the Anointed Representatives® of the Ascended Masters
Monroe Julius Shearer & Carolyn Louise Shearer

Tucson, Arizona

Charity and the Path of the Emerald Matrix

Easter Conclave

Crystal Chalice Jubilee Dictation

Feel My Presence and Know that I AM with You Always

Omega — March 14, 2020

Beloved Omega teaches you that when you put your attention upon the Mighty I AM, you instantly will know the Heart of Alpha and Omega. The Polestar of your Destiny is the Mighty I AM Presence. Purity is anchored upon the Altar of your Heart, feeding, comforting, and teaching you, reminding you of those areas of life you must overcome, alter, change, and fill with the Patterns of Perfection of an Ascended Master Way of Life. Things may look bleak in certain areas of life, but if they are approached with God Vision, God Wisdom, and a Crystal Clear and Pure Chalice, you will know the solutions. For the Discerning Faculty of the Mind of God will impart to you what you must do next, how you must care for your life, your community, your country, your Earth.

The Importance of Focalization and Visualization

Discourse — April 8, 2020

During this Discourse, the new Shekhinah Pillar® Triptych was unveiled. As an Activity, we will be focusing our will and attention on this magnificent Thoughtform, using our powers of visualization to speak to the Great Central Sun to manifest the Vision the Great I AM holds for the Earth and all thereon.

The Pharos of Hierarchy® at the base of the Shekhinah Pillar has been introduced throughout the ages by the Ascended Masters. In this Discourse you will hear some of the history the Masters and your Anointed Representatives have had with the lighthouse that existed on the island of Pharos, in Alexandria, Egypt. A beautiful letter sent to the students at the inception of The Temple of The Presence was read. It contained a glyph of a lighthouse that carried the message of the Path of the Emerald Matrix, the Gold Print for Coeur de Lión, and the ideal relationship of the outer vehicles with the Mighty I AM Presence. This Matrix is the plan of the Ascended Masters to bless the world in answer to your constant vigils. And its secret ingredient is Love.

Cyclopea Holds the Vision of Your Victory

Cyclopea — April 8, 2020

Mighty Elohim Cyclopea brings the battle cry of Victory for the Light! It is time not just to receive the Light, but to command it through your Heart Flame, calling forth the Light of Perfection to return the Earth to its cycle for the Golden Age! For lifetimes you have desired to help mankind and now you can to an even greater extent, by bringing the full weight and measure of your God Presence into your vehicles of expression, into every subplane, resurrecting them and letting that Light flow, rippling out to resurrect all of the planes of Earth. The Earth will respond. Your Victory depends upon you trusting your Presence and building a momentum in the Emerald Ray. Communing with the Heart of the Elohim Cyclopea and Virginia will augment your momentum in this Emerald Ray, as will visualizing the Flame from Cyclopea's Altar, as it pours into the Emerald Chalice on the Altar at The Temple of The Presence. As this Christ Light shines forth in all its Glory, you will have all you need, as will the Earth.

The Quest for the Source of the Abundant Life

Discourse — April 9, 2020

There is a comfort and blessing to be found when you can rise in attunement and put your attention on the Universal Monadic Essences in the Allness of God in the Great Central Sun. This conference is focused on the Monad of the Emerald Matrix that is the Fountainhead of all that comes forth as the Limitless Divine Abundance of the Presence of the Godhead. When you enter deeply enough into the God Consciousness of your Mighty Presence, you can tap these great Fountains of Light and Energy and the Light will rush forward into your world, like water bursting through a dam, with all the Limitless Abundance that you can use constructively. The Abundance of the Presence of God is ever so close at hand, ready for you at every turn, to invoke, to utilize, and to bring forth God's Perfection into all areas of your life.

The New Dawn of the Rising Sun

Vesta — April 9, 2020

Beloved Vesta streams forth the Light that will penetrate to the core of those who are initiating the Cosmic Christ Command to *Be the Presence of God*. The great Solar Devas conduct this Fire into Earth so that the Sons and Daughters of God may draw on the Glory of the Sun, the intrinsic Nature of God as Illumination, as the Emerald Ray, and as Purity. When a lifestream comes to the realization that they can control their life through the Christ Consciousness, commanding life to respond in accordance with Cosmic Law and the Divine Outpouring from the Mind of God, then there is an open door for the Presence to accelerate the Charge of Light and the Momentum of the Holy Christ Presence. There dawns within the consciousness of that lifestream, an awareness of those patterns of life that must be changed. In this new dawn of the rising sun, there is an acceleration likewise upon the Earth. The many who go through this acceleration will begin to change the

world for the better, depositing more of the Light upon that which is Holy within the Presence of God.

***Receive the Love of the Hierarchs of the Secret Love Star
Venus — April 9, 2020***

The nine points of Light of the Secret Love Star stream forth in all of their Glory! Each one of the Hierarchs stand in the Fullness of the Great Central Sun, commanding that Light in concert, to ignite the Flame of God upon the Earth once more! Lady Master Venus comes so you will not forget to receive this Love of God that is streaming forth. In doing so, you are blessed nine times by each point of Light of these Glorious Cosmic Beings that serve as its Hierarchs. When you enter into this communion, your consciousness will be bathed in all of the Qualities of God that you require to fulfill your Fiery Destiny and be that point of Light of your own Mighty I AM Presence. In turn, this will galvanize the Greater Light and Momentum of the many. This Divine Cycle must ignite the Fire upon the Altar of the Heart of the Sons and Daughters of God to prepare the Golden Age Consciousness. This Golden Age Consciousness is for every lifestream who has come forth, who will come forth, who will ascend!

***Expanding the Teachings on the Foundation of Cosmic Law
Discourse — April 10, 2020***

The true Words of the true Ascended Masters are cups of their Ascended Master Light and Consciousness. As such, they are immortal and contain that underlying dimension of Divine Truth. Hence, The Temple of The Presence cites references from the Masters' initial Releases, stressing the study of those and using them as a jumping off point where the surface meaning is explained, and the deeper mysteries are revealed and taught. Only those who hold the Office of Anointed Representative can deliver the formal Discourses and Dictations of the Ascended Masters and

elaborate and expand upon that foundation. The Divine Plan is that the Teachings that have been brought forth should be mastered and put into use, leaving the Lords of Karma and Saint Germain free to use that previous body of work as a foundation and a springboard into further expansion of the Teachings built upon the Truths of Cosmic Law enshrined in that foundation. This allows for the advancing and building upon spiritual knowledge so that these Teachings can be crystallized across the world and the I AM Faith can take its place as a world religion — just as great blessings have come to the Christian world by incorporating the Truths found in the Old Testament.

***The Emerald Ray, the Emerald Matrix,
and Your Fiery Destiny!***

Pallas Athena — April 10, 2020

Pallas Athena teaches you how to complete your Fiery Destiny! She states that in time, you will become a chalice, whereby you can call forth the Light of God into the full operation of your outer vehicles. She instructs you on priming the pump of the Emerald Ray and standing in the Emerald Matrix, giving Gratitude to God and allowing for the Fountain of God Love to flow freely from you in Charity and in Service to God in Life. Stating that the “Steep Path of Christhood” is not only a steep path but a broad path, she explains how to use the Christ Command to turn over to your Presence the areas of your life that need attention, calling on your Presence to hold a particular ray or charge. This will help you develop a multi-faceted consciousness governed by your Presence and the Mind of God. In the Charge of God Consciousness, the Truth of God will always bear out! This is a part of the Emerald Ray that you cannot forget! Hold your attention upon your Presence. Fulfill your Fiery Destiny, first and foremost, of the Holy Communion daily that you require to fill your chalice with the Light.

The Process of Visualization for Manifestation

Discourse — April 10, 2020

Saint Germain says when you visualize, you become the Law of The One. When the Torch Bearers place their collective attention upon the *Shekhinah Pillar Triptych*, they are engaging in eye magic, the same process Proclus described. The secret of manifesting is using the Power of Divine Visualization to impress pictures of realities on the Great Silence. When a picture has been imprinted, the Great Silence will precipitate your visualization. Do not consider time, space, and place to determine when your visualization should come into form. Hold and sustain the pinpoint focalization of the Needle Ray on your visualized form until the full form is impressed upon — and completed in — the Great Silence. For the instant the visualization is fully registered there with clarity and determination, it will manifest into visible form, returning back into your outer experience that which you have commanded to come forth. As you contemplate the Divine Vision of the Mind of God, demand of your I AM Presence that its Truth and Power manifest. Your Presence then becomes the *doer*, the *doing*, and the *deed*. Rivet your attention on the Great Central Sun and the Great Silence and make Heart-to-Heart contact with the Universal Heart and Mind of God.

The Presence of Mind Necessary for Intimate

Communion with Your Presence

Lord Ling — April 10, 2020

Lord Ling presents teaching on entering into Holy Communion with the Presence of God, warning you not to allow anger, or any manner of fear and doubt to tear you from your Divine Victory of the Ascension. He encourages you to keep striving and keep believing in God. Lord Ling shares with you the Initiations that he experienced during his incarnation as Moses, stressing that each time you are before your altar, you are given the opportunity

to have the same Communion with the Presence of God that he experienced. As Moses, he understood his mission to liberate the Sons and Daughters of God so that they could have the opportunity to live under the canopy of God and be free. Explaining what Freedom truly is, Lord Ling states that the call must be made to the I AM Presence to keep the Flame of Freedom alive. How joyous is life when it is lived under the canopy of God, and when that which fuels your striving and your commitment to the fulfillment of life is truly the Desire of your I AM Presence. So much is available to you! Let your Heart not be satisfied, but ever striving to expand the Light of God!

The Elements of the Shekhinah Pillar

Discourse — April 11, 2020

The limitless Abundance and Opulence of God flows forth from the Heart of God in the Great Central Sun. This limitless Goodness is focused in the Shekhinah Pillar, available to all who will call it forth and use it selflessly for the blessing of mankind. In order to manifest the actions of the Shekhinah Pillar and bring it forth effortlessly, multiplied and magnified to cover your cities and countries, you will need to study all of its elements and practice visualizing them. In this Discourse, each element of the Shekhinah Pillar is described in detail, beginning with the All-Seeing Eye of Providence and continuing through each level to the Temple of Victory and the Pharos of Hierarchy. Visualize the White Fire Substance, the Light of the Mother Light, many feet thick, forming the dome, the walls, and the spire of the Pharos of Hierarchy. This is a very detailed Discourse which gives instruction on how the Shekhinah Pillar fulfills the requirements of Cosmic Law, that every Dispensation must bear fruit, and bring increased Illumination to those who will receive it.

I Come with the Light of Ten Thousand Suns!
Goddess of Liberty — April 11, 2020

The Goddess of Liberty streams forth the Light of Ten Thousand Suns and no one will go untouched, regardless of where they are or who they are! This is an Action and Dispensation that will allow for the Fullness of the Light of God to sweep the land and to deposit that Light where it will affect positive change in the Earth, in the consciousness of the Sons and Daughters of God, lifting them up out of the doldrums, out of fear and doubt, into the Joy of life itself! They will enter a new era that allows them to think the very best of themselves and to know that the Flame of God abides where they are. Instead of being constantly subject to the mass consciousness, the Fullness of the Individualization of their Mighty I AM Presence will begin to have its day — to speak, direct, guide, and guard each lifestream into a greater Glory of God. And that is why you are in embodiment, here now — to participate in that Light, receive that Light, and anchor that Light in the Earth!

Honoring the Priceless Value of the Dictations and the Discourses of the Ascended Masters
Torch Bearer Meeting — April 11, 2020

The Ascended Masters have taken steps throughout the ages to preserve Cosmic Law and safeguard their Teachings for posterity. If you think about how you have enjoyed the Radiation and the glorious, tender expression of the Ascended Masters at The Temple of The Presence, you will be glad to know what The Temple is doing to continue this tradition. In this session, Anointed Representative Monroe Shearer unveils the process that has been put in place to archive the Discourses and Dictations that have been

released since The Temple's inception, that build upon this rich heritage of thousands of years of instruction on Cosmic Law by the Ascended Masters. This is in fulfillment of the statement of Lord Maitreya that a thousand years from now, these texts and recordings will continue on. Thus, this rich tapestry of Teaching that is being woven at The Temple, that enhances and builds on all that was brought forth in the past, will be there for future generations!

Life is Joyous to Behold When You Are in the Presence of God!

Saint Germain — April 11, 2020

Saint Germain sends forth his Momentum of Violet Flame and the Angels of the Violet Flame to assist in lifting mankind into expression of the Divine. Bringing comfort and reassurance he shares the beautiful Vision of Hope held by the Cosmic Councils that you are to hold for the new day that is to come. Let the Presence of God that is all about be a proclamation that the darkness has passed! Let all see the brightness of a scintillating life in the Mighty I AM Presence and the Glory that is God! Throughout this Conclave of Light steaming forth, many on Earth received the impetuous to rise up into a cleaner use of the Light and have greater understanding of the Holy Purpose for their life. As the priority of God begins to center in their consciousness, the new day will dawn for all and it will be as though nothing had occurred! Saint Germain counsels you to return to your childhood, to the Purity of the Christ Child within you, and allow that to shine forth, remembering who you are. That will save the day!

Teaching on the Oriflamme Shield

Discourse — April 12, 2020

A most specific action of the Oriflamme Shield is revealed for the first time to the students of the Light. This Action is now known as the Helicon Solar Shield. The action of this Shield is

being invoked at The Temple in the spirit of Jesus' edict to send Love not judgement. The Shield of Elohim is a cosmic screen on which can appear whatever the Directing Intelligence of the residing Cosmic Being decides to put on that screen. This Shield is in the center of the Shield of Elohim and is a lattice of the Buddhic Web, emitting the Light of Ten Thousand Suns, impersonally sending forth the Action of Love. This is an action of protection and self-defense so the light bearers can stand, face, and conquer both their own untransmuted karma and the karma thrown against them that does not belong to them.

Giving God Love — the Victory of Life

Jesus — April 12, 2020

Love truly is the Victory of all that you have engaged in and accomplished with God Good. It is the Substance of God's Heart that allows for Purity to stream forth by the Action of Love, going into all of the affairs of your life. The Divine Will of God naturally takes place when the Heart Flame of God Love brings forth the Patterns of that Will that must be established to fulfill your Fiery Destiny. It is the Will, together with the Love of God, that establishes a foundation of the Purity you require to be able to pierce through the darkness and have God Vision, God Direction, God Momentum, and access to the Mind of God. Then you have what it takes to issue the Christ Command.

I Release a Greater Momentum of Resurrection's Flame

Lord Krishna — April 12, 2020

Understanding how to give the call is very important, but it takes courage to give it. It takes the Will of God knowing that all is in rightful dominion in your life. You have the Vibration, the Power, the Will of God moving through you. You have the Light of God shining forth. With Love for your Mighty I AM Presence and God in Life, you are able to issue the call and know that all

is right with the world. When you have the understanding of the importance of your call, you give it with conviction, with clarity of mind, with Peace and Harmony, and with precision of Vision, allowing for the Action of the Law to fulfill its Divine Purpose and Intent. Allow the Resurrection Flame to carry you into that understanding and Wisdom so that you will never misuse or abuse your Office as the Christ.

All of God
The I AM Covenant with the
Great Central Sun

Excerpts from Acropolis Sophia

I Anchor My Light Upon this Altar for One Year!
Vaivasvata Manu — April 14, 2020

Vaivasvata, Lord and Manu of the Fifth Root Race, instructs you on the work of the Manus, as well as on how to stand in the Allness of God and build up a momentum of Godliness in your life. Stating that while it matters not in the outer sense which Root Race you are part of, what does count is your tethering and tie to your Manu. For that tie is intended to continue through the completion of your journey in incarnation. Each Manu knows intimately the activity of your lifestream, lifetime after lifetime. Those of the Fifth Root Race have had a command of the Emerald Ray for a greater momentum of productivity, creativity, and the expansion of the multiplication of all that is Good. Vaivasvata Manu anchors his Light upon The Temple's Altar, so that there can be telegraphed constantly throughout the Earth a Fire for the Christ Light! This Action invokes the Flames of Transmutation and the Maxim Light, consuming and annihilating the hatred of the Christ Light and the hatred of God so that there can be a new day dawn in the Light of the Sun! Vaivasvata's Light will continue to stream forth for one year, until the next Easter cycle in 2021.

I Call You into Action for the Acceleration of the Earth
Great Divine Director — April 15, 2020

Do you realize the effectiveness when you, as a Son or Daughter of God, give the call with the full support of your Mighty I AM Presence and visualize the fulfillment of that call, sustaining the momentum and allowing for the Heart Flame to continue the release? You are capable of fulfilling that Divine Nature. You have the ability to complete these cycles in accordance with the Divine Will of the Mighty I AM Presence. Tremendous preparation and Cosmic Council Deliberations have gone into bringing forth Dispensations such as the Shekhinah Pillar, which is intended to anchor in the Earth the Momentum, Attainment, and Mastery of the Ascended Masters and Cosmic Beings. You are called into action for the acceleration of the Earth, for the Light to shine forth in all its Glory.

Welcome to the Blue Lotus Retreat of My Heart!
Lord Himalaya — April 16, 2020

Lord Himalaya invites you into his Retreat of the Blue Lotus. In his Retreat in the Himalayas, he is always anchoring the Flame of Alpha for the Earth! It is Lord Himalaya's Responsibility to uphold this glorious Flame, not only for those of the Fourth Root Race that came forth under his direction as Manu, but for those who have followed since. Lord Himalaya reveals that he initiated the continual meditations upon his Flame during the cycle of Acropolis Sophia so that you would have the greatest opportunity in this Charge of Light to embrace a clear, charged, and accelerated momentum of meditation to draw the Presence of God closer, more active and resonant, within each of your garments. For you are intended to be saturated by the Light. Explaining what is meant by "Glory," Lord Himalaya states that when you enter into your meditation upon the Blue Flame, you allow the transfer of

God Power to glorify God in every vestige of your being. When you enter into your meditations upon Lord Himalaya's Flame, recognize that you are being elevated into the Flame of Alpha for the anchoring of his Glorious Momentum of the Charge of God Power!

The Cycle is Now — Prove the Law of Your Being!

El Morya — April 17, 2020

El Morya asks: If you are not in the Will of God, how will you fulfill your Fiery Destiny? When you leave incarnation, what will your life be? What is your highest priority? Morya wants you to realize that the constant of the Flame of God, your I AM Presence through the Heart Flame rides through all initiations and cycles, shifts and changes within the Earth — but does not change. The momentum that you build is safely guarded. During this cycle, the Light from the Great Central Sun is great, with Beings of Light streaming forth Cosmic Momentum to assist you. It is your opportunity to accelerate in attainment and prepare your vehicles for all that the Presence of God desires you to fulfill. Now is your cycle to prove the Law of your Being and to be the Temple of your Presence. Put the Light of God into every discerning necessity of life. Have complete Faith in God and know that you are the Mighty I AM Presence in Action. That allows the Mind of God to guide you, to transfer the Power of God, and to give you the Mother Light to carry it out! El Morya instructs you on entering into the Allness of the Presence.

Q&A — On the Giving of the Ruby Ray Invocations

El Morya — April 17, 2020

During this Acropolis Question and Answer session with El Morya, a student asked if the *Ruby Ray Invocations* are being used correctly if the one giving the call has an attachment or a

judgment as to the preferred outcome of the call? The student wrote that Jesus addressed this subject and asked El Morya to elaborate. El Morya answered that your Presence will know exactly — as do the Ascended and Cosmic Beings — what must be accomplished! Your role is to anchor that Fire where you are, to be a Pillar of Light so that at any given time the Light moves forward out of your vehicles into the earth, water, fire, air, drawing upon Akasha and allowing for the acceleration of your momentum. You cannot think that your Presence would bring harm to any part of life, but there would be a Consuming Action of the Flame to consume the negative energy flowing from any part of life. That energy would be stopped and reversed. Morya states that you are in a battle right now — a battle between Light and darkness, between the Christ Light and the opposition to that Christ Light! So there is the need of the hour for your calls, for your Ruby Fire!

How to Utilize the Dispensation of the Golden Chainmail to deal with Imperfect Conditions

Discourse — April 18, 2020

The Mighty I AM Presence as the Allness of God comes forth from within the Great Central Sun, where exists God's greatest Activity and Power, and swallows up all appearances less than Perfection. The responsibility of the student when observing an imperfect condition is to remain tethered to the knowledge that there is only the Mighty I AM Presence in Action and you are liberating the Divine Quality that is already present there. You use the Power of Divine Vision to see God in Action there. Then there will not be any possibility of tying into that appearance. If you blend your mind with that appearance and accept it as reality, consciously or unconsciously, you draw it into your world. And that you do not want to do.

***We Anchor the Golden Chainmail and
the White Mother Light into the Earth
God and Goddess Meru — April 18, 2020***

For the Golden Age to come forth, there must be Illumination's Flame dawning within the consciousness of the Sons and Daughters of God. This requires enough Purity of the White Light of the Mother to allow for the full flow of the crystal cord energy to be free to establish the Momentum of the Mighty I AM Presence in the outer form. Without that, there cannot be the full Victory intended. This present cycle upon the Earth is only a small blip upon the screen of life. This is a time for you to enter into the full opportunity to call forth the Light of God. You have the opportunity to be God Victorious. Why then would you hesitate? Join with the God and Goddess Meru in establishing the Golden Chainmail and the Buddhic Consciousness around the Earth.

***Reaching to the Allness of God
Discourse — April 19, 2020***

All of God is everywhere. Not only where it is discernible, but in what appears to be imperfect, for beneath that imperfection is *All of God*. You are being taught to speak to *All of God* within your vehicles. Even to those recalcitrant tendencies. Do not give them power, but look past them into the Allness of God that may be momentarily undiscernible, yet is still there, and command that All of God to come forth. Maintain God Consciousness, call upon the All-Seeing Eye, and pierce through the outer appearance to the Presence of God that is there. This is what do the Ascended Masters do. By making yourself an instrument of Divine Providence and remaining undaunted, you will gain the ability to initiate cycles of overcoming despite all outer appearances.

The Covenant We Have Made with You

Alpha — April 19, 2020

Knowingly or unknowingly, the Sons and Daughters of God working toward their Ascension engage with the Heart Flames of Alpha and Omega. For it is not possible to be in embodiment upon the Earth and not have the Charge of Alpha and Omega upon you. You have entered into a Divine Covenant with their Hearts that establishes the Light upon your Heart, that affords you Illumination and the Truth of your Identity in God. Omega initiated the anchoring of the White Fire of the Mother Light so you would have the Charge and Momentum to not miss one opportunity to enrich your life in the Fullness of God Reality and know that the Law of Alpha and Omega is the Law of your Being. You do stand in the Glory of your Mighty I AM Presence.
