrace True Love!"

When you touch the Heart of God there is no mistaking that Heart. You need not have others tell you or confirm that Identity for you. For your entire being is so filled and charged with that Light of Love that you are sure that the Radiance of that Light can be seen on the God Star Sirius! And indeed it is. For such is the record that is etched there.

So you see, blessed ones, all of the glorious Initiations and cycles that you have experienced within the Realm of God are there, written on the Akashic Record, stored within your own Causal Body Momentum, waiting for you to reenter those cycles, those Momentums — to call them forth and establish more of those Patterns of God Identity where you are! It does not take an enormous amount of time, it can occur within the blink of an eye. Once you know the pathway that leads your consciousness into the Flame upon the Altar of your Heart, you are Home.

And when you are Home, blessed ones, the Flame burns brightly with God Love! There is Peace. There is Comfort all around. You know when you are Home that you have all that you require. And the creativity that flows forth within that Peace and Harmony is more than you can possibly accomplish in one incarnation. Therefore so long as you are engaged in the Mastery and Attainment that your Mighty I AM Presence has desired for you, you are given as many incarnations as may be needed to bring forth that creativity.

Divine Love is why so many are drawn to the Arts — whether it be painting, sculpting, music, all manner of creativity that beautifies the surroundings of the Sons and Daughters of God — so that what you perceive as the Beauty of God you are assisting others to partake of. And that, blessed ones, is a gift from your own God Presence. It takes Love, unconditional Love, to be able to create Beauty and give it away, to establish more of the manifest Presence of God for the Sons and Daughters of God to abide within.

The Beauty of the Flame upon the Altar of your Heart is far more magnificent than you have considered! And it is that Beauty that you exhibit through your good works, through your countenance, through your words and your thoughts, through all the energy of your being. For that Flame has drawn forth from the Mighty I AM Presence a vast and glorious River of Life that you engage with and that is intended to conduct the Purity of God.

So when you begin to doubt yourself, banish that thought on the instant and enter into the Flame upon the Altar of your Heart! Draw forth Illumination! Draw forth the Will of God! But most importantly, draw forth the Love that is the Reservoir of all of Life that will magnetize to you the Fullness of all that you require and all that you desire! Then, if you are to engage in a personal love, it will be there. If you are to abide in the Love of friendship, of family, that too will be there. When you abide in your own Mighty I AM Presence, the Love of God will be there. When you elevate your consciousness to abide in the Great God Flame, your Twin Flame will be there. For that is the Law. You see, blessed ones, for longer than forever the Presence of God has knit together two Heart Flames as one in Pure Love — your own Twin Flame is one with your God Flame. And as you excel and build in Momentum the Reservoir of God Love that you engage in, you are no longer needy for a lost love. For it has never been lost at all. It has always been right there in the God Flame. And you always have immediate and direct access to that God Flame through your Mighty I AM Presence, beginning with the Flame upon the Altar of your Heart!

Throughout the coming cycle there will be many Ascended Masters and Cosmic Beings who will step forth to assist you in understanding all of the variations of God Love, all of the Attributes, all of the opportunity to bring Love forth and what Love can accomplish! But through all of this Teaching, remember that the Flame of God Love *so loved you* as to give you Life and opportunity to Love! Do not let a moment pass you by that you are not loving God in Life in all that you do! Loving God within your brothers and sisters of Light, within the Ascended Masters, within the Great I AM, within your own God Flame! Let that Flame of God Love always abide, and all will be right with your world!

I, Paul the Venetian, am most grateful for your kind attention this day and look forward to our Communion in my Retreat in the Etheric City over France, for you can traverse there most easily, even from the Retreats of the Etheric City positioned over this Divine Altar. Let the Light shuttle back and forth and fulfill the Divine Love of God for all upon the Earth to embrace!

Paul the Venetian

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
