

Make the Patterns of God Purity the Rule of Your Life

When we, the Elohim, conduct the Ray of our Consciousness, it cuts through all human creation. As I, the Elohim of Purity, stand in the Earth this day, anchoring Purity's Ray and the White Fire of the Mother Light, there is not one vestige of the Earth in any plane of consciousness that is not touched by my Fire of God Purity. So, too, does my Fire touch every Heart Flame that desires to come into the Fullness of its Divine Pattern and bring forth the fruit of the Consciousness of the Heart of God even as it is sown into Life itself!

Everyone, blessed hearts, who elects to send forth energy appropriated from the Flame upon the Altar of their Heart from the Crystal Cord streaming into their outer vehicles, has a solemn Responsibility tethered to their lifestream for the wise use of that which has been given to them freely by the Hand of God. For their Light was first established in the Realms of Perfection and intended by their Presence to come forth and outpicture a pure atmosphere upon which Firstborn Sons and Daughters could establish their Christhood, becoming the Fullness of all that their own Mighty I AM Presence has dreamed, desired, and brought forth from the Octaves of Light and sent forth into its own embodied Heart, the Threefold Flame of the lifestream.

Pure God Desires are initiated by your Presence, blessed ones! So that your vehicles of consciousness would knit together a life that would unfold and establish Patterns of Perfection expressing all that is inherent within

the Great Central Sun, its Beauty as held within the Mind's Eye of God, its Rhythms as intoned by the God and Goddess of Music and Harmony, and the Fullness of all the Perfect Patterns that generate movement, shape, size, and every exquisite detail of God Consciousness! All of this patterned after that which is eternally beheld within the Great Central Sun in all of the Glorious Realms that the Ascended and Cosmic Beings live within! These are the same Patterns that your Mighty I AM Presence identifies with as the pristine elements of its unique Selfhood that you are to bring to the fore by the sowing of the seeds of the Consciousness of the Mind of God held within the Mighty I AM Presence.

Oh yes, there are the many trials and errors recorded by the incarnate lifestreams in each of these outer realms that the Elohim know only too well — human beings trying with all their might, with the brute force of the human will, or the manipulation of the carnal mind, or the conjuring of all manner of manipulations of the Light in the name of “good works,” but instead overlaid by unreality and miscreation. All the while the Mighty I AM Presence must stand back, holding to the Patterns of Purity firmly fixed within its consciousness, allowing the incarnate lifestream to go on lifetime after lifetime, trying, hoping, vaguely sensing that there could be a better life, another higher way to live, to prosper, to achieve the Abundant Life! For mankind have looked on at those of the world who have great riches and discovered, however, that they were not always happy or content and therefore, the search for the true meaning of life goes on and on, as does the hunger of the lifestream for that which transcends their own way of life that they have long established.

We, the Elohim, know well what it means to command the Elemental Forces of Nature and have them respond on the instant! But, most incarnate lifestreams do not have the understanding that the Flame upon the Altar of their Heart gives them this same opportunity, and yes, the Necessity of the Law compels them to command their own vehicles of consciousness in this outer world to respond to the Purity of the very Presence of God that abides within that Heart Flame!

It is that Purity, blessed ones, that will bring about pure thoughts. The thoughts that *can* and *do* vibrate in consonance with the Mind of God and facilitate a healthy vehicle of the outer mind — and even the very physical brain itself — to receive the Charge and the Patterns of Purity, electrifying that physical vehicle to know firsthand the Desire of God and have that

Desire outpictured in great detail, according to the attainment of the lifestream. And as those seed ideals begin to germinate, they begin also to exert pressure upon the emotional body. And thus the water element begins to move, excite, and generate energy that will bring to the fore as by the very Hand of God, God-in-Action through the feet, the arms, the conveyance of the physical body, manifesting all that is dreamed by the Mighty I AM Presence, forever one with the Mind of God and imparted to the outer mind, thence to be outpictured by each of the respective vehicles of consciousness that the lifestream wears.

Do you suppose that when there is a newborn child that comes forth, it comes by mere accident? Oh no, blessed ones. There are cycles upon cycles in the Higher Octaves establishing plans that will orchestrate a specific lifestream to be born into a specific embodiment! And thus, according to the karma of that one, or the prospective parents giving birth, there will be set in motion the ideal circumstance in which that child is brought forth. Naturally, every parent desires to afford the purest vehicle to also come forth.

Therefore, there is within those who are disciples of the Mighty I AM Presence daily attention put upon their decree momentum so that there is established a current of Purity, a Guard Consciousness drawn into the mind's eye, the hearing, the thoughts so that there will be those protections established within the atmosphere to bring forth a pure little one. And oh, pure they are! Yes, they do come many times, and most often, with their own karma that will, in the right cycle and timetable, be returned to them to begin to balance. But in the beginning, blessed ones, they require the opportunity to begin to outpicture the Purity with which they are surrounded and that innate Purity which they have brought into embodiment with them as their own body consciousness of the Flame upon the Altar of their Heart of the Mighty I AM Presence.

So, you see, blessed ones, you begin each incarnation in Purity until such time as is necessary for you to begin to transmute and deal with your own returning karma. But, by that time, blessed ones, it is the hope of the Hierarchy of Light that you would have been prepared for giving the calls to Mighty Astrea, to the Violet Flame, to the White Fire of Purity, to the Emerald Ray, to the Blue Flame of the Will of God and all of the varied God Qualities that would assist in building up that incarnation into the Full Christ Command which you would establish! And that Command, blessed ones, that you would give would carry you through your adult years, allowing

you to chart your Destiny according to the Divine Will of the Mighty I AM Presence! To instill Purity into your vehicles so they would be responsive to the Light! For you had learned from very early in this incarnation to recognize the Vibration of Purity and to appreciate what it means to hold fast to the Fire of God that purifies all that you come in contact with and enables your consciousness to remain tethered to the Mind of God, to be a Chalice of the Most High, and to conduct your affairs in accordance with the Divine Will of God!

This Vision, blessed ones, is the Ideal of Purity to be embraced by Torch Bearers in order to bring forth each successive generation upon the Earth who would just as quickly establish enough of their own Christhood to bring forth a Golden Age! Somewhere along the cycles of life with each generation that has heretofore come forth, there have been those broad swaths of mankind who have turned away from the Presence of God, who have not allowed for that pristine Perfection of the Mother Light to bear the fruit that was intended.

But now we turn to a new cycle, to a new way of life, a new understanding of what it means to stand in the Flame of God! For you as the Torch Bearers of The Temple® have embraced your Mighty I AM Presence! You have begun to establish your own Christhood, regardless of your past missteps that you have made in this incarnation, with all of the dillydallying engrossed in unreality, and the miscreation that might have gone on. You have learned how to give the Violet Flame, how to invoke the Light of God, how to move within the current of the White Fire of the Mother Light, established upon the spinal altar of your being.

And that spinal altar, blessed ones, is indeed an Altar! For it allows for the Purity of the Light of God to deposit within your own outer vehicles the Charge and the Momentum necessary to establish your Christhood — not just on occasion — but constantly, day in and day out, building a Momentum of the Light of your Mighty I AM Presence and establishing such a Momentum of Light that you have access to Elohim, Archangels, Chohans, the Great Central Sun by the acceleration of the Flame upon the Altar of your Heart into the Fullness of the Mighty I AM Presence to embrace the Allness of God!

And that, blessed ones, has prepared you for all that your Presence desires for you to accomplish! Not just in this moment or the next few years, but the ultimate acceleration of Light that will carry you into the Ascension in the Light! And even beyond into the Realms of the Great Central Sun and into all of the ascended preparations for the as yet untold Desires of your own

Mighty I AM Presence to be realized! You know what it means, even in your incarnation at present, to realize a desire that has come forth, that you have worked mightily to achieve, and suddenly it is there in the full actualization and realization — sometimes better than you had dreamed!

Consider, blessed ones, that this example is paltry in comparison to what your own Mighty I AM Presence has dreamed of achieving, has already accelerated as Momentums of Light in the Octaves of its own Electronic Body, drawing forth the Rays of God Consciousness and moving within all of the areas of life by the Command of that Light to establish patterns for your lifestream, for many other lifestreams — to feel the Light! Perceive the Light! To invoke the Light and keep it continually flowing! For there is not one Mighty I AM Presence that does not operate in this very mode of expression of desiring the multiplication of the Light of God to stream forth! For that multiplication is one of the primary Desires of your Mighty I AM Presence, to enter into incarnation as your own lifestream!

It is time, blessed ones, for you to stop thinking in a state of duality — that somehow your Mighty I AM Presence is separate and apart from your lifestream. For it is not! The very Life Force that activates your vehicles of consciousness comes from your Mighty I AM Presence! The very fuel of the Mother Flame ignites the spiritual centers and vivifies the charge of particular actions and momentums in each plane of consciousness that will establish the vortex that draws the Elemental Forces of Nature to respond and keep tethering to itself these vehicles of consciousness that you wear — as the earth, the water, fire, air, Akasha — and keeps them responding, drawing upon your own Causal Body Momentum. All of this because you, blessed ones, have come into incarnation by the Hand and directive of your own Mighty I AM Presence.

The cycles are shifting upon the Earth! There are those new, new, new ones beginning to take stock of what is important to their life. Oh, there will be others who have very little Light moving within their lives who will gravitate back to their own human creation and not for one moment think that there is a Presence of God moving in the land. But there are those, blessed ones, who feel this Purity, this Light, and this Momentum of God Consciousness! There are those who will begin to understand that the Hand of God is great and can move mountains of adversity, when necessary, to awaken the Sons and Daughters of God to the Reality of Life — life as it is being lived and life as it *should* be lived in accordance with the inner commitment they have made to their Mighty I AM Presence.

Every lifestream who comes into embodiment, blessed ones, has a commitment that it makes, a vow to uphold as their marching orders, their Destiny for that incarnation! How many do you suppose accomplish those orders and keep their vow? I would not wish to fathom how many, for the number is great that do not. Even so, blessed ones, those who do keep their commitments establish a connection with the Mighty I AM Presence that is a Bond greater than that of a sibling, or of a parent, or a child. It is the Bond of Oneness that is realized right within the Heart Flame! And it cannot be broken by any outer incursion — by any mortal thought, action, or energy imposed upon a lifestream to try to rip it from its Divine Heritage!

That Bond, blessed ones, is worth the effort, worth the battle, worth the striving of every incarnation so that that Oneness, having been established, will never be broken! And the Presence knows that and therefore trusts the Christ in incarnation. And, then, the Divine Outpouring of the Mighty I AM Presence can begin to operate as was intended from the very first incarnation of that lifestream. And you, as the Christ, know from whence comes all that you are. For you understand that in the Presence of God all things are possible! And with the realization of that possibility comes the anchoring of God upon the Earth, within the waters, the fire element, the air element! And you as the Christ are able to stand as the nexus point of the Command that brings it forth! For you have purified your vehicles of consciousness to be trustworthy so that the Mighty I AM Presence can utilize your vehicles of consciousness to conduct the Light of God when necessary into each of the outer elements.

There are those opportunities, blessed ones, when the Elohim look upon Earth to see who is standing in the Fire! Just as we have conducted the Fire, the Momentum, and the Teaching through our Anointed Representatives®, we, likewise, look to those who have Cups of Light and Momentum in particular areas of God Consciousness that can have the Momentum of Light stepped up for them, if only temporarily, to be able to affect a particular area of the world.

That, blessed ones, is why we look to the Torch Bearers of The Temple who are being trained, tutored in the Light of God to stand in the Fire! To be a Pillar of Fire! And when there is the Necessity for greater Momentum in any one of the elements or all, we, of course, would look straightway: Where are the Torch Bearers of The Temple? Where do we need to deposit Light on the instant? Who is giving the Call through whom we can answer and send forth our Momentum?

Blessed hearts, in the fullness of time as you move through your incarnation, you will have a greater understanding of all I have spoken of today. For as this Instruction takes hold in your consciousness, it will begin to pierce through the remaining unreality that would stop you from believing the Truth of your Identity in the Fullness of the Christ Light as the vehicle of Consciousness that your Mighty I AM Presence has desired to send forth as the operation of Cosmic Law to achieve.

Let that Light move through you, directed by the Flame upon the Altar of the Heart, by the Mind of God! Let the Charge of Light stand always in Purity — never tainted, never destroyed or distorted — so that it will always represent that purest form that your Mighty I AM Presence has desired!

Let that Light stream forth in all of its Glory! And as I release Light this day from my Consciousness and that of my Beloved Astrea, allow for the remaining vestiges of your unreality to go into the Flame to be no more! So that you will not put off to another day all that can go into the Flame this very moment and be gone! Thereby revealing to you the Purity that is the natural estate of your Being and the Charge of Light that you are to shine forth in all of your actions, words, deeds, and within your mind, holding to the Patterns of the Purity of the Mind of God that allow for the Fullness of the Mind of your own Mighty I AM Presence to impart to you what you are to be concerned with, dealing with, issuing forth, establishing every mode of divine expression that your vehicles of consciousness are intended to enter into!

This is the Vision of the life that you should be desiring! A life that is an Ascended Master Way of Life here upon Earth! So that when the final trumpet sounds and you are called into the Ascension Flame, you will rejoice and be glad that you had prepared your consciousness, your vehicles for such a magnificent day in the Light of God! There will be no looking back over your shoulder! There will only be looking forward into the Light of the waiting arms of your Mighty I AM Presence!

Let the Light of God shine forth in the Fullness of Purity's Ray, as I, Elohim Purity, stand in the Fullness of the Earth to ignite the Fires of the Mother Light!

Elohim Purity

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
