In the Abiding Love of the Presence You Want for Nothing

When you allow the Presence of God to speak to you, to charge you with the Light of its Presence, to hold you in the Comfort Flame of the Abiding Love that lets you know that you belong, that you are One with its Heart, when you do this, blessed ones, you are entering into the glorious Abiding Presence of your own Mighty I AM. For it is in this Presence that you have streaming forth into your consciousness the awareness that God will not leave you comfortless, will not leave you struggling, not knowing Divine Direction for your life, Divine Purpose for your life, wholeness in your life. Then and only then, will you begin to have the deep Peace that you have longed for.

Oh surely, there is a step-by-step process that you must enter into, one of gaining mastery over your emotional body, quieting your mind, and putting away the childishness of unreality that swirls round about you, so that you can enter into the Holy of Holies of your own God Identity. Perhaps you have thought that the Identity that I speak of does not belong to you yet, for you do not feel you have warranted it, deserved it, and therefore, you procrastinate putting on the Garment of Light sufficient to elevate your consciousness into that Realm.

What does it require of you to lift your consciousness into the Great Silence? Well, we have spoken of stilling the emotional body and the mind, but there must be even more. There must be the sincere desiring of your heart to be in the Presence of God, not just to benefit from the Grace and the Blessings that stream forth from the Almighty that will bestow upon you riches, health and well-being, but a devotion, blessed ones, of Abiding

Love that can only come forth with the stirring of the Flame upon the Altar of your Heart, with the desiring of every erg of energy of your being to enter into this Divine Romance!

For yes, blessed ones, this is the greatest Love of all! And it is a giving and receiving, as the figure-eight flow is established within each plane of Consciousness from the Heart of your own Mighty I AM Presence in the Electronic Body, the Heart of your Causal Body in Akasha enveloping you in the Radiance and Charge of its Light and Life, and of the Mind of God. Blessed ones, let your Presence pierce through all the unreality that you have allowed to settle into your outer consciousness and reveal to you *the Truth* that what you *are* experiencing in that moment is the Truth of your Being and it is unmistakable! For your Heart has been stirred! The Flame upon the Altar of your Heart is accelerating and expanding! There is a Charge over your physical body of the Light of God that cannot be denied and that reveals to you the very Presence of the Almighty!

As the Chohan of the Secret Ray of Necessity, I, Leto, understand that there are many demands upon your life's energy pulling on you moment by moment during your waking hours and many times interrupting the peace of your sleep and the quality of rest that you require. But have you considered that the solution to all of these areas of unrest; of great worldly responsibility that you must fulfill; of the challenges that are thrust into your life to meet, to solve; that the solution lies not in the flesh or the human mind, or the brute force of your emotional body, for such paltry vehicles cannot win the day by themselves? You may think for a time that they can, that somehow, you have leaped beyond others in embodiment who just do not know, and you alone have figured out how to mentally achieve the desires that you wish to fulfill, or how to humanly manipulate this or that circumstance or situation, bending events and outcomes to your human will and self-righteousness.

But, blessed ones, when you engage with your Holy Christ Presence, you are inviting your Mighty I AM Presence into your life by exercising the desire for God! The Communion of your own Heart Flame with God allows you to receive the Mind of God to clear away the debris and give you the electrifying Charge that announces to you what is the right course, what is the Divine Will of your Presence for you. Likewise, you open up your life to receive the Light of your Mighty I AM Presence to bless those areas of life heretofore untouched by the Light of God in answer to your Decrees, your Invocations, that are not as yet addressed by the Consciousness of your own Holy Christ Presence. For you have said to yourself, "This is not something that I should

concern my Presence with. This is not something that my Presence should have to deal with. I will hold onto it since it is so minute and insignificant, compared to world conditions, of all that God must deal with.”

Have you considered, blessed ones, how limiting that is to your ability to put on the Fullness of the Christ Garment of Light — to walk through the remainder of this incarnation in the Fullness of the Light of your Mighty I AM Presence, having the Will of God propel you in the right direction, giving you the subtle guidance that you require? Then you may have the ‘listening ear’ that has been trained to recognize the subtleness of the shift of the Current from your Mighty I AM Presence or of the Abiding Angels in your midst who would assist you by holding the balance for you and keeping at bay the riptides of human thought and feeling of others so that you might *hear* and *know* the Presence of God. And it goes beyond hearing and knowing. You must be able to translate by the Truth of your own Heart Flame that which your Presence imparts to you into a Way of Life that is Virtuous, that is grounded in the God Qualities that are the natural estate of your Mighty I AM Presence, that keeps you in that abiding figure-eight flow with the Fullness of the Heart of your Mighty I AM Presence fully engaged!

Many times, there are those lifestreams who wonder why it comes so easily to some to feel the Charge of Light from their Mighty I AM Presence or the Ascended Masters. Why is it that they are able to enter into the Great Silence and the Abiding Peace that streams forth to embrace them?

You have been given from this Altar much Teaching and Instruction that would assist you in recognizing those areas of your life that require changing. Some changes are most physical, requiring only common sense for one to recognize that certain things are unhealthy and therefore not contributing to a vibrant, charged embodiment of the Holy Christ Presence. Instead, it is tearing down, pulling apart, and not allowing for the Fullness of the Flame of the Presence of God to be the Directing Intelligence of your life.

So, there are the old habits that still remain, gripping the outer consciousness, revolving within the mind patterns of old, instead of putting them into the Flame to make room for the Truth of your Identity and the Clarity of God — the Charge of the Truth of Cosmic Light that imparts the Edenic Blueprint of all that is Divinely Ordained to take place in your life, the building blocks of the foundation that allows you to stand as a Pillar of Light, the healthy associations that allow you to maintain your Peace, all the while you are holding the balance for the many who know not who they are or how they are truly to gain their Mastery, their Attainment in the Presence of God.

Blessed ones, there are many who profess not to believe in God. But this is only an excuse for not applying the work, should they be exposed to the opportunity by their own Mighty I AM Presence. “And what work is that?” you ask. For you have striven mightily! And yet you still find it challenging to, within the blink of an eye, enter into that peaceful Silence of God, establishing your foundation, the charged atmosphere around you. Correcting those habits of old and replacing them with the habits that you know as the routine of life that will charge you, will feed these vehicles that you wear in the outer realm with the health and well-being, will enable you to receive the Charge of Light of your Mighty I AM Presence! To be able to *feel* and absorb that Charge when it comes forth, instead of acting like a stone, impervious to the baptism of Grace and merely letting it wash over to dissipate and be no more, never entering into the fullness of changing, transmuting, elevating the vibration, and electrifying the vehicles that so require that Light!

The words you speak must be words that do no harm; it matters not if such words, in your estimation, are warranted. They must do no harm. Your thoughts must be thoughts that likewise do no harm and do not revolve patterns of life that are impure, charged with negativity, or impart to your vision a grossness that is spun out of the astral plane. You must learn how, when those propensities come forth, to call the Light of God into action, for this is the training that you have been given!

You cannot think that merely because you know the Law, that knowledge alone without the attendant application will make it so in times of need. There is an active mode of expression that the Threefold Flame of the Heart must participate in — calling forth the Light of God, putting Light into the circumstance, washing clean by the Violet Flame, the Ruby Fire, the Mother Light of the White Fire of Purity, and invoking the Emerald Ray, so that the Truth of that which is to be established is given the anchor point within your own Heart Flame, residing there permanently so that you can hold that Immaculate Conception, so you can hold that Vision of Purity, of that Divine Estate!

This will not only put to rest the struggle that seems to be ever-present with one or another circumstance of life, but the Light of God will work the Perfect Work that you as the incarnate lifestream are not intended to physically perform. For many times, the circumstances are far greater than one man, one woman could accomplish, save with the Hand of God at work. And it is a Loving God, a Compassionate God, even when the Ruby Fire is invoked. For, blessed ones, alleviating the burden of astral negativity, of

human consciousness, as it is instantly consumed by the Ruby Fire or the Violet Flame, allows for a lifting of the burdens that otherwise would continue on — for indeed only the Lords of Karma know just how long that might be.

You have the opportunity to change your life, to elevate your consciousness into the Great Silence by preparing your vehicles with your Decrees and Affirmations, by establishing a Way of Life that is reflective of that which is the Christ. And should you forget what are the Virtues of the Christ or the Qualities of God, you quickly go to your altar and call upon God to remind you! You refer to the Teachings that you have received from this Altar. They are in such great abundance! They are not merely intended for you at the time of their initial release, never to be addressed again. No, blessed ones. They are for you to pore over, to hear, and re-hear. And where possible to read, re-read and study, until you have fully internalized the Teaching and Instruction, the Vibration and Momentum of the Ascended and Cosmic Beings that have lowered those Teachings, so that you will no longer be counted among those unfortunate multitudes who believe they have come up from the animal kingdom, and somehow, they have grown to have intelligence without the Hand of God at work.

You know the difference, for you have felt the Hand of God moving within you. You have had experiences where, if not by the Grace of God, certain areas of your life would have been so vastly different. And you know this, more than anyone else, save your own Mighty I AM Presence. For the record of that Intercession, of that Opportunity, of that Charge of Light, is within the Akashic Record. If you are fortunate, you will read the record of these glorious events as part of your transition into the Ascension. If you are still not prepared yet for the Ascension, when you come back into incarnation there will be ample opportunity for you to rehearse over and over those areas that you *must* learn from and hold fast to, because they will make the ultimate difference to your future!

But I, Leto, am not as concerned about any future incarnation as I am for you to make your Ascension at the close of this lifetime! For you have been in embodiment longer than your Presence had hoped. That is one of the Blessings of Opportunity that have allowed you the Grace to receive the Teachings of the Ascended Masters in this embodiment and thus, to part ways once and for all with the human consciousness. It matters not that most of mankind still do not understand, do not believe our Message. What matters is what *your* Heart Flame believes, what *you* are experiencing. How it feels to have the overshadowing of your Holy Christ Presence and the Charge

of the Ascended Masters when they come to release their Light and elevate your vibration! What it means to you to have the Abiding Love of your own Mighty I AM Presence that will always be there, will never leave you!

Soon you will be Home in that Love all your days for Eternity! For your Heart Flame is the Heart of your Mighty I AM Presence. And as you allow that Love to stream forth in greater magnitude, far more than you could possibly utilize in your own day-to-day life — therefore you must give it! You must share it! You must put that Love into all aspects of life so that at the close of this incarnation you will have accomplished all that your Presence has desired! That will bring great Joy to all of the Chohans that have worked with you throughout your many incarnations — most especially in this incarnation! For there is not one day that goes by that you are not in one form or another receiving the benefit of one of the Chohans, either directly from them or by the Angels that they send in their stead.

Remember that if you are ever tempted to feel you are standing alone, you are not. Even if no one else believes what you believe and certainly their practices do not exemplify one who is living the life of a Christ, blessed hearts, what is important to your Mighty I AM Presence is that *you* are living the life that your Presence desires for you. That your vibration allows for you to be fully enveloped by your Holy Christ Presence at any time, where the Mind of God can send forth the Charge of the electrifying Mind of God to bring the impetus of God Direction, God Awareness, God Reality, and how to thread through the labyrinth of your life in Divine Order and vibration.

Vibration is one of the major keys, blessed hearts, that you will find that your Heart Flame instantly registers! If you walk into a room, even now, you are most aware when you are uncomfortable, for it registers upon the Flame in your Heart! Perhaps there is a cold chill that comes over you and you know that you are in the wrong place at the wrong time. Or if you have to be in that place, you know to draw forth the Light of your Mighty I AM Presence on the instant so that you have the fortified Charge that insulates you, seals you off from any negative vibration, but allows you to have the ability to be that Presence of your Christhood that can operate, even in an area where you are unsure of the worldly vibration that temporarily surrounds you.

You do not lose your conscious ability to motivate and move and think and speak and do all of the things that you are required to, most especially if it is required by your profession. But certainly, you have learned what it means by the power of your devotions before your altar to have the Light of God surrounding you. This is why you decree daily, so that you are building

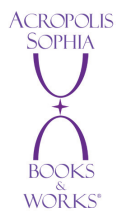

a momentum to allow for the Vibration that you desire by the Flame upon the Altar of the Heart and the Christ Command to come forth into the atmosphere about you. These activities, blessed ones, are the lawful heritage of your own Mighty I AM Presence, afforded to you as the incarnate Son and Daughter of God to be able to walk the Earth, to move within the Elemental Forces of Nature — of these grand and glorious Pranic Breaths — all the while holding fast to your Identity as the Christ Light and the Flame upon the Altar of your Heart.

Oh, how many have lost touch with their True Identity! But in no wise is that an excuse for you to continue along that path! Once you know the options for your lifestream, once you have begun to learn how to invoke the Light of the Mighty I AM Presence to address all of the areas of your life, entering into the Great Silence affords you the opportunity of the exercise of building a momentum that will always be with you. You will not lose it. It will be that cycle of life that you grow to depend upon. For in the midst of your day, suddenly you may be faced with a circumstance that requires you to call upon that Silence, and in just that moment, you have received the Charge, for the momentum has been established. And if there is chaos and confusion round about you, it will oftentimes still those activities. It most assuredly will buffer that energy from encroaching upon your own Heart Flame.

This is how you take command of your life! This is how you allow for the Hand of God to be ever-present! This is how you return to that state of At-one-ment with your Mighty I AM Presence in the Heart of God. Then you know you are always Home, Home in the Heart of the Silence, loved for who you are, as this Divine Glorious One, working through your Destiny, gaining your Mastery and Attainment, filling your life with all of the glorious opportunity that your Mighty I AM Presence has in store for you, and preparing for that ultimate Opportunity of the Ascension in the Light. Until that day, still you are at Home — at Home in the Presence of God!

I, Leto, hold the Vision for you to always have that Peace, that Harmony, that Love of the Great Silence to enter into, to know that you are One with God in the Heart.

Leto

Public addresses to the Students presented in *The Voice From The Temple* have been prepared by the presiding Master for release in written form for our present use and for posterity.
