

Touch the Flaming Heart of the Beloved

How to touch the Flaming Heart of the Beloved? How to be embraced by the waiting arms of the Beloved? This is the constant search of the Godhead Charioteer, having entered into incarnation, having put on the veils of forgetfulness of the Higher Octaves, then lowering the Heart Flame into the dense planes of consciousness of the earth, water, fire, air.

This journey — intended to last only as long as necessary for the Attainment and Mastery of the Heart Flame over those outer realms — can take many, many incarnations, far more than you would care to acknowledge, but each one, made necessary because the Will of your God Presence, having sent forth your Heart Flame, has its desire, has its Momentum that is to be accomplished according to its Divine Plan written upon the Flame of the Inner Heart of your Being.

The entirety of incarnations is lived to bring to the fore and materialize in the outer vehicles all that the Presence desires, not the will of the outer mind that has developed and accumulated momentums of its own over many incarnations, nor the human desires of the emotional body that have run wild, unbridled, unruled by the Flame upon the Altar of the Heart.

And, of course, the physical body has its own carnal appetites, fueled by the emotional body and the outer mind, fashioning and forming dissolute ways of life, occupations, momentums that are outside of the bounds of the Purity of the Flame upon the Altar of the Heart. But all the while, the Heart Flame has sustained life incarnation after incarnation, providing just enough of the Momentum of the Mighty I AM Presence to allow for that lifestream to *try*

and continue to *try*, to strive courageously to mount a Momentum of Love for God that will ultimately ignite the Fullness of the Resurrection Flame.

And once the Resurrection Flame is ignited, blessed ones, it signifies the divinely ordained victorious culmination of the many incarnations. It reestablishes the Christ Consciousness as the Directing Intelligence of the Mind of God. It furnishes the co-measurement of Truth and error so that you bring forth only that which is the Truth of the Identity borne out by your own God Presence and the Flame of the God Qualities that your Presence desires for you to exhibit.

It is unacceptable and futile for the outer vehicles to continue to struggle against the Holy Christ Presence, for they lose every time. For such is the Power of God that streams forth from your own Mighty I AM Presence into the vehicle of the Holy Christ Presence to quiet the rebellious outer circumstances that may still be trying to tear you apart from the True Identity of your Being. They have no power! They will not win!

For once you have surrendered to the Resurrection Flame and the Flame of Transmutation, once the constancy of your devotions to God have begun to consume all of the daily returning karma that you must balance, and you have reached a certain pinnacle of knowing, of internalizing, and of consciously holding to the Truth of your Identity, it is, blessed ones, a glorious day to behold!

For as you continue to nourish the conscious awareness of your Presence, ever mindful of all of those areas of Attainment yet to be accomplished by the Flame upon the Altar of your Heart through the outer vehicles, you shall fulfill the command of your own Mighty I AM Presence, the desire of your own God Presence, the Directing Intelligence and Divine Will of God Almighty conveyed to you by your own God Presence.

These Activities, blessed ones, are not platitudes. They are actualities, the performance of the Cosmic Currents and the release of Cosmic Light and Momentum that your Mighty I AM Presence shares with you as its Life incarnate. It was not by chance that your Presence elected for you to incarnate. Nor is it some far-fetched imaginary consciousness that your Presence absolutely expects you to return in the Ascension in the Light. From the very beginning your Presence decreed that you would return, going through the Transfiguration, the Resurrection, and ultimately the Ascension in the Light.

We will not rehearse at this moment how through the many incarnations the outer human aspect of your mind, emotions, and physical body and all

of the subplanes of those vehicles of consciousness have insisted on being separate and apart from God, not allowing for the Fullness of the Beloved to enter into loving Life, creating Life, embracing Life. And so now at the first blush of opportunity, as the Flame upon the Altar of the Heart has been able to capture the attention of the mind — the outer mind — and to ripple through the emotional body to stir it into a passion for something greater than itself, to facilitate the strengthening of the physical body to stand erect, courageous, and for the whole man to embrace a new day at the prospect that the Presence of God was right within them — this, blessed ones, is a day to mark as the beginning of the return of the Godhead Charioteer to the Ascension in the Light!

At long last the opportunities shall begin to mount up! The Holy Angels and the Ascended Masters are ever so willing to be in attendance to your lifestream, waiting on those cycles when you have gained a little more Mastery over these outer vehicles so they may engage with you, lining up many opportunities, orchestrating many so-called ‘chances.’ But are these opportunities mere chance? I think not. They are events that have been planned for your lifestream to begin to come into its own conscious awareness of the higher Truth of one’s Being. No longer caught within the mass consciousness as before. No longer as liable to follow an impurity or an untruth or a negativity of any sort. But beginning to ask: “*What is life for me?*”

“Why is my life not outpicturing the ease or abundance or clarity of vision that I had hoped would occur? I have witnessed others successfully proclaim that they have vision or that they have comfortability or abundance.” And just in that moment you have asked your Presence, “Why?” And if you are astute you will *hear* the ‘why.’ The answer will come. The Angels will reveal to you the mitigating circumstances that will give you a clear delineation. And if you have enough of the active presence of the Flame of Illumination it will begin to lift into your outer consciousness, and you will know the causes and cores that you must pay attention to!

How much clearer do I, Maitreya, have to make the Teachings of the Ascended Masters? How critical it is that they be applied in the day-to-day life of the Sons and Daughters of God, so that you will awaken to what is right within you. Begin to internalize the very Presence of God, the Beloved, and far greater Momentums of Purity, of Wisdom, of Illumination’s Flame. Accept the Will of God into your life in obedience to the God Direction that the Presence knows is the next step for you. Truly embrace this next victorious moment in time that you should experience from God.

All of these ringing Truths, blessed ones, begin to report to your outer consciousness that it is no longer ruling your vehicles, but that you have the Higher Power of God close at hand speaking to you, and therefore that Word is your desiring! And so you begin to follow the disciplines that the Ascended Masters have laid out.

You begin to invoke the Light of the Mighty I AM Presence, of the Ascended and the Cosmic Beings! You invoke the Violet Flame to transmute the remaining records of unreality and the karma that has to be redeemed. You begin to follow the Patterns of the Truth, having been revealed to you, not by the outer intellect, but by the Flame upon the Altar of the Heart that reverberates the Truth of the Law and sends its Charge of Light ringing clear through your vehicles! And when you have proven the Law through your testing of that Law, when you have, in the full knowing and overshadowing of your Holy Christ Presence, experienced a Love beyond measure in the outer world, then, you, blessed ones, have opened the door to the Presence of God, your Mighty I AM!

Now, just in these few moments, I, Maitreya, have given you Golden Nuggets of Wisdom — dazzling Facets of the Consciousness of the Mind of God — that you can draw into your being, seeds to be planted, nurtured, revolved, and allowed to come into fruition to bring you Wisdom as to what you must do next. What is it that your Presence is asking next of you?

When your Presence begins, through the Office of the Holy Christ Presence, to initiate you in the greater Truths of your Being and you have balanced a certain level of your karma so that it is not any longer a stumbling block that keeps you from realizing the Flame upon the Altar of the Heart, the Illumination Flame, the Love Flame, the Purity, the Will, and the Power of that Flame upon the Altar of your Heart, then, blessed ones, the Presence looks on and says: “It is time to step up your Calls to the Resurrection Flame. For in that Resurrection Flame is the Key to accelerating your vehicles of consciousness into a greater Momentum, preparing ultimately for your Ascension in the Light.”

During the Eastertide of each year, for quite some time now, we, the Ascended Masters, have called your attention to the Resurrection Flame — to all of the varied aspects of how it works, how your vehicles of consciousness must be infused with that Resurrection Flame, so that the latent energies of unreality are consumed and other elements of your vehicles will be accelerated in Purity and lifted into a permanent higher vibration. And that higher vibration, blessed hearts, will prepare you for the cycles in which you will

engage, first the Transfiguration, then the full Resurrection, and ultimately the Ascension in the Light.

There is no set timetable of how long the preparatory stages of that Resurrection Flame may be at work within you. For some, it will only come forth in its limitless Power at the last stages of preparation. For others it will be a constant Fire that they continue to accelerate for years! But know well, blessed hearts, that once you are thoroughly imbued with the Fires of the Resurrection Flame and have established the Momentum of Christ Consciousness that your Presence desires, then the final timetable of your Ascension will be at the election of your own Mighty I AM Presence, depending on what work, what creation, what momentum the Presence still desires to have fulfilled.

And thereafter, having shown that you have surrendered to your Mighty I AM Presence, that you are One in Consciousness in the Mind of God, that you have elected to put on the Garment of the Lord, you become most responsive to the Will of the Presence. That Will may be as simple as the Decrees that you will proffer to all of the Ascended and Cosmic Beings to assist mankind. It may be an opportunity for you to open your Heart into the full unconditional Love of Compassion for all of life and radiate the pure Love of your Presence. But likewise, there may be a most specific work that has yet to be accomplished by your lifestream, one that requires such attunement with the Mind of God on your part, such surrender into the Consciousness and Momentum of your own Causal Body that you have finally arrived at the perfect cycle in which to bring to the fore that Desire of the Heart of your Presence.

Blessed ones, I, Lord Maitreya, commend each one to discovering for themselves their Mighty I AM Presence, the Beloved, and recognizing the glorious Realm in which their Presence resides. Ultimately, whatever still remains of your outer consciousness will be consumed by the Fire and what then endures will be native to the Mind of God, the Consciousness of your own Holy Christ Presence. And that Christ Presence, blessed ones, will afford you the opportunity to be in this world — in the overshadowing of the Presence as the Holy Christ — but not of it. For at that stage of Attainment, blessed ones, as you move through life, you operate and take command over the earth, water, fire, air, magnetizing into your outer vehicles the Momentums of your own Causal Body that your Presence desires, drawing on the Christ Consciousness that you have honed and fashioned for many incarnations. And thus you begin — perhaps for the first time following your very first

or second incarnation — to truly live the life that your Presence has desired for you!

Never did your Presence hold in its Consciousness that you would struggle, that you would be in pain, that you would be bereft of the necessities of life! Knowing how close at hand the Flame upon the Altar of your Heart was intended to abide, it was inconceivable that such lesser states would ever occur. For that unreality cannot abide in the Presence of God! That is why, blessed ones, you can be assured that the closer you are to the open Threefold Flame of the Heart, unfurling round about you as a Garment of Light, and with the overshadowing of the Holy Christ Presence as the Mind of God, you will begin to knit together all that your Presence has hoped and held in Faith for your Victory since the first incarnation.

Can you imagine what a Joy to the Heart of your Presence to know that finally your outer vehicles are once more knit together into its One Heart, affording the restoration of Wholeness? That Oneness, blessed ones, is worth every striving on your part to put into the Flame anything that would keep you separated from that Beloved!

It is not just the Ascension that you are working toward, albeit that is the final goal. It is the Communion, the sharing of the Love of God, the Will of God, the Illumination, the Purity. All of these Attributes that are the natural estate of your Mighty I AM Presence, it is hoped may be transferred even now to your Heart Flame, there to move within life in these outer worlds — to be able to touch the earth, to move through the water element, to absorb more of the Mind of God as the Presence fashions and forms its Consciousness within the air element, to purify the memory body to serve as a vehicle in which the Christ Consciousness of the Higher Mind operates, no longer chock-full of returning karma, but overflowing with the Memory of the Mighty I AM Presence, knowing who it is in the Presence of God!

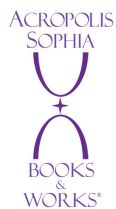

When these vehicles, blessed ones, are knit together by the Flame upon the Altar of the Heart and you have that glorious, effervescent Light that is the Mighty I AM Presence encircling round about you, establishing a forcefield that is impenetrable, then you begin to realize that you are no longer vulnerable to human consciousness. You realize that you cannot afford to be engaged in any activity whatsoever in any of your vehicles that would siphon off that Charge of Light of the Mighty I AM Presence, for you know better now. You are disciplined. You have the Rod of Power of the Will of God and you have the Strength of the Sword of Purity to keep you at Home in the Light of the Beloved!

Let this coming Conclave reintroduce you to the Beloved of your Life and prepare you for all that must occur for you to return Home in the final Initiation of the Ascension in the Light!

I, Lord Maitreya, with Serapis Bey, will oversee and govern the Momentums that come forth and the balance to be held for your lifestream, while many of the Ascended and Cosmic Beings give you their Teaching and their Momentum to assist you in the Victory!

Let the Glory of God, the Beloved Mighty I AM Presence, be ever with you!

Lord Maitreya

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
