

Come closer to your Presence and Prepare for the Initiations at Hand

Blessed Sons and Daughters of God,

Those of you who proclaim the Presence of God within you, who have a greater awareness of the Hand of God at work in your life, and who are the Torch Bearers of The Temple of The Presence, I, the Maha Chohan, address you with an invitation to come closer to your Mighty I AM Presence! In that closeness, by degree you will feel the acceleration of the vibration of your outer vehicles carrying you aloft into a greater awareness of the Hand of God at work in your life.

Many have queried throughout the ages: “What is the Hand of God purporting for my lifestream, guiding me here and there, conducting my affairs in certain areas, and preparing miracles to snatch me from the jaws of death? For what purpose am I here?”

We, the Ascended Masters, are preparing a great Banquet Table for you during the Easter Conclave to prepare your consciousness for the coming Initiations that you are yet to receive by the Hand of your own God Presence. We shall proclaim how to recognize these Initiations and cycles, those Blessings and offerings of God that you can accept, and ultimately, internalize and make your own in this incarnation!

Yes, blessed ones, there is the most glorious Beauty, an awesome vastness in knowing the very Presence of God! Bringing that Presence into the tangible reality of your life. Not waiting until such future time when it may seem to be more convenient to your outer consciousness — when perhaps you will

have a space of time, say two weeks hence, when you can devote to putting your attention upon God. Why not right now, in this very moment?

There is no greater attention that your vehicles of consciousness must adhere to than holding constant communion with the Presence of your Mighty I AM. For as you enter into the flow of your Consciousness as the Mind of God in action, as the Power of God in action issuing the Will of the Presence, as the Love of God in the active mode of expressing the Fullness of the Desire of the Heart of your own God Presence, you know that no outer concern justifies tearing you away from this Attunement.

So then how do you hold on to that which is all-important? After all it is the first commandment that was given to Moses: “Thou shalt have no other gods before me.” That means all of the worldly affairs of your life, all of those things that would hold you down and pull upon your momentums and energy, syphoning off the very Light that your Presence intends to be utilized wisely — all of that, blessed ones, comes about because you are not adhering to the first commandment.

“Why is that obedience so important?” many would ask. The answer should be most evident. But not for those who are struggling within their own consciousness to pierce through old records of maya and illusion, of unreality that they have allowed to silt into their consciousness and take up residence and ultimately try to rule over the higher vehicles. So then I will tell you.

When you move through your life, abiding in the Fullness of the Presence of God, all of the training that you have gone through in your many incarnations is available to you to answer the need of the hour, to respond to the moment by moment detailed challenges of your life. All the while, there within the core of your being, the Light of God, the Flame upon the Altar of your Heart, has been preparing, since well nigh your first incarnation, for the fulfillment of the Will of your Presence. And that Will is to learn how to operate in these outer vehicles with the Fullness of the Presence of God at the helm — unfurling the Light of God, sending forth the Rays of God Consciousness, establishing the Momentum within you of your Christhood, so that all things that you engage in are touched by the Flame of God. They carry the resonance of Truth, of Cosmic Law, of Purity, of God Reality in the Fullness of the pouring forth of your own Causal Body. For yes, blessed ones, that is your Reality, your Causal Body Momentum of Good that you have established throughout your many incarnations.

Once you have learned how to completely enfold your physical, emotional, mental, memory bodies with the full, unmitigated Flame of God at the helm as your God Direction, with the Love of God filling all activities with Compassion and knitting together all forms with the Purity of God Substance to bring into manifestation the creation that the Presence desires, this achievement, blessed ones, will have prepared you for those final steps of Initiation — culminating in your Ascension in the Light!

Many have spoken of the Ascension. It has been on the tip of your tongue since, perhaps, the first Invocation and Decree that you ever uttered. By now you ought to have a well formed, well established internal conscious awareness of the Ascension, how it operates, how you get there, what is the ultimate Charge of Light that your Presence releases. All of these things are very important considerations that you either have formulated and answered, or still have as questions: What is it that you must do in an incarnation to merit the Ascension, most especially when you have a great understanding of the Mighty I AM Presence, the Ascended and Cosmic Beings, and the vehicles that you build up in each of the planes of consciousness that you wear collectively as the body temple of your Mighty I AM Presence? How will you exercise greater facility in preparing these vehicles for the Ascension in the Light?

Certainly you have been given many keys throughout the body of Teaching released here at this Altar. But there are a few keys, blessed ones, that are yet to be taught. And the time has come for that Teaching to come forth.

During the coming Conclave, of Acropolis, you will have the opportunity to put yourself in close proximity with your Christ Consciousness, surrounded by the Ascended Masters, the Holy Angels, and process throughout your being all of those areas of your life that you desire to put into the Flame of Transmutation, to alter and change, to refine, to accelerate into a greater vibration, all the while keeping your Single-Eyed Vision upon the Ascension as your ultimate goal.

You see, blessed ones, for each lifestream there is the individual pattern and plan of each one's initiations that will unfold. Not any two are alike. What will be the first five steps or ten steps that one might put down on their list of minimal achievements before attaining their full Christhood? They will be totally different from those of another. And even should that list be similar, the subtleties of each one of those points on the list will carry different meaning, different momentums behind the words, different

energies still locked up in the karmic records associated with them as coils of misqualified life yet to be refined.

Once you have an understanding of your Destiny — that goal of life you are to pursue — then you will be greatly assisted by having the road map of how you will get from here in this moment in time to the full accomplishment of that Divine Destiny. So in no wise will each one of you take the same road. And some may go by an emotional watery tributary. One may fly through the air of the mental plane. One may have to dig deep within the earth element of the physical. One may be required to refine what they allow visually and audibly into their conscious awareness so that there can be a sealing up of the very vibration of that one's atmosphere, thereby allowing only the Fullness of the Presence to be present and *active* in their life. These are considerations that we will speak on during the Acropolis.

Perhaps you think you have heard it all. And certainly there has been sufficient Teaching that would fill volumes of an entire Acropolis Sophia University Library. But, blessed hearts, are you ascended yet? Have you truly understood each of the planes of consciousness and how they must be in alignment with the Threefold Flame of the Heart? What allows for the acceleration of that Flame to enter into these outer vehicles and ultimately take command? And how does one once and for all stand, face, and conquer certain stubborn records that have been so tenacious for far too many incarnations?

Of course you have been given many of the 'tools of the trade,' of one who is a Godhead Charioteer on the return current to the Ascension. You have been given the *Oriflamme Chalice™* that you see depicted right behind me. You have been given the *Shekhinah Pillar™*. You have the Fullness of your Mighty I AM Presence, ready to respond on the instant that you make a Call. And shall we forget one of the greatest Gifts of all? The Violet Flame, brought forth by Dispensation at the behest of Saint Germain to assist you in accelerating the cycles for your lifestream so that you are not prolonging the time when you will be in the right vibration, the right momentum, the right consciousness, having won your victories, having established the Mastery that is required of you by your own Mighty I AM Presence. All this, blessed hearts, you will be ready to embrace!

This cycle will generate tremendous momentums, not for the faint of heart, but truly for those who desire clarity, who know that there is a Necessity for the very Vibration of their entire Being — all the way from the physical, through each of the planes of consciousness and on into the Fullness of the

Realms of Perfection — to be accelerated, purified, made whole so that the Mighty I AM Presence may fulfill the Divine Providence of each one's life to return Home in the Ascension in the Light.

I, the Maha Chohan, will be present with Lord Maitreya and Serapis Bey. We will together take up many of your unspoken questions. And to the best of your ability, you are required to come, leaving your baggage outside of this Retreat experience, so that when you are here, you are able to give, totally and completely, your attention to your Mighty I AM Presence and to the Ascended and Cosmic Beings. Thus, you will have the greater absorption of the Teaching and Momentum, the God Consciousness, the Light that the Masters are preparing for you.

Let your heart be filled with Joy as you give your all into the full embrace of this coming Conclave, having entered into Resurrection's Flame and established within your vehicles of consciousness the momentum that will carry you into the conscious vibration and clarity to be able to absorb the Teachings on the Ascension in the Light. It is not theoretical or intellectual. It is to be passed to you as a Charge of Light and Momentum that you hold dear for the remainder of this incarnation and for all times, until your Ascension in the Light. It will make its home within the Threefold Flame of your Heart to be close at hand at all times so that at any hour you can draw upon it by the Mind of God, by the Love of God, and exercise the Power of God to hold fast as you prepare for the Ascension and your glorious final Victory of incarnation!

I, the Maha Chohan, seal you in the White Fire of the Mother Light of preparation for the Purity that you require to receive these Teachings. Come! Absorb it into your world and be the Victor!

I thank you.

The Maha Chohan

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
