Coming-To-Be of The Presence*

GODHEAD VICTORIOUS

The Godhead Charioteer®:

Victorious in the Central Sun & On Earth

Harvest Conclave

October 7-11, 2020

Be God Victorious!

Great Divine Director — September 26, 2020

The Great Divine Director understands how challenging it is to go through many lifetimes. But you have made many right decisions and accomplished great work in your incarnations. Because there is a Hierarchy of Light, your Mighty I AM Presence can receive counsel on how your lifestream needs to advance in a given incarnation. And for you in incarnation, it only takes a moment to attune with your Presence and know what is the right course to take. This Holy Day celebrates the moment of your first incarnation and of each incarnation when your Heart Flame began to establish life within the womb. There is a new burst of Light with each Coming-To Be, and there will be a burst of Light when your Destiny is fulfilled and you rise into the Ascension. This is the goal of life! And your Victory is assured because the Mighty I AM Presence is always Victorious!

Consciously Living the Ascended Master Way of Life®

Discourse — October 7, 2020

This welcoming Discourse sets out the goal of the Conclave, which is to provide an in-depth training in the nuanced Principles of Cosmic Law. These Principles may have been dismissed as already known, but they need to be understood more clearly so they become a part of the way you live your life. Certain of these Principles of the Law have been missed due to the untransmuted substances of the four lower bodies. By studying these points in order to be able to perform the Law yourself in

cooperation with your Presence, the Law will work through you to such an extent that you will be astonished. You will be able to live the Ascended Master Way of Life® rather than two separate lives, one inner devotional life and one outer life. This Discourse highlights six major human mindsets that will be addressed during the Conclave, the main one being the sense of duality. You will be pulling out impure threads from the tapestry of your understanding that mar the Divine Design for your life.

Chart Your Destiny According to Divine Will

Apollo — October 7, 2020

Apollo, the Mighty Elohim of Illumination's Flame, comes with his bow and quiver to assist you in bringing forth an even greater momentum of Light and communion with your Mighty I AM Presence. He reminds you that his Gift, the Sun-Ray Compass can play a part in helping you so you will not miss a step on your way. Before your first Incarnation you were in the Realms of the Great Central Sun. You knew that Holy and Sacred Realm, and when you came into Incarnation you still had the full communion with your I AM Presence through the Christ Presence. Give your attention daily to your Heart Flame, maintaining your ritual of communion so your True Identity can come to the fore and lead you by the hand, guiding you in right decisions and choices of activities until you are fulfilling the very Fullness of the Will of God. Allow your Heart Flame to once more breathe into your life and activities. Your Presence will then unfurl its fragrant essence, unique intonation, and song.

The Mystery of the Third Secret Ray of Divine Sacrifice

Discourse — October 8, 2020

The keynote of this Conference is Godhead Victorious, the Victory of your Mighty I AM Presence. Before coming into embodiment, your Presence resolved to obtain God Dominion and Mastery over all Realms of Creation, especially the Life

Forces that govern these realms. So your Presence will be the part of your Identity that performs the Victory. By you holding open the doorway into the Electronic Circle of your own Presence, your Presence can perform for you and through you the miracles of manifesting Perfection in your outer life. Your Presence is always Victorious, so long as that Presence is invoked and given the Authority to act in your life. In order to go beyond a certain point of attainment, all must be given back to your Presence. The Mystery of the Third Secret Ray of Divine Sacrifice is the utter Givingness of all that you are outwardly in this world, your very self, back to your Presence without reserve. This is a ritual you can practice. When you give your all to your Presence, this allows your Presence to more powerfully enfold your four lower bodies in your Christ Presence and your Causal Body Presence — the return gift of the Christed Radiance.

Open Your Heart to the Flame of God Love

Nada — October 8, 2020

Nada schools you on knowing what it means to enter into the Love of God. Love is never truly understood unless there is an understanding of the Presence of God. She reminds you that your Heart Flame is the Source of all that is good within your life. And it is that goodness that flows freely from your own God Presence — daily, hourly, moment-by-moment. Nada teaches what will allow the unfurling of your Threefold Flame to encompass the entirety of your Being, what allows for the Sacrifice of the givingness of your Heart, and how to be the open door for your Presence to establish its Kingdom upon Earth. She reminds you that the “I AM” is a Fohat of your God Presence. Used wisely, it will bring about all that is God Good and open the doorway into the Elemental Forces of Nature to allow your Heart to appropriate the gifts that are there waiting for you. It is only when the door to your Heart is open that your Holy Christ Presence can usher in the pure Love that is so desired — the Love that is the Heart of your I AM Presence that loves you beyond measure!

The Discipline to Abide in the Presence of God

Discourse — October 8, 2020

This Discourse contrasts two stories of Orpheus with events in the life of David Lloyd and Alexander Gaylord, illustrating the need to trust the timing of your Presence concerning your Victory, no matter what outer circumstances may report to you. Human doubt, questioning, and impatience will break the connectivity with your Presence. Saint Germain said you cannot know God if there is an acceptance of anything opposed to God. Reports of imperfection coming from the outer world must be denied and known to be unreal. Give your calls to protect your consciousness from the worldly reports and turn your attention, with a single-eyed focus, to the Perfection of your Presence, to the Beauty of the Buddhic Realm, to the Perfection of the Nirvanic World, and on into the Great Central Sun. Holding the thread of connectivity to that Still Small Voice of the Presence speaking within you, even in the midst of the tumult of life, takes a steely determination. A helpful key is to visualize the completed fulfillment of your desire and allow your Presence to choose how and when your Victory will come.

The Necessity Ray Allows You to Stand in the Fullness of God

Leto — October 8, 2020

Ascended Lady Master Leto discusses with you what it is like to stand undaunted in the face of a challenging situation and be able to bring calm to it or dissipate it. She describes how She went through such Initiations, as all do in their unique way. Were it not for the Presence of God she would have crumbled with fear or used some other human solution in those situations. You have built a foundation with your calls and your experiences of communion with your Mighty I AM Presence. You have what it takes to take command, you needn't shrink back. Maybe you will be called to protect someone or to face your fear in some way. Whatever it is, the solution is to hold to the Presence of God. If you feel unprepared at

present, then calling upon the Most High at your altar will connect you to the Mind of God and you will become aware of the areas in your consciousness that need to be strengthened and given the sustenance of your Mighty I AM Presence.

An Indian Summer's Morn and Major Henderson's Head **Discourse — October 9, 2020**

Giving your all to your Mighty I AM Presence means giving both your heart and mind. The carnal mind can, if undetected, appropriate enough of the student's thoughts and feelings to cause doubt and incredulity and prevent further progress on the Path. Your Ascended Master sponsors are absolutely faithful to the Authority of your Presence. However, for the Presence and Masters to act in your world, your outer self also has to give its Authority to your Mighty I AM Presence. This is what is shown in the three stories retold in this Discourse, of Major Henderson and Blavatsky, Olcott and El Morya, and the children in the Cave of Symbols with Virgo and Pelleur. Bringing this carnal mind under God control requires a total identification with your Heart Flame. After calling on the Violet Flame, you can invoke the Golden Liquid Light from the Heart of your Electronic Body and see it come into the brain of the physical body, reconnecting the brain cells with the Golden Plume, allowing the Christ Mind to take command.

Mankind Needs the Violet Flame **Kwan Yin — October 9, 2020**

The Goddess of Mercy, Kwan Yin, August Member of the Karmic Board, streams forth the Mercy and Love of God with the Violet Transmuting Flame. Having vowed to continue to extend this blessing of her Life and Momentum until every Son and Daughter of God is ascended, She assures you that She answers every call on the instant, thus freeing you to win your Victories. In addition to her assistance, you have the responsibility

to maintain your Freedom, to go within your Heart Flame to deal with any karma or repetitive negative patterns that arise in your world with the Flames of Transmutation, especially the Violet Flame. The Violet Flame will remove karma, dissolve anxiety, and consume negativity. Having accomplished this work of invocation and committing your Heart Flame to your Mighty I AM Presence, you can once more rise into the rarefied atmosphere of your Christhood. Remain in the Eternal Now and do not be preoccupied with outer circumstances, for your Mighty I AM Presence can change the course of your life effortlessly with one Ray of Light.

***The Importance of Raising the Vibration
of Your Physical Body***
Discourse — October 9, 2020

This Discourse delves deeper into the Truths of the Godhead Charioteer Victorious in the Great Central Sun and on Earth. We are reminded of the Oneness of God Consciousness that expresses from The One through each level, all the way to the earth plane. The Mighty I AM Presence is intended to unfold its Ascended Master Light in every plane and sub-plane, including those of the gross physical. Despite the human discord still present within the lower bodies, they are ultimately meant to be glorified with the Ascended Master Light of the Presence as it gains mastery. The Presence is Victorious through these bodies when they are accelerated, purified, and perfected through your decrees and disciplines. Saint Germain has said that the physical body can be accelerated beyond your wildest imagination! This has been demonstrated with the Atomic Accelerator which the Ascended Masters have employed to assist in the magnification of the Light of the Electronic Body moving out through every cell of the physical bodies of certain adepts prior to making their Ascensions, purifying and accelerating them to the point of becoming dazzling White Light, free from the pull of gravity.

Hold the Vision of Your Victory

God Tabor — October 9, 2020

The Elohim of the Earth Element, God Tabor, desires that you appreciate your physical body as a vehicle in which your Heart Flame is able to operate. He teaches you how you can fulfill your responsibility to keep it healthy through the acceleration of that Heart Flame. You are like the Earth that is charged with Currents of Light by the Elohim. You can heal your body with Healing Currents and Violet Flame and enter into the work of healing the Earth as well, so quiet and Peace can return. While others may not understand the importance of the physical body, nor accept the possibility that God works through the four lower bodies we wear, you have learned the Truth of Cosmic Law® and have the Vision and surety that one day the Flame upon the Altar of your Heart will carry you into the Fullness of the Mighty I AM Presence in the Ascension in the Light. Hold the Vision, keep the Purity in your life, and allow for the Presence of God to abide where you are always.

Returning to the Consciousness of The One

Discourse — October 10, 2020

The purpose of the Holy Day of *Godhead Victorious* is for you to reconnect with the awareness of the Presence of the Godhead as One, to make new pathways between your current awareness and the All-Pervading God Reality, leading to the ultimate Victory of the reunion of the four lower bodies with the Mighty I AM Presence. This Discourse describes beautifully how the lower realms are part of this Oneness, how they unfold seamlessly Realm upon Realm from the Great Central Sun. There is no imperfection anywhere. The Presence is victorious and in charge everywhere. The only way anything negative can reside in your consciousness is if you have given power to an outer world appearance. Saint Germain said he was able to free Himself by using the Fiat: *You have no power!* He would use this when imperfection appeared in his world. By doing this you keep

your Tube of Light and Electronic Circle intact and you can have the full overshadowing of your Christ Presence. You can live the life your Presence desires, one of creativity, self-expression, and Love.

Be the Conductor of the Keynote of Your God Presence
Cyclopea — October 10, 2020

Cyclopea imparts a clearing of your third-eye vision, so you can have a keener perception of your True Identity which is the Mighty I AM Presence. He encourages you to hold tightly to your connection with that Presence, which is alive and vibrant with the conscious awareness of its own Individuality. The Vision it holds is always in keeping with the Allness of God. When you breathe the breath of life upon those High Ideals your Presence desires you to express and bring into manifestation through the Elemental Forces of Nature, you are like the conductor of a great symphony playing the Keynote of your own God Presence with the melody of all the attributes and dynamics that are to come forth. There is no loss in giving your all to your Presence. Allow for its strength to be the guiding principle in all things in your life and hold to the unwavering Vision of your Ascension.

Q&A With Monroe Shearer
October 10, 2020

The Anointed Representative Monroe Julius Shearer answers questions posed by students on the Teachings presented during the Conference. Topics included ascending back into the Mighty I AM Presence and knowing oneself as that Presence while also giving adoration to the Great I AM; the nature of the Monads and their relationship to the Great Central Sun; Saint Germain's meaning of Love; the action of the Helicon Solar Shield and its interaction with the Mighty I AM Presence; focused and effortless decreeing; and how long it takes to know the Oneness of God.

Complete Faith and Trust in the Presence

Discourse — October 11, 2020

The Masters hope your greatest Faith and Trust will always be with your own Mighty I AM Presence, not just knowing your Presence's Love for you, but its ability to fill you with its Power and Light in answer to your calls. If you lack Faith in your Presence, you can ask your Presence to help you while you visualize a pale Blue Light coming forth from the Heart of your Presence and completely surrounding you. Return it back to the Heart of your Presence. And as you practice repeating this cycle, your Faith will increase, and you will know that everything you require for your Service to Life will be provided by the Bounty of your Mighty I AM Presence.

Use the Life You Have Been Given Victoriously

Jesus — October 11, 2020

Jesus asks if you are anchoring the Light of God and if you are allowing that Light to ripple out and to love God in all of Life. He provides invaluable instruction on attaining the Higher Estate of Life that He knows as "God Love" and that you know as an Ascended Master Way of Life®. Jesus teaches you what your Threefold Flame allows, why your emotional body must be disciplined, and what will unfold the Divine Direction of your life. He also instructs on what will enable your Thread of Contact with the Mind of God, what overcoming is, and what making wise decisions is all about. Jesus reveals what occurs when God Love is present, and what makes it impossible to turn against God or any part of God's Life. He explains why your attention to detail is important, and why putting your transgressions against God in Life into the Flame is all-important. Let Jesus teach you the standard with which to convey the Truth of your Identity of your Presence in Action within you! And discover what will allow the intonation of that Perfect Pitch of your Presence's Keynote to take command of your life — and when God and your Presence will be Victorious in you!

See Only Victory

Mighty Victory — October 11, 2020

Mighty Victory sends forth his Momentum of Victory to you, proclaiming the Godhead Victorious of your own I AM Presence, here and now! Victory is all you should see, for your own Presence knows only Victory! Your Presence has entered into Incarnation in order to establish a Pillar of Light upon the Earth, that radiates out and becomes the Symphony of God Life that knits together the Family of God with the *Entire Spirit of the Brotherhood of Light!* That is the Golden Age that is intended to come. Mighty Victory presents a magnificent visualization of the Divine Patterns that will be anchored when the Earth attains its Golden Age as Regulus. It is important for you to hold the Vision for the Victory of your own Christ Light and the Freedom that you can express right where you are! Let the Glory of God be anchored in the Earth by your calls, your momentum, and your devotions to God! Embrace the Glory of God, and allow it to fill you and to lift you into the Allness of God!

THE FIAT LUX

MOMENT

PART II

Acropolis Sophia
October 12 - 18, 2020

***Charge Your World with the Light and
Perfection of Your Presence***
Discourse — October 12, 2020

In this Acropolis Sophia, you will learn about the Coming-To-Be of your Presence, which is the meaning of “The Incarnation” — that your Presence is the Heart that is taking on the vehicles and the elements that have been prepared for that Heart Flame’s unfolding. You will learn about the Initiations when your Presence says, “Let’s see how well my Heart Flame in embodiment can stand in its own Light in connection with me, invoking the Light that will produce Mastery over the elements.” And you will learn the importance of cultivating such a momentum of the Coming-To-Be of your Presence through your Heart and four lower bodies that will cause so much blazing Light that you will easily dismiss appearances and win the Victory of the God Mastery and the God Dominion that your Presence has sought by incarnating. Understand how the Light coming forth can charge your immediate aura and everything in your life, sustaining Perfection and quickly annihilating anything less than Perfection in your world. That is the High Ideal of *Godhead Victorious!* It is the Coming-To-Be of your own Presence in your world, charging your world, and making all of it the Temple of the Most High Living God!

A Closer Communion with Your Mighty I AM Presence

Maha Chohan — October 12, 2020

The Maha Chohan instructs you on the Coming-To-Be of your Presence into the whole of your life, on the Law of the AM-ness of your Presence, and on what is expected of the Christ. When you are in attunement with your Heart all the way to your Presence, that same attunement carries you into the Heart of the Great I AM, into the Heart of The One, and into the Heart of the Allness of God. Explaining the importance of this Charged Radiance of the Holy Christ Presence, the Maha Chohan teaches how to strengthen the Charge of the Light of your Presence into your vehicles, and the resulting Responsibility that comes with that Charge. Always remember to expand your call, invoking your Presence and the Ascended and Cosmic Beings to respond to any Heart Flame that is in need. Do not underestimate the Power of God that you can draw forth. When you are in the Presence of God, hold fast to all that you can draw back to your outer memory when your experience ends. Jot it down so that you can be reminded by your Christic notes of your experience with the Most High.

Divine Providence is Your Motivation to Forge New Momentums

Discourse — October 13, 2020

Your Presence wants a sufficiency of mastery in this world of form in all of the Seven Bands of the Causal Body, in all of the Five Secret Rays, in the primal attributes of Love, Wisdom, and Power, and in the Alpha and Omega polarities. The Vision of your Perfection is held in the Pattern of the Electronic Body of your Presence so that can be the motivation of your Path. This Pattern is perceptible to the Ascended Masters and works in close conjunction with the Great I AM and the Providence of the Great I AM. The Consciousness of the Great I AM is best epitomized in

all that is meant by Providential Love and Foreknowing. The Law of the Being of that Great I AM is to envision the best for every part of God Reality, most especially for all of the Individualizations of its own Being. As you cultivate a blazing aura, practicing the Ritual of Godhead Victorious, pursue that attainment that your Presence insists upon before the Ascension may take place. And when you must master something that you do not have a natural momentum on, let Providence be your motivation. Aspire to the Perfection that the Great I AM has decreed for you!

Divine Providence Streams Forth to Light Your Path
Archeia Aurora — October 13, 2020

Archeia Aurora brings the dawning of a new day of consciousness. She teaches you what will help you stand firmly fixed in the Charge of Light and Momentum of the Coming-To-Be of Divine Providence in your life, and what will hinder this. As you develop your sensitivities to the Mind of God, your own I AM Presence in the Office of your Christhood, as you recognize the Charge of Light for your emotional body that is intended to lift you into the Christ Mind, and as the Love of God is imparted to you to magnetize more of God into your life, then you are prepared to move forward and fulfill your next cycle. For you to fulfill Divine Providence, your Heart Flame must soar! For that is the Charge of the Threefold Flame elevated into the Christ Consciousness that allows for the Patterns of Divine Providence to unfold in Divine Order according to what is to occur. To fulfill Divine Providence, there must also be the cooperation of the Threefold Flame of your Heart and your spiritual centers, with the Kundalini Fire established as a Rod of Power. Hold fast to the understanding that you are the Mighty I AM Presence in Action!

The Charged Forcefield of the Aura and Four Lower Bodies

Discourse — October 13, 2020

This week of Acropolis is about the practice of your own I AM Presence as the All-in-All of your being and your life. Blessings and benefits come from cultivating and maintaining the Charge of Light coming from your Presence and building a charged aura and forcefield that is brimming with Ascended Master Light and Perfection. You have the ability to charge anything in your life with the Perfection of your Presence. Every I AM Presence is a limitless Source of The Good and The One. Saint Germain says it is the duty of every student to know that their Presence is focused through them and their vehicles and around them at all times. Your bodies are to be a grail that lets the surplus Charge continue on its journey into the world as the glad free gift of Life and Love to bless every part of life. You must expand your calls to include all mankind, because your Presence can effortlessly charge all mankind as well as you. Your physical body and etheric body can have that blazing aura of Ascended Master Light flowing through them. And your body can be attuned to resonate with the programs of the Central Sun!

The Pillar of the Blue Flame of the Holy Kumaras

Surya — October 13, 2020

Elohim Surya presents a Sacred Teaching on the Will of God, and on Sanatka and the Holy Kumaras. He instructs that it takes the Will of your Heart Flame to infuse your consciousness to enter into the Will of God, to know what it means to chart your Destiny according to that Divine Will, and how there is an empowerment that occurs when that Will is actively engaged. Surya instructs you on the Office of the Holy Kumaras and their Charge of the Virgin Consciousness of Purity that is most important to the holding together of life as it exists on Earth. The Flame of the Will of God in the Blue Pillar of Sanatka sends forth the Charge

of Divine Providence. When Divine Providence comes forth from The One, it is instilled within the Temple of the Holy Kumaras as a foundation of the Charge of Momentum in all of the God Qualities that are to manifest for the Kingdom of God to appropriate. Surya holds fast to the Vision for your Victory in fulfilling the Will of God. And you have the support of the Elohim in overcoming any limitation that may still need to be transmuted and disciplined in your outer vehicles.

The Spherical Cosmic Awareness of Your True Selfhood **Discourse — October 14, 2020**

One goal of this class is for you to be lifted into sharing the Consciousness of your own Beloved Mighty I AM Presence. Being One with the Great I AM, your Presence does not separate itself from the awareness of the Great I AM, whatever realm its Heart Flame is in. When you can hold the past, present, and future awareness of the Great Central Sun, your consciousness becomes God Consciousness, and you are reuniting with your original God Awareness. You are always within the Bosom of the Great Central Sun. At each level of Coming-To-Be, the Consciousness of the Great I AM flows forth and then back to its Source, gradually lowering itself into the earth plane so there is an unbroken communion with the Great I AM.

Be the Constant Conscious Christ Command of Your Presence **Hyperion — October 14, 2020**

Elohim Hyperion explains how the Elohim issue the Constant Conscious Christ Command, calling upon the Archangels, the Chohans, and the Holy Kumaras to bring forth Divine Wisdom. Sometimes the Sons and Daughters of God stumble upon Cosmic Law and there is a moment of transformation and revelation of their True Identity. But you must hold fast to the Charge of Purity to issue the Constant Conscious Christ Command to assure your call will be answered. Call forth the Flame of Sa Ananda for his Virgin Consciousness and for all in Divine

Order to come forth. You have all you require here and now to enter into greater communion with the Holy Kumaras and to draw forth Divine Providence and the Golden Age.

The Foundation of The Good and The One
Discourse — October 14, 2020

You cannot exhaust all of the Goodness that is within The Good. Everything that has pressed through to the earth realm has its Eternal Reality in the Great Central Sun. Everything real desires The Good because it remembers what it was like to be The Good. This is the driving force that not only sustains the circulations within the Great Central Sun, but it is the great in-breath that draws all back to be as close to The Good and The One as possible. Love is the givingness of the Divine Self that is the Individualization of The Good and The One constantly going forth. The Mighty I AM Presence can manifest anything and everything because it is all there in the Great Central Sun.

The Meaning of Entering Into God Love
Kronos — October 14, 2020

The Ascended and Cosmic Beings stream forth their Love for God so that you might have the tangible Reality of the magnificent Consciousness of the Most High. When you bring this Momentum into your life and make it your own, establishing Divine Service to God in Life under the canopy of the Will of God and Illumination's Flame, the Threefold Action of your Heart Flame unfurls with greater momentum in your life. You can expand that Love as far and as wide as your ability to draw upon the Allness of God. When the Elohim, the Archangels, and the Chohans require an exceptional concentration of Purity, they draw upon the Pillars of the Holy Kumaras. Embrace the Truth of your Identity as God Love and give the Christ Command: I AM God Love.

The Coming-To-Be of Saint Germain's Cloud

Discourse — October 15, 2020

The Universal Light is at your service. Saint Germain's Cloud has been activated for many adepts by the action of their Christ Presence in conjunction with their I AM Presence. The Cloud is a transitional stage that is the earliest phase of the coming forth of Light from the Great Central Sun into the Realms of Manifestation. It is not completely qualified, but established in time and space and receptive to becoming whatever it needs to become. These points of Light are indeed alive. A primary key to establishing the Cloud is the issuance of the Conscious Cosmic Christ Command to the intelligence within that Light. Your call should be the out-picturing of what you wish. The Christ Presence knows how that outcome is to be achieved, and it reaches into the I AM Presence and draws from the Presence the exact ingredients needed. The I AM Presence is the Doer, acting on the Universals, the Monads of Light in the Central Sun, qualifying the forcefield of the Monads of Light to produce your desired result.

Let the Ray of Purity Be Your Pillar of Fire

Elohim of Purity — October 12, 2020

The Elohim of Purity reminds you about what you have learned, understood, and established as a student of the Light. The Elohim Purity asks: Now that you have a greater understanding and you have had revealed to your outer consciousness the Truth of who you are, what will you do with it? Each day you are given new opportunity to galvanize the Light of God within you and to accelerate your attainment in the wise use of that Light to manifest more of the Attributes of your Presence. Your forcefield must be sealed off from the astral and psychic planes. You must have the Charge of Light polarizing you to your Presence, allowing for the Light of Purity to move into action, while visualizing the Pillars of the Holy Kumaras. Know the great Service performed in the Pillar of Purity by Sujata in the Temple of the Holy Kumaras. For

when this Light streams forth, it is holding the fabric of that Divine Providence, which is the Edenic Blueprint of all that is to come to be in the world of form and formlessness throughout the Kingdom of God! Elohim Purity states that the daily transmutation of your returning karma is Wisdom put into action!

Focusing and Concentrating the Power of the Light
Discourse — October 16, 2020

Establishing a charged forcefield requires great Power, an ongoing, rolling Momentum of God Light. The focal point of that Power is the Heart, Head, and Hands of our own Mighty I AM Presence. That Power is passed along through the Crystal Cord. It is intended to come down along the Spinal Altar to the base of the spine and then as a return current to the Mighty I AM Presence. The Crystal Cord energy flows forth wherever the attention directs it. Our goal is to realize this and cease the indiscriminate focus of our attention, keeping it concentrated on the Mighty I AM Presence at all times so that God Power can flow forth into our world and out to the world around us.

The Emerald Ray Is the Key to Unlocking the Cosmos
Vesta — October 16, 2020

The purpose of having the ability to issue forth the Christ Command is so the Fullness of the Mind of God draws forth from the Emerald Ray the Ascended Master Way of Life you are to live. Just as Beloved Vesta and Helios can call forth the Emerald Ray to consume unreality, so can your own Mighty I AM Presence. You entered life charged with the momentum and opportunity to live an Ascended Master Way of Life. The Emerald Ray is your secret creative key to the unlocking of the Cosmos with your Christ Command. When you call forth the Emerald Matrix, the Charge will go forth to manifest the Vision of the Mind of God and you will be Victorious. You can draw upon the Pillars of Light of the Holy Kumaras through the Threefold Flame of your Heart.

The Greatest Momentum Is to Love God with All Your Heart
El Morya — October 16, 2020

Understanding that the Mighty I AM Presence is always in command assures you that your call to your Presence will always be answered with the Full Momentum of your Presence. When and how your call is answered will be determined by your Presence, so you must have Patience as you continue to hold the Charge of God Momentum in your consciousness. This is how the Will of God for your lifestream enables you to fulfill your Fiery Destiny. In every incarnation, your Presence has a cycle of accomplishment to be fulfilled for you to advance that Destiny forward. Every aspect of life you engage in should be part of God's Will. The Constancy of your communion with the Threefold Flame of your Heart will prepare you and inform you of actions required to be taken.

Receiving All from and Returning All to the Presence
Discourse — October 17, 2020

There needs to be the recognition that whatever the Victories or seeming accomplishments of the outer self, they are all enabled by the Crystal Cord energy being supplied by the Mighty I AM Presence. So the fruits of one's labors should be placed upon the Altar and returned to the Mighty I AM Presence for its Blessing so it can all be drawn up and multiplied by the Light. This requires releasing attachment to outer objects and accomplishments and giving all of oneself back to the Presence so God can be All-in-All. Then you have given Gratitude back to the Presence and the cycle has been completed, allowing more of your Presence to flow forth through you and out to the world.

Adhere to Your Identity as the Christ

Peace & Aloha — October 17, 2020

The true measure of your wealth is your attainment in the Momentum of God. Being a just steward of all you have been given means pouring it into all the avenues of life your Presence desires. When your vehicles are charged with Light and you feel Divine Momentum flowing forth, you know you are in the right place fulfilling your Divine Destiny. No matter your profession, age or education, you have the opportunity to bring forth more God Momentum right where you are. Knowing that the Presence of God abides where you are brings a depth of Peace you are able to experience. When you know the Flame of God is sustained in the Temple of the Holy Kumaras, you have greater opportunity to enter into the Service of God and bring it forth.

Q&A with Monroe Shearer

October 17, 2020

The Anointed Representative, Monroe Julius Shearer, expressed how much he and Carolyn miss having everyone present for the Conferences and Acropolis. In the Q&A, he then explains that before creation could come forth, God had to individualize. And so any time there was a momentous occurrence or healing, there was always an Initiate in embodiment fulfilling the Law of Octaves of the Heart Flame of the Mighty I AM Presence. Questions were asked about the sub-planes, the astral and psychic planes, and about the existence of the Causal Presence and Christ Presence prior to the Fiat Lux Moment. There was also the explanation of how the Ascension is the ultimate Coming-To-Be.

I AM The Way

Discourse — October 18, 2020

Your Christ Presence is as close as the beat of your Heart and has taken your silent prayers to the Heart of your Presence to produce the out-picturing of your aspirations. Today we are celebrating the Freedom to know oneself as the Presence and to use the name I AM freely. Though there may seem to be problems, always remember *I AM the Way*. Your Presence is always affirming *I AM the Way* for the solution to any challenge you face. The full answer for the Perfect outcome is always present. Only karmic conditions prevent the answer from immediately appearing. Your calls, study, and devotions are necessary because you are in the process of cooperating with your Presence. When your will is one with the Will of your Mighty I AM Presence, your Victory is assured.

We Anchor Freedom's Flame from Our Temple

Sanat Kumara — October 18, 2020

Sanat Kumara tells us that the Holy Kumaras anchor Freedom's Flame from their Temple so you will be free to be the Presence of God, unencumbered by unreality and human consciousness. You need only invoke the Violet Flame to have records of past misdeeds consumed. You can invoke the Power of the Mighty I AM Presence to enable your Presence to have the Freedom to conduct its affairs and pursue its Destiny in this era. If you are invoking the Light but not accelerating, you are not fulfilling the Law of your Being adequately. Call upon God, enter into the Great Silence, and listen to what God will share with you. Allow your Heart Flame to carry you into the Fullness of your Presence to receive the Charge of Elohim and the Rays that the Holy Kumaras send to assist you to attain a greater attunement with God.

Embrace Your Blessings and Move into the Light of God
Lord Gautama — October 25, 2020

In all ways, your Presence reveals to you those patterns of life that must go into the Flame and be no more so the Threefold Flame of your Heart can take its rightful place in your life. Look to the Flame upon your Heart to open new areas of life and new opportunities to you. Your Heart Flame interprets the atmosphere around you, discerning whether it contains a vibration worthy for your Presence to abide within. As you internalize the instruction, Cosmic Law is put into action in your life and you carry out the Will, Desire, and Love of your Presence. God loves *God in Action* and that allows you to expand God moving throughout the world, the Cosmos, and All of God.
