Keep the Dream Alive!

Beloved Torch Bearers of The Temple!

I, the Great Divine Director, have streamed forth the Light of God from the Great Central Sun into your midst so that you would have the activation of the memory of your own God Identity and so that the Flame upon the Altar of your Heart might release into your consciousness, being, and world the fullness of all that you are to outpicture and manifest in your incarnation.

And what is it that is the Divine Will of your Presence, first and foremost? It is to gain the full memory of your own Mighty I AM Presence! To have and to hold permanently to the full recognition that your Presence is the all-in-all of your being! That every moment you shall stand in the Fullness of Opportunity to draw upon that Allness of God at every turn. And therefore, what you manifest, what you create, what you exhibit as a way of life is the product, the outpouring that you would wish to place upon the Altar of the Most High as your Divine offering to God.

If you do not remember who you truly are, how will you know the ideal consciousness you are to hold to as you are moving through life? How will you express the Will of God? How will you manifest the Fullness of the Light in the God Qualities, in the Virtues of the Christ, in the glorious Divine Outpouring of the Love of God?

This is a dilemma that we, the Cosmic Beings, have had for some time: how to impart to mankind those elements of God Consciousness that they can absorb in their outer mind and ultimately train that vehicle to be receptive to the Fire of the Consciousness of the Holy Christ Presence. The same

objective is true for the emotional body, for that vehicle is to receive the full Charge of the Directing Intelligence of the Mind of God and ultimately be filled with our Light and Power transferred in accordance with the Will of God to hold the consciousness aloft, to be able to draw upon the Patterns of God Perfection and Purity.

When you consider how your physical body is driven by the mind — your outer mind — and by the emotional body and how much of the well-being and health, the vitality and energy that you can hold within your physical body is mandated by the other vehicles of consciousness, then you can begin to appreciate, blessed ones, why it is necessary to have the Mind of God at the helm of your vehicles of consciousness.

When you begin to draw upon the original divine functions of the memory body — and it plays a most important role in your outer vehicles — what will that memory body contain? Is it still chock-full of the returning karma that must be balanced from your previous incarnations? Or has the Christ Light been able to take up its rightful place, able to stream forth the Purity of God through that memory body and ultimately lower into closer proximity the record of your own Causal Body Momentum for use by your Christ Consciousness?

So you see, blessed ones, balancing your karma has a greater effect upon your life than just merely skimming off the top what is released daily! You must dig deep with the Violet Flame, for through that purification can come much greater intensification of our Light! You must penetrate with the Ruby Fire! You must heal and bring forth the Abundance of Light with the Emerald Matrix! You must purify by the Mother Light! And you must love God with all your heart, with every erg of energy of your being. A thoroughly purified memory body is necessary in order to enable all of these Rays of God Consciousness to move into action, to clear away *quickly* all that yet remains within the history of your life that must be treated by the Light of God.

Then, blessed ones, you shall have the ability to remember who you are, to remember your High and Holy Calling; to draw upon all that is pure, all that is right, all that is just, all that is Divine and Sacred. In the absence of this ability to pierce through the layers and layers of karmic substance that still encases the outer vehicles, it is nigh impossible for the Sons and Daughters of God to remember who they truly are.

The Dispensations have come forth. And I have been one who has stood at the *Pinnacle of the Charge* to bring forth many of the Dispensations to

allow for the expansion of the Light and Dispensations to hold the balance for your own substance so that you could begin to truly appreciate within the Flame upon the Altar of your Heart, the Truth of Cosmic Law® and the Identity of who you are.

But alas, in the final analysis it is all still up to you. Will you hold fast to that Charge of Light and Momentum that is released for your benefit? Will you continue to practice the disciplines that have been proven over eons of time to enable the incarnate lifestream to rise above the levels of human thought and feeling and reside in their Consciousness of the Holy Christ Presence? Will you make room for God in your life? Ultimately that is the question!

You are here because of God. You have been given the very breath that you breathe in to oxygenate your body and your bloodstream, to bring forth the flow of the Power of God — to move you, to energize you. But that is merely moving clay of the earth, charging to some degree a water element that can be stirred by any consciousness, a physical mind that the synapses fire according to what you have put into that mind, what you have allowed to reside within that mind that is perhaps incorrect.

So you see, blessed ones, there are many lifestreams meandering one incarnation to another and to another without benefit of the Flame of God charging their consciousness, lighting the Torch of the Flame upon Altar of their Heart to guide them into the right use of the Light of God, the Truth of Cosmic Law, the understanding of what it means to live under the Canopy of God, and ultimately to become the Presence of God in their life.

Oh, how many have a yearning for something beyond the seeming scope and reach of what they have been able to attain. Perhaps they thought their lowly lot in life was due to the lack of intellectual pursuit, the lack of monetary gain, the lack of friends and acquaintances, the lack of parading their own inflated human ego. You can examine every quality exhibited by the human consciousness, the human desires, and when it is absent the Presence of God, the Charge of Light, and the Christ Directing Intelligence, there the perverted counterpart will ultimately come to the fore. For whenever mankind are bereft of the weight of the Hand of God guiding their morality, the principles of the Christ Virtues, the Qualities of God in their purest Perfection will be transformed into endless forms of human limitation and iniquity.

All this because the memory body is so full of untransmuted karma that it spills over into the outer mind, the emotions, the physical body, and ultimately all of those subplanes of the vehicles of consciousness, silting over

the spiritual centers of the chakras and not allowing for the Fullness of the Charge of the Mighty I AM Presence that is oh, so powerful, to ultimately reach through and energize, direct, and love the very lifestream that the Presence has brought into life.

Oh my, how many incarnations have so many of the Sons and Daughters of God endured, trying to better their lives, all the while missing the supreme ingredient that would ultimately lead them to Victory? That ingredient, blessed ones, is God. God in all his Directing Will that must come forth. God in Illumination that brings Wisdom as to how one conducts the affairs of one's life throughout their incarnation. God in all virtuous Qualities that are exhibited in the day-to-day life, of how one relates to another, how one holds the Flame of Divine Love for God, and ultimately in the surroundings of all that is given to them to protect and to hold under the canopy of God Love.

God Love, practiced and perfected, becomes a reservoir flooding forth into all areas of one's life, ensuring that every action takes place in accordance with the Divine Outpouring of the Heart of the Mighty I AM Presence. And when you have the collective outpouring of the Many Sons and Many Daughters of God in the Fullness of their Mighty I AM Presence, you can begin to see how such Power can and will move mountains of adversity upon the Earth! It can shift the consciousness of the masses! For the Power of God is oh, so magnificent and cannot be denied!

Do you think for one moment that we, the Ascended Masters, have doubt in what you, the Torch Bearers of The Temple, can accomplish? We do not. But it does require a response on your behalf — a willingness to engage in the Light of God, to draw upon your own Mighty I AM Presence, to refine the palate of your desires to coincide with the Desire of your Mighty I AM Presence. For the true Virtues of the Christ to come to the fore, for the Qualities of God to be refined into their purest form, you must engage in those initiations and cycles of your life that will gain you Mastery and Attainment, and ultimately your Victory, the full realization of the All-Knowing Truth of your God Identity.

Then it will, of course, be easy to remember. For you will have disciplined the outer vehicles to be readied for the Hand of God to work with you, the Heart of God to exercise all of the Flames of God that must come forth through your mind, through your actions, through your words. All of this, blessed ones, because you will have trained your vehicles to be receptive to the Mind of God.

Then the memory body will no longer be so predominantly full of karmic patterns that they erupt into tragedies of life that you must endure. For you will have learned how to command the Light of God and consign them to transmutation by the Mercy of God's Love. You will surrender them and no longer recreate such patterns out of weakness of mind or emotion or appetites of the flesh. Instead, you will have established such a Charge of Light, such a momentum of White Fire Purity, anchoring such a Pillar of Light that you cannot be moved and will always hold to those disciplined patterns of the Law that you have learned are for your very good.

And that very good, blessed ones, opens for you the Kingdom of God in all of the wealth and possibilities that your Mighty I AM Presence has in store for you. For until now, you have been denied access to your own Causal Body Momentum of God Good gained in your previous lifetimes. You, blessed hearts, have not been allowed to expand the Flame of God Light in your vehicles of consciousness or allowed the transfer of God Power within your emotional body because you had not exhibited sufficient discipline to be trusted by your own God Presence to utilize either the Momentum or the Power wisely.

But the more you put on the Garment of the Holy Christ Presence, the more you discipline your vehicles of consciousness and you stand as a Pillar of Fire, the more you can be trusted with the Dream — the Dream of your Mighty I AM Presence for your lifestream. Some are still working out the many dreams of previous lifetimes unfulfilled.

Certainly, the very first dream was to return Home:

“Go forth and live in the Elemental Forces of Nature! Expand my Flame! Proclaim the Light of God! Be God Victorious in your commanding of the Christ in the Elemental Forces of Nature! And return Home to the Kingdom of God — my Kingdom!”

That is the Fiat which your Presence sent forth when first you came into incarnation.

I, the Manu, have been the one to observe those previous Root Races coming forth in all of their anticipation, excitement, wonder, and yes, obedience to the Mighty I AM Presence! But oh, how quickly after a few incarnations the outer vehicles began to test the Will of God, beginning sometimes with very minute infractions. Others were more bold with their rebellion. But the cumulative effects, building up over time, silted over the Divine Consciousness so that the memory body could no longer pass along

to the mind, the emotions or the physical body any divine influence. Its only remaining function has been to release the negative karma that needed to be balanced.

So you see, blessed ones, there is work to do for the Sons and Daughters of God upon Earth. Many of you, the Torch Bearers of The Temple, have been about this work now for some time — for some of you, many incarnations — and that is why it is so clear to you in this embodiment that the Mighty I AM Presence is who you truly are! You have begun to remember. You have put on many of the Patterns of your Identity of the Mighty I AM Presence. You may not recognize them, but we, the Ascended Masters, have and do. We see the difference between when you began in sincere commitment to your Mighty I AM Presence and now. It is almost like night and day — the Light in your eyes, the Peace that many times is exhibited, the Harmony, the full understanding that you are no longer alone.

All of the wonderful, glorious Attributes of your Mighty I AM Presence that you, from time to time, begin to draw to the fore, whether it be mentally or emotionally or physically, all of that, blessed ones, telegraphs to those around you: this is a *Torch Bearer of The Temple who knows God!* This is one who remembers.

When you keep that memory honed and fashioned by the Charge of Light, it begins to unspool for you all of the wonderful Attributes of your Mighty I AM Presence, all of the wonderful God Qualities of your Attainment. Then the all-important question remains — whether or not you will keep the Dream alive! Keep that memory alive! Keep the Fire alive!

We have a wonderful saying that I initiated, though it has come down through the ages as attributed to El Morya. It is the Divine Ideal of the Sapphire Dream! What is the Sapphire Dream? It is the Will of God magnetized by each one's Heart until it becomes the Fullness of one's Dream and ultimately actualized, brought into manifestation!

You are the Sapphire Dream of your Mighty I AM Presence! You are the Diamond-Shining Mind of God that must come forth! You are the Love of God that must expand! You are the Wisdom of God that must right the circumstances in the Earth — most especially in your own life! And you are the Purity of God. For it is in that Purity that the expansion of the Mother Light nurtures into embodiment the Seventh Root Race, of whom I am always reminding you, so that you will remember that there are new reinforcements coming to assist you. A few trusted ones have already arrived. But when you

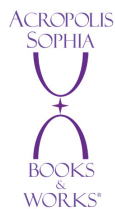

have thousands of these pure lifestreams coming forth in all of the radiance, the dynamic outpouring of their conviction, who will teach them? Who will be the Beacon of Light to raise the Torch that they might be drawn to? Will it be the mass consciousness? No, blessed ones. It will be the Torch Bearers of The Temple. Thanks to the record that you leave in this generation.

Your steps in the sand will be illumined by what you do, what you carry out, and then the Sapphire Dream will manifest. And you will "Keep that Dream Alive!" And for all of your days, and ultimately when you ascend, you will understand that all of your Mighty I AM Presences as the Godhead Charioteers have truly made their mark upon the Earth! They have stood the test of time, of human consciousness, of all manner of rebellion and unreality — and have won! They have overcome those limitations and mastered drawing forth the Consciousness of God into their being, into their life! They kept the Dream alive!

You, blessed hearts, are invited to make your plans, even now, for the next Conclave and Acropolis. For it will be a time and a cycle to rally your conscious awareness to the Truth of your Identity and the remembrance of your High and Holy Calling. There will be such a clearance work performed by way of Dispensation granted by the Karmic Board on behalf of those who put in the work, who establish enough striving so that there can be a greater facilitation of the divine memory of who you really are and a clearance of your own karmic patterns.

I, the Great Divine Director, summon you to *Keep the Dream Alive! The Sapphire Dream of the Will of your Mighty I AM Presence!*

Great Divine Director

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
