Harmonies of the Golden Age

Peeling Freedom's Flame!

Freedom Conclave 2017

You are the Open Door to the Golden Age!

Discourse — June 28, 2017

You are a living filament of Light and Life that issues from the Heart of your God Presence. The Mighty I AM Presence sends forth its Heart Flame through all intermediate planes of God Reality, coming to rest in incarnation in the physical world. Your role is to attune to your True Selfhood and those transcendent realms of God Perfection and God Reality, making yourself the open door for the Presence and an embodiment of the Golden Age of one. Hold your attention riveted upon your own Presence as God Individualized, as well as the many levels of God Reality that are Eternal within the Great Central Sun. The Divine Principles and Wisdom of Cosmic Law are the foundation for the Golden Age, set forth as an Ascended Master Way of Life. The Matrices of the Golden Age and the Power needed to manifest them are already anchored in the Great Electronic Fire Rings of the Great Central Sun.

Let the Intonation of Akasha be Your Home

Surya — June 28, 2017

Surya, Elohim of Akasha, addresses you on your Liberty, your Freedom, and what it takes to have God Consciousness immediately available to you to draw upon in every circumstance of life. He instructs that Akasha is filled with the substance of God Consciousness that you desire to appropriate for God Good. He explains how you can become the Chalice to hold that God Good. Akasha is a reservoir of all the substance of God Life, Light, and Momentum you require to fulfill and accomplish your Divine Plan. When you have a relationship with the Divine, with your God Presence, you take on a new way of life. Miracles are the way life is supposed to be lived; it is the natural course of drawing forth God's Light and putting it into

action. Surya commends you to enter into the Peace and the Harmony that allow your vehicles to be knitted together in the One Heart of the One God. Let the Intonation of Akasha be your home wherever you journey!

Extolling Divine Wisdom

Discourse — June 29, 2017

The Ascended Masters' goal is to bring forth the zeal and passion for more and more of the Presence of God. It is so very important that God be central to everything that takes place. The only real long-term future of the Golden Age lies in the *Resurgem Christos* of the Ascended Master Teachings, the Truths of Cosmic Law ensouled by the Golden Plume of the Mind of God that is Divine Wisdom. Wisdom is the awakened Consciousness of each one's own True Selfhood. It allows the reconnection with this True Selfhood again, flowing through the Heart and informing the mind with the Golden Plume. Divine Wisdom is one of the greatest hallmarks of the Golden Age. The success of a Golden Age cannot be measured in the number of people in attendance, but by the externalization of the Light of the God Presence within those present. The Truth of God Individualized is the greatest Wisdom that the world needs to know.

Expanding the Mind of God

Lord Lanto — June 29, 2017

Desiring that the youth of the world receive Illumination and ample opportunity to embrace their Higher Consciousness, Lord Lanto asks you to let the Light go forth from your sanctuaries and from The Temple's Altar. Mankind must awaken to the Mind of God. Teachers must be taught the Wisdom of the Presence and of Cosmic Law. It is time for there to be leaders — not leading after the example of a godless creation, but of the Flame of God that has Illumination and Wisdom at its core. The Light of the Christ must become the subconscious of the many and replace the human consciousness. As you retire in the evening, let your consciousness soar to those areas of your life that need to be illumined and

strategically shifted by the Mind of God. Then call upon your Presence to sort through all of the dilemmas that you may have and watch how the Hand of God works as Cosmic Law!

A Dispensation of Love from the Secret Love Star

Lady Master Venus — June 29, 2017

Lady Master Venus and Sanat Kumara have determined that it is time for the Dispensation of a more than ordinary amount of Light and Momentum from the Secret Love Star to be released to the Earth. This cycle is intended for you to expand all that is God Good within you and to put into the Flame of Transmutation all that is *not* good and does not rise to the level of the vibration that allows for you to be overshadowed by your own Holy Christ Presence. The true Love that you desire and are to give is first and foremost to your own Mighty I AM Presence! The greatest of all Love is the Presence of God. You can walk in Love, act in Love, create in Love! And therefore, Love will be your greatest Shield and Protection. Everything stems from the Source, from The One, and from God Love!

Educate Your Consciousness in the Flame of God

Sanat Kumara — June 29, 2017

Sanat Kumara commends you for all that you have accomplished thus far. But there is much ahead that you will need to anticipate and accelerate your striving to meet. That striving will elevate your consciousness, your momentum, and your vibration so that the Intonation of Akasha streams forth at your command and the Light of God is where you are. Honor your Heart Flame. Respect the opportunity to be in incarnation. Educate your consciousness in the Flame of God and Cosmic Law. You are gaining in Mastery and Attainment to take command of the Elemental Forces of Nature — first and foremost, those that make up your body temple. When you put on the Light of your Presence, when you establish momentums of Purity within your life, you are becoming more of the Presence where you are. The work of the Secret Love Star is not just to emanate pure God Love for Love's sake, but to reestablish the Divine Blueprint of Life.

Lowering the Golden Age through Your Vehicles of Consciousness

Discourse — June 30, 2017

Our keynote throughout this Conference is *Harmonies of the Golden Age*, the pealing and resounding of the Flame of Liberty. These Harmonies are where the Golden Age first issues forth from the Heart of God in the Great Central Sun. The Ascended Masters desire you to reach into those Realms of Realized Perfection where the Eternal Divine Patterns of the Golden Age exist in the Heart and Mind of God. You are reconnecting with and reestablishing the Edenic Consciousness that has never ceased to be. As an Ascended Master disciple, your great Service to Life is to offer yourself as a living conduit along which the Ascended Masters and your own Presence can lower into the physical realm all that is the Reality of this Great Central Sun. As you are able to give birth in consciousness to the Outpouring of the Light of the Dawning Golden Age it will be anchored in the Earth and flourish, proliferate, and expand from Heart to Heart in Rings of Fire to encompass the entire world!

***The White Fire of the Mother Light is Entrusted to You this Day!* The Goddess of Purity — June 30, 2017**

The Goddess of Purity comes with a Charge of the Mother Light of her Consciousness and Momentum, establishing for you the opportunity to receive the Streaming Consciousness of your own Causal Body Attainment, which is ready to be lowered into your hands and use. She hopes that you will mark this as the day when you entered into a new awareness of the Reality of who you are. This opportunity requires a conscious decision on your part to shift into this new gear. As did the Masters Jesus and Kuthumi, dispel any sense of yourself as human. Say to yourself “I AM not born of humanity but of the Divine.” When your Causal Body Attainments descend, you will suddenly have a more than ordinary ability, and you will be most grateful to the Presence of God for allowing you to tap into that record. The Goddess of Purity tells you: Purity is attainable! It reigns supreme! Consciously embrace Purity as a way of life for all your days!

The Naturalness of the Divine Nature of the Presence **Discourse — June 30, 2017**

Learning more about the Nature of God is necessary if you are to confront some of the superstitions that could be barriers to bringing forth the Golden Age, as well as to your own Ascension. For example, it is a superstition to think that God will supersede his own laws through so-called miracles; whereas in fact, Cosmic Law is immutable, natural, and universal in its action. The goal is to strip away ignorance and inculcate a sense of security and Peace. Avail yourself of this Discourse which contains remarkable descriptions not only of the Nirvanic Realm and your own Causal Body, but also the activity called the Panoply of the Christos. All the Qualities of God and Harmonies of the Golden Age are there in the Realm of Akasha, waiting to become something in this world of form. Saint Germain has said that you have only to step forth into the Nirvanic world where all of these essences are ready for your use!

The Great Blessings of Having Harmony in Your Life **God Harmony — June 30, 2017**

Partake of God Harmony's Cosmic Momentum of Harmony as you focus your mind on the instruction and encouragement from his Great Heart. Keeping your four lower bodies in the right vibration will help you to attune to the streaming flow of harmonization from your Mighty I AM Presence, allowing for the Fullness of your Keynote Identity to be expressed. Just as musicians train to create masterful pieces, likewise you are training to be able to bring forth the plan of your Presence. Everything you do is training. Everything is spiritual — the timbre of your voice, keeping thoughts focused and pure, and holding your emotions in harmony. When the Light parts the way for you to have God Vision, it is a wondrous gift! God Harmony asks you to awaken to the Mind of God and bring forth the Intonation of your Keynote Identity, here and now. When you ascend, symphonies will play and your voice will resound in the Fullness of the Great I AM!

Let the Ipse Dixit of Saint Germain Be Your Shield!

Discourse — July 1, 2017

This inspiring Discourse will lift your heart and mind. It expands on the *Good News* of your Individuality as the Mighty I AM Presence. You who are a part of this Vanguard Activity of Ascended Master Teachings must awaken to the Power of the *ipse dixit* of Saint Germain. The students of Pythagoras, our Beloved Kuthumi, would use this phrase to affirm that the Master's pronouncements are based upon Truth and no further discussion is needed, for "he hath said it." Similarly, if moments of confusion in interpreting the Teachings should arise, you can refer to Saint Germain's words. The way to the Victory of your Ascension lies in the understanding of your Individuality as the Mighty I AM Presence. The Ascended Master Saint Germain has experienced reaching the level of The One and has come back with this definitive statement of Truth, his *ipse dixit*: I and my Mighty I AM Presence are One.

Hold High Your Torch of Freedom as a Torch Bearer of The Temple

Saint Germain — July 1, 2017

Beloved Saint Germain poses the question: *What is Freedom and what is the purpose of your life?* He instructs that true Freedom for the mankind of Earth is when the Threefold Flame has the opportunity to express and to chart its Divine Destiny without creating harm to any part of life. The Liberty that you experience in the United States was designed to give you the Freedom to know God and to enter into the Higher Realms to create whatever is the desire of God. Even in lands where there is not Freedom, the Heart Flame is free. It can leap in joy. It can impart the Fullness of Illumination to the mind. Beloved Saint Germain reminds you that with Freedom comes Responsibility for every erg of energy. He advises you to listen to the still small Voice of the Heart. You know who you are! Let others know who you are by letting your Light shine.

Uphold the Banner for the Golden Age!

Discourse — July 2, 2017

Prepare to receive the Mighty Momentum of Perfection of the Goddess of Liberty! This august Cosmic Being serves at the court of Vesta with her great Attainment on the Emerald Ray and many other Rays as well. You will hear the compelling story of Demeter, which depicts the Goddess' magnanimous Heart and her ability to raise up the Sons and Daughters of God. With her passionate Divine Desire to assist your Heart Flame and to bring in the Golden Age, she will assist you in the buoyancy of your feelings and the brightness of your mind. A Golden Age comes when upon entering into the realms of your Holy Christ Presence you cannot help but want to make life out-picture Patterns of Perfection. Be ready to welcome and celebrate Divine Perfection. Many hearts and hands are required in service, giving their all, making the Work of the Brotherhood their vocation in life.

Strive to Maintain Your Vibration, Harmony, and Light

The Goddess of Liberty — July 2, 2017

The Goddess of Liberty comes with guidance and support, assisting you to focus your consciousness within your Heart. She knows the Presence of God that you are. She sees your Heart Flame and knows how much bigger it can be! There are activities that will lead you to the Harmony and Peace you require to be in that Flame, such as meditating on music or nature, and that Flame will accelerate you into the God of Very Gods. When it is time to rest, you are free to enter into the Ascended Master Retreats at night. During the day you may drink from the fountain of the Heart Flame when you need a recharge or need to regain your Harmony. The door to the Heart will lead you to the expression of life that you desire. Begin with the harmonization of your vehicles in the Flame of God. There's no need to wait for others for you to have your Victory. Be the one who shows the example and the way.

Lovers of Wisdom, You are the Hope of the World

Discourse — July 3, 2017

The technological advances that our modern civilization enjoys today have resulted in an abject indifference to spiritual solutions for what ails the Earth. You can only receive what you have made an effort for through your Decrees and in applying Cosmic Law, all of which returns to you as good karma. You must be ready to give of your life in Service. The role of government as set forth in Plato's *Republic* is reviewed and compared with subsequent forms of government, including democracy. We as Torch Bearers must engage at the Altar to arrest downward spirals of political and social degradation so that more and more elements of the Golden Age can be lowered in America and Freedom loving nations around the world. The Torch Bearers in this era will determine if the trust of the Ascended Masters is warranted in future generations.

Embrace Your True Identity, Your Victories, and Your Value

Archangel Michael — July 4, 2017

Mighty I AM Presence ever gives gratitude to the Holy Angels for the protection they have afforded you throughout your incarnations. Archangel Michael advises you to call forth the Angels to multiply the Goodness of God upon the Earth! They will fill your chalice with Compassion and Mercy, streaming forth all of the Virtues of God. There really are no strangers in your world if you address the Flame of God upon the Altar of the Heart in all that you come in contact with. The test of incarnation is to prove that the Flame upon the Altar of the Heart can withstand any outer vibration and win the Victory. The more that you embrace the Truth of your Identity, the more the Light within will expand and accomplish the Divine Intent. The Presence of God should be the most important part of your life. For when your priorities are in Divine Order, everything else works in accordance with the Will of God.

Live and Love within the Consciousness of your Presence
Discourse — July 9, 2017

Treasure as your most priceless possession the conscious memory of the story of the Godhead Charioteer. Because you have committed yourself to the full realization of your Mighty I AM Presence, you have freed the Ascended Masters to be of far greater help than would otherwise be the case. This allows for the time and the cycles to be condensed for your Victory. When you rise into the level of your Christ Presence, time and space are set aside. The Christ Presence can shift attention with the speed of light to any record in the past, present, or future, see what is coming and deal with it long before it becomes a threat. Accept the vestments of your Christ Presence and treasure The Temple of The Presence, which is your true home of Light, where the unbroken continuity of Eternity can be shared with you as it exists in the Consciousness of God.

You are Intended to Build a Temple for the Presence of God
The Nameless One — July 9, 2017

When you approach the Consciousness of the Great I AM, let your vehicles be prepared in Purity. When the Presence dawns upon you, you will want to be able to recognize the Presence and have an awareness of the wise use of all that the Presence brings to you. You are intended to build a temple for the Presence of God that is always responsive to the Mind of God. There must first be the communion with your own Mighty I AM Presence so there can be Freedom, not just for your lifestream, but for all. When you choose to take the Hand of God, you open your vehicles of consciousness to the Light of God that will impart to you the Patterns of your God Presence. As the lesser patterns fade away, you will no longer be in struggle. What will remain will be the Love in your Heart for the Flame in the Heart of others. The Nameless One affirms that there is no limitation to what can be accomplished when the Presence of God streams forth into your consciousness.

The Purity of God is Who You Are
Archangel Gabriel — July 16, 2017

What is it that allows you to have the Courage and Fearlessness of an Archangel to move into the fray of life and be God Victorious? Archangel Gabriel replies that it is Purity's Ray so that the intent of your Heart is always in alignment with the Will of God. Invoke the Violet Flame so that you are filled with the Love of God. The Angels can go forth at your command and stand in the midst of those striving mightily to overcome their human limitations. The Kingdom of God is intended to be flourishing upon the Earth even now. You have a Mighty I AM Presence fully engaged in the Allness of God, deposited upon the Altar of your Heart. You cannot separate yourself from the Allness of God. The Archangels stand in Service to the Flame upon the Altar of your Heart, streaming forth Purity in all the Rays of God Consciousness. Let their aid assist in bringing you into the Victory your Presence desires for you.
