DIAMOND HEART OF THE GODHEAD CHARIOTEER

Easter Conclave 2023

The Purifying Action of the Diamond Heart **Discourse — April 5, 2023**

The keynote of the Diamond Heart references a most precise and all-powerful activity that is mediated by your own Christ Presence issuing forth from the Heart of your Mighty I AM Presence. Through this action, the Diamond Heart of the Will of God is able to enter into every aspect of your individual equation in life. The Mighty I AM Presence is an expression of The One, all the way down to the four lower bodies, and that has never changed. However, since the fall of man from the Golden Age of the Garden of Eden, over millenniums there has been misuse of free will, resulting in rebellion, discord, and unhappiness. Meanwhile, the Presence is still radiating God Purity and Perfection on all levels. When you return the rightful authority of your lifestream to out-picture the Will of God, identifying yourself with the Flame on the Altar of your Heart, you then restore all to its natural order. The Scintillating Rays of the Diamond Heart, guided by the Power of the Emerald Ray of the All-Seeing Eye of God, reassert the original estate of wholeness. When the Diamond Heart is unleashed, it will search out and annihilate every hidden recalcitrant pocket of discord and replace it with the Oneness of the Will of your Presence with its Purity and Perfection.

Accept the Charge of Light

Great Divine Director — April 5, 2023

Accept the Charge of Light held by the Great Divine Director to electrify the Flame upon the Altar of your Heart. This will allow the flooding forth of the Diamond Heart into your vehicles of consciousness. Thrusting forth the Divine Will of God, you will begin to radiate the Light and Momentum of your Christ Identity. You are awakening to the Truth of your God Identity to overcome the human consciousness of the outer world. Balancing your karma daily with the Violet Flame, you are freed up to hear the Voice of God. Thus, the Light is stepped up in your outer vehicles so now you have a constancy of communion with the Charge of Light. You can now embrace the Divine Plan that your Presence has in store for you, lowered by the Mind of God and the Christ Light of Illumination's Flame. The crown begins to fire and you know that you are receiving the Hand of your Presence at work. A Divine shift takes place in your life, as you awaken to a new Reality. Once you have touched that Flame, it cannot be denied. The Presence of God desires you to let the Flame fill you with the transfer of God Power and Peace to make the right decisions in life, making the election to enter into the Heart of God. At that point, you are Home.

The Oneness of The One

Discourse — April 6, 2023

God Creation never departs from the foundational all-pervading Universal Consciousness of the Godhead, the Oneness of The One. In order for your Mighty I AM Presence to exercise absolute God Control and Dominion over all that lies outside this Perfection, the action of the Diamond Heart on the Altar of the Heart of your own Electronic Body must stream forth through the Diamond Heart on the Altar of your Heart. You will wish to master this degree of the Consciousness of The Oneness of God to engage in the pure creativity of your Presence. Regardless of how far afield

one has strayed throughout their many lifetimes, the Flame upon the Altar of the Heart is truly One with God. Treating past misuse of the Light with the Diamond Heart of the God Flame, you can restore all to its original Pattern of Perfection. The goal is for you to undo any darkened threads of discord that still remain in the memory body, so you might more easily enter into that magnificent sense of the God Consciousness of The One. Part of your training is to learn to check your emotions, your memory, and all your expressions of free will so that you align yourself with the Oneness of your God Presence, using the scintillating shafts of the White Fire of the Diamond Heart to bring you back to your Divine Estate.

Be the Presence of God Where You Are!
Goddess of Light — April 6, 2023

The Divine Substance of the Heart Flame streaming forth from your Threefold Flame allows you to know your Presence intimately. It is there that you enter into the Oneness with your God Presence and have the transfer of the Light you require. The White Fire of the Mother Light is sent forth by the Goddess of Light. This action assists you to draw upon Akasha so your Heart Flame can begin to resonate through your four lower bodies in the Christ Light. Your spiritual centers can then align into a Rod of Power divinely intended to elevate your vibration into a new Way of Life. You feel the surge of that Light and the clearing of your consciousness by Illumination's Flame. You are given Vision by the All-Seeing Eye of God to recognize your Destiny, and you learn how to love unconditionally. This natural state of unfolding is the Threefold Flame imparting to these outer vehicles all of its talents, virtues, and goodness — including the Momentums of the Causal Body Presence. The Kundalini Fire of the Mother Light then straightens your spinal altar, and your consciousness is elevated through your crown into the Christ Consciousness. And now through the Blessing of the Diamond Heart, you are the Presence of God where you are!

The Oneness of the God Flame

Discourse — April 6, 2023

The Action of the Diamond Heart is the exaltation and liberation of your Heart Flame so that it can perform its Perfect Work. All of the Attributes of God's Heart that have been covered over by discord and ignorance for many lifetimes are now being liberated, so that your God Flame, the focus of Individuality of The Great I AM, can thrust forth and be the outpouring from the Heart of your I AM Presence through your four lower bodies into life. Now your Heart Flame will not only be acting in the Great Central Sun and in the realm of Perfection of your Christ Presence, but also in the physical world. Your God Flame is indestructible, unconquerable, and immovable. It is changeless in that it is already all that God is, suprafull of the Allness of God, and absolutely complete within Itself. Your God Flame knows that it is sourced by The Great I AM, which in turn is sourced by The One and The Good. You are the expression of that Individuality of The One and The Good. And with this understanding comes a sense of worth. For wherever that Flame of God abides, it is already Divine!

Elicit the Action of the Diamond Heart Through the Emerald Ray

Discourse — April 7, 2023

Your I AM Presence is the Authority for all of you — the human part as well as the Divine. Your Christ Presence is the Diamond Heart at that level of the Christ that is unmoved by whatever imperfection It might observe occurring in your life. Your Christ Presence, through Christ Discernment, sees what is required to produce Divine Perfection in your outer experience. Through the Mind of God, It is able to selectively draw forth from your Electronic Body precisely the Action of the Light that is needed to address every condition in your life. Also, your Christ Presence can orchestrate a return current in answer to your Calls that elicits

from the Heart of your Electronic Body exactly the Action of the Diamond Heart that is needed to play onto your four lower bodies so that there is a daily acceleration in your vibration, ultimately leading to your Transfiguration, Resurrection, and Ascension. But this hinges upon the freewill reintegration and identification of your outer self with your I AM Presence. Allow your Christ Presence to function through your mental, emotional, and etheric bodies so that your world is reinforced by this Diamond Heart and is unmoved by imperfection.

The Process of Coming into Oneness with the Heart and Will of Your Presence

Discourse — April 9, 2023

Contemplate what it means that the Oneness of The One is stepped down through all the planes of consciousness all the way into your physical form, disarming every point of vulnerability. This is Cosmic Law working through the Individuality of the Presence. From your Electronic Body the Divine Light and Life of the God Flame streams forth through your Crystal Cord. As you call forth the Violet Flame each day to more and more transmute the overlays of discord, this Self-Luminous Light pours forth more powerfully. The key to sustaining this outpouring is to identify yourself only with your Mighty I AM Presence and the Will of your Presence. Then the original intent of the Law of Octaves, which was to facilitate the descent of God Life and Light into each succeeding plane of consciousness, will be fulfilled and Perfection will manifest in every aspect of your life, culminating in your Ascension in the Light.

I Decree the Resurrection Flame Flow to One and All

Lord Krishna — April 15, 2023

The Ascended and Cosmic Beings, one and all, proclaim that the Will of God is Good. And yet, there is sometimes an unwillingness on the part of the student to let go of habits they have become attached to, even though this separates a part of them from their Heart's deepest desire. They may make small advancements along their path, but their ability to become the Christ will be hampered. For the Holy Christ Presence to abide where you are, you must maintain a vibration that allows for the unfolding of the Threefold Flame of your Heart to carry a Charge of Light sufficient to allow your Presence to actively participate in your life. It is the Law of Octaves that the Holy Christ Presence overshadows and

charges your vehicles with the Light from your Mighty I AM Presence that reports to you the Truth of your Identity. Do not take lightly your Office as a Son or Daughter of God!

All the Goodness of the Good Is in Your Heart Flame
Discourse — April 16, 2023

There is a stark contrast between God Consciousness and mortal consciousness. When you open your Heart and your mind to God Consciousness, you are forever in the Lux Invictus Moment of having the Light of God all about you. You are aware it is there because you have opened your Heart and raised your consciousness to receive it and realize that within that Light all things are Good. For the Goodness of The Good restores and resurrects all things to their Natural Estate. This is “The Light of God that Never Fails!” This Light descends from the Heart of the God Flame down to the four lower bodies. It is the supreme privilege of the Individualizations of God to be filled with and to dispense the Light of The Good. You are invited to realize that your Heart is the Heart of the God Flame. If you open your Heart and allow it to give of its Selfhood, it will radiate that Light through you.

Let Your Heart Flame Take Its Rightful Dominion
Omega — April 16, 2023

Throughout your day, you make many decisions, some simple, some complicated, but all should be made using wise discernment. For you should not wait until great decisions are thrust upon you to draw upon the Light of God and express your Christhood. Turning to the Light of God in making your daily decisions instills the conviction that God is always present. Let the Flame upon your Heart take its rightful Dominion. Begin your day

by asking your Presence what it desires you to fulfill in that day and to give you the guidance and direction to fulfill it. Attaining your Ascension requires the Constancy of your momentum in the Christ Light. It is a Path of consistently maintaining the momentum of your ascent, not taking any side trips that disrupt your acceleration. Communing with the Heart of your Mighty I AM Presence is your first priority.
