

The Foundation is the Allness of God

As the Manus send forth the Light to escort new lifewaves into incarnation for the very first time, we establish the Thrust, the Power, and the Momentum of the Allness of God. This we draw into the focal point of our Consciousness sufficient to hold the balance for the hundreds of thousands of lifewaves entering into an entirely new avenue of Divine Expression. The incarnation entails putting on bodies fashioned out of the Elemental Forces of Nature, stepping down the Consciousness of the Heart Flame of the Presence to be multiplied into each of the five outer planes of consciousness, and all the while, maintaining the Fullness of the very Presence of the Body Consciousness of God in the Great Central Sun by continuing to hold fast to the tether to the Allness of God.

Were you not a student of the Ascended Masters, having repeatedly studied and absorbed the instruction on Cosmic Law regarding the coming forth of the Godhead Charioteers, perhaps you would be struck down, deaf and dumb, to consider the enormity of the prospect that such an awesome event did in fact occur to you! Look how mankind, bound as they are in the grip of relative time and space, have grappled with just the very physicality of life coming forth, trying to justify the evolutionary mindset of mankind. But you, blessed ones, have had the veils of maya and illusion parted for you so that the mysteries of God may become more apparent.

And as you look upon your own life, drawing upon the Illumination's Flame of your Heart, you begin to piece together within your own conscious awareness all that you have experienced in the Fullness of the Mind of God, in the so-called miracles that you have witnessed, either in your own life,

or that of others. How the very flow of the Light coming upon you in the Presence of Ascended and Cosmic Beings washes away the tension, the stress, the anxiety. Even if it only seems to last as long as we are dictating, still you in your own Heart Flame retain the record of a greater awareness of our Peace and Harmony at the core of your being.

Blessed ones, the great drama of the coming forth into incarnation, the escorting of new lifestreams full of hope and the promise of all that the very Presence of God has in store for each Heart Flame is a great Joy for a Manu. We do not wring our hands, thinking that something may go wrong, or that there might be those lifestreams who will fall into human consciousness and become entangled far longer than necessary. No, blessed ones. For we know firsthand the Individualized Presence, the Truth of that God Consciousness that resides upon the Altar of the Heart of the incarnating lifestream. We behold the tethering of each Heart to their own Mighty I AM Presence, to the Heart of the Manu, and ultimately to the *Entire Spirit of the Brotherhood of Light*.

Understanding this, blessed ones, should bring you great Peace and Comfort, knowing that your Presence and the Allness of God have never left you! They have not cast you into outer darkness, all alone, blindly trying to find your way Home. The Light has always been present, shining there upon the Altar of your Heart.

Always, at the slightest of opportunity, as quickly as the outer consciousness or the human equation of your emotional body *lets go* of its previous misqualified substance and allows it to go into the Flame, the Heart is once again enabled to commune with the still small Voice of God that can be perceived within the mind. And if you have the Attainment within your own Causal Body Momentum, you can literally hear the Voice. And it may repeat over and over the same phrase — so that you will not miss it or misinterpret it — by sending forth a Charge of Light that holds the Engram of Consciousness of the worded expression from the Heart of God, so that your feeling body once again begins to resonate with that which you have felt within the mind, have interpreted with your Heart, and have allowed to guide your direction.

This is only a one minute experience that can and does occur millions of times in one incarnation! For you, blessed hearts, are a part of the Whole of the Fabric of God. For you have not forsaken the Charge of Light upon the Altar of your Heart! For those who have allowed that Heart Flame to carry them into a greater Momentum of the very Presence of their own Mighty

I AM, actively charging, moving, creating, accelerating their lifestream, there is only the upliftment of Joy and Bliss, of wonder as to how it took so long for this realization of God to become the actuality, the internalized Fire of your own lifestream!

Blessed ones, when you grasp what it means for a Manu to hold the Consciousness and Charge of God Power, God Direction, God Love for each of the lifestreams coming forth as part of that Root Race which they are in charge of and responsible for, you also begin to understand and appreciate how your own Mighty I AM Presence, in the Allness of God, can most assuredly accomplish the task of ushering you safely through not only one incarnation, but many incarnations, so that the Heart Flame truly comes into its own in the wise use of the Light of their Presence, ushering in the Creativity that is upon the Flame of the Heart of their Mighty I AM Presence, that is forever imparting to the outer consciousness of the lifestream that, "All is Good. All is Well. All is Divine in the Fullness of the Charge of Light of the Mighty I AM Presence!"

But if a lifestream in past times has consistently made the election to shut down the expansion of the Heart Flame flowing into their outer vehicles, sealing the Heart away, not attending to the still small Voice, not perceiving the Engram of the Charge of Light and Momentum from the Presence, not instilling the Patterns of Perfection, impressing them upon their own emotional body, then, blessed ones, it is most apparent why so many of the Sons and Daughters of God have lost their way, wandering in states of wilderness and unreality for as long as it takes for the Flame upon the Altar of the Heart to once more elevate the conscious awareness back to God within the lifestream, so that God can once again impart into the emotional body the Harmony and the Peace that is required to have the transfer of the Will of God, the Power of God, to initiate the cycles into the outer physical being that must come to pass if that Godhead Charioteer is to make lasting advancements on their pathway to greater Attainment.

And that greater Attainment, blessed ones, does not mean merely performing the mundane tasks that humanity has mastered well enough to get by in their outer lives, even absent the Flame of God. It means, blessed ones, the Attainment of drawing upon the Allness of God and bringing it into the Fullness of the Pattern of Life that is under the Command of the Threefold Flame of the Heart! The Threefold Flame, exercising the Wisdom of God, drawing upon the Causal Body Momentum that you have studied and learned of so recently, with all the outer activities of the four lower bodies

held in check by that Wisdom and the Will of God, so that ever thereafter all that streams forth will be in Divine Alignment with the Heart of the Mighty I AM Presence.

All of this, blessed ones, because the aspirant once again elects to open their Heart, to enter into Communion with God, to command the flow of the Allness of God, to once more enter into full participation with God Life, as sent forth by the Mighty I AM Presence, by the Manu of the Root Race, and yes, blessed ones, by The One, the Almighty, so that the expansion of the Glory of God shall continue to manifest! This does not merely mean that you take an Engram of Consciousness that has streamed forth by many Ascended Masters, by the many Mighty I AM Presences across the Cosmos, and replicate it. No, blessed ones. It is to receive the creative Charge of your own Individualization of God, the Mighty I AM, that Keynote Identity that is the hallmark of the Truth of your own Identity, and impress that Pattern upon the Universal Light, bringing forth ever new creation!

No two creations will ever be exactly the same. For each Individualization of God has no other that is the same. And the hallmark of each Mighty I AM establishes all of the creativity that is to be brought forth by the Flame upon the Altar of the Heart of the incarnate lifestream — individually, solely and completely unique! Think of that, blessed ones, the very Allness of God uniquely creating through you!

Yes, there are many Momentums and Patterns of God Quality, of Light streaming forth that carry glorious Patterns to behold and to be drawn into the Fullness of Life. But each time they come forth and are touched by the Allness of God's Presence, that Presence sends forth its Glory, and that Glory comes back on the return current to that Heart Flame. And this, blessed ones, is how you build a glorious Momentum in God. For the more that you accomplish in the Presence, the more the Presence comes back to you in its Fullness as your own accumulated Attainment and Mastery to continue to create! To continue to send forth more Light! To continue to establish more of the God Presence!

As you have a greater understanding of who you truly are, you begin to realize that there is no limitation to what your Presence can accomplish through you, when it is truly the Desire of your Mighty I AM Presence. You have had many incarnations trying your hand at creating in the absence of the Identity of your Presence, utilizing, yes, the energy given to you, but not allowing its Wisdom to truly take hold or to exercise the wise use of the

Momentum extended to you. But now that you have begun to understand that there are those Patterns of God Identity that are Pure, Perfect, that resonate at a sufficiently high Vibration to function in the Realms where the Holy Christ Presence emanating the Allness of God resides, where your Causal Body resides, where the Mighty I AM Presence resides, where the Cosmic Beings, and yes, The One, reside.

The Perfection of God is all around you. You see it manifesting in each of the planes of consciousness that make up the Earth itself and all of the wonders of the Earth. You experience it, daily, within your own vehicles of consciousness as the wonder of the Glory of God that has sent forth its Son, its Daughter, into incarnation to behold the Presence of God! And not just to behold — but to become the Fullness of that Presence!

The Glory that is God is the Firm Foundation upon which you, blessed hearts, can stand securely, enabling your vehicles of consciousness to be charged, be electrified, be taught, be comforted, be loved, be healed and multiplied and magnified into the Divine Body Consciousness that the Presence of God has filled with Itself! Then you are able to express that Glory with your thoughts, Pure and Beautiful, distilled into the Vision that you hold, coupled with the Energy of the Will of God impressed upon the Vision, carrying it aloft into the Fullness of the Activity of Akasha and opening the door for your own Causal Body Momentum to fill in all that is not complete, and your Presence completing the action, sending forth the electrifying Charge that enables your creation to come forth into manifestation. That, blessed ones, is the thrust, the flow, the current and Momentum that your Presence desires to accomplish through you!

In time, you will become more and more comfortable in your new awareness of the discipline of your lower vehicles as they come under the Christ Command of the Flame upon the Altar of your Heart. This will allow for the higher Conscious Awareness of God to freely direct your affairs, instead of you suffering the interminable struggles with your own intellect and human consciousness or the habit patterns of old that you thought perhaps have worked for you, and yet, never did truly achieve the Victory.

It is time, blessed ones, for a new avenue of God Direction within your lifestream — to become aware of the glorious Foundation that is the Allness of God that exists throughout God's Kingdom! And it is time for each one of you, just as a Manu, to usher in the Momentum of the Will of God, the Light, and the Illumination of the Charge of the Qualities of God and ultimately the Divine Direction to be fulfilled! All of this is intended

to be held in the Pattern of the Power of God that you draw forth by the Love that you have for God, by the desire that you have for God Good, by the expression of God that you bring to the fore in Purity to the Glory of God that is the Divine Intent of your every desiring. This, blessed ones, is the Pattern of Life that unfolds a Golden Age.

It is our Joy to prepare you for the cycle of the Golden Age. Come! Learn the subtleties of the Light of God flowing through you. Learn to discern the Patterns of Thought that surely were not cognized by your own outer mind, but placed there — charged and electrified by the Mind of God! Learn how to safeguard the Peace that you require while the Momentum of God Power is accelerating your emotional body to hold you in the Strength, Courage, and Will of God, while the fingers of the Mind of God begin to impart to the outer vehicle those activities that you are to be engaged in. Learn the knitting together of God Life with the Currents of the Elemental Forces of Nature drawn into your lifestream by the spiritual centers of your being and allowing for all to be knit together in the Vibration of the Light of the Christ.

Come and learn, blessed hearts, how to make that leap of consciousness from where you are at present to where your Presence desires to take you at your next level of Initiation, the next Momentum, for there is always a next Momentum, blessed ones! You would never wish to stop or become complacent with the status quo of your vibration, your attainment, or with life as it exists at present.

The anticipation within your own Heart Flame of what is to come by the Hand of God should be ever in the forefront of your consciousness. For that accelerates you into the striving to expand the Light of God! To drink in and breathe in this Light with every breath, every action, every Momentum! To establish Patterns of God Good that cannot be denied, no matter how negative the consciousness may be that tries to tear them down. Oh, absent God there will always arise opposition, blessed ones. You can count on that. For mortal life upon the Earth has not reached that point where communication, honor, and respect take place in the Vibration of the Light of the Christ.

But you have the Wisdom to know the difference between the Christ Light and the absence of that Light, and it is up to you to maintain that Light within you. For ultimately, you are responsible for your own lifestream first and foremost! You may desire to expand the Light throughout the entire Earth to assist all mankind, to so charge all of the Elemental Forces of Nature

with the Hand of God! But, blessed ones, first and foremost, and unto the completion of your journey in this incarnation and any further incarnation that you may be charged to engage in, you, together with your own Presence, are responsible for yourself. No one else is responsible for you, not even your Ascended Master Sponsors. They assist, they teach, they hold the balance to a great degree, and many times they wish they could do more, but nonetheless, you as the Flame upon the Altar of your Heart are ultimately responsible for your life.

Our assistance is always accessible throughout the Cosmos as the Action of the *Entire Spirit of the Brotherhood of Light* in all its varied Offices ready to assist with every momentum that you must garner, with every overcoming and seeming sense of struggle that you face. But as you cultivate a greater firsthand awareness of how vast and glorious is the magnitude that exists within the Allness of God, then, blessed ones, there is no fear, there is no doubt, there is no human questioning any longer. There is only the Love, the Faith, the Hope, and the Divine Outpouring of the Threefold Flame of your Heart accelerating more and more of the Mighty I AM Presence to take command as the Christ Light within this Allness of God.

I, Lord Himalaya, hold the Consciousness of my God Momentum as Manu so that you might engage with it periodically as you elevate your consciousness into the high mountain of my Retreat, meditating upon the Allness of God.

Let that Glory so seal you within all of your vehicles to keep the Fullness of the disciplines and the Momentum of that Charge of Light and God Consciousness all your days.

Remember the many Victories that await you that are so vast and, oh, so glorious! Hold fast to the experience of living your day-to-day life forever engulfed in the Fullness of God that is, oh, so wondrous! And know that the Mighty I AM Presence has made all of this possible for you.

Let your Love, your God Gratitude, always flow forth to the Presence of God, the Mighty I AM, and the Allness of God, of God Good, and of God The One.

Lord Himalaya
