

Draw Upon Akasha to Fulfill the Necessities of Life

When you enter into the Realm of Akasha, you enter into the Body Consciousness of the Momentum that I, Surya, send forth, anchoring as a Perfection of the Light of God and the Momentum of a Realm in which there is the Fullness of Opportunity for you to embrace the Allness of God — *Tangibly! Actively!* Bringing into manifestation by the desire of your own Heart Flame that which you are called upon by your Presence to fulfill.

Throughout the ages you have established certain patterns of communication between the Flame upon the Altar of your Heart and these outer vehicles. Most times they have been the ruler! They have not listened to the Flame of Illumination imparting the Mind of God! They have not followed the Will of God directing the affairs of their life! And they have not primed the pump of God Love to issue forth the Divine Activity of that Love to serve God in all of life! And I could go on and on with all of those areas of life that have not been served by the Flame of God as was the commandment for your lifestream.

But at some point you turned a corner and began to be aware of the Charge of Light that was ever so near. Perhaps there was a circumstance in your life that awakened you to the newness of opportunity, or a floodtide of Light washed over you, scintillating the very cells of the physical body, filling your emotions with tears of Joy and upliftment as the Flame of God Love brought Comfort to you and elevated you into a new awareness of the glorious possibilities that were present for you in this world of form!

Much of this, blessed hearts, may have occurred because you had succeeded in balancing much of your returning karma. And at the close of that balance, you discovered a newfound sense of Freedom because the Threefold Flame of the Heart was no longer encased in that darkness of misqualified energy, ideas, and consciousness that were the breeding ground of fear and doubt.

Then, as is the natural course for the Holy Christ Presence, there is opportunity that begins to flourish round about the incarnate lifestream — an upliftment of Freedom, the presentation of opportunities, introduction of certain lifestreams, momentums of recognition of the Peace and Harmony begins to take place in one's life. All of these orchestrated by the Holy Christ Presence, perhaps by the Holy Angels round about you. But most assuredly, blessed ones, your Mighty I AM Presence at the helm as the Directing Intelligence of the Mind of God is imparted to the Threefold Flame, allowing you to have these blessings so that you might continue the higher initiations of overcoming every sense of limitation that these outer vehicles have bred throughout many incarnations. Unlike most of mankind who still believe that they, in their outer minds, rule the day and are the domineering intellects that must be heard, must be appreciated, must be obeyed!

But you, having embraced a greater Momentum of the Presence of your Mighty I AM, have absorbed into your outer vehicles more of the Charge of Light of the spiritual centers of your being and established a life that allows for the pouring forth of the Rays of God Quality from the Mighty I AM into the atmosphere round about you, the unfurling of the Threefold Flame of the Heart and there within the Heart meeting the Consciousness of the Allness of God!

That communion, blessed ones, has set you apart to begin to embrace more of the Allness of God — to exercise the drawing forth of the penetration of Light into the Elemental Forces of Nature by the Christ Command, by the Directing Intelligence of the Mind of God, and by the unfurling of the Fullness of the Panoply of the Christos that you are, thereby establishing your Mighty I AM Presence, here and now, to be the active participant in your life! Such is the Office of the Holy Christ Presence that lawfully allows for the Consciousness of the Mind of God to impart that which the Mighty I AM Presence in the Allness of God would cognize from the very One!

So, you see, blessed hearts, as you begin to understand how to draw forth into your own Threefold Flame of the Heart the activities, the patterns of life, the momentums that are round about you waiting for you to appropriate,

to establish as a Charge, a Light, a Momentum, a Substance of God, all that is there as the glorious Realm of Akasha that is available to your own Threefold Flame of the Heart will not be a foreign land. The only visa you need to enter into this Realm is the Flame upon the Altar of the Heart. That gives you permission.

The consciousness that your vehicles require is one of Harmony and Peace, one that establishes right where you are the opportunity for your Mighty I AM Presence, *and yes, blessed ones, The One*, to come forth and to establish the Truth of your Identity where you are. That means the vibrating Patterns of Akasha that are the natural estate of your Mighty I AM Presence can be appropriated into your outer vehicles because of the Charge of the Heart Flame continually reverberating them. Those patterns of vibration *intone* the very sound, rhythm, and momentum that your Presence desires for you to achieve so that you can have the effortless opportunity to draw upon all of the Gifts and the glorious Allness of God that is available to you!

Many times, you have wondered: “Why is it that I am in such a sorry state? I feel separated and alone. Somehow, I cannot move out of this negative vibration that I have found myself in! What has limited me? Is my karma so great that the Hand of God cannot touch it? Have I created such wrong against God that I am being punished? Oh, what guilt has come over me? I fear the recompense I must pay.”

This, blessed ones, is a rehearsal of the unnecessary struggle that many, many of the Sons and Daughters of God go through daily in their life — some to a greater and some to a lesser degree, but nonetheless, these are the unreal patterns of human questioning and the records of impending doom that seem to bear down with an awful weight upon the incarnate lifestream. And that weight becomes so great that the Threefold Flame of the Heart is silenced! For there is not enough of the penetration of the Flame from the Altar of the Heart drawing upon the spiritual centers of one’s being and allowing for the Fullness of the Crystal Cord Energy of the Mind of God, the Heart of God, the Flame and the Consciousness of God to shake them out of this human stupor!

So, what is the answer? Knowing that at this moment I am speaking to those who have a history of knowing the Ascended Masters, of knowing their own Mighty I AM Presence, having a wealth of understanding of Cosmic Law, I will go right to the point. It may be most challenging for those who have never remembered their High and Holy Calling or from whence they

have come in the Edenic Consciousness of the Mind of God or the Mighty I AM Presence.

But you, blessed ones, have remembered. You have touched that Flame! You have had that Flame and the Charge of God Life flow over you, in, through, and around you, to elevate your consciousness and your very vibration, until you thought, surely, you had disappeared from the screen of the physical sight of those around you! That somehow you had been *freed* from the gravitational pull of the Earth and allowed to elevate your consciousness into the glorious Realm of your own Mighty I AM Presence!

One and all have had varying degrees of this experience. But, blessed ones, some have not held fast to those experiences within their conscious awareness. Their memory has been diffused, or worse, washed out of the consciousness altogether. They have forgotten and have not allowed that record, that glorious event to register sufficiently within the mind and the emotional body, the very physical body to engage and to electrify their own conscious awareness with the realization that the Hand of God had moved them! Had touched them! Had spoken to them! And therefore if it has happened once or numerous times, it can happen again. And therefore let this be your decree:

"I will muster the Charge of Light that I need! I will strive mightily! I will throw off this doubt and fear! I will take out the Sword Excalibur, and I will wield that Sword of Truth in the Divine Diamond-Shining Mind of God to pierce through the unreality that is going on in my life at this moment! And I will call forth the return current from my own God Presence — generating the electrifying, glorifying, washing clean of my own vehicles of expression in this world of form so that they may be revived, resurrected, and returned into that Charge of Light that I know has existed times before and is available to me now!"

And when that call goes forth, blessed hearts, the conviction, the steadfastness, and yes, the Courage of the lifestream in Fearlessness Flame mounts such a rigorous momentum of the charge coming forth from the White Fire at the base of the spine chakra that the chakras themselves begin to activate, sending forth a Light and a Momentum carrying them into the substance once more of the akashic record of those times past and yes, the time in the future that awaits to engage in the Fullness of God, and thus, brings the Visitation of the Light of the Mighty I AM Presence and the Oneness of God into active participation in that very moment!

Many times, blessed ones, all you need do is strive! You need to stand forthright in the Fullness of the Light and face down all manner of opposition — real or imagined! And many times it is imagined, blessed ones. For it is conjured out of the mind, being impressed by the riptides of human thought and feeling, cutting you off in those cases from the wealth of Godly Momentums that would stream forth from Akasha as a scintillating Light to clothe you in the Garment of the White Light of Purity, of the Flame of the Will of God, of the Emerald Ray of the Truth, of the Divine Outpouring of God Perfection. So then you can establish the tangible kingdom of your own Mighty I AM Presence, here in this world of form, by the active participation of your Christhood engaged at all levels of your being!

But it takes steadfastness! It takes patience! For you cannot think that merely with one exercise of calling upon the Light of God, standing in the Fire, that all of your karma from the past will have been consumed and you are finished with the labors of this incarnation and can go on scot-free to live out your life without the exercise of addressing the rest of your returning karma.

Blessed ones, when you come to the point that you have balanced all of your karma and you have that glorious Freedom to be the expression of the Mighty I AM Presence, day in and day out, it will be a *challenge* for your Mighty I AM Presence to *keep you in physical incarnation!* For there will be such an updraft of the Charge of Light that it will take the passion of your own Heart Flame to engage in the Desire of your Mighty I AM Presence to fulfill all of that Service which it has planned for you, to keep you in embodiment. Otherwise, no gravitational pull of the Earth could withstand the pressure of Light lifting you into the Fullness of the Allness of God. But when there is a conviction of your Heart to fulfill the Divine Plan of your lifestream — and that Divine Plan, blessed ones, is always the I AM Presence's Plan, the Desire of your Mighty I AM Presence's Heart — it is insinuated into every Ray that comes forth to fill your consciousness so that you develop a Momentum that will carry you through, surmounting every sense of limitation so that there is only the Victory to be achieved!

The Consciousness of Oneness with God at the point of resolve of every situation, the momentum of the wind within your sails that is the Freedom to be the expression of God at every turn, that attainment, blessed ones, is worth all of the many incarnations that you have gone through, all of the unfortunate karma that you have created and the balancing thereof, all that you have experienced! It is worth all of that effort, blessed ones, to stand in

those moments, recognizing the Fullness of the Presence of God all around you as the Allness of God, fully participating with the Flame upon the Altar of your Heart, as the Elemental Forces respond to your command!

And when you are called upon to fulfill the Divine Necessities for your lifestream, first and foremost, you look to the Mighty I AM Presence. You elevate your gaze and your vibration into the Realm of Akasha! You allow for the penetration of Akasha by the Mind of God to exercise drawing forth the Emerald Ray and the Divine Will of God with each detail of the Mind of God imparted to the Outpouring that will come forth! And then you allow God to fulfill the manifestation. For you trust God. You have built a rapport, a relationship, an awareness that has allowed you to trust, fully and completely, the entirety of your life into the keeping of your Mighty I AM Presence. For you have finally understood that the Presence is your life. And therefore, that which comes forth into this outer life is according to the Will, the Desire, and the details that your Presence has sent forth to be established.

No longer are you fighting the Mighty I AM Presence with an outer consciousness that desires to be the ruler. No longer do you elect to churn and agitate the emotional body so that it is not prepared to be responsive with the energy-in-motion poured into the Water Element of the Earth. No longer do you allow your physical body to report to you all manner of pain and suffering. But you have addressed all circumstances within this outer vehicle by the Call of the Light of God coming forth to lift you out of those areas that are reporting to you a lesser state of Purity and Harmony in God, so that you can continue to hold fast to the Threefold Flame of the Heart. The pain may still be there, but you will learn how to work through it by the very Vibration that your Mighty I AM Presence affords you! So your own body temple becomes the very Hand of God responsive to the Will and the Power of God through you.

And when there are those conditions that can be healed by the world's physicians, know that, blessed hearts, it is because the Mighty I AM Presence has determined that that is the right course for you at that given time, and therefore you avail yourself of the world's physicians. But just as quickly as there is the outer remedy, you turn your attention back to the Flame of God, for that is where the ultimate healing comes from! For no world condition of any kind can be healed without the Fullness of the pressure of the Light of God, the Mighty I AM Presence! Know, blessed ones, that if it is a returning

karma, you have the tools with which to produce that surcease of limitation that is upon you. And in time, the healing will begin in the etheric double, then outpicture in the gross physical and establish new patterns of life. Oh, blessed ones, so much is available to you when you enter into the Fullness of Communion with the Mighty I AM Presence!

As the Elohim of Akasha, in the Fullness of the God Star Sirius, I Surya, have commanded Roiel's Angels to go forth to protect and defend those who are truly in earnest to make this Communion a reality! For it is one thing to think of an ideal, but it is another to truly internalize it and become that Ideal Consciousness in the Oneness with the Mighty I AM Presence! Do not limit your opportunity. For merely thinking, "maybe I will not be able to," is just enough to erode away the very opportunity for you to do so!

You must *stand, face, and conquer* the entirety of all opposition that your own human consciousness and human frailties may report to you! *For they have no power!* The Hand of God in its Fullness streaming forth in all of its Glory will consume all unreality, even if already manifest in your own consciousness — if you will allow it to go into the Flame! But you must surrender it! You must let it go! And not recreate it tomorrow or the next day, or the next day after that! For each time you recreate it, you give it more energy and more power! And that would be a travesty, blessed ones, especially for those who know that the Hand of God can work Mighty Works in their harmony, their deeds, their life, if they will call it forth and make themselves ready in their consciousness. You cannot ignore what you know, what you have received and blithely go on with impunity thinking that maybe the Mercy of God will take hold!

You have the understanding of Cosmic Law for a reason. It is so that you will put it into action. You will make wise use of the fullness of calling forth the Rays of God Consciousness! You will stand in the full waking Charge of Light and Momentum of God to be the hero of the day! To establish a Momentum that allows for the Fullness of the Victory to come forth! And it matters not what that Victory is, blessed ones. It can be a minute event that must occur that has the awareness of your Mighty I AM Presence and the Flame upon the Altar of your Heart fully in its gaze, and therefore it is an important Victory to accomplish. For you know not those little victories and how they will build into the greater victories and greater than that and the Momentous Victories that must come to play!

The Earth is in the throes in this very era of Victories that must be won! And you, blessed Torch Bearers of The Temple, have the opportunity to fulfill those Victories — here and now! But there must be the warrior within you that is willing to be a hero and establish a cycle within your own life of mastery! For you cannot put off for another ten or twenty or thirty years, however the case may be in your mind, thinking that well, you do not have the available time and energy at this moment to muster up what is needed or galvanize the Fire of the Heart Flame to accomplish the fullness of the task. Oh no, blessed ones, you cannot think that at all! The Mighty I AM Presence knows the cycle and time that you are to be God Victorious! That you are to be the shining example of the one who knows how to stand at their altar and wield the Fire of God, calling upon the Ruby Fire! Calling upon the Emerald Ray! The White Fire of Purity! The Blue Flame of the Will of God! Calling upon the *Shekhinah Pillar*®!

Oh, blessed hearts, the Fullness of the Light of God is yet to be truly experienced in the vehicles of consciousness of some. There are those who have touched that Flame, that Charge, that Momentum on occasion! But what I am speaking of, blessed ones, is the regular outpouring, daily, by the command of your calls, where it begins to *shift the current*, not only within your own life to absorb more of the Light of God in the Healing, the Wholeness, the multiplication of the Rays of God Light, but for the Earth itself!

For I, Surya, look on with my Consciousness, holding fast to the Rivers of Akasha that flow round about the Earth, and see the consciousness of the Sons and Daughters of God who can draw upon Akasha and establish greater momentum into the earth, water, fire, air, and bring about the glorious Momentum of the Golden Age! You may not think at this moment in time and space all those untoward appearances being established at the present time upon the Earth can be shifted, moved or accelerated into a Golden Age, but I tell you, blessed ones, you have not seen the history that I, Surya, have seen, the acceleration the Earth has already accomplished and the akashic records of the future!

You have not understood the Magnitude of the Light of God and how there can be such a Momentum occur that there *can* and *will* be an acceleration of the consciousness upon the Earth! That is what I hold in my Consciousness! And that is the Fire that the Archangel Roiel and his Legions are here to defend so that the Christ Consciousness can have the full Array of the Light

of God flowing round about the Earth! Heretofore, these Angels have been called forth to protect those who are to bring forth *significant change and acceleration in the consciousness upon the Earth*, most especially the Anointed Representatives! For these Angels are constantly, and have been since their birth, surrounding them and protecting them!

You, blessed ones, must know that this is now the time when these same Angels are summoned forth for your Protection and your momentum and the fulfillment of the Victory that you are to achieve! Apply the Law, blessed hearts — the Cosmic Law — that you have come to know! It is time to internalize it and allow it to take hold and to fulfill the Inner Strength that you require to stand and keep standing — for the Victory is nigh! And you are the hero that will fulfill that Victory!

Let the Glory of God be upon you! Let the Christ Light shine forth from you! And let the Momentum of the Allness of God be that Realm in which you draw from with every breath, the very Presence of God that you are!

Surya
