CHRISTMASTIDE IN CAMELOT

New Year's Conclave 2021 -2022

Re-becoming the Will of God

Discourse — December 29, 2021

This Conference *Christmastide in Camelot* is an upper room communion with El Morya, the Chohan of the Will of God, and his Twin Flame, the Goddess of Light. The symbol of the Diamond Heart represents the Will of God flowing from God's Heart, with each facet signifying the God Reality of the Will of God. This Will is behind the consistency of the observable laws of nature. Understanding the Individuality of your own I AM Presence will give you greater understanding of the Will of God. Your Presence always exercises free will in its attunement and at-one-ment with the Will of The One, the Will of God. In surrendering to God's Will, you are not surrendering to something outside yourself, but are identifying with your True Identity and its Will. Your will and the Will of your Presence must "re-become" and return to their original oneness. When you can enforce God's Will as a Necessity on your four lower bodies and are above all temptation to misuse that Power, your Presence may use you to exercise its Dominion over Creation. Let the Will of your Presence through your Heart Flame re-become one with your free will *consciously* exerted through you!

Commune and Rejoice with the Goddess of Light and El Morya

El Morya — December 29, 2021

El Morya and the Goddess of Light welcome you to Camelot, their Retreat, during this conference and Acropolis to celebrate the Christmastide and embrace Cosmic Law. First and foremost, they desire to celebrate with you the Radiance of your own I AM Presence! This cycle affords you the opportunity to truly know who you are and to attain the ability to take hold of your life! To grasp those areas that are not rising to the Christ Vibration and change the course, change the vibration, change the thought pattern, and change the activity! There is great Joy in realizing that you can become God Victorious over all areas of your life. When you took your vow to be a Torch Bearer of The Temple of The Presence, the Ascended Masters made a solemn vow to you in return: they would always stand with you! No matter what seemed to be so challenging, they would assist you in overcoming and being God Victorious! Being in attendance to their Flame, their Momentum, and the Teachings of the I AM and the understanding and the fulfillment of what you can accomplish here and now is so very important. You should not put off to another day what you can be God Victorious with *here and now!*

Discard the Old Shadows and Become as a Little Child

Discourse — December 30, 2021

You have to part company with the ways of this world if you wish permanent association with the Ascended Masters. Shake yourself free of everything that would pull your consciousness down. Transmute and purify your world daily. Call home every part of life that has passed through your Heart Flame, putting everything into the Violet Flame. As you move through your outer life, see yourself operating in your Christ Presence. With your four lower bodies under the dominion of your Christ Presence,

you now have five bodies working in unison in the White Light Consciousness. Holding to the undivided communion with your Presence rockets you forward on your Path. Your Crystal Cord contains the Immaculate Consciousness, the Selfhood, of your own I AM Presence. As you preserve that Consciousness in its Purity, it accumulates more and more God Consciousness within your four lower bodies. And as you safeguard that Consciousness, it will become an armor of Purity, a Citadel of Protection, and your aura will blend with that glorious Tube of Ascended Master Light that your Presence sends into your world. That is when God Almighty, the Presence of The Great I AM, will become more tangible to you.

***Cleanse with the Mother Light and Become the Holy Grail
Goddess of Light — December 30, 2021***

The Goddess of Light tells us that it is never too late to clean and clear our vehicles of consciousness so that the Purity of God's Light can be deposited within them. Many times it begins with your thought. Is your thought coming from the Mind of God? Has it been refined to soar into the Buddhic Web? Make the election in this incarnation to unwind all the negativity that may have been poured into your consciousness, being, and entire extended world by using the Violet Flame, by calling forth the pure White Light of the Sword Excalibur, and by invoking the Emerald Ray to cleave asunder the Real from the unreal by the Diamond Shield and Sword. So purify your lifestream that the Mind of God charts your course daily in Divine Wisdom, and make room for the transfer of the Power and the Will of God to fill your emotional body. Then you will no longer have a tug of war within your vehicles struggling against your very best Self, your mind forever arguing with your Heart. Be the little child in Purity! Let that Purity stay with you all your days! For that is where the Kingdom of God resides.

***The Camelot Christmas Tree,
Adorned with Ascended Master Momentum
El Morya — December 30, 2021***

El Morya welcomes you to the Great Hall of his Retreat, where stands the magnificent Christmas Tree of Camelot, symbolic of the Christ Light. This Tree reaches to the Great Central Sun and is adorned with exquisite ornaments signifying the Attainment and Mastery of each Ascended Master who has placed them there. As you etch these ornaments in your mind's eye, you feel the Charge and connection with these Ascended Masters. El Morya describes several ornaments: a Golden Sphere bedazzled by Diamonds from Mighty Victory; a White Orb streaming forth a Pillar of White Light moving into the Pink Flame of God's Love; an Emerald Obelisk reminding you of your Third Eye; a Ruby Heart representing the Ruby Fire upon your Heart's Altar; a Sixth Ray Star with a Gold center and Purple Rays radiating assistance to life; and a Flame of Violet from Saint Germain reminding you that the Violet Flame may daily transmute your karmic records if you invoke it. And at the treetop sits a Star magnifying the Light of the Secret Love Star. This Tree can be visualized daily, fed by the Flames of the Ascended and Cosmic Beings and The One God. Consciously holding fast to this Retreat experience is an important part of this Initiation.

***The Standard of Conduct Necessary for the Thread of Contact
Discourse — December 31, 2021***

The *Thread of Contact* is similar to your Crystal Cord, except that it is an open two-way flow of Light from the Ascended Master's world into yours and from your world into the Master's world. If you wish to hold open the doorway of consciousness to an Ascended Master, make yourself useful to that Master in their World Service. Service to The Temple of The Presence is an opportunity to begin a spiritual career of alliance with and allegiance to the

Brotherhood of Light. You may receive assignments from them. Your heart must be willing to serve where needed. You must have a loving heart, and giving your Decrees is perhaps the greatest way you can give back for the Blessings you have received. Always put your own Mighty I AM Presence first. The more you forge that oneness with your Presence, the more you free the Ascended Masters to come closer to you. Maintain your undivided focus on your own Presence. Have a scrupulous attention to detail, of every nuance of how you qualify your thought, feeling, attention, and the exercise of your free will. Make your outer free will and the Inner Will of your I AM Presence one. And call for the intercession and wise tutelage of your Ascended Master Sponsors.

***Our Dispensation of the Violet Flame River
to Transmute the Earth***

Arcturus & Victoria — December 31, 2021

The Elohim Arcturus and Victoria deliver their Dispensation of the Violet Flame River once more in *full active mode* covering the entire Earth and transmuting as much as possible *here and now!* El Morya and the Great Divine Director petitioned their Flames to come forth so that your Individual I AM Presence may be God Victorious as the incarnate Christ and for the Earth itself to be God Free! For this is one of those cycles in which there is a more than ordinary Release of Light that must manifest from the Heart of Elohim and the Heart of The One so there can be a greater portion of the Light of the I AM Presence realized within the Hearts of the Sons and Daughters of God. The message this day is that you must continue to strive! For the Elemental Forces of Nature require your assistance in holding the balance by your Invocations to the Violet Flame. Know that the Violet Flame River is close at hand, coursing through the very atmosphere in which you reside. If you call it forth, it will enter into your physical, emotional, mental, and memory bodies. And the effervescence of that Joy Flame will lift you into Freedom!

2022 Thoughtform:

Love, Faith, Hope, God in Letters of Emblazoned Gold

Lord Gautama — December 31, 2021

On this New Year's Eve, Lord Gautama reminds you to look to the Flame upon the Altar of your Heart to draw forth all you require. For in knowing intimately this glorious Flame that you are, you know the Presence of God that abides within your I AM Presence! Place your attention upon the Flame of God and follow that Flame into the Electronic Body of your I AM Presence to win your Victory over all limitations of the outer life. And as your Heart resonates through your vehicles as One Body Consciousness of your Holy Christ Presence, you realize that you are One in the Presence of God with all Life! The more you recognize the Flame of God, the simpler it becomes to make the right decisions. Gautama reveals the Thoughtform for 2022: a Scroll with Emblazoned Letters of Gold spelling out four words: Love, Faith, Hope, and God. These Emblazoned Letters are not static, but carry a Charge of Light. And as that reminder goes out across the world, it will bring about a shift in God Consciousness that elevates mankind. And by the Grace, Love, Will, Purity, and Wisdom of God, there will be a Golden Age!

Use Your Free Will to Elect the Will of God!

Discourse — January 1, 2022

Every step on your Path has always involved freewill election. The Incarnation is the freewill election of the Godhead Charioteer of your I AM Presence. After your Ascension, you will freely elect your Path of Service as an Ascended Being. Your life now is a series of qualifications of your free will. Every minute you are making decisions, especially regarding how you use the Crystal Cord Light, Life, and Love that your I AM Presence offers you moment-by-moment. The limitations of your present life are the sum total accumulation and pressure of the ways you have misqualified your free will choices in the past. When you use the

Violet Flame to transmute that karma, you are using fresh new life combined with your illumined free will to undo your past misqualified free will sowings. And when you make that Will of your Presence *your* will in oneness, reuniting your will with the Will of your Presence, that Will takes dominion over your four lower bodies. And everything else will obey as well! In identifying and aligning your free will with the Will of your Presence, you forge an alliance with the greatest Power in all Reality — the Will of your Individual Mighty I AM Presence!

The Intonation of the Voice of the Will of God **Goddess of Light — January 1, 2022**

The Goddess of Light reveals the importance of grasping the significance of the closeness of your own Mighty I AM Presence in your life. For your Presence is the Voice you are to follow! The lesson you have been learning since your first incarnation is how to hear that Voice and how to follow that Will of your Presence. And that Voice of God is where you must gain your mastery over the elements! To understand how to manifest your attainment and mastery, you must first have sufficient Purity to hold fast to the still small Voice that utters “I AM.” Learn how to still the voices within your mental, emotional, and physical bodies. Have patience and a desire for God. The Goddess of Light has given you the same Sword Excalibur that she presented to El Morya as King Arthur. Internalizing the Teaching within that Thoughtform of Excalibur will allow you to manifest the Will of God! The Goddess of Light calls for the replaying of *The Voice* by the singing group Celtic Women, for it contains the patterns of rhythm, Momentum, and melody fabricated in Akasha. You can crystallize that Charge and know what you must accomplish *here and now* — beginning with the Voice of your I AM Presence!

Re-Become the Consciousness and Activity of the Will of God
El Morya — January 2, 2022

The Will of God within the Mighty I AM Presence begins with The One and comes forth with all the Momentums and God Consciousness of Perfection and Purity of millenniums of cycles. Your own God Presence knows intimately the desiring of The One and that Desire is written upon your Heart. When your activities and intentions are not in alignment with that Desire, you squander the precious energy intended not only for you but for the Earth as well. There must be the constant conviction that the Will of God will come forth at the hour determined by the Presence. Imagine living under the canopy of the I AM Presence ready to respond on the instant to the Desire of the Mighty I AM upon your Heart Flame. Knowing the Truth of your Identity as the Mighty I AM Presence, you can now take command and gain your mastery.

Your Communion with the Luminaries
of the Secret Love Star This Week
Sanat Kumara — January 2, 2022

You can then draw upon the Threefold Actions your Presence desires to play upon through you. ***Understanding Divine Will Requires an Understanding of
God Consciousness***

Discourse — January 3, 2022

Understand the Nature of God's Divine Will, not only at the highest levels of God Consciousness of The Great I AM, but also at the level of your Beloved Mighty I AM Presence. Human will is powered by the Life of your Crystal Cord through your four lower bodies. By your conscious invitation you are able to reunite your outer will with the Will of your Individual Presence. Your I AM Presence, through Divine Will, is able to reassert God Control over your memories, mind, feelings, and physical form. To understand Divine Will, there must be an understanding of God Consciousness. When The Great I AM willed the God Flames to come forth, out of which flows two Twin Rays, Individual Focuses were created which have freedom of Will and Self Conscious Awareness. These Twin Rays act independently from each other, yet in conformity with the Absolute Will of God. When you cease to create a gulf between your will and the Will of your I AM Presence, you will be an instrument of Divine Will.

Let the Charge of Light Carry You into Greater Communion
Maha Chohan — January 3, 2022

The Maha Chohan uses a musical meditation to guide you in drawing upon the great sweeping Momentum of the Divine Currents of Okeanos. This activity will assist you to bring to the fore all of the Attributes your God Presence desires for you to manifest. Your God Presence can draw upon any of the Great Currents set in motion by Cosmic Beings, so by the power of your Invocations through your Heart Flame, you can summon the Cosmic Light of God. This Charge of Light of these Divine Currents is “willing” you to commune at a higher level as you receive the clarity of consciousness of that Will and feel the pressure of the Universal Will of God. Understand what it means to have Illumination’s Flame fill your consciousness and have the Charge of the Mind of God direct Intelligence into your activities. This mode of expression will allow you to receive a great Charge of Light daily that will lift your Vibration into a greater Communion with your Mighty I AM Presence. The Maha Chohan invites you to call upon him for assistance when a block in your consciousness is holding you back.

Absolute God Consciousness is Supra-Knowing, Willing, and Loving
Discourse — January 4, 2022

The Absolute God Consciousness is present in The Great I AM and down through all the levels of God’s Kingdom, including Coming-to-Be. This Absolute God Consciousness represents Divine Providence and has three modes of expression: Supra-Knowing, which is wakefulness and Absolute Intelligence; Supra-Willing, which is Freedom and volition; and Supra-Loving, which is the givingness of the Self of The Good and The One. These three impulses motivate each other and operate within the overall framework of The One. The Great God Flames, the two

Twin Rays, and the Individual Mighty I AM Presences know themselves to be the Self-Consciousness of the Will of God. And when the Individual Mighty I AM Presences create at their level and exert their Free Will, the Great Central Sun, as well as the Will within the physical world, must of Necessity respond. They must respond because it is the same One Will of God.

***“I AM a Breath Away!” Just as Quickly as You Utter My Name
El Morya — January 4, 2022***

El Morya reminds you, “I AM a breath away!” Just as quickly as you give the call, you have forged the pathway of your communion with Him. You are never alone. You, as an initiate on the Path, have chosen to be responsive to the Will of God. You have willed your vehicles to receive God Direction, achieving Listening Grace and the Victory. For there does come that point in the initiatic process when you must be able to stand in your own Light and chart your Destiny. Because you have grasped the ability to use the throat chakra, you have the ability to move mountains of adversity to assist God in Life. Life in the lower vehicles is a necessity for your lifestream so that you have the ability to test yourself. It is the opportunity for the Threefold Flame to send forth a Charge of God Consciousness that reveals a direction for you to follow. In following that direction, you amass all of the talents you need to manifest what has been directed. Truly know that the foundation of your life is the building of the Divine Momentum of a coil of Light that will carry you into the Victory of the Ascension!

Your Presence Can Ensoule All Things with Itself

Discourse — January 4, 2022

Just as the incoming tides regularly meet the land, the Mighty I AM Presences, including your own, fill all things of the Earth with Themselves. You can experience indescribable Peace and Joy when your Presence performs this service for you. The word *ensouling* captures this Activity — it is a pouring forth of the very Essence of the Being of the Mighty I AM Presence, filling things to out-picture God Perfection. When this occurs, every person, place, condition, or thing, past, present, or future is enveloped from within out and held so that God is everywhere in Action. Saint Germain tells us: When you acknowledge and feel the tangibility of your own Presence, that connection releases the Limitless Power of the Presence into your outer use. If your outer faculties are obedient to God's Will, you are then able to let this tremendous Power flow through you. So that is the vow that you make. You insist that the Mighty I AM Presence is always in Action, and you say to all outer appearances, "You have no power," thereby letting the Presence take charge.

You Have the Authority to Initiate the Goodness of God

Elohim Surya — January 4, 2022

The Elohim of Akasha, Surya, imparts to you the White Fire at the core of all that comes forth out of God, allowing you to establish a Pillar of Fire, so as the Will of God is shown to you, there is the Divine Momentum that you can count on. Right where you are in the core of your Being is the Flame of God. You have within that Flame the ability to conduct and expand your life according to the Divine Outpouring of your Presence and the very

Goodness of God. One purpose for the emphasis on the conscious Momentum of the Will of God at this time is so you can activate your will that is required to bring forth greater attainment and mastery to manifest the Golden Age. The Light that shines forth from your God Flame illumines the pathway for you to follow, that which is the right direction of the Will of God. That is how you create a world in which the very Presence of God resides. That is how the Will of God comes forth to establish its own Divine Destiny and cycles of God Good in the Earth!

How to Keep the Sapphire Dream Alive

Discourse — January 5, 2022

First and foremost, the Sapphire Dream is the vision of you as the Ascended Master. You gave this Decree as a Cosmic Fiat when first incarnating and it stands as an Eternal Record of your journey home to the Ascension. The second part of the Sapphire Dream is the planning for Golden Ages by the Brotherhood of Light so there can be associations of Sons and Daughters of God serving and ascending together. The third part is for each of us to maintain the *Call* to keep it alive and burning in the world so as to keep the God Consciousness blazing forth across the face of the whole Earth. But you may ask, how are we to bring this about? You can use Jesus' Ascension as a model which etched a record in both the physical and Ascended Octaves, an opening door to the outer world. Its Constancy of relentless pressure has continued to mount up greater and greater intensity, carving new pathways through the density of mankind's mortal thought and feeling. As the Ascended Masters stand at this Altar, pouring forth the Truths of Cosmic Law®, the living currents of liquid Ascended Master Light are forging new tunnels of Light, which become a receptacle for the streaming Golden Helicon, the Dispensation for the Dawning Golden Age of Saint Germain. Stand with the Brotherhood and keep the Sapphire Dream Alive!

The Absolute God Consciousness of The GREAT I AM

Discourse — January 5, 2022

“Absolute God Consciousness” means God Consciousness behaving in an absolute fashion in The Great I AM as a threefold Providence of God Knowing, God Willing, and God Loving. This Providential Love includes the Great God Flames, all the monadic expressions, and the Angelic and Elemental Kingdoms. All receive that unconditional Love of God. In that supra-realm above the Great Central Sun, the Great God Flame experiences ongoing Oneness with the Absolute God Consciousness of The Great I AM. Down from the Great God Flame come the free will Individualizations with self-conscious individuality, bearing the original Will of God — the Will of the Individual Great God Flame expressing through the Alpha and Omega Presences of the Twin Rays. Providence joins the Limitless Goodness of The Good with the Oneness of The One and uses Itself as a threefold bond of this Providential Knowing, Willing, and Loving. When an Individualization gives the *Constant Conscious Christ Command*, the Individualized Will of God acts on the Universal Will. The Universal Will responds because it is the One Will speaking to the One Will.

God Love Carries the God Will of Your Presence

Nada — January 5, 2022

Nada proclaims that you have the ability to manifest more of yourself as the Presence of God than you ever thought possible! Each day you are being trained in what it means to be in the Presence of God Love. When you open your Heart to the Divine Love of your Presence, you receive the Love of God in all of God’s Kingdom. And when you understand the personal and impersonal activity of that Love, you begin to flow with it and draw from it. The Ray of God Love carries the God Will of your Presence.

That Will desires you to love and be loved, to give and receive, to flourish and expand that Love. Your Heart Flame must draw upon your Causal Body Presence and bring it into manifestation. Learn what to hold fast to, what to let go of, and what to nourish and expand through your lifestream. Call upon the Light of God to release God's Love into your being in greater measure so that you might Love God in Life unconditionally! Call upon the Mind of God to begin to fire the synapses of your brain so that you can have the Patterns of God's Mind refine your thought processes.

I Seal You in the Consciousness of the Sapphire Dream
Great Divine Director — January 5, 2022

The Great Divine Director, your Champion of the Sapphire Dream, assists you in bringing forth all that the Christ Light desires to bestow upon your present incarnation. He holds the balance and the God Direction for you and vast numbers of lifewaves that are to come forth into Incarnation. They are guarded well, just as your own Heart Flame is guarded. You have within you the ability to draw upon the Allness of God as the Divine Will, allowing for the transfer of God Power to hold your own. When you can give the Authority of your lifestream to your God Presence daily and keep that Flame burning brightly, you will have the pressure of Light of the *Entire Spirit of the Brotherhood of Light* flowing into your world! When the Heart Flame begins to swirl round about your four lower bodies and holds you in that firm embrace of the Presence of God, you will know that all is well. That is why the Manus hold their consciousness firmly fixed upon all of the Root Races, as it is important that the whole of mankind have the assistance required to bring all to Fulfillment. The Great Divine Director seals you in the Consciousness of the Sapphire Dream.

The Will of God Is the Will of Your Presence

Discourse — January 6, 2022

The Will of God is the Will of your Mighty I AM Presence. Making your outer will one with the Will of God is the only path to Freedom and the Ascension. The power of your will can be immense, but it will not result in a Victory unless that will is one with the greater Will of the God Presence. The individual having free will must consciously, with full determination, make the *demand* for positive change, while Intelligence is directing and Love is ensouling the *command*. This Conscious Cosmic Christ Command is how you direct the will of your command to the Universal Sea of Light. At first, you will want to address your own four lower bodies, as that is where the record of most past misuse of free will has occurred. The Will of your own Heart Flame will speak to the Universal Elemental Essence that contains the Universal Will of God, and you can command those Elemental Essences to obey. As you give your all back to your God Self within, you will unite your will with the Will of your Mighty I AM Presence.

A New Day in the Light of God Has Come

El Morya — January 6, 2022

The Three Kings, El Morya, Dwjal Kul, and Kuthumi, stand in your midst to proclaim that in honor of the Flame of the Christ they came to assist the Christ Child with their Gifts and God Momentums. Now Ascended and fully vested with the Charge and Command of their Attainment, they bring those same Gifts to you today. The true Gift that they bring is the Momentum of God Good — God Reality as the Love, Wisdom, and Power that is to be

accelerated within the vehicles of the incarnate Christ in all Sons and Daughters of God. That streaming forth of the Christ Light is the Blessing of the whole of the Fabric of God! The Three Wise Men come today carrying the Charge of Light of Love, Wisdom, and Power to those Heart Flames that desire to fulfill their Divine Plan and Fiery Destiny to return Home in the Ascension in the Light. Let that record be so etched that the hallmark of your God Presence will keep you all your days, regardless of outer appearances. Hold fast for a New Day in the Light of God has come!

Absolute Will Versus Universal Will

Discourse — January 7, 2022

At the level of The Great I AM and the God Flames, and at the level of the Twin Rays, and the Individual I AM Presences, there exists the Absolute Will of God. Here we have Individual God Consciousness which has a free Will that always chooses the best for Itself as it knows Itself to be The One and The Good. The Light of The One comes through at the Lux Invictus Moment into the Great Central Sun. In stages it unfolds downstream into the Universal Monads of Being, Life, Mind, Soul, Desire, and Nature. These Monads have Universal Will and a form of Universal Intelligence. This Universal Substance is obedient to your conscious will at all times — it is responsive to human thought and feeling. All discord the outer self produces is stamped on the flesh of the physical body, which causes aging. When you succeed in mastering yourself and multiply your Crystal Cord energies, you will find that all else in the Universe will be your willing coworker, to accomplish whatever you will through Love. Thus, mankind has the power to determine their own experience in life.

Let the Will of God Be Your Home

El Morya — January 7, 2022

With daily visits to El Morya's Retreat, you are accelerated with a Charge of Light, allowing you to take on new Patterns and a higher Vibration. As you make room for your Presence, you realize it is the All-in-All of your life. You begin to learn how to trace the Will of God within your consciousness, choosing wisely the Patterns that you allow within the inner ear, those thoughts that allow your mind to soar in the Patterns of God Good. When you are attuned with the Will of God, you live a life that is joyful and uplifting, witnessing daily the newness of Life! However, to overcome certain limitations, you must recognize that this outer world is not the Truth of your Identity. The next step is to open up the avenue by which the magnificence of your God Presence can be where you are, where it can fill you with the Love and Comfort you need to hold fast while healing and transmutation take place. As you stay on guard, every day is an opportunity to build upon the momentum of the day before as you hear the words of El Morya, "Let the striving of your Heart never cease! And let the Will of God be your Home!"

The Magnificence of Ascended Master Light

Discourse — January 8, 2022

The Light of your Presence and Ascended Master Light are one and the same. El Morya has said he is always close at hand, and during this cycle you have entered into close communion with his Heart. His purpose is always to encourage you to look to your own Mighty I AM Presence as the answer to everything in your life. Regardless of outer appearances, your imperative is to always

demand and command that God is in Action everywhere and let the Allness of God bring the fulfillment of your call. Placing your attention upon your Presence and then calling to El Morya allows him to assist you. This is Ascended Master Consciousness flowing forth as Ascended Master Light, the Light necessary for you to win your Victory. Remember that your Mighty I AM Presence is always Victorious in everything.

I AM the Light

Goddess of Light — January 8, 2022

Anchoring the Will of God in your life will eliminate any sense of struggle that prevents you from experiencing the Fullness of the Coming-To-Be of your own Mighty I AM Presence that is the unfoldment of the Light. This is the Holy Purpose of Incarnation. Your Presence knows how you, in the Truth of your Identity, will take command and proclaim the Presence of God where you are. This, here and now, is the opportunity placed within you to become the Light of the Mighty I AM Presence. At this moment you have the ability to open your Heart and receive the Cosmic Light and Momentum proffered for you that will transmute your karma and re-orchestrate patterns of consciousness to bring forth Purity and Perfection. Invoking the Light of your Presence every day is making the affirmation I AM THAT I AM!

Your Victory Is an Eternal Record within The Great I AM

Discourse — January 9, 2022

The Old Testament tradition of the seven-year cycle of seven Sabbaths and then the Sabbath Jubilee for the 50th year was celebrated and held up as an example. All of the dispensations prescribed during the Sabbath Jubilee year had to do with forgiveness and restoration of one's rightful inheritance.

For Ascended Master students, this entails freeing yourself from the attractions of the outer world, focusing your attention upon your Mighty I AM Presence, and thus inheriting all of the gifts your Presence would bestow upon you in preparation for your Ascension. This Victory is already recorded within The Great I AM and has been since before your incarnation. It can never be erased as it is an established moment within your own Mighty I AM Presence. It is a record of great Joy for you to meditate upon and enter into the Will and Providential Loving of The Great I AM.

You Are a Part of the Whole of My Family

Omega — January 9, 2022

You are not merely surviving life in a foreign land. You are becoming consciously aware of the Patterns of God available for you to draw into your life, a life filled with the Divine Momentum of the Presence of God weaving a Garment of Light and Momentum entrusted to you by the very Flame of God. With the coming of Omega, the Kundalini Fire begins to accelerate, drawing you into the Will of God. Your Heart Flame is melding with the Heart Flame of Omega, there for you to call upon to accelerate you into your Victory. Your commitment to your Mighty I AM Presence draws you into a higher Vibration that will facilitate your Ascension into the Light. With the Attainment of Christ Consciousness, human consciousness is banished and the Qualities of God are released into your keeping, expanding and accelerating the Light of God through you into the Heart of The One. That is the Great Jubilee!
