Conquer with the Fullness of God Love

*H*ail, Blessed Sons and Daughters of God!

I enter into this forcefield that you have etched with your own Heart Flame, with your own Heart's devotion and love to God, to bring the Divine Ideal of the Conquering Hero as the Victory that you must achieve for yourself! That I, Saint Germain, have held in my Vision for you!

The Fullness of God Love is conquering, blessed ones, so that you can be the Master of your fate, you can command your vehicles of consciousness to respond to that God Love! For as this Love streams forth effortlessly from the Mighty I AM Presence and as you allow its saturation into these outer vehicles provided for you by the Elemental Forces of Nature, you will begin to appreciate how there is a resilience, a strengthening, a courage, a fortitude, that cannot be denied!

Do you suppose for one moment that Mighty Victory, ever in any embodiment, while gaining the Cosmic Light and Mastery that he holds, would have ever meekly or mildly walked in and permitted himself to be subject to the energies about him? Oh, I think not! For Mighty Victory has always held that Indomitable Spirit of the Will of God! And that, blessed ones, can only come about in your world when there is a foundation of God Love. For that is what you must stand upon.

And likewise, for a country to thrive, century after century, there must be an honor and a glory given to God! For the fabric of life that is God Good must flourish in the land, and that, blessed ones, requires the Truth of Cosmic

Law to reign within the hearts of mankind! That requires a manifest sense and expression of God Freedom at every turn!

For it is not enough for you to be passively handed Freedom and the Love of God with which to pursue that Freedom. Rather you must attain to your own understanding and internalization of that Freedom. And when that exists through and through, blessed ones, no one and no thing will strip it from you! That is how important is God Love. For when you are firmly established in Love, there is nothing you cannot conquer. And as you forge *mightily* into your own destiny, the Destiny of your Mighty I AM Presence, you awaken to the awareness of the Family of God that supports your high ideals in life. We, the Brotherhood of Light, the Cosmic Beings, Alpha and Omega, Helios and Vesta, all stand in support of your right to be God Free and fulfill your Fiery Destiny!

But consider for a moment those embodied presently that you know personally, that have not embraced the highest opportunity afforded them. Doors are opened to them as to you; and yet, because of any number of human traits, they will not walk through those doors of opportunity.

Blessed ones, I, Saint Germain, understand how fear can grip the outer vehicles, plunging them into a sense of frozen immobility. But you, blessed ones, you have an understanding of how the Flame of God works within you; how it is already deposited upon the Altar of your Heart and so is within you even now. You do not have to flail about trying to grasp it here and there in order to appropriate that Flame. It is right within you! And that is where the open door to the Mighty I AM Presence and the wealth of all opportunity is gained.

So you, blessed ones, need first and foremost to Love the God within as the Flame upon the Altar of your Heart. For that is the Flame and the Heart of your Mighty I AM Presence. And it is there that you begin to expand the Flame of God into all manner of victories! And when you must face a challenge, a circumstance in life that requires you to muster every erg of energy, you will not be daunted! For you know from whence the Power of God comes! And you know to quiet your vehicles of consciousness — most especially the emotional body. And thus you allow your consciousness to touch the very Flame of God!

And then you know the Truth firsthand because you have established your firm foundation, and you are grounded upon the Love of God. So, that which you draw forth is the Love of God to fuel the very action and Illumination

that must come to the fore to guide you and be that Directing Intelligence to chart your course, unlike so many of mankind who meander through life as survivalists! They know not what lies beyond survival — the Freedom of God! The expression of God! The tenderness of God!

It is all there in the Fabric of God Consciousness awaiting the Sons and Daughters of the Most High to put on the garments of their Holy Christ Presence, walk in the footsteps of those who have gone before, leading the charge as the Conquering Heroes. This God Freedom would impart to you the ability to *stand, face, and conquer* all that is presented to you by your own Mighty I AM Presence — and yes, by your own returning karma — to balance and to meet the need of the hour.

These Teachings, blessed ones, will enable you to grasp, not only those most important cycles of life which must be engaged in, but even the subtlest nature of this outer life that you encounter daily. For here is where you must build your firm foundation as the Rock of God to stand upon. This is where the training of your vehicles of consciousness takes place, especially in all the little areas of life in which you engage — truthfully, honorably, lovingly, courageously — with God Wisdom and God Will.

It is then, blessed ones, that you begin to establish more and more of the fabric of your own Mighty I AM Presence into this outer vehicle that you wear. And it becomes a Way of Life. And that Ascended Master Way of Life you can count on. No longer are you among the masses of Earth who refer to themselves as ‘human.’ That is foreign to your true nature, for you identify yourself with the Flame of God. You understand the Freedom that that Flame imparts to you daily and how the Responsibility of your lifestream to guard that Freedom is your commanding Presence at work.

Think, blessed ones, throughout the history that is recorded upon the Earth — how many times have there been civilizations handed Freedom to pursue their Divine Destiny as much as there is even now? Oh, there are peepings and mutterings of Golden Ages of times past. But unless you have the recall of the Akashic record in your own memory, or you are *willing and able* to accept the stories of old passed down as so-called myth or mythology, you may not have identified as clearly with those cycles and times.

But I tell you, blessed ones, *now* is your time! Now is your cycle! Now is the moment in time when you are to grasp the Fullness of God Identity that is the Truth of your being, and hold fast! Not letting go for one moment, but

letting the Fire of God as that Love, Wisdom, and Power that burns upon the Altar of your Heart expand as a banner of Victory in all your affairs!

This Vision, blessed ones, I, Saint Germain, desire for every Son and Daughter of God! And in time, there will be the millions who will accept this great and glorious Teaching of the Truth of Cosmic Law. But till that cycle, till that time, there must be those who are willing to hold the Flame for the many, to stand as a Pillar of Fire, to call upon the Lord's Hosts, to penetrate the Earth with their indomitable spirit of the God Consciousness and Body of God — for there to be a tide of God Love sweep over the Earth that will carry them into the desiring for a closer communion with their own Mighty I AM Presence.

That Love is the truest of all loves. None other surpasses it. For every other type of love may be considered temporal, given whether or not the veils of forgetfulness of a new incarnation ensue. The current of such loves may continue on, but the memory of them may wash away.

What remains, then, as the Teaching and Instruction for you as a student of the Light? It is that Love within your own Causal Body that comes *rushing* back to remind you of how God Love operates in every plane of consciousness. It *holds together* the fabric of life, as the great Magnet of God draws the Body Consciousness of God to you and to your Brothers and Sisters of Light, as a Family of God Consciousness, drawn together, as sure as the Buddhic Web, but as the stream of the Outpouring of God Love. And each time you draw it to your outer consciousness, the Flame of Love upon the Altar of your Heart *leaps* into your consciousness, reinforcing that which your attention is upon and drawing to you, as does a magnet, those like circumstances that your attention has established as a conduit to the Flame of God Love upon the Altar of your Heart.

This is what is meant by *like attracts like*. Only in this case, it is the Desire of the Flame of God Love that draws that God Love throughout the Cosmos, throughout every plane of consciousness, into a closer proximity to your Heart Flame, to that High Ideal that you have held within your mind — nurturing it, caressing it, loving it into manifestation.

And when this occurs, blessed ones, you realize that the Victory of that manifestation is the glorious Conquering Hero of the Flame upon the Altar of your Heart! Your Holy Christ Presence has drawn it into manifestation out of seeming nothingness, and yet you know it is out of the Fabric of God,

the Reality of God, the Substance of God. The fabric of life has been played upon by this God Love and given to you as the object of your desiring.

Let that object of your desiring be the Perfection of God for God Good. Let there be such a desiring to outpicture your own Mighty I AM Presence as the Flame of God Love. Then all lesser states of vibration cannot even come close and will fade away into the night. And then that Flame of God Love gathers up all that is God Good, all that is formed in God Truth, all that is within the Will of God, and allows you to stand upon that Rock of the Foundation of God Love and be the Presence of God where you are!

That is how Mighty Victory accomplished all of his glorious Momentums of overcoming. That is how Helios and Vesta uphold their Office. That is how I, Saint Germain, hold you in my Heart and draw forth the Violet Flame of God's Love so that you might know who you are!

The Violet Flame will wash away the doubts, the fears, the misconceptions of identity and leave you with the Purity of Consciousness and the Flame upon the Altar of your Heart that is telegraphing to you: "*I AM THAT I AM! I AM the Mighty I AM Presence! These are my Desirings! This is my Will! This is my Wisdom! Receive it into your keeping, using it wisely for all time.*"

That is the figure-eight flow of the cycle of life, blessed hearts — to love and be loved by the Heart of God. All else is caught up with you into that glorious cycle of life in its highest estate of Purity. That is when you know that the Hand of God is ever at work in your life. You need have no fear, human doubts, or questionings. There need not be a sense of lack or emptiness. For as quickly as you allow for your mind to be stilled, your emotions to be at Peace and Harmony, the Heart Flame will perform its Perfect Work and release the Love of your God Presence on the instant for you to be filled and to know that closeness, that at-onement with God that is ever full and abiding within the Family of God.

So you are not alone, nor is there a sense of abandonment. But you, blessed ones, know the Individualization of your Mighty I AM Presence in that moment. It fills you beyond measure! And the Glory of God begins to shine all about you! You are sure that no greater Freedom exists, that no one has ever felt such Freedom! And yet, it is there for every Son and Daughter of God to experience, firsthand, for themselves!

This is why I, Saint Germain, continually beat the drum of the Heartbeat of God! I sound the trumpets loud, as my Voice and the Clarion Call to the Mighty I AM Presence rings out across the land!

I call forth the *Lords of Praetorian Hosts™* to reinforce that Call this day so that the Many Sons and Many Daughters of God will know the Love that I, Saint Germain, and that the Almighty have for every Son and Daughter of God and Child of the Light upon the Earth! And we await the coming day of each one's Victory as the Conquering Hero with their Banner of God Love flying high!

I commend you to the glorious Victory of God Love! And the fulfillment of Freedom's Flame within you.

I thank you.

.

Saint Germain
