# ***Banquet of Ascended Master Love***

**Harvest Conclave 2017**

## ***Enact the Shield of Elohim!***

**Elohim Purity — August 13, 2017**

The Elohim Purity holds in his Vision the Earth and its Edenic Blueprint of Purity in the Allness of God. For the transfer of the Power of Elohim to be truly effective in your life, there must be the streaming Consciousness and Light of your own Mighty I AM Presence tethering your Heart Flame in each of the planes of consciousness into the One Flame of the Almighty. Far too many think that they are not ready, that they do not have what it takes to hold the balance for the Earth and all upon the Earth. And so they will allow another to perform that work. Where would the Earth be today if those faithful Servants of God, now ascended in the Light and Free, would have said the same? You are to enact the *Shield of Elohim™*! This is the activity that the Elohim impart to you so that you might establish upon Earth that which the Elohim established in Creation. Hold fast to the precious Golden Elixir of your own God Presence and the streaming Consciousness of Elohim!

## ***Abide in the Love of God***

**Heros — August 27, 2017**

Elohim Heros advises that, although there will always be the loving Hand and Heart of God to guide you, you must not neglect your own Responsibility in the process of integrating with the Heart of God. As you strive to internalize the Light and Momentum that you have learned, you can attain to a greater awareness of God in your life. What the Elohim would do for the Earth must be done through those who have come into their Mastery and Attainment. Let the Light so shine within your life that you can be the focal point of Elohim. When you call forth the Shield of Elohim, all twelve, together with their Divine Complements and the Maha Elohim, respond and the Earth and all thereon will resonate with that Tone. Hold fast to Divine Direction for the Victory that you desire. Commune with your Mighty I AM Presence, invoke the Violet Flame, and maintain Purity in all areas of your life that will never be compromised.

## ***I Summon the Oriflamme Chalice™***

**Nada — September 3, 2017**

Beloved Nada proclaims that it is time for you to call forth the Light to consume unreality and negativity and sow the seeds of the Eternal Love of God in the Earth so there can be a flourishing in the land of all that will bring the Fullness of a Golden Age. It is not Cosmic Law for the Karmic Board to right all circumstances; all that would be done must be established as Currents of Light from the Flame upon the Altar of the Heart of the Sons and Daughters of God. You are the key to many of the things that will be shifted according to the Divine Direction of the Hand of God. There is the personal path, but you are not separated from whole of the Fabric of God that is upon the Earth. Your ability to call forth the Ruby Fire is a great opportunity for your own lifestream and for the Earth itself. Give Glory to God for the opportunity extended to you to engage in this Holy Work.

## ***Welcome to Our “Banquet of Ascended Master Love”***

### **Discourse — October 4, 2017**

Throughout this Conference you are being invited to enter into the family of the Ascended Masters, into the Sacred Precincts of the Brotherhood of Light. Here in Fullness of the Light of God, the Great I AM, the Divine Presence, is holding its Vision of absolute Perfection and Goodness for every part of life. This Conclave you are invited to accept the Truth of the Nature of the Presence of God and your own Divine Identity; commune with the Great I AM instead of fixating on outer appearances, either in your own life or in the world; reengage with this immensity of the Consciousness of the Presence of God and realize that that Presence is actively conceiving and propagating the most magnificent and best life and experiences for you and for every other part of life. The Fullness of your Freedom from this world can only come when you accept the proffered gift of the Wedding Garment of the Individuality of the Presence of God.

## ***Opportunities Abound at this Conclave***

### **Lord Maitreya — October 4, 2017**

What is True Love? Pure Love wants nothing but to Love — it has no agenda and is unconditional. In this cycle you will be presented with many avenues of Love for you to measure your own lifestream against. The first Love to experience is that of your Presence. It is more precious than any jewel, more secure than anything else, and more nourishing. If you feel empty, your Presence can fill you to overflowing in an instant. When two Heart Flames commune, the union is magnificent, because God Love is engaged. Understand how the Beloved, the Mighty I AM Presence, releases increments of its precious God Life for you to learn to be trusted with. During this Conclave do not shy away from the teachings that may bring up old records, but allow the Flame to deal with those records once and for all. Your Presence has entered into incarnation to master these vehicles, and the Violet Flame and other Rays are intended to fill them so you can fulfill the purpose of incarnation.

## ***Wear the Consciousness of your Presence***

### **Discourse — October 5, 2017**

The Anointed Representatives™ hope that you will come to know the camaraderie enjoyed by the members of the Brotherhood, one with the other. However, the communion with the Ascended Masters, symbolized in painting *The Wedding of Cana*, is only possible through the realization of your own Individual Mighty I AM Presence. The true banquet is Ascended Master Love and the main ingredient is the understanding of God Individualized. Experiencing direct contact with the Light Rays from the Mighty I AM Presence will cause your whole being to relax and you will know it is the Mighty I AM Presence doing the work. In this ardent Discourse you will gain insight into how without God Individualized, creation could never have taken place. Through this Conference on God Love, realize that releasing old hurts of the past with Compassion and Forgiveness is required for God Love to flow. Forgiveness gives strength and allows the healing balm from the Presence to come forth.

## ***Enter the Pure Land of God Love***

### **Kwan Yin — October 5, 2017**

Kwan Yin comes in her Attainment in the Mercy Flame of God, entreating you to meet that Flame as she embraces you in her Heart. With her momentous coming, surrender all the hidden corners of past records to the Flame and allow for the entirety of your being to be flooded with Light. Releasing those records that you have unknowingly nourished with the Light of your Crystal Cord will allow you to move forward and stand ready for the next cycle and initiation. Abiding in the Hallowed Space of your Presence, you are able to move freely within the planes of consciousness of the Earth, Air, Fire, and Water, bringing Akasha into your vehicles. Acknowledge the Bliss and Love you have already experienced from your Presence through your devotions, meditations, and Decrees. You can have that perfect communion with the Heart of God eternally from now on if you hold fast to your Heart Flame and to the Mercy Flame of God.

## ***Practicing True God Desire***

### **Discourse — October 5, 2017**

There is no other reason for pursuing the Path other than the desire for the Presence of God. That is the pearl of great price! Seeking God allows for all the Divine Attributes to come forth — Beauty, Perfection, Grace, Joy — catching you up in that which the Presence wishes to lavish upon life. There is no boredom in the Consciousness of your Presence! You will not find long faces in *The Wedding of Cana*! By studying the example of the embodiments of Kuthumi, we see how his Presence wished him to experience its Abundance after his austere life as St. Francis. Be assured, it is only the sense of separation from God that produces neediness. The Christ Virtues are aspects of this Limitless Giving of the Abundance of the Presence. Once you understand that it is the Presence's decision to embody and fulfill its mission of taking dominion over all creation, you will be free of any feeling of being stuck here. Your Presence is totally vested in your Victory!

## ***The Bliss of the Love of God***

### **Kuthumi — October 5, 2017**

When you raise your consciousness into the Allness of God, entering into that Sacred and Holy space, you know the Hand of God is ever close and the Mind of God is there to help you through all of the confounding circumstances of life. You must be willing to trust that your own God Presence will enter into your life so you are no longer found needy. This requires a Love for God that is beyond any earthly loves. Beloved Kuthumi teaches that the reservoir of God Love is as vast as the Eternal Now of the Great I AM, and when you can stand in that Flame every moment of every day, you will find the richness of life that is glorious to behold. Then you can build upon what the Mind of God has imparted to you and cultivate God Good wherever you reside. Let the Presence of God abide where you are and carry that Presence with you wherever you go.

## ***Love of Your Presence is the Door to All Other Loves*** **Discourse — October 6, 2017**

The Mighty I AM Presence is your Rock upon which your very own Temple of The Presence is founded and built. The Love of your own I AM Presence must be the first Love of your being. Obeying the First Commandment and having that whole-hearted study of and adoration of your Presence — as well as devotion, communion, commitment to and identification with that Presence — is the eye of the needle through which you must pass. The realization of your own Individual I AM Presence is the open door to all other Loves: the Twin Ray, brother, sister, son, or daughter. That Individualization of God is the Real You through which you find Love, Communion, Unity, and Oneness with every other part of life. The Mighty I AM Presence must be born again in the four lower bodies through the Christ Flame of the Heart so that the Presence can take dominion in the outer worlds of form.

## ***Initiation, Opportunity, Purity, and Communion with Lord Himalaya's Flame*** **Lord Maitreya & Lord Himalaya — October 6, 2017**

Lord Maitreya, the Great Initiator, and Lord Himalaya, Manu of the Fourth Root Race, initiate the cycles of contemplation and meditation and your ability to absorb the pressure of the Light of your I AM Presence. Lord Himalaya points out that the need for Purity in all that you are to accomplish cannot be overstated. The time you spend in Holy Communion with Himalaya's Flame during meditation is to reinforce the Purity of your consciousness. Move beyond the level of your comfort and embrace a greater portion of your Presence. Treat your Initiations with Joy. Do not withhold from the Presence of God any vestige of yourself, but surrender wholly, completely into the Love of God. All other loves will follow and will be richer, fuller, and more complete. But only the Presence of God can prepare you for that glorious achievement and Mastery.

## ***We Few, We Happy Few and Q&A***

**October 6, 2017**

You will not wish to pause in your ascent before you have arrived in that Realm where your own Electronic Body dwells, the Realm of the Vibration of your Mighty I AM Presence. Ask yourself: “Should I be anywhere else than where the Ascended Masters are convened?” The records of our Decrees that we are giving are worthy of the Causal Body Momentum of the *Entire Spirit of the Brotherhood of Light*. Questions asked and answered include: Should we visualize the I AM Presence as the decreer? Why is the World Action Decree not currently in the Violet Flame Vigil? What is the meaning of “the inner purposes of this decree session” in the Archangel Michael Decrees? Why are students of former Ascended Master Activities not at The Temple? What is “vibration”? What did the Maha Chohan mean when he said, “When you do everything in your power, we can make the difference”? What is the White Cube of Cosmic Christ Consciousness?

## ***The Heart's Search for Love***

**Lady Master Venus — October 6, 2017**

Lady Master Venus poses the question of whether or not there's a part of you unfulfilled, not having found your Twin Flame? There should not be, for if you can elevate your consciousness and the Flame upon the Altar of your Heart into the Flame of the Presence, you will have the ability to touch the Heart Flame of your Twin Flame. In each embodiment there are different requirements for the development of God Love in your life. For some it is to enter into the wholeness of family; for others it is to commune solely and completely with their Mighty I AM Presence. The love that you give one to another always goes to the Presence of God and ultimately to your own Twin Flame through the Office of the God Flame. So it is lawful for you to love all of life. Allowing your Heart to always be in a state of Universal Love allows you to be able to share that Love freely with all of life.

## ***Your Selfless Service to God in Life***

### **Lady Master Nada — October 7, 2017**

Lady Master Nada instructs you on the all-important Service that you render at your altar. When you proclaim the Presence of God and you call forth the Ruby Fire of the *Oriflamme Chalice™*, standing firmly fixed in the Rod of Power of your own Presence, calling forth the *Shekhinah Pillar®* to be placed in accordance with the need of the hour, you have understood your Office as the Christ. You have established a momentum in your Vigils that holds a balance for the Earth. If each Torch Bearer is following suit daily with their devotions to God and their Calls to the *Shekhinah Pillar*, what an avalanche of Light is flooding the Earth! Do not discount or forsake your Service to God in Life. For it is so powerful and necessary and can shift the momentum upon the Earth for so many to be assisted by the Holy Angels and the Ascended Masters. Make this your Call: *I AM the Son, the Daughter of God, and I proclaim in the Earth this day the Shekhinah Pillar to perform its perfect work here and now in accordance with the Divine Mighty I AM!*

## ***Unconditional Love: the Body Consciousness of God in Life!***

### **Archangel Chamuel — October 7, 2017**

Archangel Chamuel gives you a new understanding of the Service that you can render to God in Life and insight into the Service of the Angels on behalf of mankind. He reminds you that to give of the Love of your God Presence is the highest activity that you can ever engage in. For your Presence is in the constant flow of giving its Love to you. The Truth of your Identity is the Mighty I AM Presence. If you feel change coming in your life, it is because you are taking on more of the Truth of your Identity as the Presence. Have full Faith and trust that the Presence of God is fully engaged in your life! There are millions of Angels for every Ray of God Consciousness. The Archangels are always involved when there is the slightest tragedy that occurs, and there is not one lifestream that is not held in the embrace of at least two Angels.

## ***Make Every Moment of this Life Count***

### **Discourse — October 8, 2017**

Our work is mastery, dominion, and unfolding the Nature of the Mighty I AM Presence — not abandoning the vehicles and escaping the body, but rather drawing down and unfolding from within the Heart the intensity of the Threefold Flame to take dominion over elemental forces, balance karma, and give the gift to life that our Presence desires. The Ascended Master Way of Life means that you hold the doorway of your consciousness open to the level of your Mighty I AM Presence. Simply because you are not always spanning these Realms does not mean they are not there for you. You are here at the behest of the Presence and making every effort to give your life to the Presence. We are held on the Path by the Light of the Ascended Masters. That assistance can be given as long as there is striving for the goal of the Presence.

## ***Instruction on the Path Leading Home***

### **Omega — October 8, 2017**

Your vehicles of consciousness have been bathed in Omega's Love since the first incarnation upon Earth. As old as recorded time, there has been a constant state of transmutation, forgiveness, and the Mercy of the Law that has allowed lifestreams to move beyond transgressions, misperceptions, and innocent mistakes and enter back into the Holy of Holies of their Identity in God. You need not travel to the Great Central Sun to be in touch with the Allness of God. It is right where your Heart is. The Mother Light is required for you to bring forth the fullness of every manifestation of the Qualities of God within the elemental forces of nature entrusted to you. Omega commands you to go forth and fulfill your Fiery Destiny, for you have all you require. Each time you invoke the Mighty I AM Presence, be prepared for change in your life. When you let the Mighty I AM Presence enter into active participation with your life, then you have Alpha & Omega involved in your life.

## ***One with the Authority of God is the Majority***

### **Discourse — October 15, 2017**

One with the Presence of God is the true majority rule that determines what is to come forth into outer manifestation. Immaculata holds the Immaculate Concept for all that pertains to the Earth. She focuses exclusively on the Patterns of Perfection issuing forth from the Mind of God in the Great Central Sun. Align yourself with the Hierarchy of Light and remind yourself daily of the close association and Service of the Mighty Elohim. In acknowledging that the Earth is the Lord's and that the Presence of God has a Divine Plan for the Earth, you can stand at your altar and call down the Light of God by the Authority of your Presence and insist that Perfection come forth — not only for you personally, but you may multiply your Calls for all mankind. When the Calls are multiplied by the Ascended Masters and Cosmic Beings, there can be a turning point that will reverse the course of civilization.

## ***Fulfill the Patterns of Your Divine Destiny!***

### **Immaculata — October 15, 2017**

Elohim Immaculata, planetary Great Silent Watcher, beholds the Earth as the Golden Age. She knows the Patterns of Perfection that you are to outpicture and the Intonation of your Causal Body. She never has and never will place her attention upon your human creation. Immaculata explains why Dispensations are given and why Illumination's Flame and the Emerald Ray must be invoked. The time you are given is so precious. What is there that is so important in the Earth that it should take precedence over your Communion with your Presence? Know that Immaculata is there, holding the Patterns and the Fire with your Presence. Together they will heal your life, heal the Earth, and establish a Golden Age. Let your Heart resound in the Purity of the Mother Light. Let your vision always behold your Presence. And let the streaming of the Consciousness of Elohim be your greatest advocate and Momentum that you rely upon to fulfill your Divine Destiny.
