Divine Providence

Celebrating the Consciousness of

The GREAT I AM

Accepting the Truth of Your Identity

Elohim Arcturus — September 16, 2018

Elohim Arcturus comes with a mighty Dispensation from the Lords of Karma. He summons Archangel Zadkiel and Holy Amethyst and their Legions of Angels to join with him in bringing forth sufficient Violet Flame across the world to consume the hatred of the Light of the Christ. Those who have the prompting of their own Heart Flame to engage with their Holy Christ Presence and to receive the Mighty I AM will be fortified and purified. They will have within their countenance the radiance of the Violet Flame constantly moving, as long as these Angels stand by; or, until they are able to pour it forth for themselves. There will be the ability for Purity to come back into its rightful place within the youth and the children of the world. Open your heart, let your voices be raised in Violet Flame, and let the very Presence of God reign supreme in your Life.

The Heart of The GREAT I AM is Within Your Own Heart Flame

Discourse — October 3, 2018

The All-Seeing Eye of Providence is the wakeful awareness of The GREAT I AM, knowing Itself to be the Presence, The One, and The Good. The GREAT I AM is fully engaged in advancing every part of life into greater and greater Perfection.

You may have the most tender, personal communion with that Presence of Almighty God, which knows Itself also to be the God Flame, the Mighty I AM Presence, as well as the Heart Flame wherever that Heart Flame abides. As you allow yourself to be lifted in consciousness into the sublime levels of this Divine Providence, you will have the opportunity to experience the baptism of your being in its Liquid Light, which is the *Light of God that Never Fails!* Entering into this new level of awareness between your Heart Flame and The GREAT I AM, visualize the dazzling white crystalline Light of this Consciousness of God welling up from every point of the compass, restoring the Perfection of the Godhead in all areas of your being and world.

The Time Is Now to Behold the Light of Your Presence

Lord Maitreya — October 3, 2018

Unlike in the times of old when the Initiates on the Path were sequestered away for many years, the time is now shortened for the elect. Lord Maitreya commands: *Engage in the Light of God! Let the Heart soar! Put away the childish things that take you away from your Identity in God!* The Ascended Masters wish you to excel at this Conclave, achieving the full Mastery your Presence desires for you. The Initiations of bringing forth the Divine Providence of your Presence and ultimately entering into the Allness of God require your complete attention. Strive to keep the all-seeing eye of your vision upon your Mighty I AM Presence and raise your vibration with the Decrees and you will be ready to receive the full outpouring of Abundance from your own individual Mighty I AM Presence. The time is now. You are in the right place at the right time to receive the Momentums your Presence desires you to have.

Happiness is the Glorious Ascended Master Light!

Discourse — October 4, 2018

Enter into the Consciousness of Divine Providence and allow for the assistance of Lord Maitreya in your meditation. This Great I AM Consciousness never departs from the Law of its own Being of Absolute Goodness and Oneness. Its nature is to pour forth Divine Love to every part of life while maintaining its own Purity, shining on the just and unjust while allowing no return of mortal consciousness into Itself. This wakeful Presence fulfills the Divine Responsibility of the First Secret Ray of ministering to and blessing every part of life, bringing Divine Order to all it touches. Saint Germain as Proclus explained that Divine Providence passes through all and neglects nothing, knows even imperfect things in their perfected form, knows that which is incomplete in its completed form. This is the true meaning of the Immaculate Concept. The Presence knows everything that is wholesome and innocent in your world and is in touch with your Heart Flame, knowing you as the Ascended Master to be.

It is Time for You to Become the Christ

The Goddess of Purity — October 4, 2018

The Goddess of Purity encourages you to have Gratitude for your Presence, your Source that gives the breath you breathe and beats your heart. Recognize every Blessing given to you. You have so much: The Flame on the Altar of your Heart, the Ascended Masters assisting you, the Glorious Elohim, the Violet Flame to refine your vehicles, and the Emerald Matrix to reorder all to the Perfection of God. The Ascension is within your grasp! When you choose to become the Presence of God, the Cosmic Light which holds the Earth in its embrace can be transferred to you on the instant. The key is to work with that Blessing and internalize Cosmic Law so it is forever yours. The Angels of Purity stream forth their Radiance to magnify areas of your life needing attention. As you begin to right those circumstances, you will enter

new levels of awareness of your Identity. Let Purity keep you day and night in the full Awakened Consciousness of the Christ Mind.

Divine Wise Dominion and the Conferment of Divine Power **Discourse — October 4, 2018**

For you to receive the buildup of God Power necessary for the Transfiguration, Resurrection, and Ascension there needs to be Divine Wisdom concerning the use of this Power. You must understand the difference between Divine Compassion and sympathy to avoid misqualifying the Power you are receiving. Saint Germain has defined human sympathy as agreement with imperfection. Do not focus on imperfection, commiserate or agree with it, in yourself or another lifestream. Rather, raise your attention and hold it upon the Mighty I AM Presence. Affirm: *I AM the Perfection in place of the imperfection.* It is the office of The GREAT I AM Consciousness of The One and The Good, as Divine Providence everywhere in action, to be the savior of the world, and you are becoming a participant, engaging and letting that God, who is everywhere in action, do the work through your lifestream. Enter joyously into the Mighty I AM Presence and let that Presence act by your joyous acceptance, and all things will manifest perfectly.

The Presence of God is Your Birthright **God and Goddess Meru — October 4, 2018**

The Manus of the Sixth Root Race come to affirm you are your God Presence in action. Holding you in their Heart, they send forth the Ray of their Cosmic Light so you may feel the Hallowed Space of its Charge and know your Presence abides in the Radiance of that Light. Affirm: *I AM the Presence of God! I desire the Mighty I AM Presence to release me into the full Freedom of the Holy Christ Presence. I behold the Presence of God and I will not surrender to unreality but only to the Presence of God.* You were intended all along to be the Flame of God where you are. You are to anchor the Light of your Presence in the Earth

and lay the groundwork for future generations to grasp what is the Truth. Your Heart Flame is that Eternal Light. Embrace that Flame and let it expand in your vehicles. Let the Light be in you, as your God Presence is in you.

All Things Are Dependent Upon Divine Providence

Discourse — October 5, 2018

The Temple of The Presence is the first Ascended Master Activity to reveal the Action of God above the level of the Great Central Sun. Now it is for you to put it into use and demonstrate to your Presence that this knowledge can be accompanied by increments of Divine Power, allowing the groundwork of the Golden Age to be established. This involves the lowering of the Charge of Light into your four lower bodies from your Mighty I AM Presence, from the Ascended Masters, and from the Golden Helicon. For a Golden Age to come requires a great wielding of Power. Therefore, there must be the passing of real life initiations where you rise into the Wisdom of your own Presence. You take Responsibility and then are given the Power to fulfill that Responsibility. These are the Christ Virtues, and they rest with your I AM Presence as the Doer, who initiates and sustains them. All belongs to the Mighty I AM Presence and is entrusted to your outer self for use in Service. The GREAT I AM is the ultimate Power. All things great and small are dependent upon Divine Providence.

Invoke the Full Power of the Shekhinah Pillar

Jesus — October 5, 2018

Jesus instructs you to stand in the overshadowing of your own Holy Christ Presence and invoke the Shekhinah Pillar. When the Light of your Presence streams forth and the Shekhinah Pillar that you have visualized over you pours forth its Radiance, you have established a very powerful Momentum! For this invokes the Ascended and Cosmic Beings to move into action for and on your behalf. See the Shekhinah Pillar radiating far and wide across the

Earth in a spinning action that leaves no space untouched by the Flame of God qualified by these Cosmic Beings! In the visualizing of the Shekhinah Pillar, you can deal with every negativity. The Charge of the Shekhinah Pillar has been placed in a Temple in the Etheric City above the Altar of The Temple of The Presence, so that you may easily access it. This Light must go forth for the Golden Age to dawn! When you hear of something going on in the world, make the Call in that moment, but only in Harmony with the Presence of God.

I Release Resurrection's Flame into the Earth!

Lord Krishna — October 5, 2018

Lord Krishna comes in the full array of the God Consciousness of The One to share with you those areas of life that you must pay attention to. He instructs you on preparing yourself for the Presence of God: learning to move within the Fires of God; calling forth the Resurrection Flame to purify your vehicles; and living your life in the understanding that you are a Son or Daughter of God. Each day you should be resurrecting latent energies within your being to elevate your consciousness, refine your chalice, and set you in the Vibration that your Presence requires. Lord Krishna initiates spirals of the Resurrection Flame in the Earth so that at any time you desire to elevate your consciousness, to purify and refine the tiniest cell of your body temple, the Resurrection Flame is available to you. Hold fast to your disciplines during the next year so that you are preparing your vehicles to accelerate in Resurrection's Flame.

Embrace the Dazzling Consciousness of The GREAT I AM **Discourse — October 6, 2018**

This Conference celebrates the Glorious, Dazzling, Mercury Diamond Shining Consciousness of The GREAT I AM. This Universal God Consciousness is all-pervading, alive, and self-luminous. It can only be described as *Light!* and *Light is this God Consciousness!*

This Most High God Consciousness is present in the White Fire Core of every atom, every cell of every part of this earth element. The Perfection within the Consciousness of The GREAT I AM is what we know as the Ascended Master Consciousness. As The GREAT I AM and the Individual I AM are One, so this God Consciousness is focused in your Heart Flame as well and is accessible to you. As a Son or Daughter of God you can call down the Dazzling White Light in all its Purity and Perfection to fully engulf you so that appearances are no longer seen and the multiplication of the Light annihilates the overlay of discord, restoring order and Purity.

You Can See the Hand of Freedom Already at Work
Saint Germain — October 6, 2018

Saint Germain proclaims that Freedom is not license to do whatever you will; it is the Freedom to be within the Presence of God, exercising the Virtues of the Christ, the Qualities of God, the Divine Outpouring from the Mind of God, and putting away childish things. For there to be the expansion of your gifts to give to God in Life, there must be Freedom! The Flame of Freedom must be guarded and protected. You cannot merely go through life with your head in the Great Central Sun and ignore what is about you. Your role in life is to take dominion in the Earth, to exercise the Christ Command, to expand the Light, and to assist in the co-creation of an Earth worthy of the Christ Light and, ultimately, the Golden Age. You are the Mighty I AM Presence in action when you allow that Freedom of the expression of God to come forth! And that is what Saint Germain wishes for the Earth!

Bring the Light of Divine Perfection to Bear in Your Life
Discourse — October 7, 2018

When Creation comes forth, there is the Consciousness of The GREAT I AM proclaiming, “I AM Light.” From the Realm of the Great Central Sun flows the infinite variety of combinations

and materials used throughout all creation down to the physical Earth. By cultivating the Consciousness of The GREAT I AM, you will be able to bring the pressure of the Light of the original Perfection of the Presence to bear in your life. You won't know the quintessence of who you are until you reach all the way into the inner Electronic Circle of your own Individual Mighty I AM Presence, which is a focus of the Consciousness of The GREAT I AM and contains the providential foreknowledge of The GREAT I AM. There is the imperative need for the acceleration of the Light in the four lower bodies. This is the lifelong work of those who wish to achieve the Victory of the Transfiguration, the Resurrection, and the Ascension.

Welcome to the High Altar in the Great Central Sun
The Nameless One — October 7, 2018

The Nameless One affirms that the opportunity for incarnation should be honored and respected. You are given every opportunity under Cosmic Law to accelerate your vehicles into the Mastery you require to make your Ascension. The Eternal Now of the Light streaming forth from your Mighty I AM Presence will bring to you everything you require. The Light from the High Altar of the Great Central Sun knows only Perfection, and only the aspect of your Presence tethered to the Flame upon the Altar of your Heart can abide in this Light. You are gaining the Charge of that Light from your own Threefold Flame expanding out into your vehicles of consciousness. As it becomes stepped up and magnified, this River of Light can easily wash away any obstacles in your life. To know of that Presence of God there must be the Great Silence filling your consciousness with the very Presence of God. Listen to the Chohans, for they have invaluable instruction on each of the Rays of God Consciousness.

The Perfection of the Law Will Establish God upon the Earth **Ouranos — October 7, 2018**

From your first incarnation, the very Perfection of God has streamed forth from your own Mighty I AM Presence into your outer vehicles to make a difference. The Maha Elohim Ouranos offers the reassuring teaching that you are tethered to the Allness of God in every way possible, and through that tether is the transfer of the Charge of God Direction. You can invoke the Flames of Elohim to expand within you, for you have the Charge of Elohim upon your brow and upon your Heart. But you must hold to the precepts of Cosmic Law. The spiritual centers, the Threefold Flame of the Heart, will all work in concert with the Mind of God and establish God on Earth. Wherever that Mind of God resides and you are holding to the Law in all ways, you will experience no limitation with the Presence of God. Only those who truly understand the Law can accelerate into the Ascension in the Light.

The Consciousness of Divine Providence **Discourse — October 14, 2018**

The Consciousness of Divine Providence is an antidote to any sadness you might be tempted to feel regarding the affairs of the world. As you commune with the Consciousness of The Great I AM, you will read the record of the Providential Love, care, and concern for every person on Earth and realize that all is well in the Consciousness of God, for that Presence is always in action. You have to cultivate the understanding that God is an awakened state of absolute awareness. It is the One Self-Aware Consciousness from which all else unfolds. You can decide that one with the Presence is a majority and stand with the God Consciousness that outweighs human opinions. The Great I AM is *Light! Light! Light!* It is the Light that wells up from within the White Fire Core of Being and is the vehicle of the God Consciousness that contains the knowledge of the Perfection of everything.

Take Full Advantage of Acropolis Sophia
Sophia — October 14, 2018

Wisdom is more than the wise use of Illumination. It is the Pattern of the Mind of God that allows you to know exactly what is needed at any second to fuel the Charge of Light that comes forth through your vehicles of expression into the world of form. The more you engage in the Light, the more you will be capable of holding. Do not let one day go by when you do not bring in more Illumination, study the Teachings, and fill yourself with the Patterns of the Christ Consciousness that you can bring to the fore. When you invoke the Light and stand in the onrush of the Charge going forth from your Threefold Flame, the Allness of God will respond. Allow the fullness of the radiance of your own Illumination Flame to stream forth and assist you in the manifestation of every God Quality. Beloved Sophia accelerates the Charge of Golden Wisdom throughout Earth and in your world to be held by her Holy Angels of Wisdom's Flame for as long as your Presence desires.
