In the Great, Great Silence is God's Greatest Activity

Within the Great Silence you enjoy God Peace, God Protection, God Perfection, God Illumination, God Wisdom, all of the God Qualities that are the natural estate of your own God Presence. They flood your consciousness, saturating your vehicles of expression so that when you reemerge into the active mode, you might impart to life all that your Presence has charged into your Heart. Each time you reemerge from the Silence you might stream forth that Perfection of God — that Peace, that Protection of God, that Harmony, the Bliss of God.

Entering into the Fullness of this Silence, God's Greatest Activity, more and more frequently, will allow your consciousness to more quickly rise into this Vibration. For as you become accustomed to this Vibration and the Current of Light streaming forth from the Mighty I AM Presence and the All of God, you will remain more and more tethered to that Christ Light and Momentum, regardless of the appearance of outer conditions. Whether or not there is discomfort in any of your outer vehicles, whether or not there are disturbances throughout the world, they will not have any bearing on the Vibration in which *you* reside.

Have you wondered why it is that I, the Maha Chohan, would at the very inception of The Temple of The Presence bring forth the *Ruby Chalice Visitations* and anchor the Consciousness and Vibration of the God Qualities that you invoke in your calls daily? It is so, blessed ones, you would understand the importance of how the fabric of your Christhood unfolds as the natural estate of your own Mighty I AM Presence entering into your life, and ultimately, conducting your affairs.

Without the touchstone of the Truth of Identity of your Mighty I AM Presence, much trial and error has gone on in your previous incarnations and perhaps early on in this one. But now you have an understanding by the Charge of Light and Momentum of the Ascended and Cosmic Beings that have come forth to establish at this Altar an Ascended Master Charged Forcefield of God Momentum that you can abide within. You can draw this forth even in the most convoluted circumstances that you might face in your life — the most challenging, the most austere, the most painful, for in all cases, blessed ones, the overriding Light of God will lift you into the conscious awareness of your Mighty I AM Presence that allows you the respite, the Peace, the Poise of God Quality that is necessary for you to regain your attunement in Illumination's Flame and bring forth the Wisdom that is for you to establish in every circumstance. There is not one event across the screen of life upon the Earth that the Sons and Daughters of God cannot address with the moving Hand of God, the Current of Light, and with their connection via the Flame upon the Altar of the Heart with the Great Silence of the Almighty, of The One.

Building this Momentum within your life is the most important Attainment that you must garner. Your mastery of the Rays of Light, of the God Qualities and Virtues of the Christ will be produced by the streaming Consciousness of your own Mighty I AM Presence flooding into your outer vehicles and taking command of every circumstance, of every minute detail of your life and vibration that confronts you, both externally and from within your own lifestream! For such is the Power of God! Such is the Wisdom of the Mind of God! Such is the Love of God that knits together all worlds within your own Heart Flame as the One Heart of God! Through your own Heart Flame then, your Presence radiates the Rarefied Atmosphere and Charge of Light that perhaps you first became aware of in Akasha — that Scintillating Charge, which perhaps will appear as a Milky-White Substance! And yet, as you penetrate further with your inner vision, you see the firing of all of the Thoughtforms, all of the dimensions and Patterns of Perfection within the Consciousness of the Mind of God, all the Momentums of the Great Universal Sea of Life that await your Command, prepared for you to draw upon.

And in that glorious Realm, the Intonation of the Silence can be touched. And you are sure that there is no movement in the Earth, no sound, save the sound of the Heartbeat of God holding you in that Radiance by the Great Magnet of The One, impressing upon you that you are entering into a new,

higher dimension of Eternal Life that is your right, indeed is a Necessity for your Path. It is so that you might bring forth the Fullness of the Desire of your own Mighty I AM Presence into the active expression of your life as the incarnate Christ, the incarnate Son or Daughter of God walking the Earth, breathing in the air, feeling the atmosphere of the Earth itself, and knowing that at any time your consciousness, by the Office of the Christ and the Authority of the Flame upon the Altar of your Heart, can draw forth the Light from the Great Central Sun to deposit into that earthly atmosphere in which you reside — thus sanctifying it, making it Holy.

To accomplish this there must be a discipline of your mind. It cannot be allowed to fixate on those areas of life that do not represent all that the Presence of God would have the Christ within you impart. So that means that the very moment your gaze lands upon images of impurity or your hearing receives discordant music, just as quickly, you connect with the Flame upon the Altar of your Heart and invoke that Light and Momentum which you have built within during your Meditation upon the Great Silence to come forth and flood your consciousness, bathing your mind with Purity and erasing outer appearances with the Flame of Transmutation. Just that quickly, as though you had snapped your finger, your Presence replaces the imperfections with its Purity and God Consciousness of Perfection.

Again, no matter how much the discordant sounds may try to enter into your inner ear to displace your Harmony, your Peace, the creative building blocks of Perfection of the Edenic Blueprint established by your own God Presence for you to fulfill, you will just as quickly shield your inner hearing. And this you can do, even if you are not able to divert the sound if you happen to be in a public place. You need not receive it or accept it! But allow the Shield of your own Heart Flame's Vibration to elevate your consciousness so that you are raised into a greater Vibration, an Intonation of Akasha, far, far more powerful than any physical sound that might try to distort your vibration.

These are merely two examples, blessed ones, that I, the Maha Chohan, know well that you are faced with daily. But there are many others, many that you know all too well, for you are living within your own outer-world vehicles, your physical, emotional, and mental bodies that from time to time do not wish to be under the Christ Command of the Flame upon the Altar of your Heart. And so there is a sense of struggle that may ensue. And then when you allow the clamoring of the world's noise and the unreality to press in upon your own spiritual centers and chakras, you can begin to see, blessed ones, why you must be fortified with Light!

You must go to your altar each day to prepare your forcefield so you can commune in the Great Silence, to allow for the Charge of the Light of your own Mighty I AM Presence to fill the spiritual centers of your being full to overflowing so they are in tune with Akasha, with the Heart of your own Mighty I AM Presence, establishing a Current by which your own Causal Body, at the appointed cycle of your attainment, can begin to flood forth to assist you in far greater ways than you can begin to imagine at present. For until that time, you continue to be required to draw forth that Light which you can invoke by externalizing the Light of the Threefold Flame of your Heart, practicing the Virtues of the Christ and holding to the disciplines of your vehicles so that they can receive, daily, the Light of your Mighty I AM Presence, who is trusting that its Light will not be misqualified in an unguarded moment.

Then, when you have proven that you are trustworthy with that activity, the Mighty I AM Presence is oh, so eager to open the floodgates of your own Causal Body so that you might have the many Victories that you have won over the eons of time to assist you in the fulfilling of the Desire of the Heart of your Mighty I AM Presence! For indeed, all desires that you realize within your vehicles, as you are this very moment, if they are pure, if they have come forth from your own Heart Flame, are truly the Desires of your Mighty I AM Presence for you to fulfill.

However, this is where I must caution you. For not every fanciful thought or human desire that has ever crossed your mind or welled up within you is a Desire of your Mighty I AM Presence. So you must call forth the Light of Purification, the Light of Transmutation, the Light of the Emerald Matrix so you might know that the Purity that comes forth through you is indeed the Will of God, the Desire of God! And then, when you have been assured in your Holy Communion in the Silence with your Mighty I AM Presence that it is the Truth of the Law for you, you are able to give yourself wholly and completely to fulfilling that momentum that your Presence desires. This process may take some time. There may be initiations of preparation and cycles to unfold in your life. It may not occur until years have advanced. But you will be holding the Flame nonetheless and preparing your vehicles of consciousness to be readied for that day, that cycle, and that conferment.

All of these things, blessed ones, and so many more, can naturally come forth when you have learned how to move within the Light to prepare your vehicles to be able, on the instant, to accelerate into the Heart of your Mighty

I AM Presence! For you will have done the work. You will have established the disciplines of your outer vehicles. You will have given your calls in preparation. And your invocations to the Light have called forth those momentums that your Mighty I AM Presence knows you require. You do not always have to know outwardly what may still be limiting you. Your Mighty I AM Presence knows, thus your Holy Christ Presence knows as well.

This is why you are encouraged to fulfill the Virtues of the Christ so that the God Qualities that you call forth daily can take their rightful dominion within your life. Then, no matter what may be the outer circumstances of your life or of the world, you are prepared to deal with them. If there arises something that you personally must contend with, send forth the Light of your own Mighty I AM Presence and the Ascended Masters to enter into the fray! Allow for the Fullness of the streaming forth of the Light of God from the Great Central Sun as a Mighty Current to sweep the Earth and all upon it into the Glorious Blessings of God that you have learned come forth in times of trouble or need!

So, you see, blessed ones, the Hand of God is at the helm, always. Do not doubt that. Do not allow for the 'appearance world' to tell you otherwise, for it is revolving in states of unreality, in most circumstances fed by all manner of human expressions built up over many, many incarnations of greed, lust for power, and all manner of unreal, mortal conditions that play out over time when there is not a Spiritual Fire ignited within those multitudes of lifestreams! So as ever, We count on the few who will serve to hold the balance for the many. But to do that there must be the constant renewal of the Charge of Light to facilitate that balance to be held! And that Light streams forth when the initiates, when the embodied Christs know how to enter into the Great Silence, holding to the Fire of God, allowing for — at a moment's notice — that Fire to displace the unreality that might otherwise sweep them into riptides of human thought and feeling and all manner of distorted patterns of negativity.

This is how you guard the Citadel of Light! And though it may seem that there are only a few arrayed against the many — the few, blessed ones, have the Power of God! That Power is Indomitable, Invincible! And you must understand that your Mighty I AM Presence wants you to have that transfer of God Power, that ability to stand in the Light as a Pillar of Fire, so that the many may continue on another day, another cycle, another opportunity. For to separate out the Pure of Heart from those karmic entanglements of the

past with those whose souls are filled with hatred is most challenging and best left to the Hand of God! Your role is to draw the Light of God forth, to allow that Light to so fill the Earth that it will be like blanketing it with Pure, White Snow of Sacred Fire conveying the Silence, not to be disturbed by even the snapping of a small twig by a forest creature.

Let that Radiance of Akasha carry you aloft, charging you and preparing you so that you might enter into the Great Silence in the Glorious Momentum of All of God. As you strengthen the bonds of your Communion with the Mighty I AM Presence, you will feel the Charge building within you as Light, as clarity, as God Power. But most of all, God Peace. For it is within that Peace that you are the greatest advocate, an instrument of the Lord — your own Mighty I AM Presence.

Be at Peace in the Great, Great Silence of God.
